SUSTAINABLE DEVELOPMENT GOALS

ANNUAL REPORT 2022-23

KALINGA UNIVERSITY
RAIPUR | INDIA

Fostering
Eco-Conscious Behaviour:
A Step Towards Environmental Sustainability

Centre of Excellence for Sustainable Development Goals

KALINGA UNIVERSITY
RAIPUR | INDIA

ECO – Friendly campus

01	50+ Acres lush green campus with more than 71520 trees and plants
02	Solar panel with total capacity 36450 units/Months
03	In-House Nursery
04	Water Conservation:6 Rainwater harvesting Pits
05	100% Plastic Free Campus
06	Plant Irrigation
07	Sewage Treatment Plant (STP)
08	Carbon Footprint of Kalinga University

KALINGA UNIVERSITY
RAIPUR | INDIA

Objective

To develop a strong sense of environmental responsibility and moral commitment among students, individuals, and communities, encouraging them to adopt sustainable practices and actively contribute to the preservation and conservation of the environment.

Sustainable Behaviour

- Eco-Friendly Behaviour
- Solar Energy & Energy Conservation
- Power-Efficient Equipment
- Digital Media for Paper Reduction
- Sustainability Center for Excellence
- In-House Nursery & Green House
- Zero Plastic Policy Environmental Sustainability Awareness
- Tree Plantation
- Name tags of Plants and Trees

KALINGA UNIVERSITY
RAIPUR | INDIA

FACILITIES FOR ALTERNATE SOURCES OF ENERGY

AND ENERGY CONSERVATION MEASURES

01 SOLAR PANELS

- 300 KW Capacity
- 250+ Panels
- 36450 units/month
- Wheeling to the Grid

02 BIO-GAS PLANT

- $3m^3$ Capacity

03 LED LIGHTS

- 2500+ LEDs Installed in Kalinga University Campus

04 SENSOR BASED ENERGY

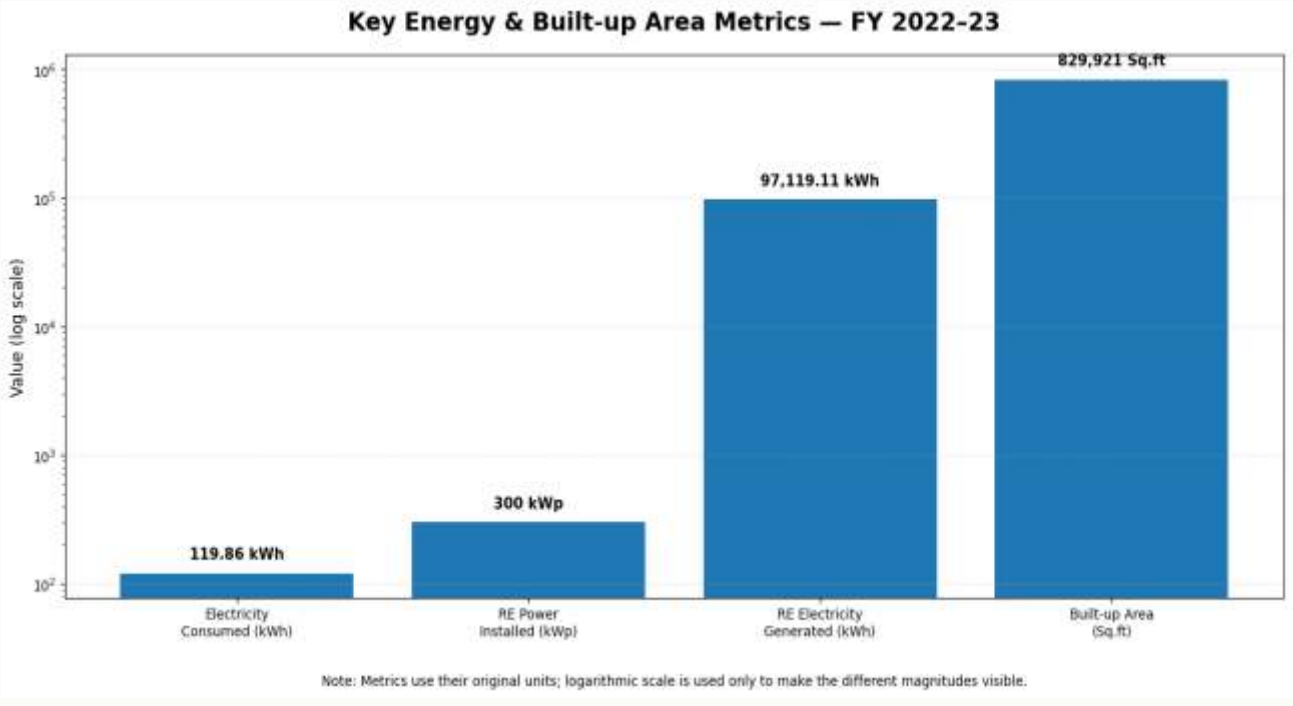
- All Entry gates have Sensor Based operation
- Sensor-based LED lighting systems

KALINGA UNIVERSITY
RAIPUR | INDIA

ENERGY CONSERVATION

Kalinga University demonstrates a strong commitment to achieving Sustainable Development Goals (SDGs) through a range of institutional initiatives. In alignment with SDG 7 (Affordable and Clean Energy), the University promotes the use of renewable energy and environmentally responsible practices across the campus to reduce its carbon footprint. The campus has installed a 300 kWp Solar Power Plant, which has generated 125,946.60 kWh of electricity. A biogas plant generates renewable energy by converting organic waste into clean fuel. Sensor-based LED lighting systems minimise unnecessary electricity consumption. Additionally, the university conducts a Free Solar PV Installation Helper Training Program under the Green Jobs sector (NSQF Level 4) to enhance technical skills and create employment opportunities in the renewable energy sector.

Financial Year	Total Electricity Consumed (Grid+RE)	Total Renewable Energy (RE) Power Installed (Solar + Wind + Others)	Total Electricity Generated by RE Technology (Solar + Wind + Others)	Total Built-up Area
Unit	kWh	kWp	kWh	Sq.ft
2022-2023	119.86	300	97119.11	829921



KALINGA UNIVERSITY
RAIPUR | INDIA

Our Initiatives

SOLAR POWER SYSTEMS
ROOFTOP SOLAR ENERGY

The University has installed a 300 kWp Solar Power Plant, reducing dependence on conventional electricity sources. So far, it has generated 125,946.60 kWh of electricity, contributing towards lower carbon emissions and clean energy usage on campus. Solar panels are installed on rooftops and open spaces to maximise sunlight exposure and energy efficiency. The University actively promotes the usage of renewable energy through various skill development programs, research and awareness activities. This initiative not only lowered electricity expenses but also proved our commitment to adopting green technology.

BIOGAS PLANT

For efficient waste management, the University has installed a biogas plant on campus that converts organic and food waste generated from hostels and other campus areas into renewable energy.

The biogas produced is used as a clean fuel, reducing the dependence on conventional fuels. The plant also produces nutrient-rich slurry, an organic fertilizer used in gardening and landscaping purposes, promoting sustainable resource usage and a circular approach towards waste management.

Sensor-Based LED Lighting Systems

The university has installed sensor-based LED lighting systems in several campus buildings and common areas. These smart lighting systems automatically switch on or off based on human movement and ambient light conditions, reducing unnecessary lighting consumption while maintaining adequate lighting across the campus.

KALINGA UNIVERSITY
RAIPUR | INDIA

Centre of Excellence for Sustainable Transportation and Green Campus Initiatives

The institution has established a Centre of Excellence dedicated to promoting sustainable and innovative practices across campus. As a key initiative, an eBlu Electric Vehicle (EV) has been introduced to create awareness about eco-friendly and energy-efficient transportation systems. The university actively encourages staff members to adopt carpooling practices, helping to reduce fuel consumption, traffic congestion, and carbon emissions. Additionally, well-organized bus facilities are provided to ensure safe, reliable, and convenient commuting for staff. These combined efforts demonstrate the institution's strong commitment to environmental responsibility, energy conservation, and building a greener, more sustainable campus culture.

Water Conservation

Kalinga University follows sustainable water management practices to conserve and efficiently utilize water resources across the campus. The university has implemented a sewage treatment plant (STP) to treat wastewater, which is reused for gardening and landscaping purposes. Rainwater harvesting systems are installed to capture and store rainwater, helping recharge groundwater and reduce dependence on external water sources. Drip irrigation is used in green areas to minimize water wastage and ensure efficient irrigation of plants. Through these initiatives, the university promotes responsible water use, environmental sustainability, and awareness among students and staff about the importance of water conservation.

Water Management Details

Financial Year	Total Horsepower of all pumps installed	Total Rooftop Area connected to Rainwater Harvesting (RWH)	Percentage of Wastewater Treated & Reused (approx.)	Total no of Taps in the Campus	No of Taps installed with low Flow fixtures	Total Rooftop Area
Unit	HP	Sq.ft.	%	Number	Number	Sq.ft.
2022-23	120	6,40,000	10	963	170	3940225

KALINGA UNIVERSITY

Water Sustainability at Kalinga University:

Sewage Treatment Plant (STP)

Kalinga University is committed to promoting water sustainability through efficient management and conservation practices. The university operates a modern Sewage Treatment Plant (STP) to treat wastewater generated from hostels, academic buildings, and residential quarters. The treated water is safely recycled and reused for gardening, landscaping, and irrigation across the campus, significantly reducing the demand for freshwater resources. In addition, the institution encourages responsible water use through awareness and monitoring systems. By adopting sustainable wastewater reuse practices, Kalinga University not only minimizes environmental impact but also contributes to long-term water conservation and supports the development of a green and eco-friendly campus environment.

KALINGA UNIVERSITY
RAIPUR | INDIA

Efficient Irrigation Practices at Kalinga University :

Drip irrigation

To enhance water-use efficiency, Kalinga University has implemented drip irrigation systems across its lawns, gardens, and green belts. This modern irrigation method delivers water directly to the plant roots through a controlled network of pipes and emitters, ensuring optimal water distribution while minimizing evaporation and runoff losses. By supplying precise amounts of water where it is needed most, the system significantly reduces water wastage and promotes healthier plant growth.

The use of drip irrigation also helps maintain the campus greenery in a sustainable manner. Through these initiatives, the university demonstrates its commitment to responsible water management and environmental sustainability.

KALINGA UNIVERSITY
RAIPUR | INDIA

Rainwater Harvesting at Kalinga University

Kalinga University has adopted rainwater harvesting as an important initiative to promote sustainable water management on campus. The university has installed rainwater harvesting structures that collect and channel rainwater from rooftops and open areas into recharge pits and storage systems.

This harvested rainwater helps replenish groundwater levels and reduces dependence on external water sources. The system also prevents water runoff and supports better utilization of natural rainfall.

By integrating rainwater harvesting with other conservation practices, the university ensures efficient water use throughout the year. These efforts reflect Kalinga University's commitment to environmental responsibility and the creation of a sustainable and eco-friendly campus.

KALINGA UNIVERSITY
RAIPUR | INDIA

Waste Management

To ensure a clean, sustainable, and environmentally responsible campus, Kalinga University follows a systematic approach towards waste management. The University manages different types of waste, such as solid, liquid, electronic, and biomedical waste, promoting recycling practices among students and staff members. These efforts align with the United Nations Sustainable Development Goals, specifically SDG 6 (Clean Water and Sanitation), SDG 11 (Sustainable Cities and Communities), SDG 12 (Responsible Consumption and Production), and SDG 13 (Climate Action).

Financial Year	Total (Wet + Dry) Solid Waste Generated	Total Horticulture Waste Generated	Total Dry Waste Generated	Total Wet Waste Generated	Total Dry Waste Recycled	Total Biodegradable (Food) Waste Processed	Total Electronic Waste Generated
Unit	Tons	Tons	Tons	Tons	Tons	Tons	KG
2022-2023	6.80	0.40	0.13	0.09	0.05	0.43	3.80

KALINGA UNIVERSITY
RAIPUR | INDIA

Solid Waste Management

The University has established a well-structured, solid waste management system by partnering with authorized vendors who regularly collect garbage and paper waste from various collection points. These are strategically located with proper colour coding, like green for biodegradable waste, blue for recyclable waste, and yellow for other waste categories, ensuring systematic segregation of wastes. We strongly encourage everyone on the campus to use minimal plastic and promote the usage of eco-friendly products, such as paper cups and paper bags, to maintain a plastic-free campus environment.

To manage biodegradable waste, the University has established compost pits and vermicomposting units across the campus. Green waste generated from gardens and landscape areas, such as dry leaves, pruning residues, grass clippings, and other horticulture waste, is collected and processed through vermicomposting. In this process, organic waste is decomposed by earthworms and converted into nutrient-rich vermin-compost. This method speeds up the decomposition process and improves the quality of organic manure. Wet waste collected from the cafeteria and canteen is also combined with suitable horticulture waste and treated in composting and vermicomposting units to produce high-quality organic fertilizer. The compost produced from these processes is used to maintain the campus greenery, plantations, and gardens, supporting an eco-friendly and circular approach towards waste management.

Liquid Waste Management
To ensure 100% utilization of liquid waste on the campus, the University operates a Sewage Treatment Plant (STP) to treat wastewater for gardening and landscaping purposes. Greywater, collected from wash basins and hostel rooms, is collected in storage tanks and used for irrigation purposes. Low-flush cisterns and water-saving taps with controlled flow systems are installed in washrooms.

KALINGA UNIVERSITY
RAIPUR | INDIA

E-Waste Management

The University follows a Standard Operating Procedure (SOP) for the safe handling and disposal of hazardous laboratory and electronic waste to ensure they are handled carefully in a legally compliant manner.
Departments are strictly instructed to submit outdated or non-functional electronic devices, such as monitors, keyboards, printers, batteries, cables, and other laboratory equipment to the E-Waste Store. By following all safety norms, these items are further segregated according to their categories and kept for temporary storage and monitoring before final disposal.
To ensure the responsible disposal of waste, the University has signed MoUs with certified and authorised e-waste management vendors. The collected e-waste is periodically handed over to these authorised recyclers for scientific dismantling, recycling, and recovery of reusable materials. This prevents environmental and health hazards caused by toxic components such as mercury, lead, cadmium, and other harmful substances present in electronic devices.

Waste Recycling System

The faculty, staff, and students actively participate in the recycling initiatives, such as the segregation of recyclable and non-recyclable waste materials by dumping them carefully in different labelled bins. Continuous awareness programs are conducted to encourage active participation in recycling activities across the campus to reduce waste generation.

KALINGA UNIVERSITY
RAIPUR | INDIA

Biomedical Waste Management

Biomedical waste generated from the University's animal house and medical room is segregated at the point of origin to ensure safe handling and proper disposal. The waste is placed in colour-coded and labelled containers under different categories, such as infectious waste, sharps, and non-infectious materials.

It prevents cross-contamination and ensures compliance with biomedical waste management regulations. The process is monitored every day by trained personnel to maintain strict hygiene standards.

The collected waste is transported by authorised agencies for further treatment.

GREEN CAMPUS INITIATIVES

The United **Nations Sustainable Development Goals** (SDGs) serve as a comprehensive global framework for creating a sustainable, equitable, and prosperous future for all. Comprising 17 interconnected Goals, the SDGs aim to tackle pressing challenges such as poverty, gender inequality and access to quality education, climate change, sustainable infrastructure, and the promotion of global partnerships. They provide guidance for nations, communities, and institutions to work collaboratively towards addressing these complex social, economic, and environmental issues.

KALINGA UNIVERSITY
RAIPUR | INDIA

As a leading higher education institution, Kalinga University embraces the responsibility of contributing to the SDGs through its core mission of education, research, and innovation. The university integrates sustainability principles into its academic programs, encouraging students to think critically, act responsibly, and develop solutions for local and global challenges. By promoting community engagement, interdisciplinary learning, and collaborative research, Kalinga University aims to create future-ready leaders who can drive positive change and support the realization of the Sustainable Development Goals.

Our Approach to Sustainability
Kalinga University promotes sustainability through a holistic and collaborative approach that includes:

•Academic Integration:
Incorporating sustainability concepts and the SDGs into curriculum, teaching, and research activities.

•Interdisciplinary Learning:
Encouraging students to address global and local challenges through innovative and problem-solving approaches.

•Research and Innovation:
Supporting research initiatives that contribute to sustainable development and environmental responsibility.

•Collaborative Partnerships:
Engaging with industry, government, and community partners to co-create knowledge and develop impactful solutions.

•Sustainable Campus Management:
Implementing eco-friendly practices to reduce the university's ecological footprint and promote environmental stewardship.

Awareness and Capacity Building

To strengthen awareness and active participation in sustainability initiatives, the university regularly organizes:

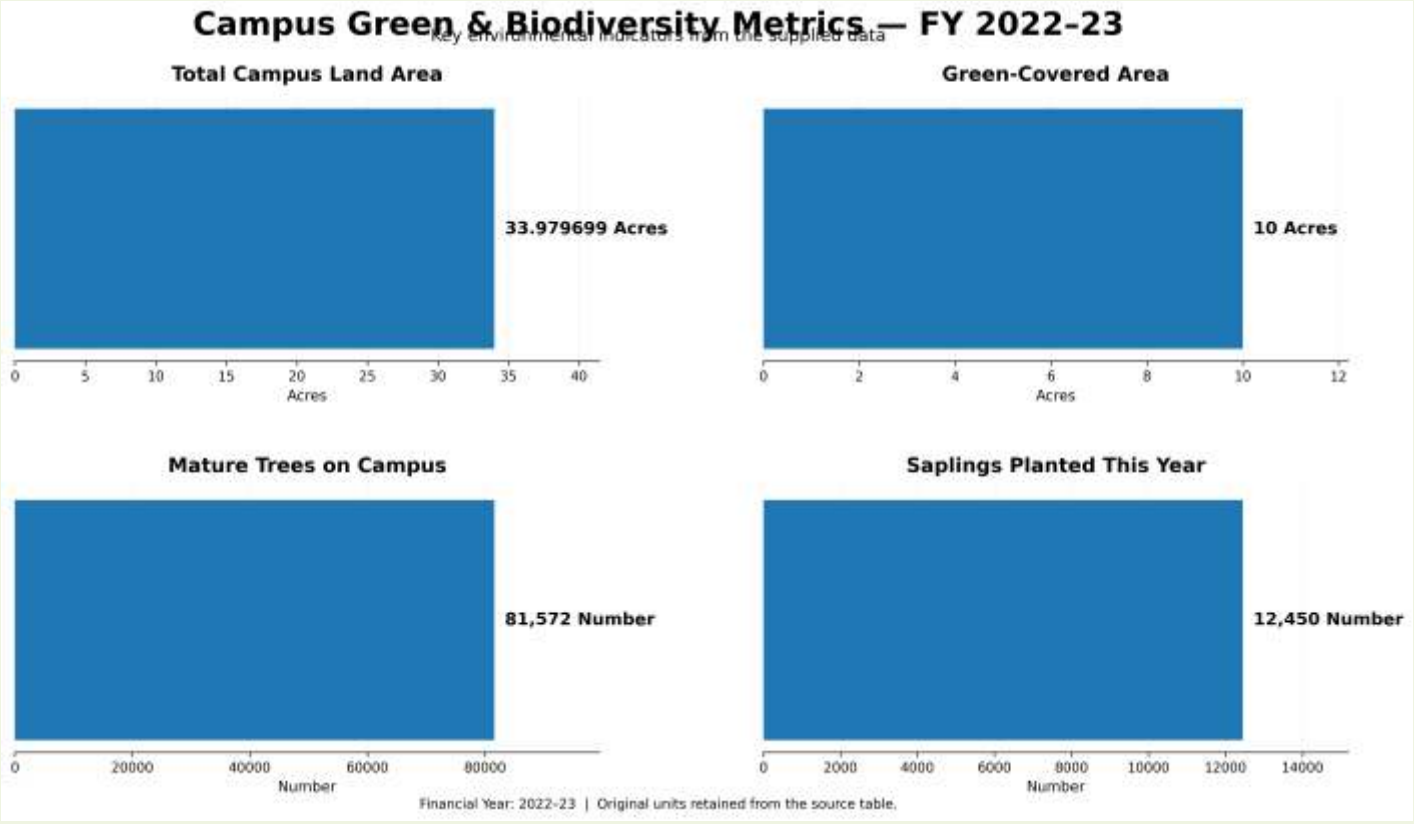
- **Awareness Programs**
- **Guest Lectures by experts**
- **National and International Seminars / Symposium**
- **Workshops and Training Programs**
- **Conferences and Academic Events**
- **Community Outreach and Engagement Activities**

Through these initiatives, Kalinga University aims to cultivate responsible citizens, future leaders, and innovators who are committed to building a greener, more inclusive, and sustainable society.

KALINGA UNIVERSITY
RAIPUR | INDIA

Green Coverage Details:

Financial Year	Total campus land area	Approximate green- covered area within campus (includes lawn, trees, and hedges)	Approximate number of mature trees on campus (older than 10 years)	Number of saplings planted this year (within and outside campus)
Unit	Acres	Acres	Number	Number
2022-23	33.97699	10	81572	12450



Use of Bicycles/Battery Powered Vehicles:

Kalinga University is committed to Green Campus and Environmental Sustainability initiatives. The University promotes a pollution-free environment by strictly prohibiting the entry of conventional automobiles inside the campus. Only eco-friendly modes of transport such as bicycles and battery-operated vehicles are permitted. Students and staff members are actively encouraged to use cycles for daily commuting within the campus. The campus also hosts a Centre of Excellence – eblu – dedicated to e-vehicles in different segments, including E-Auto, E-Cycle and E-Scooter Vehicles, designed from scratch with sustainability, innovation, and environmental responsibility in mind.

KALINGA UNIVERSITY
RAIPUR | INDIA

Use of Bicycles/Battery Powered Vehicles:

Pedestrian Friendly Pathways

Kalinga University is designed as a walk-friendly and eco-conscious campus that promotes sustainable mobility. The building plan and architecture are user-friendly, encouraging walkability across academic blocks, administrative areas, hostels, and common facilities. Well-laid footpaths are constructed along internal roads and hostel pathways, ensuring safety, accessibility, and convenience for students and staff. These pathways are properly maintained and bordered with lush green belts that enhance the aesthetic and environmental value of the campus. A well-connected network of pedestrian walkways discourages the use of vehicles inside the campus, fostering a healthy, pollution-free, and environmentally responsible atmosphere.

KALINGA UNIVERSITY
RAIPUR | INDIA

Landscaping with Trees and Plants

Kalinga University maintains a vibrant green campus through extensive landscaping with native species of trees, shrubs, and ornamental plants. The campus features well-developed gardens that enhance biodiversity and create a serene academic environment. A beautifully maintained pond supports the local ecosystem and groundwater recharge. Numerous fountains across the campus add aesthetic value while promoting a refreshing atmosphere. The rich greenery, lawns, and plantations reflect the University's strong commitment to environmental sustainability and ecological balance.

KALINGA UNIVERSITY
RAIPUR | INDIA

Energy Saving Initiatives

Kalinga University actively implements energy-saving initiatives to promote sustainability. The University has installed rooftop solar power generation systems across its buildings to harness renewable energy and reduce dependence on conventional electricity. Sensor-based LED lights are used in corridors and common areas to optimize energy efficiency. Regular awareness programs encourage responsible energy consumption among students and staff. Further strengthening its commitment, the University, in collaboration with the Skill Council for Green Jobs, is organizing a Free Solar PV Installation Helper Training Program under the Green Jobs sector (NSQF Level 4).

Plastic Free Campus

Kalinga University is committed to maintaining a plastic-free campus. The University conducts regular awareness programs and no-plastic-use campaigns to educate students and staff about environmental hazards. Banners, awareness posters, and signboards are displayed across the campus to discourage plastic usage and promote sustainable alternatives.

Plastic Free Campus

BANSAL NEWS, A PREMIER TV CHANNEL OF CHHATTISGARH STATE

Organized A Mega Interactive Event "jan Samvad" Hamar Mayaru Rajnandgaon Faculty of Arts & Humanities on 16.07.2022

Bansal News, a premier TV Channel of Chhattisgarh state, organized a mega Interactive event "Jan Samvad" on **16th July, 2022** at Aves Green Hotel, Raipur Naka, Smriti Nagar, Rajnandgaon. Hon'ble Minister of State, Chhattisgarh Government Mr Amarjeet Bhagat was the Chief Guest of the function. The event was presided over by Mr Doman Singh, Collector, District Rajnandgaon and Mr Prafull Thakur, SP, District Rajnandgaon.

Minister of Chhattisgarh Government, People's representatives, Mayor, Rajnandgaon, Senior Govtofficials were invited in an open forum for discussion, a direct interface with the people of Rajnandgaon to know their problems and take corrective measures for expeditious redressal of grievances .

The event also brought representatives from a string of academic institutions at a common platform to create awareness among the people about the immense potential, challenges and opportunities in the educational landscape of Chhattisgarh. Eminent scholars and academicians drawn from different educational and cultural fields shared their wealth of knowledge with the participants during the program. Kalinga University, Naya Raipur(CG) was represented by Mr AK Kaul, HoD Department of Social Work, Sociology and Journalism & Mass Communication.

The programme started with the Lighting of the lamp ceremony and Saraswati Vandana which was followed by the exclusive and interactive dialogue with the Hon'ble Minister Mr Amarjeet Bhagat who shared the Chhattisgarh govt plans and policies in general and under his ministry in particular.

During his interaction, Mr A K Kaul gave a brief introduction of Kalinga University, Naya Raipur and shared with the keen participants the glorious journey and how Kalinga carved a niche for itself in the highly competitive academic world. He shared the coveted milestones that Kalinga University has achieved in such a short span of time in quality education

Mr Kaul also laid emphasis on how Kalinga is actively involved in various extension activities, Research and Innovation, Various Entrepreneurship and training programmes to make significant impact on the lives of people in Chhattisgarh. Special mention was made about the Village Adoption Scheme, creation of Self Help Groups (SHGs)in the selected areas of Chhattisgarh, Income generation and Livelihood programmes like Mushroom Cultivation, Vermi Compost farming, Cutting & Tailoring to Rural women, Basic electrician training and other such employment oriented initiatives

He thanked the Top Management for their commitment, unflinching support and motivation to provide world class infrastructure and facilities to nourish and nurture talent in idyllic surroundings through quality education. "Devoted team of administration, highly accomplished and dedicated faculty and staff members is what has made Kalinga a strong cohesive, vibrant institution to reckon with. Kalinga University is poised to make many more milestones in future" said Mr Kaul in his concluding speech.
The programme ended with a vote of thanks.

Title: “A visit at Badhte Kadam organization for Clothes Distribution and NGO Visit.”

Details of Program:

Complete details of program(paragraph)
Under the auspices of the Kalinga Bhumi Club, the Department of Social Work and Sociology at Kalinga University has launched a new social initiative known as the "Clothes Donation Drive.

"Through this drive, a good number of clothes have been collected. So, for the distribution of collected clothes, the Department of Social Work and Sociology visited the NGO "Badhte Kadam" on October 21, 2022 (Friday),) along with all the facilities of social work and sociology (Mr.A.K. Kaull, Dr. Manoj Mathew,Ms.s Wafi Ahmed Khan,Ms.s Akriti Dewangan, and Archana Nagwanshi) and BSW,MSW,W and BA sociology students.

Letter No.	**:**	**KU/FCM/2022/121**

Invitation to the resource person:

Example:

- Details of mail communication with the resource person have to be attached. Also attach acceptance mail (if available).
- In case of an invitation sent physically, the soft copy of the invitation card has to be pasted.

Objective of Program:

1. To apply various kinds of tests using SPSS s oftware.
2. To perform various kinds of analysis using SPSS software.
3. To create models for research using SPSS software.

Profile of Resource person (if applicable):

Resource Person 1:

Name: Dr. Dhaval Mehta

Designation: Assistant Professor

Organization:Veer Narmad South Gujarat University

Resource Person 2:

Name: Dr. Hitesh Parmar

Designation: Professor

Organization: Sardar Patel University, Gujarat

Program Schedule:

Date	Time	Resource Person
02/01/2023	02:00 PM to 04:00 PM	Dr. Hitesh Parmar
03/01/2023	02:00 PM to 04:00 PM	Dr. Dhaval Mehta
04/01/2023	02:00 PM to 04:00 PM	Dr. Dhaval Mehta
05/01/2023	02:00 PM to 04:00 PM	Dr. Dhaval Mehta
06/01/2023	02:00 PM to 04:00 PM	Dr. Dhaval Mehta

Details of Program:

The workshop was a 10 hours of hands on training on SPSS. The detailed topics covered are as follows:

1. Overview Research Methodology

2. Data Coding

3. Data Management

4. Data Transformation

5.Descriptive Statistics [Mean, Median, Mode, Standard Deviation, Skewness, Kurtosis]

6. Graphical Representation

7. Normality Testing of the data

8. Hypothesis Testing: An Introduction

9. Parametric Testing [One Sample T Test, Independent Sample T Test, Dependent Sample T Test, One Way ANOVA, Two Way ANOVA]

10. Correlation Analysis

11. Regression Analysis [Simple and Multiple Regression Analysis]

12. Non – Parametric Testing [Chi-square test, Runs Test, Mann Whitney U Test, Kruskal Wallis Test, Friedman Test, Wilcoxon Test]

Program Outcome:

The participants were able to:

- ➔ To apply various tests in the data set using SPSS software.
- ➔ To test hypotheses using various kinds of tests.
- ➔ To analyze data to fetch various kinds of insights required in the research.

Participants Details:

Occupation	No.
Academician	16
Industry Person	2
Research Scholar	14
Student	45
Grand Total	**77**

Financials:

KU Participants	13	@Rs.250 per participant	Rs.3250/-
Participants from outside Kalinga	64	@Rs.500 per participant	Rs.32000/-
Total Inflow			Rs.35250/-
Honorarium to the Guest		@Rs.500 per hour for 10 hours	Rs.5000/-
Net Inflow			Rs.30,250/-

With reference to the letter received from AICTE no.-F.NO. AICTE/F&AP/MISC/2022, dated on 23rd December 2022, regarding promotion of outreach programme "University Connect" under G-20 Presidency Initiative, by organizing following events & activities at University Campus. All concerned are requested to organize the following events as per the given list department wise. The detailed reports after completion of activities are to be submitted to DSW.
The action plan is as follows:

Sr. No.	Event Name	Event Date	Roles & Responsibilities
1	Workshops on "Artifacts of Chhattisgarh" like Bhitti Chitra, Dhokra etc.	27.02.2023	Art & Humanities Department
2	Regional Food Festival (Bastar Pitha)	17.03.2023	Education Department
3	Promoting culture through fashion show/song/dance	18.04.2023	Science (Department [FD])
4	Promotion of G-20 Branding in university functions inside/outside the campus by organizing various competitions like, Quiz, logo competition, Nukkad Najak on theme "One Earth, One Family, one Future" etc.	06.05.2023	Commerce & Management Department
5	Lectures on topic related to the G-20 issues like global policy on trade, health, climate, emerging career options, startups etc.	05.06.2023	LAW Department

This is for your information.

Dr. Ashu Ambhaikar
Dean Student Welfare

Program Schedule:

10:30 AM to 11:30 AM – Inaugural
11:30 AM to 03:00 PM – Food Stall
3.00 PM to 4:00 PM - Valedictory

Details of Program:

This program was organized by Faculty of Education on 17th March 2023 and all department of kalinga university served varieties of dishes related to different parts of India.eg dahi bada, Farra, Fruit Chaat rasmalai, paani puri, Papdi chaats cakes, pastries etc. This program helped us to understand the purpose of Indian dishes and dishes from other countries. Students and faculty members of university participated, shared knowledge with each other and enjoyed the foods.

Program Outcome:

1. 1Students participated in event actively, and enhanced their knowledge and creativity.
2. The event was group events, therefore they improved their ability to work in groups.
3. They learned to work for a healthy completion.
4. In food stall they have not only opportunity to express their talent and creativity, they also enjoy the day with full enthusiasm.
5. They gained knowledge about different kinds of foods.

Makhana cultivation training program successfully completed with harvesting and post harvesting process

29th -30th August 2022

Day 1st(29/08/2022) of Makhana cultivation training program successfully completed at Jhajjar Haryana with inauguration ceremony in the presence of Chief guest Captain Shakti Singh Deputy commissioner of haryana, Mr Inder Singh Deputy Director of Agriculture Department,our honorable Registrar sir,retaired Scientist Dr Ramkumar ,sub divisional agricultural officer Mr Jagjeet Sangwan alongwith all the staff of agriculture department, students of various colleges and farmers of various block of Jhajjar Inauguration ceremony followed by scheduled day 1 training program on field preparation and cultivation process over Makhana cultivation
More than 75 participants were taken training alongwith with Deputy Director assistant technical officer Mr Iswar Jhakre, Agriculture development officer(ADO)Mr Satveer Singh and Mr.Jai singh,Block agricultural officer(BAO)Mr Ashok Rohela, Project officer(PO)Mrs Balgesh.

"Educational Visit to Agri- Carnival 2022, Indira Gandhi Krishi Vishwavidyalaya, Raipur" by Department of Organized by Department of Botany and Microbiology, Kalinga University, Naya Raipur On 18-10-2022

Details of Program:

Students paid a visit to the various units set up at the Agri Carnival and observed the practical applications of the concepts they had previously learnt in the classrooms.

Biofertiliser Exhibition

The students and researchers of IGKV set up a unit exhibiting Cultures of beneficial microorganisms present in nature that increase nutrient availability to crops. Biofertilizers can increase crop yield by 10-50 percent and it is a cheap, non-polluting form of organic fertiliser.

They also showed products they had developed for commercial use by farmers like Rhizobium – used in pulse crop and leguminous crops (provides nitrogen), Azotobacter- used in vegetables and flowers (fix nitrogen and fix plant growth hormones), Azospirillum – beneficial for non-leguminous plants , K.B.S- important for flowering (provide potassium), Zinc- used through seed, soil and by dipping of roots.

Bio control Exhibition

The students and researchers exhibited how diferent biological agents can be used to control pests and pathogens of important cultivated crops. Students observed how Light Traps and adhesive traps can be used to control pests like white fly, thrips, aphids etc. attacking vegetables, horticultural crops and other field crops.

Biofloc Fish Farming

It is an innovative technique in which probiotics are added to the fish tanks to form proteins from the toxic fish wastes and other organic matter present in the water. This technology maintains water quality and is very cost effective.

Tissue Culture Lab

Students observed the bamboo being grown by Tissue Culture for the state's Bamboo forest revival Programme.

Mushroom Production

Mushroom cultivators demonstrated how Mushroom can be grown on farm leftovers organically in an economically sustain

Exhibition Stalls put up by NGOs, Women SHGs, Farmer Producer rganizations

Students visited the stalls which exhibited Bastar coffee production, processing of minor millets, linseed textile units , turmeric farming and it's varieties, preparation of herbal gulal , traditional and modern agricultural equipment etc .

The representative of a women SHG explaining the changes brought about by the usage of a simple power driven mill for the production of millet flour and how the usage of millets can address dual issues of rural employment generation as well as nutritional security

Students learning about the working of Sprinklers

The Health benefits of Moringabased herbal tea and Drip Irrigation technique equipment

Coffee growers explaining how Bastar Coffee is produced markers and their use in Plant Hybridisation

Students observing Coir Handicrafts

Students observing different stages of growth of Bamboo grown by Tissue Culture

Food Festival

KALINGA UNIVERSITY

On

DOCTOR'S DAY

01 JULY

Organized by

DEAN STUDENTS WELFARE

01 July 2022

Details of Program:

Kalinga University is the reputed educational institution of Central India. Which believes in providing quality better education as well as fulfilling its social responsibilities. Keeping this objective in mind, on the occasion of National Doctor's Day, eight doctors were honored by Kalinga University by giving shawls, quince and emblems after discussing the wonderful contribution of doctors.

It is to be known that on the birth and nirvana day of **Dr. Vidhanchandra Rai,** the great doctor of India, Doctor's Day is celebrated by Kalinga University on July 1 every year. Chancellor **Dr. A. Vijay Anand** said that the biggest religion is to serve humanity.

Without caring about their lives, doctors and medical personnel are engaged in the service of patients. Today, he is feeling proud by respecting the doctors.Coordinator of the Young Indian Branch of the University and Assistant to the Department of Civil Engineering. Expressing gratitude to the doctors, Professor Ms. Swati Agarwal said that the doctor has been given the status of God. Millions of lives have been saved due to the doctors during the Corona period. Due to the sympathetic and tolerant behavior of the doctor, the patient becomes half cured.

After this event: Dr. Shailendra Agrawal, Assistant Director, Ministry of Health, Naya Raipur, Dr. KS Rai, Block Medical Officer of Arang Block, Dr. Manish Srivastava, Homeopathy Doctor, Dr. Neeta Sharma, Dentist Dr. Virendra Matawale, Dr. Sanjay Naval of Rakhi Hospital, Dr. RK Srivastava of Naya Raipur, a well-known doctor and Dr. Nikhil Morirmani were honored by visiting their workplace.

Ms. Swati Agrawal and Dr. A. Vijay Anand conducted the above felicitation ceremony organized in the university. Many professors were present along with the nursing staff of the university, staff of the medical room and students of the hostel.

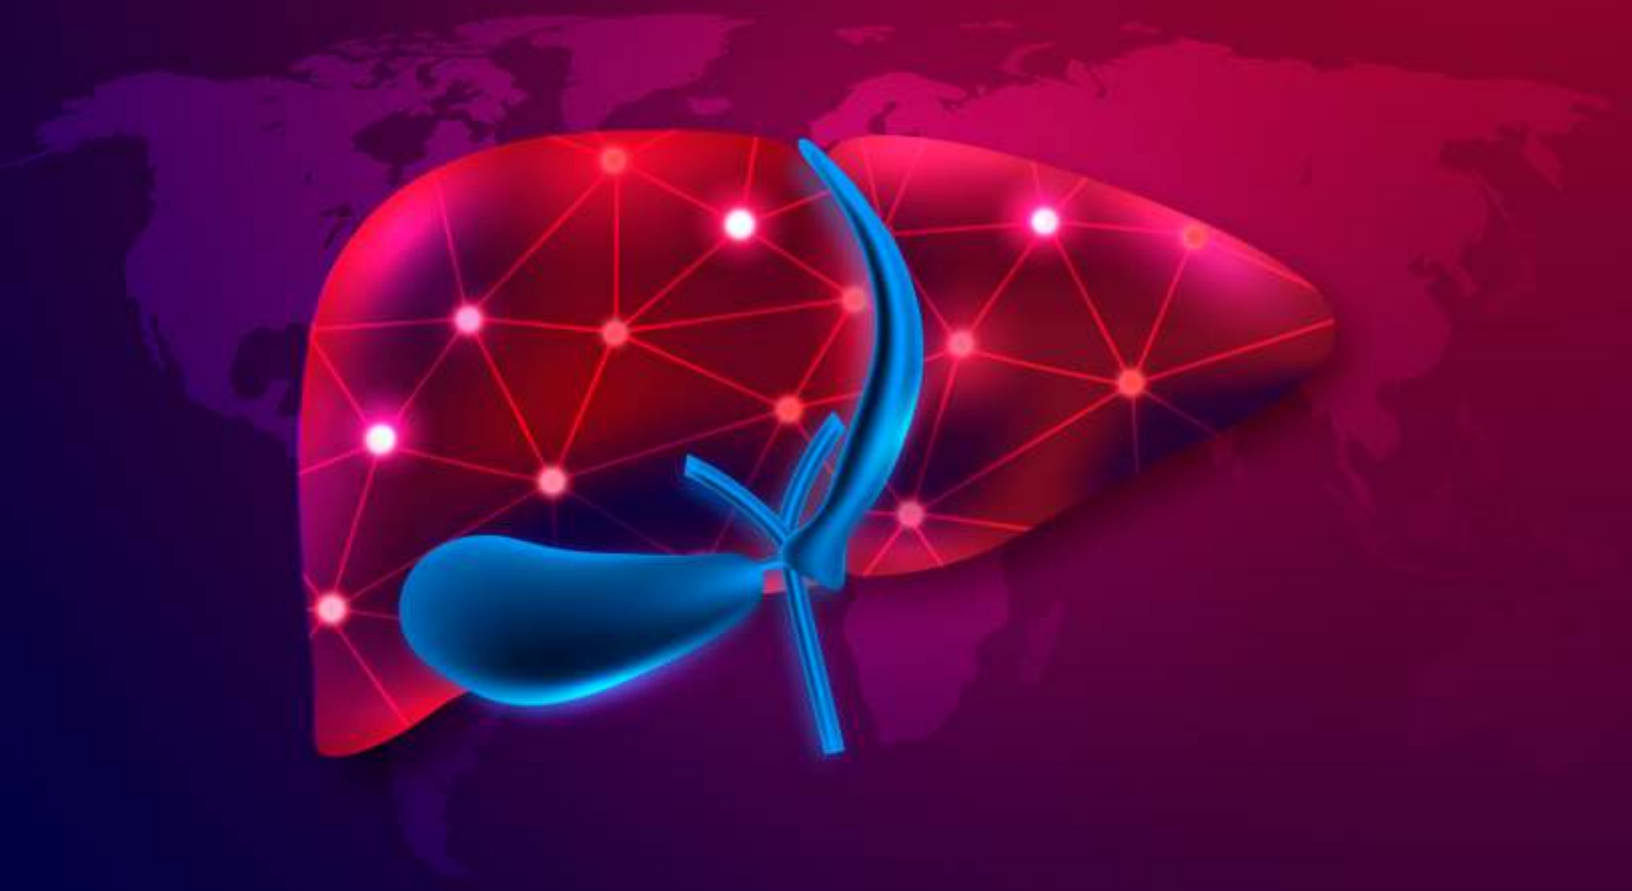
WEBINAR ON THE OCCASION OF

WORLD HEPATITIS DAY

by faculty of pharmacy Departmental activity



Organized by

DEPARTMENT OF PHARMACY

29 July 2022

Details of Program:

A webinar on the occasion of "World Hepatitis Day"was held on 29/07/2022 i.e. Friday through Google Meet's link. The inaugural of webinar started at 2.00 PM in which the eminent Speaker was Dr. K. Srinivasa Rao (Assistant Professor, Department of Pharmacy, Indira Gandhi National Tribal University, Amarkantak, M.P). The webinarwas attended by students of M.P harma, B. Pharma and D. Pharma.

Dr. K. Srinivasa Rao is presently holding position of Assistant Professor, Department of Pharmacy, Indira Gandhi National Tribal University, Amarkantak, M.P). He completed his Doctorate in Science and Ph. D from Berhampur University, Berhampur, Odisha. Sir has more than 16 years of teaching and research experience at different levels like Principal, Professor, Associate Professor, Asst Professor/Lecturer in PCI recognized institutions. Procured grants from AICTE, DBT etc., and published several publications in national and international journals. Research conducted by sir was based on the areas Impurity profile studies, Drug stability studies, isolation and identification of constituents from plant origin.

The webinar was based on creation of awareness to honor the struggle of patients suffering from the disease. Dr. K. Srinivasa Rao spoke on the overview of Hepatitis, treatment aspect of the disease, their types, precautions, complications involved in the disease. The talk was focused on the change in our food habits as a precautionary measure for the disease. Even after the advancement of medical science the treatment for the chronic hepatitis includes administration of antiviral drugs which in turn also have extreme side effects. The major challenges faced in discovery and formulation of treatment for chronic Hepatitis includes the changing features as overall updated population-based epidemiological studies of viral hepatitis in most Latin American countries are still a significant challenge. This barrier is crucial to define health policies in the region. Other challenges explained by the speaker included diagnosing HCV infection is that it is often asymptomatic and that individuals seek medical attention only when they develop symptoms or signs of liver disease. Apart from the challenges linked to the disease and its diagnosis, new drug discovery play a major role as the hurdle for treatment of Hepatitis. As explained, newer drug discovery takes in huge monetary investment as well as time aspect, even after which the chances of success is uncertain. Another important point included by the expert was based on the need of an alternative medication based on Ayurveda and plant based medicament. As Ayurveda have been practiced and tested for various disease treatment since ages, owing to a need to develop phyto-pharmaceuticals for treatment for diseases including Hepatitis. Supporting requirement for the need for plant based medicament are the reduced side effects found in case of plant based medication. The talk included about the explanation about drug development process.

The webinar was ended up with the vote of thanks by Dr. Sandip Prasad Tiwari (Principal) Faculty of Pharmacy and the organizer of the webinar. He mentioned the special thanks to management committee of Kalinga University, speaker of the webinar Dr. K. Srinivasa Rao, Mr. Pranjul Shrivastava and Ms Shristi Namdev as the coordinator along Mr. Sudeep Mandal, Ms. Rajni Yadav, Mr. Deependra Soni, Ms. Khushboo Gupta and Mr. Saurabh Sharma, as organising committee.

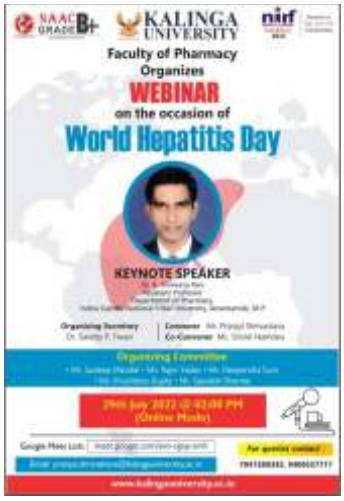
KALINGA UNIVERSITY



कलिंगा विश्वविद्यालय के फार्मेसी संकाय के द्वारा विश्व हेपेटाइटिस दिवस पर वेबिनार का आयोजन

रायपुर , 30 जुलाई। कलिंगा विश्वविद्यालय के फार्मेसी संकाय द्वारा ''विश्व हेपेटाइटिस दिवस'' के अवसर पर 29 जुलाई को वेबिनार का आयोजन किया गया। उक्त वेबिनार में मुख्य वक्ता के रुप में इंदिरा गांधी राष्ट्रीय जनजातीय विश्वविद्यालय, अमरकंटक (म.प्र) के कार्यवाहक प्राध्यापक डॉ. के. श्रीनिवास राव उपस्थित थें।

उक्त वेबिनार में उपस्थित मुख्य वक्ता ने बताया कि'' विश्व हेपेटाइटिस दिवस'' मनाने का मुख्य उद्देश्य वायरल हेपेटाइटिस के वैश्विक संकट के बारे में जागरूकता पैदा करना है। 1967 में नोबेल पुरस्कार विजेता वैज्ञानिक डॉ बारुक ब्लमबर्ग द्वारा हेपेटाइटिस बी वायरस की खोज की गयी थी। इस वायरस के उपचार के लिए वैक्सीन विकसित की गयी।

यह मानव स्वास्थ्य के क्षेत्र में एक ऐतिहासिक घटना है। डॉ. के. श्रीनिवास राव ने हेपेटाइटिस, बीमारी के उपचार के पहलू, उनके प्रकार, सावधानियों, बीमारी में शामिल जटिलताओं के बारे में बताया। बीमारी के लिए एहतियाती उपाय के रूप में हमारे भोजन की आदतों में बदलाव पर बात की गई थी।

चिकित्सा विज्ञान की प्रगति के बाद भी पुराने हेपेटाइटिस के उपचार में एंटीवायरल दवाओं का प्रशासन शामिल होता है जिसके बदले में अत्यधिक दुष्प्रभाव भी होते हैं।

क्रोनिक हेपेटाइटिस के उपचार की खोज और निर्माण में आने वाली प्रमुख चुनौतियों में बदलती विशेषताएं शामिल हैं क्योंकि अधिकांश लैटिन अमेरिकी देशों में वायरल हेपेटाइटिस के समग्र अद्यतन जनसंख्या–आधारित महामारी विज्ञान अध्ययन अभी भी एक महत्वपूर्ण चुनौती है। यह बाधा क्षेत्र में स्वास्थ्य नीतियों को परिभाषित करने के लिए महत्वपूर्ण है।

मुख्य वक्ता के द्वारा द्वारा बताई गई अन्य चुनौतियों में एचसीवी संक्रमण का निदान करना शामिल रहा। उन्होंने बताया कि इस रोग के लक्षण प्राय: दिखायी नहीं पड़ते हैं और यह कि व्यक्ति केवल तभी चिकित्सा की तलाश करते हैं जब वे लक्षण या यकृत रोग के लक्षण विकसित करते हैं।

बीमारी और उसके निदान से जुड़ी चुनीतियों के अलावा, नई दवा की खोज हेपेटाइटिस के इलाज बाधा के रूप में एक प्रमुख भूमिका निभाती है।

Yoga & Meditation session on 3rd August Faculty of Pharmacy, Kalinga University
By: Mr. Dhananjaya Kumar Jain (Yoga Instructor)

Faculty of Pharmacy, Kalinga University conducted "Yoga and Meditation" session on wednesday under the guidance of Dr. Sandip Prasad Tiwari (Principal) Faculty of Pharmacy and Dr. Chandrakant Sharma (Dean, Faculty of Science). Training session on “Protein Estimation and Biochemistry Analyser” concluded

on 5th November 2022

New Raipur. Kalinga University is a prestigious higher education institution in central India. It has been accredited with B+ rank by the National Assessment and Accreditation Council (NAAC). It is the only private university in Chhattisgarh which is among the top 101-150 universities in NIRF Ranking-2022.

It may be noted that the well-equipped Central Instrumentation Facility (CIF) has been established in Kalinga University to develop new research and innovation focused on value-based quality education and research. University students and faculty as well as post graduate students from outside educational institutions by CIF for a prescribed fee, Special training programs have been organized by providing high-end research equipments for interested participants of research students, scientific officers and other institutions. So that a better research environment can be created. In this context, a series of training programs have been organized by the Department of CIF in Kalinga University. Under which a one-day training session on "Protein Estimation and Biochemistry Analyzer" was organized on 05 November 2022.

The said one-day training program organized at the Pharmacy building of Kalinga University was inaugurated by the Vice-Chancellor of the University, Dr. R. Sridhar, Director General, Dr. Baiju John, and Deans, Heads of Departments, participants and students of various faculties of the University, Goddess of knowledge and learning, Maa Saraswati. After lighting the lamp in front of the idol and worshiping Saraswati. Dr. R. Sridhar, Vice-Chancellor, Kalinga University, while addressing the participants said that “The main objective of this training program is to provide hands-on practical knowledge with the latest and most advanced analytical techniques for cutting edge research in various fields of science and technology .

PROCEDURE TO FILE PIL IN INDIA

Any Indian citizen or organisation can move the court for a public interest/cause by filing a petition:

1. In the SC under Article 32
2. In the High Courts under Article 226

The court can treat a letter as a writ petition and take action on it. The court has to be satisfied that the writ petition complies with the following: the letter is addressed by the aggrieved person or a public -spirited individual or a social action group for the enforcement of legal or constitutional rights to any person who, upon poverty or disability, are not able to approach the court for redress. The court can also take action on the basis of newspaper reports if it is satisfied with the case.

Program Outcome:

1. Participants got to know that PIL has given the court an opportunity to address important issues in areas like environmental protection, consumer protection etc., which affect a large number of people.
2. Spreading the awareness regarding the PIL how to file and the procedures of it and the reason how it come an effect.
3. Participants were able to understand the basics of Public Interest Litigation.
4. Participants should know this that the Legal action that is taken on a human rights or equality issue of broad public concern and on that basis they can file the PIL.

Seminar & Story Recitation On The 'PREMCHAND'S LITERATURE AND TODAY'S TIME'

by Hindi Department on 8th August 2022

Department of Hindi, Faculty of Arts and Humanities of Kalinga University organized a one-day seminar and story recitation on the topic “Premchand's literature and today's time”. In which senior Hindi litterateur and registrar of Kushabhau Thackeray Journalism University, Dr. Anand Bahadur was present as the keynote speaker.

The program was inaugurated by Dr. Asha Ambhaikar, Dean of Student Welfare of Kalinga University, Dr. Shilpi Bhattacharya, Dean of Faculty of Arts and Humanities, Dr. Vinay Chandra Jha, Dean of Faculty of Engineering, Dr. Sunil Kumar, Head of Department of Electronic Engineering, Department of Fashion Designing. It was done in the presence of Dr. Smita Premanand and Head of Hindi Department Dr. Ajay Kumar Shukla. Dr. Anand Bahadur said that “Katha Samrat Premchand used to pick up his characters and plots from common life. Farmers and laborers were the main characters in his works. Through his compositions, he has seriously highlighted all the evils and problems of India. Premchand's literature is timeless and will always be relevant for our society.” Premchand's literature is the literature of struggle and determination.

‘ALTERNATE DISPUTE RESOLUTION’

by Faculty of Law on 8th August 2022

An interactive introductory session was conducted by the Faculty of Law, Kalinga University, on the subject, Alternate Dispute Resolution on August 8, 2022, in order to augment the knowledge of students on ADR and its techniques, as it is an integral part of legal education.

In the presence of the Faculty of Law, the session commenced with an introductory speech by the Dean of the Department of Law, Dr. Tufail Ahmed Khan. Perceptive inputs were made by him, making the beginning of the session more insightful.

Ms. Nisha Nandini and Mrs. Saloni Tyagi Shrivastava introduced the students to the different methods of ADR, i.e., arbitration, mediation, and negotiation, and briefed them on the basic conceptions of the same. Mrs. Saloni then discussed the negotiation and its procedures.

In the whole session, the importance of "out of court settlement" in the Indian judiciary was highlighted immensely.

"Adverto - The AD MAD Show" by competition conducted by Faculty of Commerce & Management on 18th August 2022

The Faculty of Commerce & Management conducted a competition **"ADVERTO- THE AD MAD SHOW** (Ads with Fun)" for all the Commerce and Management students (3rd and 5th semester) on 18th August, 2022. The event was conducted at the Auditorium Kalinga University Students were given a list of products and were asked to choose and advertise one of the products from the given list. The students were asked to advertise their products through witty/funny acts. Following is the list of products given to the students-

1-Hair dye for bald people
2-Toothpaste for toothless
3-Room freshener that stinks
4-Talcum Powder that leads to more sweat
5-Energy drink that takes away your energy
6-Deodorant with no scent
7-Pen that never writes
8-Mosquito coil that immunes mosquitoes
9-Notebook without pages
10-Chinese mobile with no connection
11-Beauty cream for getting more pimples

The main objective of the competition was to stimulate creativity, teamwork, innovation and wit amongst the students. The event enabled the students to tap into their creativity and inculcate confidence within them. The event was judged by Mr. Kapil Kelkar (Head, Department of Fashion Designing, Kalinga University) and Mr. Simon George (Soft skill trainer, Training and Placement) and the event coordinators were Ms. Mariyam Ahmed & Dr. Sunayana Shukla. The event was conducted under the guidance and presence of Dr. Abhishek Tripathy, Dean, Faculty of Commerce and Management.

A total of 14 teams, with a maximum of 6 students . The no of students was 73.

"Quiz on General Mathematics" by Department of Mathematics on 18th August 2022

On 18th, August 2022, Mathematics department had organized an activity named as "Quiz on General Mathematics". This quiz was conducted by Mr. Satpal Panika, Assistant Professor, Department of Mathematics.

The main objective of this activity was to develop an interest of mathematical concept, so that student can understand the logic behind the answers and to build up the competition atmosphere amongst them.

In the quiz competition students from M.Sc.3rd, MA 3rd and BSc. (PCM) 5thsemester participated. In the quiz the questions are taken from under graduate level along with logical and reasoning typed questions and the students answered nicely. The session was organized in hybrid mode, so that students who are not available in the campus due to their personal reasons can participate through online mode. A total of 7 students attended the event.

Dr. S. Biswas and Dr. Rao have given their expert views behind the answers, and they explained the concept of the answers.

Students are awarded as below: -

1st Position: Yogesh Verma and Vijay Sahu (BPCM 5th Sem.)
2nd Position: Baghban Pradhan (M.Sc. Mathematics 3rd Sem)

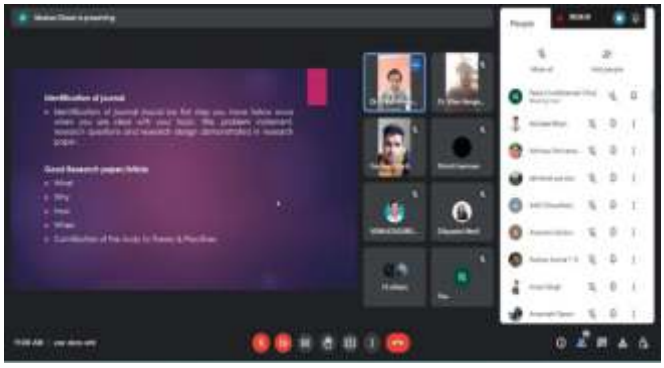
"NATIONAL SEMINAR ON ADVANCED RESEARCH" of Commerce and Management Department in Kalinga University

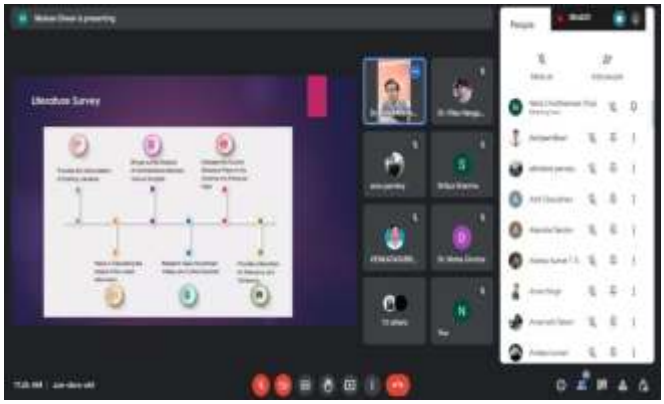
on 26th August 2022

National Seminar on "Advanced Research" was organized successfully by Faculty of Commerce & Management on 27th August, 2022, from 10:30 am to 12:30 pm. The program was conducted through online mode at Kalinga University Campus.

The Objectives of the Seminar were:

- To impart knowledge on the quantitative and qualitative research analysis that are employed, as well as numerous crucial research methodological principles that are helpful for doing any kind of scientific study.
- To introduce advanced statistical methods & tools for field data analysis.
- To handle difficulties and seize opportunities in the fields of teaching and research.





"QUIZ COMPETITION "
Royal Mechanical Club Activity by Department of Mechanical Engineering
on 29th August 2022

Preamble:
The Quiz competition is organized by Royal Mechanical club for awareness of the students to improve Technical knowledge as well as general knowledge about different areas for Career Opportunities after B. Tech/Diploma in public and private sector for Mechanical and Mining Engineering students on 29 August 2022.

Participant's Profile:
All students of Mechanical and Mining Engineering Department (B. Tech and Diploma Students) and all faculties from Department of Mechanical and Mining Engineering along with Head of Department attended.

Description about the Program:
Royal Mechanical Club faculties member have started the session with information and instruction about the quiz competition. Our BTME students Mr. Adarsh Singh and Mr. Aditya Kumar were anchoring. For this quiz competition students had technical question, general question and current affairs question. There were total 75 questions in the quiz. All the basic questions were there and the question area was also going to increase the knowledge of the student. Students were very excited while answering the question.

Total number of present students = 33

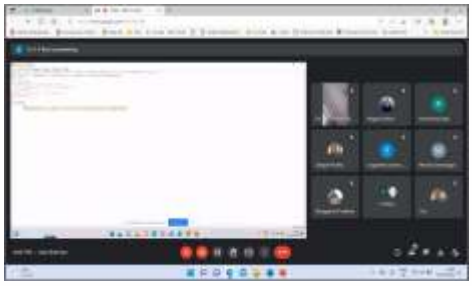
“Workshop on Python Programming for Mathematics”
on 16th September 2022

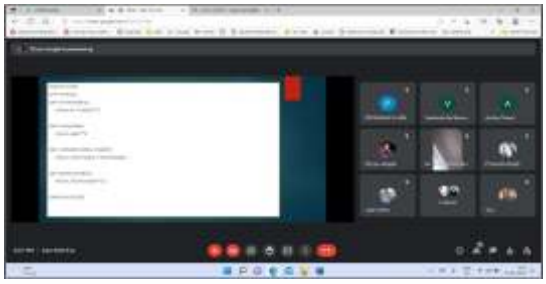
Two days workshop for the students of M. A. / M.Sc. 3rd Semester students was organized on dated 15th and 16th September 2022. The timing was 2:00 to 3:00 pm. The activity was started with the welcome words given by Mr. Satpal Panika, Assistant Professor, Mathematics. The main objective behind the activity was to develop an interest the mathematics with computer applications in the students.

In the first day of the workshop Dr. G. V. V. J. Rao presented the basics concepts of Python programming. In the workshop students learnt some terminologies of the python like characters, loops and many more. Apart from this they learnt the difference between high level and low-level languages.

In the second day i.e on 16th September 2022, Mrs Divya Awasthi came Infront of the students, she taught them programming part of the python. She started with very basic codes then most of the students followed her instructions to code the programme. She taught how the matrices can be formed? Algebraic solutions are also discussed in the workshop.

At the end of the session Mr. Nigama Prasan Sahoo, Assistant Professor, Mathematics has given vote of thanks. H.O.D. Dr. Subhashish Biswas appreciated the whole sessions. Students really got benefitted. They thanked both the experts for nice explanations.





Workshop on
"MIND AND SUCCESS"
by Department of Mechanical Engineering
On 16th September 2022

Description about the Program:

Mr.Alakshendra Mogre, National Trainer and speaker from JEM (Jha's English Meditation) Spoke to the students about Self Development Skills and Building Strong Personality that distinguish individuals from each other. The speaker also discussed the setting goals, personality and psychology of students and what are the changes that the students need to change according to the market for survival.

The activity of How to write a Research Paper is organized by Royal Mechanical club for awareness of the students to improve written skills. The importance of research essay writing is that it can help you earn the decent grades you need to achieve higher standards. All theoretical, knowledge and technical courses are essential. You must submit a research paper, be it literature, history, law, physics, or economics. Research papers can be used to assess whether students are sufficiently focused or asleep and missed lectures in class. By writing research articles, students' research strategies can be tested.

"HOW TO WRITE A RESEARCH PAPER"
ROYAL MECHANICAL CLUB ACTIVITY
by Department of Mechanical Engineering
On 16th September 2022

Preamble:

The activity of How to write a Research Paper is organized by Royal Mechanical club for awareness of the students to improve written skills. The importance of research essay writing is that it can help you earn the decent grades you need to achieve higher standards. All theoretical, knowledge and technical courses are essential. You must submit a research paper, be it literature, history, law, physics, or economics. Research papers can be used to assess whether students are sufficiently focused or asleep and missed lectures in class. By writing research articles, students' research strategies can be tested.

Description about the Program:

The session had started by head of the department Dr. V. C. Jha. He explained how to write a research paper. Research studies are important because these contribute to knowledge and progress on confusion, diseases, and disorders. The purpose of a research paper is to give your ideas and opinions about the topic or problem and to use other sources to support your position. Understanding that research is important might seem like a no-brainer, but many people avoid it like the plague. Yet, for those who like to learn, whether they are members of a research institution or not, conducting research is not just important it's imperative.

AD MAD SHOW BY FD DEPARTMENT

On 20th September 2022

ABOUT THE ACTIVITY: An activity of AD MAD show was planned on 10th August 2022 for the students of BSCFD 3RD& 5TH Semesters, as a part of their departmental activity. But unfortunately on that day, very less attendance of students was marked, hence it was postponed to 12th September 2022 as per the mail sent to DAA dept. but as myself and Vibha are totally engrossed with Induction duties of various departments, that's why it was not possible to carry out the above activity on 12th September as well. But as today i.e on 20th September 2022, Dr. Smita Premanand was on leave and maximum strength of the students were present, so we carried out this activity in 2nd half from 2:30 pm onwards.

The activity, which was scheduled to be held on September 9, 2022, was successfully completed today on September 23, 2022. The activity was the “Group Discussion” on “National Education Policy”. This activity was mainly organized for the students of M.A. and M.Sc. [Mathematics], in which the students of the third semester participated actively.

The main objective of the activity was to emphasize the student students to increase their perspective on contemporary topics as well as to improve the efficiency of talking on that topic.

In the activity, the students were divided into two groups. The first group included Renuka and Rajan along with Yogendra, while the second group was led by Priyanka Vijan along with Chanchal, Amon and Bhagban.

The Yogendra Group pointed out some flaws in the context of this policy, while the Bhagban Group spoke in support of the policy.

TEACHER'S CONFERENCE CONDUCTED BY ICSI RAIPUR CHAPTER
by Department of Law
On 24th September 2022

An interactive introductory teacher's conference programme was organized by the "ICSI Raipur Chapter" at Chapter's head office, Devendra nagar, Raipur, Chhattisgarh on 24th September, 2022 from 12 p.m. to 4.30 p.m. The objective behind organizing this event was to spread the knowledge regarding the importance of company secretary as career option and how to impart knowledge to the students.

05 teachers from Kalinga University (Mrs. Saloni Tyagi, Mr. Siddharth Shekhar, Ms. Hrishina Khare, Ms. Nayan Lodha and Mr Soumyadeep Chakrabarti) attended the event. The event started with Saraswati vandana and ICSI anthem. In the beginning of the session Mr. Shanky Santani (Chairman of ICSI Raipur Chapter) gave brief introduction about CS as a career and subsequently Mr. Sanjay Sharma, a life skills trainer took an interactive session on changing role of the teachers in dynamic times. Certain activities were also conducted by him where all the teachers from various schools and colleges were invited to participate. Later all the stakeholders of ICSI chapter gave their insightful speeches. The session ended with the speech of the chief guest Dr. Uday Shankar, registrar of HNLU Raipur. He emphasized upon the problems faced by teachers while teaching students for a long time.

"HOW TO WRITE A GOOD RESEARCH PAPER" by Department of Mathematics On 30th September 2022

Research paper is of great importance to bring research to the society. But its writing is not that easy, and even if it is written, it must be unique, a lecture, to enhance the interest regarding research was planned for the students of undergraduate and postgraduate students from mathematics department. The activity was held on 30th September 2022 through the hybrid mode, from 2:00 PM to 3:00 PM. The Keynote Speaker was Dr. Subhashish Biswas, H.O.D. Department of Mathematics and as the main audience, the students of the final as well as first year of M.Sc. and M.A. [Mathematics] and BSc. [PCM] participated in a big way.

The Speaker explained the importance of research paper writing. During his lecture he focused on" how to write the research papers". He also explained the difficulties and their solutions during the research paper writing. Students from the Post-graduation benefitted with his vast knowledge of Research paper writing. Speaker faced with many questions, asked by the participants and students got the satisfactory answers from him.

On 13th October 2022

“Intra Extempore Competition” by Department of Law
on 14th October 2022

Details of Program:

Kalinga University, Naya Raipur (CG) always thrives to cater to the all-round development of their students. The main focus of the university has always been on improving the soft skills amongst the students. With this intention in mind an intra extempore competition was held for the students of Law from all the Semesters on Saturday, 14 Oct, 2022 between 2.00 P.M. to 3.45 P.M. The objective of the competition was to make the students confident and better orators so that they can fearlessly express their views on any topic. Extempore is an excellent way to assist the students not only in spontaneous thinking but also in asserting their creative ideas with precision.

A Discussion on Pure and Applied Mathematics" Organized by "Department of Mathematics"

on 14th October 2022

Details of Program:

Many students are confused in pure and applied mathematics. So, department of mathematics decided to organize a small session for the same. On 14th October 2022, students from M.Sc. and M.A. Mathematics 3rd semester, M.Sc. mathematics 1st semester and BSc. [PCM] 5th semester, joined together for the said activity.
Before the discussion, I (Satpal Panika) welcomed, our newly admitted students from MSc. 1st Sem and called upon the H.O.D. Mathematics Dr. Subhashish Biswas to grace the students with his knowledge. He had given so many practical examples of application of Mathematics.

He also mentioned real life and technical applications of mathematics. Apart from this several students came on the dais and they expressed the differences between pure and applied mathematics.

Research Policy Orientation- by Department of Zoology
on 14th October 2022

Department of Zoology conducted the departmental activity on Research Orientation Policy on 14th October 2022 in Kalinga University Campus.

The program was held from 11:30 am to 12:30 PM where Dr. Manoj Singh, Head, Department of Zoology was the keynote speaker. The event convenor was Dr. Sohini Bhattacharyya and event coordinator was Dr. Ajay Harit who are both faculty members of the Department of Zoology.

Dr. Manoj Singh oriented the students of the Department of Zoology about the ethical and academic policies regarding research work. This was particularly helpful for the students since publication policy of the university mandates student publication.

Benefits and incentives provided by the university for publication was also discussed.

"Educational Visit to Agri-Carnival 2022, Indira Gandhi Krishi Vishwavidyalaya, Raipur" by Department of Organized by Department of Botany and Microbiology, Kalinga University, Naya Raipur

On 18-10-2022

Details of Program:

Students paid a visit to the various units set up at the Agri Carnival and observed the practical applications of the concepts they had previously learnt in the classrooms.

Biofertiliser Exhibition

The students and researchers of IGKV set up a unit exhibiting Cultures of beneficial microorganisms present in nature that increase nutrient availability to crops. Biofertilizers can increase crop yield by 10-50 percent and it is a cheap, non-polluting form of organic fertiliser.

They also showed products they had developed for commercial use by farmers like Rhizobium – used in pulse crop and leguminous crops (provides nitrogen), Azotobacter- used in vegetables and flowers (fix nitrogen and fix plant growth hormones), Azospirillum – beneficial for non-leguminous plants , K.B.S- important for flowering (provide potassium), Zinc- used through seed, soil and by dipping of roots.

Grand Diwali Carnival 2022 by Department of Science
on 19th & 20th October 2022

ABOUT THE ACTIVITY: in the departmental activity calendar, a pre Diwali exhibition cum sale was already planned, so department of fashion design, organized a Pre Diwali Exhibition Cum sale named as GRAND DIWALI CARNIVAL 2022; of designer Diwali products, wherein students made hand made items like designer Diyas, Pooja thali, Lamps, decorative bottles, table top accessories, jewellery, hair accessories, scrunchies, sarees, dresses, skirts, paintings, dream catchers, wall hangings etc. It was a 2 days event organized on 19th & 20th of October 2022 from 10 am till 3.30 pm. Huge crowd walked in to see the creative stuffs of the students and even purchasing was done by the visitors. Products of around amount worth 55000/- were sold out in those 2 days. We got lot of appreciation for the hard work we put in for the event.

कलिंगा विश्वविद्यालय में शोधपत्र लेखन कार्यशाला संपन्न

नया रायपुर/नवप्रदेश। कलिंगा विश्वविद्यालय में शहीद वीरनारायण सिंह शोधपीठ के तत्वावधान में छत्तीसगढ़ की कला, संस्कृति, साहित्य, इतिहास, राजनीति, जनजातीय समाज, जैव विविधता, खनिज एवं तकनीकी विकास के विशेष संदर्भ में तीनदिवसीय शोधपत्र लेखन कार्यशाला एवं प्रतियोगिता का आयोजन किया गया। जिसमें विभिन्न विषय के विद्वान प्राध्यापकों ने विद्यार्थियों को शोधपत्र लेखन की बारीकियों से अवगत कराया। यह कार्यशाला स्नातक स्तर के विद्यार्थियों को विशेष ध्यान में रखते हुए आयोजित की गयी थी। जिसमें विश्वविद्यालय के विभिन्न संकाय के विद्यार्थियों ने बढ़चढ़ कर हिस्सा लिया।

विदित हो कि विद्या और ज्ञान की देवी माँ सरस्वती की प्रतिमा के समक्ष मुख्य अतिथि के रूप में उपस्थित कचना धुरवा महाविद्यालय खुरा, रायपुर के निदेशक एवं प्राचार्य डॉ.दिनेश साहू, कलिंगा विश्वविद्यालय के जैव प्रौद्योगिकी विभाग की अध्यक्ष डॉ.सुषमा दुबे एवं अन्य अतिथियों के द्वारा दीप प्रज्वलन एवं माल्यार्पण के पश्चात कार्यशाला का शुभारंभ किया गया। शहीद वीरनारायण सिंह शोधपीठ के अध्यक्ष डॉ.अजय कुमार शुक्ल ने कार्यशाला की रूपरेखा को स्पष्ट करते हुए बताया कि इस कार्यशाला में विभिन्न विद्वान प्राध्यापकों के द्वारा विद्यार्थियों को प्रशिक्षण देने के बाद उन्हें आज से बीस दिन के उपरांत अपने प्राध्यापकों को मदद से शोधपत्र तैयार करके जमा करना होगा। जिसमें सर्वश्रेष्ठ शोधपत्र तैयार करने वालों को प्रमाणपत्र एवं पुरस्कृत करने के साथ-साथ उनके शोधपत्र का प्रकाशन किया जाएगा। इसके अतिरिक्त शोधपत्र लिखकर जमा करने वाले सभी विद्यार्थियों के शोधपत्र का प्रकाशन स्कोपस रिसर्च जर्नल सूची में संलग्न न्यूरोक्वेस्टोलॉजी जर्नल के विशेष संस्करण में किया जाएगा। जिसके लिए विश्वविद्यालय के द्वारा समस्त सुविधा उपलब्ध कराने के साथ-साथ आर्थिक सहायता भी प्रदान की जाएगी।

कार्यशाला के पहले दिन मिकेनिकल इंजीनियरिंग विभाग के विभागाध्यक्ष डॉ.एन.के.खांडेकर ने विद्यार्थियों को सम्बोधित करते हुए कहा कि शोध एक खोजपूर्ण और तथ्यपरक व्यवस्था है। इसका प्रस्तुतिकरण और भी महत्वपूर्ण है। लेखन एक कला है। शोध लेखन उसका उत्कृष्ट बिंदु है। वैश्विक स्तर पर कड़ी प्रतिस्पर्धा के चलते हमारा ज्ञान सदैव समृद्ध होना आवश्यक है। किसी भी शिक्षक एवं विद्यार्थी के लिए यह बहुत जरूरी है कि वह सदैव अपने ज्ञान को अपडेट करते रहें।

Report on Judgement of Teaching Learning Material Competition Given by Ms. M. Gayatri

Department of Education, Vipra Kala, Vanijya Avam Sharirik Shiksha Mahavidhyala, Raipur organised an offline State Level competition "Teaching Learning material (TLM) Competition" especially meant for Teacher-Trainees for B.Ed. 1st Semester on 19th December 2022 at 10am onwards in which Ms. M. Gayatri, Assistant professor of Department of Education, Kalinga university was invited as one of judge the three judges. There were 25 participants with their working Teaching learning model from 10 different B.Ed. colleges of Chhattisgarh. It was a privilege to gain the experience about the parameters and analysis of judgement of a competition. Students have shown a great effort in making model in which the judgement was based on criteria like purpose of TLM and utility of TLM. Each student's model was to be given marks out of 30. Based on the judgement from all three judges, the final assessment was given and the first three winners were awarded with winning certificates and prizes. Whereas, rest all participants were facilitated with participant certificates.

In the above foresaid competition two students from B.Ed. 1st semester of Kalinga University also participated with their models. Details are given below:

1. **Bhupesh Verma** (presented model on Electromagnetic Induction)
2. **Prabha Sontake** (presented model on Automated dustbin

REPORT ON WORKSHOP ON CASE TEACHING AT IIM ROHTAK

The Case Teaching Workshop is one of the flagship events of IIM Rohtak, which was organized on 20th and 21st of December 2022 this year. I, Dr. Abhishek Tripathi, got an opportunity to participate in the workshop to represent our University. The venue for the event was United Services Institute, Vasant Vihar, New Delhi.
Objective:

To emphasize the value of the case method in the learning of students. It is intended for all those with an interest in using case studies as a teaching tool, as well as those who are interested in the development of such teaching cases.

Facilitators:

- Prof. Dheeraj Sharma, Director IIM Rohtak
- Prof. Anju Seth, Former Director IIM Calcutta, and Professor of Management at Virginia Tech University, USA
- Prof. Amit Jain, Associate Professor of Management, National University of Singapore
- Learning Outcome:
- The methodology to be adopted for teaching cases in the classroom.
- The descriptive cases and the problem solving cases, the types of cases.
- Cases, as a very powerful tool for integrated learning of concepts in management education.
- The flow of drafting a case for the management pedagogy.
- The art of storytelling and putting the story into reality to learn management concepts.

Experience:

It was an excellent experience to learn from the stalwarts of management education. The teaching tips given by Prof. Dheeraj Sharma, Director, IIM Rohtak, transformed the way to look at management classes.
Finally, I would like to express my gratitude towards the Kalinga University, for giving me this opportunity to participate in such an enlightening workshop. I am sure we will improve our classroom delivery using the methods learnt during the workshop.

Organization:

Program Schedule: Poster Making Competition on the theme "My Idol- Swami Vivekananda" from 2:00 pm to 3:00 pm at Yoga room, Pharmacy building, Kalinga University campus.

Please Attach/Paste detailed schedule of program. NA

Details of Program:

To celebrate the National Youth day on 12th January 2023, in memory of Swami Vivekananda, YI- Kalinga organized a Poster making competition for its students on the theme "My Idol – Swami Vivekananda", in which students are first told to register their names in google forms registration link https://forms.gle/kCGruaAhfhwVoupo6 and time of 2:00 pm to 3:00 pm was allotted for the competition at Yoga room in Pharmacy building of Kalinga University Campus.

Students were told to bring all the required materials by their own, and within given time period, they were asked to make poster as per theme. Total 47 students participated in the competition, out of which best 3 were chosen by the judges.

All the students were provided participation certificate and winners were awarded with appreciation certificate for the same.

Program Outcome:

1. Students came to know about importance of Swami Vivekananda and his thoughts in our lives.
2. Students exhibited their artistic creativity.

Number of members participated: 47 participants list attached below.

Invitation Card:

Details of Program:

Saraswati Puja was celebrated on occasion of Basant Panchami at Kalinga University, Raipur on 26th Jan 2023 at 09 a.m. Saraswati Puja is a popular festival of students. Saraswati Puja has an immense importance in the lives of those who are related to the Education Sector as Goddess Saraswati is the Goddess of Knowledge. It is believed that the worship of Goddess Saraswati on this auspicious day provides the blessing of knowledge and prosperity. The celebration was marked by the presence of Vice -Chancellor of the university- Dr. R. Shridhar, Registrar- Dr. Sandeep Gandhi, Dean Student Welfare - Dr. Asha Ambhaikar, All Deans and Heads of the Department, Faculty members and students of the University gathered near the divine idol of Goddess Saraswati that graces the reception of Kalinga University. Puja Starts with the Shankhnaad then members of the gathering offered flowers to Goddess Saraswati along with the chanting of auspicious mantras. The Aarti followed this ritual along with Shankhnaad.

Dr. Sandeep Gandhi, Registrar of the university wished that the arrival of spring brings happiness and prosperity in the lives of everyone. The festival marks the arrival of spring season and is celebrated with great fervor across the country. He wished that Goddess Sarasvati bless everyone with knowledge, wisdom, happiness and prosperity.

Dr. R. Shridhar, Vice Chancellor of the University extended best wishes to all on the auspicious occasion of Basant Panchami and Saraswati Puja. Dr. Shridhar said that this festival is a symb ol of new zeal and new energy. He wished that Goddess Saraswati may provide knowledge, prosperity and good health to all. In his greeting, Dr. Shridhar wished that this holy festival may bring joy, knowledge and good health in the lives of people.

All the Kalinga family members and students joined hands together, with great zeal to make the event a memorable one also evoking the blessing of the goddess of knowledge to have a successful academic and career

growth. The rituals were conducted by Panditji, who not only performed the Puja but also enlightened on the concept of worshiping Goddess of knowledge, ending the event by Prasad distribution. Perfect coordination was observed during the program organized. Mr Arup Haldar of Training and Placement, Lt. Vibha Chandrakar, Mr. Ayush, Dr. Sanjeev Yadav, Dr. Smita Premanand, Dr. D M Sahu and other members, team members including Assistant Dean Students Welfare, Ms. Nikita Joshi, Mohammed Yunus Rizvi, Mr. Toshan Tarak and others played crucial role in success of the program.

The conference will give opportunity to both academicians as well as research scientists to communicate and discuss mathematical and technological problems and their applications for industry sector.

Details of Program:

Two days **National conference on Advance Approaches in Pure and Applied Mathematics (NCAAPAM 2022 – 23) organized by Faculty of Technology, Kalinga University sponsored by All India Council for Technical Education (AICTE)** concludes on Wednesday. Program took place at the auditorium of Kalinga University.

Professor **Dr. M.K. Verma**, Vice Chancellor of Chhattisgarh Swami Vivekanand Technical University (CSVTU), Bhilai was the chief guest during inaugural ceremony. Program began with lighting of traditional lamp before ido l of Goddess Saraswati at the University auditorium. **Dr. R Shridhar**, Vice Chancellor of Kalinga University gave motivational words. He emphasized on new National Education Policy 2020 and highlighted the importance of research field. Dean Students Welfare, **Dr. Asha Ambhaikar** was especially present during the inauguration ceremony.

Dr. Sandeep Gandhi, Registrar of Kalinga University gave motivational speech. **Dr. C.P. Jawahar**, Dean Faculty of Technology of Kalinga University gave opening remarks. He inform ed that over 130 registrations took place for the National conference. Over 85 abstracts were received and participants from eight states of county took part in the event and one participant joined from USA. These states are Madhya Pradesh, Uttar Pradesh, Pondicherry, Orissa, West Bengal, Jharkhand, Telangana, Andhra Pradesh and Chhattisgarh.

Professor Dr. MK Verma, stressed that in *New Education Policy* recommends that basic education should be given to a child in his mother tongue. Thought process should be nurtured in local language. Ms. Shreya Dwivedi, Assistant Professor of Kalinga University was the master of the ceremony on the first day. **Dr**.**Sharada Nandan Raw**, Associate Professor of National Institute, of Technology, Raipur, Amit Singh Thakur, Res earch Scholar of Pt. Ravishankar Shukla University, Raipur, Dr. Avinash Singh, Mr. Dildar Singh tendon, Mrs. Anu G Pillai, Dr.

Tejaswani Pradhan, Dr. M Malathi, **Dr. Govind Prasad Sahu,** Ms. Priya Verma, Mr. Anil Kumar Yadav, Mr. Ritesh Kumar Dubey, Dr. Rajo o and others presented their papers during the national conference. Mementoes were presented to the distinguished guests.

Patrons were **Dr. R. Shridhar**, Vice Chancellor, **Dr. Byju John**, Director General, **Dr. Sandeep Gandhi**, Registrar, **Dr. Rahul Mishra**, Dean Academic Affairs, **Dr. Asha Ambhaikar**, Dean Students Welfare, **Dr. CP Jawahar**, **Dr. Vijayalaxmi**, Director IQAC. **Dr. G.V.V. Jagannadha Rao** , Assistant Professor, Head of Department of Mathematics and **Dr. Subhashish Biswas** , Associate Professor and Head of De partment of Mathematics were the convenors of the National Conference. Mr. Satpal Panika, Assistant Professor in department of Mathematics was organizing secretary and Mr. Nigama Prasan Sahoo, Assistant Professor was Joint Secretary. Technical support was given by Mr. Omprakash Dewangan and Ms. Pooja Raj.

On the second day of the National Conference over 25 research papers were presented. Session chair was **Dr. C P Jawahar**, Dean faulty of Technology. Ms. Siddhi Jain was the master for the second day of t he seminar. Presentation was given by Dr, Monali Mal, Assistant Professor from Douglas Wilder School of Government and Public Affairs, Virginia Commonwealth University, Richmond, Virginia, USA. Keynote speaker was Professor **Rakesh Bhandari**, Dean Research of Sangam University, Rajasthan. Professor **P.P. Murthy**, Associate Professor of Guru Ghasidas University, Bilaspur was session chair. Research Scholars Mr. Thaneshwar Lal Verma of CSVTU Durg, Mr. Nigama Prasan Sahoo, Mr. Sumit R Punam, Ms. Arpita A Das, Mr. Sourab K Patro, Mr. Subhash Kamdi, Mrs. Aditi Mishra Assistant Professor of Kalinga University, Mr. Amon Pengeo, Mrs. S Nagadurga, Ms. Jyothi Garlapati, Ms. Priyanka P., Mr. Lokesh Dewangan of Sri Rawatpura Sarkar University, Raipur presented paper during first session. Dean Academic Affairs **Dr. Rahul Mishra** of Kalinga University was especially present on the occasion.

Keynote speaker during post lunch session was Professor **Dr. S.K. Pandey**, former Vice Chancellor of Pt. Ravishankar Shukla University, Raipur. He gave presentation on 'Mathematics: the beautiful language of the Cosmos'. Ms. Monika Dewangan, Research Scholar from Sri Rawatpura Sarkar University presented research paper followed by Ms. V S R Subhasri, Professor Mr. Ritesh Kumar Dubey, schol ar Mats University, Raipur. Mementoes were handed over to the dignitaries.

Dr. G.V.V. Jagannadha Rao proposed vote of thanks. Program concluded with distribution of certificates, group photography and National Anthem. Local organizing committee was comp rised of **Dr. N.K. Dhapekar**, Head of Department of Civil Engineering, **Dr. Shilpi Shrivastava** , Dean Applied Science, **Dr. V. K. Jha** , HoD Mechanical**, Dr. Aloke Verma** , HoD Physics.

Program Outcome:

6. Scholars as well as Post Graduate students learnt the importan ce of participation and paper presentation in the conferences.
7. Participants were influenced with the recent scenario in the field of technology as well as mathematics.
8. Participants and guests from various institutions shared their ideas to each other.

"National Conference on Intellectual Property Rights: An Overview and Implication in Academic World"

Organized by-

"Department of Education of Kalinga University and Vipra Kala, Vanijya Avam Sharirik Shiksha Mahavidhyala, Raipur"

from

15-02-23 to 17-02-23

Title- " National Conference on Intellectual Property Rights: An Overview and Implication in Academic World**"**
Date: 15-02-23 to 17-02-23
Time of event: 09:30 AM onwards
Event Type: Blended
Venue: Vipra Kala, Vanijya Avam Sharirik Shiksha Mahavidhyala, Raipur
Event Poster:

Objective of Program:

To provide the detailed knowledge about the Intellectual property right.
To define patent, copy right, and laws in IPR.
Emphasizing importance of patents in higher education.
Reforms in IPR.

Details of Program:

The National conference on IPR is being held as an activity in due respect of an MOU signed by Department of Education, Kalinga University with Vipra Kala, Vanijya Avam Sharirik Shiksha Mahavidhyala.

"The core area of the Conference is Intellectual Property Rights in academics. To understand the significance of the components of the IPR and using it effectively as a main part of Academics is vital for the attainment of the goals of Teaching-Learning Process". The Teaching and Learning need the IPR to protect Academic Material secrets or other useful information and continue forward of the competition.

The sessions

Day 1:

Resource person: Prof. C.D. Agashe, Director, Institute of Teacher Education, Head, SoS in Physical Science, PTRSU, Raipur and Mr. Himanshu Chandrakar, Examiner of Patents & Designs, RGNIIM, Nagpur

Topic: IPR: A Primer for Academia and IPR: An Overview

The resource persons explained the basic concepts of IPR like What is IPR, Importance of IPR, what is patent, how it can claim in academic sectors. The resource persons explained the concepts using a lot of examples relating to daily life so that students can understand in dep th. They also explained their conflicts which they faced during their journey of life and how they successfully defeated their ideal work which was being taken by some other person.

Day 2:

Resource person: Dr. Anjali Oudhia, Professor & Head, Department of Physics, Govt. Ngarjun PG College of Science, Raipur, C.G. and Ms. Pooja Vishal Maulikar Examiner of Patents & Designs, RGNIIM, Nagpur.

Topic: Issues and Challenges of IPR in India and IPR Scenario and Factors for promoting IPR Culture

The resource persons carried forward with some previous knowledge acquired by faculties and students in Day 1. They explained why a research ideas and research work should not be shared with others before it's been published. They briefly covered what is patent and what i s the need to patent the novel brands or products. Their core focus was on How do universities make money from patents?

Day 3:

Resource person: Dr. Amit Dubey, Scientist, Chhattisgarh Council of Science & Technology [CGCOST]

Topic: IPR and IPR Ecosystem a nd Councils Role

The final day conference was diced by Dr Amit Dubey. He covered about the scope of IPR in brief. He explained about the innovation and technology adaptation. He also carried forward some previous day talks

about patents and Copyright with some more examples. He briefed our faculty and students b explaining about the Council Intervention for IP awareness and addressal.

All our KU faculty and students presented their paper on the provided subthemes of IPR. There was total 258 accepted abstracts and more than 350 delegates have participated in this conference from all over India.

The event was conducted successfully. The conference was applauded for the concurrent sessions, interesting presentations, discussions besides the inaugural and valedi ctory session.

Program Outcome:

The faculties and students will be aware about the following:

Overview of IPR
Importance of IPR
Concept of Patent and Copyright
Role of IPR in reforming higher education
Inclusion of IPR as elective subjects by UGC.
Scope of Intellectual Property
Innovation and technology adaptation
Council Intervention for IP awareness and addressal.

4.	Video Round (Identify the person/Movie)	-
5.	Identify the instrument/person	-
6.	Rapid fire round	-

Details of Program:

Kalinga University, Raipur is a well-known Educational Institute in Central India that focuses on quality education and research. The University not only believes in educational development of the students but also development in other extra curricular activities which facilitate the students to enhance and develop practical skills, techniques, or ideas which they can use in their work or their daily lives. To take this endeavour ahead, the

Faculty of Life Science, Department of Biotechnology, Kalinga University organized "Quiz Contest" on 16th February, 2023.

The students from Master's as well as Bachelor's has actively participated in contest. Due to the higher numbers of students, the pre-screeing test has been organized in 15th February, 2023. 50 students had taken part in pre-screening test and the name of students are given in table. From all participants, 12 students were selected and divided into 4 groups in which one student from masters' class and two students from bachelor's class were grouped together.

Sr. No.	Name of Student	Class
1	Swati Tanti	M.Sc. 4th
2	Priyesh Kumar Mishra	M.Sc. 4th
3	Shivanee Sahu	M.Sc. 4th
4	Aarti Yadav	M.Sc. 4th
5	Arti Patel	M.Sc. 4th
6	Pooja Gonware	M.Sc. 4th
7	Neha Prasad	M.Sc. 4th
8	Amitesh Banjare	M.Sc. 4th
9	Trivendra Singh Ghritlahre	M.Sc. 4th
10	Riya Sharma	M.Sc. 4th
11	Shreya Jaiswal	M.Sc. 4th
12	Shreya Biswas	M.Sc. 4th
13	Ayushee Sao	M.Sc. 4th
14	Ankit Sahu	M.Sc. 4th
15	Akshat Singh	B.Sc. 4th
16	Anurupa Das	B.Sc. 4th
17	Deepika Karma	B.Sc. 4th
18	Ekta Soni	B.Sc. 4th
19	Gayatri	B.Sc. 4th
20	Himanshu Singh	B.Sc. 4th
21	Hardik Soham Kakde	B.Sc. 4th
22	Kamna Soni	B.Sc. 4th

23	Phalendra Gendre	B.Sc. 4th
24	Prateek Soni	B.Sc. 4th
25	Rakhshanda	B.Sc. 4th
26	Sajal Somankar	B.Sc. 4th
27	Sapna Dewangan	B.Sc. 4th
28	Sejal Saraf	B.Sc. 4th
29	Shreyash Iombade	B.Sc. 4th
30	Shrijan Sharma	B.Sc. 4th
31	Suchismita Panda	B.Sc. 4th
32	Surabhi Sahu	B.Sc. 4th
33	Suyesh Chauhan	B.Sc. 4th
34	Zaid Khan	B.Sc. 4th
35	Pankaj Kumar Sahu	B.Sc. 6th
36	Rahul Meher	B.Sc. 6th
37	Ankit Singh	B.Sc. 6th
38	Vindhyasini Singh Sidar	B.Sc. 6th
39	Mohammad Abdullah	B.Sc. 6th
40	Namita Sharma	B.Sc. 6th
41	Pragati Minz	B.Sc. 6th
42	Roshani	B.Sc. 6th
43	Nikita Pradhan	B.Sc. 6th
44	Manish Yadav	B.Sc. 6th
45	Rishika Tiwari	B.Sc. 6th
46	Kamna Soni	B.Sc. 6th
47	Meaway A. Noah	B.Sc. 6th
48	Neha	B.Sc. 6th
49	Tawanda L. Bernard	B.Sc. 6th
50	Mahima Dharampal	B.Sc. 6th

Selected Participants
Group-I

Sr. No.	Name	Class
1	Priyesh Kumar Mishra	M.Sc. 4th
2	Namita Sharma	B.Sc. 6th
3	Shreyash lombade	B.Sc. 4th

Group-II

Sr. No.	Name	Class
1	Ankit Sahu	M.Sc. 4th
2	Pragati Minz	B.Sc. 6th
3	Pankaj Kumar Sahu	B.Sc. 6th

Group-III

Sr. No.	Name	Class
1	Rahul Meher	B.Sc. 6th
2	Mohammad Abdullah	B.Sc. 6th
3	Ankit Singh	B.Sc. 6th

Group-VI

Sr. No.	Name	Class
1	Swati Tanti	M.Sc. 4th
2	Vindhyasini Singh Sidar	B.Sc. 6th
3	Phalendra Gendre	B.Sc. 4th

The quiz is divided into four main activities like Identify the famous personality, Rapid fire round, audio and visual round.

At the end of the quiz, group VI has won first place, group I has won second place and group II has won third place.

Dr. Suchitra Ku. Panigrahi, Assisatant Professor, Department of Biotechnology and Dr. Abhijeeta Nandha, Assisatant Professor, Department of Biotechnology, were the activity coordinators of the contest. Ms. Megha

Chaturwedi and Mr. Khusal Benarjee were the members of organizing committee. At the end of the enriching event, vote of thanks was extended by Dr. Sushma Dubey , HOD, Department of Biotechnology.

Acknowledgement

The Department of Biotechnology under the aegis of Faculty of Science, Kalinga University, Naya Raipur wishes to express sincere gratitude to **Respected Chairman Sir, Chancellor Sir, Vice Chancellor Sir, Registrar Sir, DSW Madam, Dean**

Faculty of Science, Dean Academic Affairs, Head, HR Department , **Head of the Department** for providing such a great opportunity for Biotechnology students.

Club Activity Quiz Competition
Organized by- Mechanical Engineering Department
On 27-02-2023

Title- "Quiz Competition**"**
Date: 27-02-2023
Time of event: 11.00AM To 12:30 PM
Event Type: offline
Venue: MBSF -02, KU

Objective of Program:

The Quiz competition is organized by Royal Mechanical club for awareness of the students to improve Technical knowledge as well as general knowledge about different are as for Career Opportunities after B. Tech/Diploma in public and private sector for Mechanical and Mining Engineering students on 27th February 2023

Profile of Resource person:

All the faculties of Mechanical and Mining Engineering Department along with Head of the Department Kalinga University.

Details of Program:

Royal Mechanical Club faculty members started the session with information and instruction about the quiz competition. We divided the students in three groups and cleared about the rules. There were three rounds of these quizzing competitions & finally one group won the event by scoring 14 masks. There were total 100 questions with negative markings. Our BTME students Mr. Himanshu Das and Mr. Aditya Kumar were anchoring. For this quiz competition students had technical question, general questions, image type and current affairs question. All the basic questions were there and the question area was also going to increase the knowledge of the student. Students were very excited while answering the questions. HOD Mechanical & Mining also talked to students and explained the importance of such type of events. He asked the basic fundamental questions from the three basic core subjects of mechanical engineering like Thermodynamics, Engineering mechanics & Strength of material. These questions were also the part of the competition.

Program Outcome:

Quizzes help students **identify what they know and what they don't know** . The students then have a better idea of how well they are grasping the material, hopefully motivating them to study more and helping them allocate their study time effectively by focusing on the information that still needs more practice.

Quizzes are intended to encourage fun learning methods while also enhancing general knowledge. Students can "think outside the box" or from diverse perspectives by participating in quiz tournaments

"Grand Film Festival and Award Night" Organized by
"Faculty of BJMC" On 13/03/2023

Title- "Grand Film Festival and Award Night"
Date: 13/03/2023
Time of event: 10:00 am to 11:30 am
Event Type : Offline
Venue: Auditorium
Event Poster:

Details of Program:

Raipur. Kalinga University is going to organize a grand Film festival and Award night for the upcoming talents of Chhattisgarh. The preparation for the event is on full swing. In this connection an important meeting took place recently with **Dr.SunielParashar**, Senior film producer critic and journalist from New Delhi. Various issues related to film festival were discussed during the meeting.Some of the films with which he has been associated are:- Sirf Tum, IshqQayamat, Deewanapan, Koi Mere Dil Se Puchhe, Bus Itna Sa Khwab Hai, Ajnabee, Tum Bin, Raj, Ab HogaDharna Unlimited etc.

Dr. Jasmin Joshi, Faculty of Commerce and Management welcomed the guest with potted plant. **Dr Sandeep Gandhi,** Registrar, Kalinga University gave welcome speech. Detailed discussion on organizing the Kalinga University film festival was done in presence of the guest and the faculty members. Department of Journalism and Mass Communication and Film making organized the event in which Assistant Profe ssors of Journalism Department, **Mr. Sheikh Abdul Kadir, MsTuhinaChoubey, MsGeetikaBramhabhatt** and **Mohammed Yunus Rizvi** were present.

A memento was presented to the guest at the end of the meeting by Dr Sandeep GandhiRegistrar. The grand event is proposed for the month of August 2023. It is for the first time that Kalinga University isgoing to organize such an event for the students of Film Making. Many big and renowned personalities from Bollywood and film industries will be part of the film festival.

It is worth mentioning that Kalinga University is a reputed educational institution of Central India. For providing innovation and quality education, the University has been granted B+ recognition by the National Assessment and Accreditation Council (NAAC). It is the only private university in Chhattisgarh, included in the NIRF Ranking 2022 of Excellent 101-150 Universities. Here the students are trained through high quality multidisciplinary research focused education and skill development programs to teach innovation in the students as per the global

benchmarks. So that with the development of leadership power in them, the spirit of becoming a responsible citizen can be developed.

Details of Program:

A one-day National climate change conference on "Suggestions and recommendations forfostering adaptation and resilience" was organized by Department of Zoology, KalingaUniversity which was sponsored by NABARD Chhattisgarh and co-sponsored byMicrobiologists Society, India on 17th March 2023. The conference was inaugurated by Dr.Gyanendra Mani, Chief General Manager of NABARD Chhattisgarh (chief guest of theevent) followed by lamp lightening and Sarswati Vandana. Dr. Mani highlighted the effect ofclimate change on environment and agriculture sector. He also shared on the role ofNABARD for adaptation and mitigating strategies for sustainable development in hisinaugu ral speech. Mr. Sanjay Gajghate, Joint Director, Directorate of Industries, Govt. ofC.G. emphasized on making climate friendly industry policy. Mr. Kapil Dev Deepak, JointDirector Agriculture & Joint CEO, State Watershed Management Chhattisgarh discuss ed onthe effect

of climate change on agriculture and biodiversity. He urged to create awarenessamong people for organic farming and maintaining balance for a healthy environment. Dr. R.Shridhar, Vice -Chancellor of Kalinga University requested all to take responsible steps toreduce the impact of climate change. Dr. Sandeep Gandhi, Registrar of Kalinga Universitysaid that the carbon foot print only can be reduced through the intervention with cumulativeeffort of government agencies, private partners and citiz ens.The keynote speaker of the event, Dr. S. K. Tyagi, Former Additional director, CentralPollution Control Board (CPCB) India, explained how our behaviour and life style couldreduce the changes in the climate. He also highlighted the importance of recycli ng the e-waste, single use plastic and also shared his views on current policies regarding climatechange. An Invited talk was given by Dr. Rajni Kant Sharma from Central Ground WaterBoard Raipur describing effect of climate change on ground water levels. Ms. Ambika Joshifrom CIPET Raipur described about the application of plastics and its different ways toreduce and recycling. This was followed by a panel discussion on Adaptation, Mitigation andResilience strategies for mitigating climate change. The sessio n was moderated by Dr. IshwarKumar of Directorate of Industries, Raipur. Before lunch oral presentations of academiciansand research scholars was delivered on different aspects of climate change.In the afternoon session Mr. Surajdev Kumar Kushwa, a GIS expert of State WatershedManagement Chhattisgarh discussed about the application of GIS technology inunderstanding the dynamic changes occurring water levels. Another oral presentation sessionof research scholars and master students of different stream and st ates was conductedfollowed by a poster presentation session. Dr. Anil Prakash from Barkatullah University,

Bhopal discussed about effect of climate change on tropical diseases. A total 134 participantsfrom various parts of the nation had registered for thi s conference. Finally vote of Thankswas given by Dr. Manoj Singh HOD Dept. of Zoology. Dr. Sushma Dubey, Officiating Deanof Life sciences was also present during the event and motivated students. The program wasconducted by Dr. Ajay Harit (Convenor) and Dr . Sohini Bhattacharya (Organizing Secretary)Dept. of Zoology. Other teaching and non-teaching members of Faculty of life science played

a very important role in smooth conduction of the event.

Overall, there were 138 registrations which included students a nd faculty from various states

(Chhattisgarh, Punjab, Andhra Pradesh and Madhya Pradesh). Participants were from various

streams like Zoology, Botany, Microbiology, Pharmacy and Biotechnology. Students of

different levels (U.G., P.G., and Research scholars) attended/presented in the conference.

Program Outcome:

1. Participants could understand the policies /measures undertaken for mitigation of climate change.
2. Participants were able to interact with officials from different important government bodies.

2.	Poster Exhibition	3-00-4.00 pm (20th March 2023)

Details of Program:

Kalinga University, Raipur is a well-known Educational Institute in Central India that focuses on quality education and research. The University not only believes in educational development of the students but also development in other extracurricular activities which facilitate the students to enhance and develop practical skills, techniques, or ideas which they can use in their work or their daily lives. To take this endeavour ahead, the Faculty of Life Science, Department of Biotechnology, Kalinga University organized "Science Model and Poster Exhibition" on 20th March 2023.

The students from both Masters as well as Bachelors programmes actively participated in the event. The event had two major activities, working science model and poster exhibition. A total of 5 groups showcased their innovative ideas through working models and 4 groups participated in the poster exhibition.

Throughout the event, Dr. Sushma Dubey, HOD, Department of Biotechnology presided over as a judge. She actively engaged the students in a discussion about their models and posters and provided valuable insights to the students about the potential practical applicability of their projects as well as identified the gaps and suggested insightful modifications to make the projects more efficient.

Mr. Kushal Banerjee, Assistant professor, Department of Biotechnology and Ms. Megha Chaturvedi, Assistant professor, Department of Biotechnology were the activity coordinators and convenors of the event. Dr. Suchitra Ku. Panigrahi, Assistant Professor, Department of Biotechnology and Dr. Abhijeeta Nandha, Assistant Professor, Department of Biotechnology were part of the organizing committee.

At the end of the enriching event, Group III was awarded the first prize for an innovative model, Group Group I won the second prize, Group IV bagged the third prize, while Group II won the first prize in the poster exhibition for their thought-provoking poster, Group I and Group IV won the second prize, and Group III secured the third prize. The event culminated with an exciting speech by Dr. Sushma Dubey, HOD, Department of Biotechnology which inspired everyone present for the event.

Program Outcome:

1. Participants were able to express and present innovative ideas in front of their peers.
2. Participants were able to understand the innovative work currently being performed in the field of Biotechnology and the potential future uses.

WORKSHOP ON POWER POINT PRESENTATION
Organized by "Electrical Engineering" On DATE: 22-03-2023

Title- "Workshop on Power Point Presentation"
Date: 22-03-23
Time of event: 10:30 AM to 12:30 PM
Event Type: Offline
Venue: MBFF-03(COMPUTER LAB)
IOM/Circular:

Event Poster:

Invitation to the resource person:

Dear Sir/Ma'am,

Greetings from Department of Electrical Engineering.

We are happy to inform you that Department of Electrical Engineering is Organizing a Workshop on "POWER POINT PRESENTATION" for Electrical Studentson22 nd March 2023.

Event Date and Time:
Date: 22-03-2023
Time:10:30 AM Onwards
Venue:-MBGF-15andElectricalWorkshop

Resource Person:
Mrs. Anu G. Pillai
AssistantProfessor
DepartmentofElectricalEngineeringKalingaUniversity, NayaRaipur

Event Co-ordinator
Mr. Ravi Prakash MahobiaAssistantProfessor
DepartmentofElectricalEngineeringKalingaUniversity, NayaRaipur

In-house Speaker:-Mrs. Anu G. Pillai, Assistant Professor, Electrical Department
Objective of Program:

1. To understand the basics of presentation.
2. To clarify the points considered while preparing a presentation.
3. To make students understand how to deliver an effective project defense.
4. To understand the various mistakes made while preparing PPT.

Profile of Resource person(if applicable):

ResourcePerson1:

Name: Mrs. Anu G.Pillai
Designation: Assistant
Professor
Organization: Department of electrical engineering, Kalinga University, New Raipur(CG)

Details of Program:

Department of Electrical Engineering, Kalinga University, New Raipur. (CG) had conducted offline one day workshop on "Power Point Presentation"atMBFF -03forthestudents of all Electrical Engineering Department. The resource person was Mrs. Anu G. Pillai , Asst. Professor Department of Electrical Engineering, Kalinga University, Raipur (CG). The session was attended by 26 students along with all teaching staf f.

The workshop was scheduled to start at 10:30 AM and concluded at 12:30 PM. Dr. C.P.Jawahar, Dean Technology began the session with brief introduction about the workshop. Dean Technology also interacted with the students and guided them to attend such type workshop to learn something new to improve their knowledge and skill. Mr. Shailesh Deshmukh ,HoD (Electrical) along with the staff attended the program. Resource person Mrs. Anu G. Pillai, have started the session and discussed following topics during e ntire presentation.

1. Common mistakes one while preparing a presentation.
2. Different aspects to be focused while preparing an effective presentation.
3. Different tools used for high impact presentation
4. The Do's and Don'ts in presentation

CONCLUSION: - The session was very interactive and beneficial for the students. The students prepared a PPT by themselves on the topic provided then and there after completion of the workshop.

Program Outcome:

1. Participants learned to prepare effective presentation.
2. Participants learned about common mistakes made during preparing PPT.
3. Participants learned to use various tools present in PPT
4. Participants were able to understand the steps of thesis writing for the project.

Event Poster:

Objective of Program:

1. To motivate & encourage the student towards Rap (Music)
2. To bring awareness about the running culture of music

Program Schedule:

31st March 2023 @ 02:00 PM to 04:00 PM

Details of Program:

Students of Kalinga University enjoyed The Rap Battle competition organized by Kalinga University in association with Nonstop Music Festival team on Friday at Horse Garden of University premises. One student won the Ticket to Fan Pit and will get a chance to meet Paradox. The event is scheduled on 9 Ap ril 2023 at Anandam world city.

It was mesmerizing and breath taking event for the talented students of Kalinga University to take part in the grand event organized in Kalinga University campus. Students and faculties from the entire department assembled at the Horse garden the enjoyed the live Rap Battle. International Student Abdul also took part in the rap battle along with two girl students.

Namrata Dhariwal anchored the show, Prithvish Bakshi, Priyanshu Hirwani, Ankit Das, Rishabh Bharat, Prakhr ash were in the crew. Winner of the lucky Ticket to fan pit was Priyanshu of Kalinga University. Some lucky passes were also distributed to the students on answering questions asked during the event. Students grooved on the tunes of rap and enjoyed the memorable event.

Dean Students Welfare Dr Asha Ambhaikar, Dr. Jasmin Joshi, Mr. Sheikh Abdul Kadir and other faculties were present during the show.

Program Outcome:

1. Participants have gained knowledge about Rap (music) and it is relaxing for their health.
2. Participants got the opportunities to compete and showcase their talent in the bigger platform

Number of Students participated: 08

Details of Program & Program Outcome:

Two Days National Workshop on "Library Automation on KOHA(ILMS)" Organized by Department of Library and Information Science, Kalinga University Raipur, in Collaboration with Samadhan College Bemetara on 3rd & 4th April 2023.

The Inaugural programme was graced by Dr.R.Shridhar, Hon'ble Vice-Chancellor, Dr.Sandeep Gandhi Registrar, Dr.Rahul Mishra Dean Academic Affairs, Dr.Uday Kumar Dean CS&IT and Dr.Jashmine Joshi Dean Student Welfare, Dr.S.K.Sahoo Professor & Head Dept of Library and Information Science of Kalinga University Raipur with other dignitaries of Samadhan College Bemetara Dr.Alka Tiwari Chairman, Dr.Abhishek Tiwari Director, Dr.Awadhesh Patel Secretary and Resource Person Dr.Pravin Sharma, Dr.Abhishek Kumar and Dr.D.P.Tripathi with 62 participants.

The inaugural function commenced with the felicitation of the dignitaries followed by an introductory speech on the workshop by Dr.S.K.Sahoo, Convenor of the workshop on Library Automation on Koha (ILMS) and in his introductory speech he emphasized on how the application of ICT in libraries has changed the whole concept of the library system from the traditional library to digital library. Hence, it has become mandatory for all libraries to automate all their operations to meet the growing demand of the users. Keeping this in mind the workshop is aimed to strengthen all library professional technically so as to meet the new challenges. Further this workshop will also look at strengthening libraries through capacity building in areas of library automation and digital collection management.

The Resource Persons Dr.Pravin Sharma, Dr.Abhishek Kumar and Dr.D P Tripathi, while delivering their Inaugural address delivered some well pointed thoughts on the importance of the library automation. They are also pointed out how libraries are no longer restrict themselves to print media services such as collection development, but have extended their efforts to interdisciplinary concepts like RFID, Cloud Computing, and other technologies. Numerous creative and useful services have evolved within libraries in the digital age, while expressing their happiness and pride over the role played by the Central Library of Kalinga University Raipur in imparting to the library users.

The distribution of certificates to all the participants by Hon'ble Vice-Chancellor followed by a vote of thanks by Dr.S.K.Sahoo Convener of the National Workshop.

Number of Students participated: 62

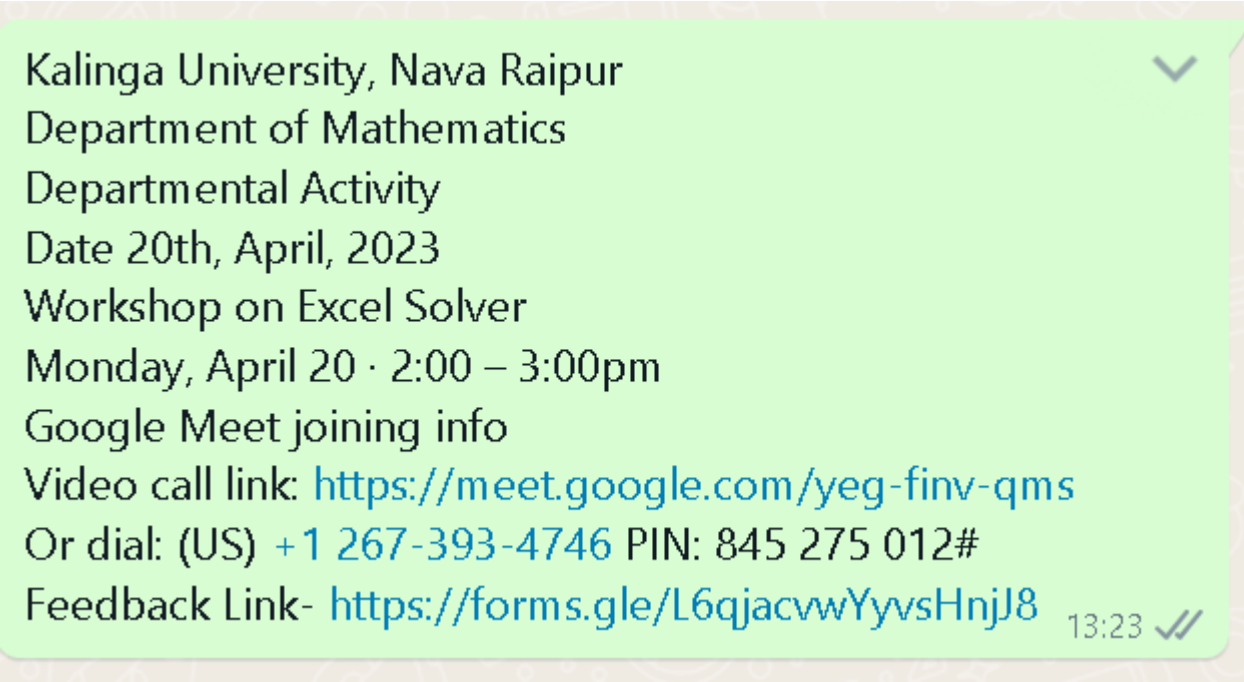
Workshop on Excel Solver
Organized by Department of Mathematics On 20-04-2023

Title- "Workshop on Excel Solver"
Date: 20-04-2023
Time of event: 2:00 to 3:00 pm
Event Type: Hybrid
Venue: NBFF2, Kalinga University, Nava Raipur.
IOM/Circular:



Invitation to the resource person: (If applicable): NA

Objective of Program:

4. To develop the basic knowledge of Excel Solver.
5. To explore the Optimization problem solving techniques using Excel Solver.

Resource Person:

Name: **Dr. G. V.V. J Rao**

Designation: H. O.D. (Department of Mathematics)

Organization: Kalinga University, Nava Raipur.

Program Schedule: Program was scheduled on 20/04/2023

Details of Program:

Departmental activity-Mathematics workshop "**Workshop on Excel Solver**" was held on 20-04-2023 through the hybrid mode, from 2:00 to 3:00 pm. The resource person was "Dr. G.V.V. J. Rao" HoD, department of mathematics, Kalinga University explained the Excel solver by taking a problem from linear programming problem (LPP) like, Simplex method. MSc. 2nd Mathematics as well as BSc PCM students were participated, Also the faculty members of Mathematics Department participated actively in the workshop. In a short time, students solve the optimization problem with two decision variables, and they enjoyed very much. At the e nd of the event Mr. Nigama Prasan Sahoo, Assistant Prof. Department of Mathematics has delivered the vote of thanks.

Students were delighted and wished to learn a lots in Excel solver. During the workshop Faculty members, Dr. Tejashwini Pradhan, Dr. Renuka Sahu and Mr. Nigama Prasan Sahoo, Mr. Satpal Panika were present.

Program Outcome:

5. Participants have learnt the basic of LPP and their representations in excel solver.
6. Participants got the fundamental knowledge of Excel solver.

Number of Students participated: offline -10, Online -Nil

Number of faculty participated: 04

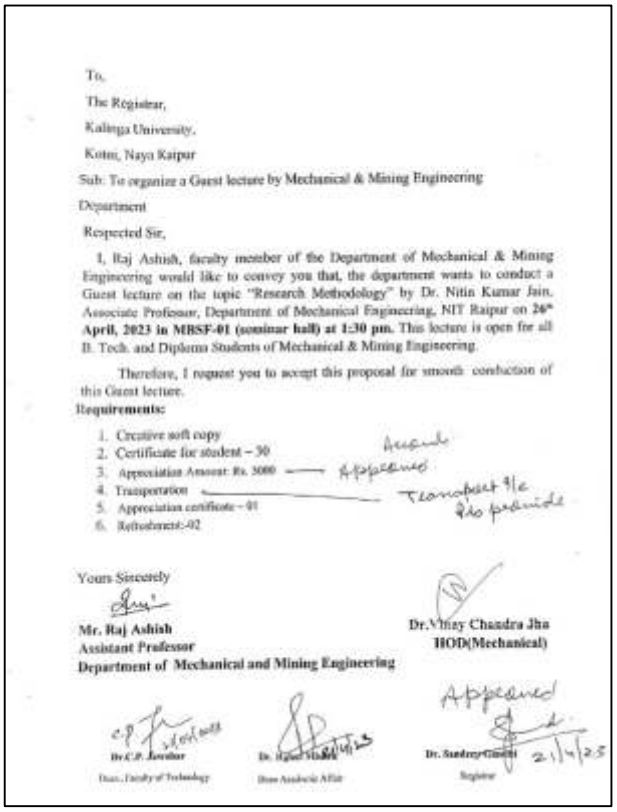
Guest Lecture Research Methodology
Organized by Mechanical Engineering Department
On 26.04.2023

Title- "Research Methodology**"**
Date: 26.04.2023
Time of event: 1:30 PM
Event Type : offline
Venue: Seminar Hall
IOM/Circular:



To,
The Registrar,
Kalinga University,
Kotni, Naya Raipur

Sub: To organize a Guest lecture by Mechanical & Mining Engineering Department

Respected Sir,

I, Raj Ashish, faculty member of the Department of Mechanical & Mining Engineering would like to convey you that, the department wants to conduct a Guest lecture on the topic "Research Methodology" by Dr. Nitin Kumar Jain, Associate Professor, Department of Mechanical Engineering, NIT Raipur on 26th April, 2023 in MBSF-01 (seminar hall) at 1:30 pm. This lecture is open for all B. Tech. and Diploma Students of Mechanical & Mining Engineering.

Therefore, I request you to accept this proposal for smooth conduction of this Guest lecture.

Requirements:

1. Creative soft copy
2. Certificate for student – 50
3. Appreciation Amount: Rs. 5000 — Approved
4. Transportation — Transport A/c & No provide
5. Appreciation certificate – 01
6. Refreshment:-02

Yours Sincerely

Mr. Raj Ashish
Assistant Professor
Department of Mechanical and Mining Engineering

Dr. Vinay Chandra Jha
HOD(Mechanical)

Approved

Dr. C.P. Jawhar
Dean, Faculty of Technology

Dr. Sudeep Gandhi
Registrar

21/4/23

Objective of Program:

A research methodology gives research legitimacy and provides scientifically sound findings. It also provides a detailed plan that helps to keep researchers on track, making the process smooth, effective and manageable. Theory testing. Explanatory: e.g., testing and understanding causal relations. Predictive: e.g., predicting what might happen in various scenarios.

Profile of Resource person:

Resource Person 1:

Name: Dr. Nitin Kumar Jain

Designation: Associate Professor & Dean Students Welfare

Organization: N.I.T Raipur

Details of Program:

Guest lecture started by Dr. V. C. Jha Head of the department of Mechanical and Minin g Engineering. He welcomed the speaker and introduced about the faculty members of the Mechanical and Mining Engineering Department and all the students. The Resource person explained each and every steps of Research Methodology.

The Resource person made focus on quality education and explained the various aspects to build up research work. He stressed on the following points.

Basic fundamental concept of students should be clear. Only then they can achieve success and qualify competitive examinations.

Success of students enhance quality of University.

Quality of faculty is essential for the success of students and University.

He made stress on that the senior qualified faculty should be given lecture in the first year class to build up the basic fundamental concept required for engineering.

He explained about the steps of research methodology and pointed out about the tools for the success of students in research work.

He also invited our students in NIT Raipur to make use of research work facility. Two stud ents of our B. Tech. Mechanical sixth semester were appreciated by him for their performance in the lecture and he told that they are better than some students of NIT Raipur.

Program Outcome:

Demonstrate the ability to choose methods appropriate to research aims and objectives.

Understand the limitations of particular research methods.

Develop skills in qualitative and quantitative data analysis and presentation.

Develop advanced critical thinking skills.

Demonstrate enhanced writing skills.

Number of students participated: 27

Number of faculty participated: 08

Details of Program:

Kalinga University's IQAC, in collaboration with Guru Nanak First Grade College, organized a two-day workshop promoting the third criterion of NAAC as this has got high weightage in the accreditation process. The university received sponsorship from NAAC itself for conducting this event. Participants from institutes and organizations across the country attended the event. There were participants from Telangana, Karnataka, Madhya Pradesh, Sikkim, Maharashtra, Nagaland, New Delhi etc. other than Chhattisgarh attended the program in online and offline mode. The program was mastered by Mr. Anup kr. Jana, IQAC Coordinator. The workshop began with a Lamp Lightening ceremony and speeches from esteemed guests, including the university's Hon'ble Vice Chancellor, Registrar, Directors, Deans, HoDs. The workshop aimed to emphasize the importance of IQAC in enhancing the quality of higher education and promoting research, innovation, and extension activities.

Session 1: Mr. Puneet Mishra, Head of Satellite Antenna Characterization at U R RAO SATELLITE CENTRE, led the first session of the workshop on "Quality movement in Indian Higher Education Criteria-3". He discussed quality assurance, process control, and material selection criteria, as well as non-conformance management and productivity improvements through PFMEA. Mr. Mishra emphasized the importance of material selection, process qualification, and a strong Non-Conformance Management System to improve process and productivity. He explained the concept of PFMEA and its application in identifying and mitigating risks.

Session 2: Dr. R. Shridhar, Vice Chancellor of Kalinga University, led the second session of the workshop on "Quality movement in Indian Higher Education Criteria-3". He highlighted the importance of competition among educational institutions to prioritize quality, customer satisfaction, and maintaining standards. Dr. Shridhar emphasized accountability, improving employee morale, attracting stakeholders, and bringing quality through NAAC's evaluation and communication. His session provided valuable insights on practical implementation of

quality management practices in higher education. After the session, Mrs. Asha Ambhaikar presented a memento to Dr. Shridhar as a token of appreciation for his valuable insights.

Session 3: Mr. Agranshu Dwivedi, Incubation Manager Start-up Mentor-MSME Madhya Pradesh & E-CELL IIT BOMBAY, spoke on "The Role of Research, Innovation, and Incubation Centers in Academic Institutions" at the workshop's third session. He emphasized the importance of innovation and research, and the role incubation centers play in commercializing ideas. Mr. Dwivedi also discussed successful start-ups like Flipkart, Paytm, and Druva, highlighting the significance of promoting entrepreneurship. He concluded by stating that research, innovation, and incubation centers in academic institutions nurture creativity, provide resources for faster collaborations, and play a critical role in turning ideas into reality.

Session 4: Dr. Vijayalaxmi Biradar, Director IQAC at Kalinga University, led the fourth session on research funding opportunities, focusing on the importance of research, problem identification, and ways to improve connections between students and faculty. She also discussed industry-oriented research, time management, and self- motivation. The session encouraged hackathons for problem identification and emphasized the need to focus on one particular sustainable development goal (SDG) out of the 17 SDGs.

Session 5: In his session on "Disruption in Higher Education Global and Indian Research," Professor Kartik Dave emphasized the importance of quality in higher education, including its dimensions and continuous improvement. He discussed quality issues in learning and teaching, student engagement, and employability skills. Finally, he highlighted the Higher Education Quality Assurance Management framework and the core value of contributing to national development.

Session 6: During the session on "National Education Policy 2020 (NEP 2020) Issues & Challenges," Nitin Malik discussed the need for creativity, quality, and innovation in education and highlighted the five major pillars of NEP 2020, including access, equity, affordability, quality of education, and accountability. He also discussed the vision of NEP 2020, its focus on school education, higher education, and other key areas, and its relationship to employability. Mr. Malik acknowledged several challenges in implementing NEP 2020, such as funding, quality of education, language policy, technology in education, and accreditation and regulation. During the session, Dr. Vijayalaxmi Biradar presented Mr. Malik with a memento.

Session 7: During Mr. Bikash Sharma's session on "Internationalization of Education and the role of Quality Assurance," he highlighted the importance of higher education and its tendency to be overseas, along with the positive aspects of internationalization. He discussed the background of quality assurance and defined quality in education as a comprehensive concept that involves excellence, education processes, management, and accountability. Mr. Sharma also emphasized the connection between quality assurance and internationalization in higher education.

Session 8: Mr. Balakrishna Islavath, Deputy Director/Scientist and Executive Member of the Center for IOT at Anna University, led the 7th session of the workshop. He covered a range of topics, including cell tower radiation hazards and solutions, conformal antenna systems for defense applications, the five pillars of self - reliant India ("Atmanirbhar Bharat"), thought-controlled computing systems, 6G trials and spectrum allocations, IOT application scenarios in shopping, and smart parking. His session provided valuable insights into emerging technologies and their applications, particularly in the areas of defense, communications, and smart city development.

The valedictory session was concluded with the remarks by Director IQAC of Kalinga University followed by experience sharing by participants. At the end, certificates were distributed to the participants.

Program Outcome:

1. Knowledge Enhancement: Participants could gain insights into the latest developments, methodologies, and best practices in quality assessment and improvement.
2. Skill Development: Participants learnt about effective assessment techniques, data analysis methods, quality enhancement strategies, and the preparation of self-study reports.
3. Research funding: Participants could understand why they fail in fetching research funding and how to overcome those issues.
4. Exchange of Ideas and Experiences: This workshop facilitated networking and collaboration among participants from different educational institutions. This enabled the exchange of ideas, experiences, and best practices, fostering a culture of continuous improvement in higher education.
5. Clarity on NAAC Processes and Criteria: Participants could gain a clearer understanding of the expectations and requirements for achieving higher accreditation grades.
6. Awareness and Alignment: This workshops helped participants become more aware of the importance of quality assurance and accreditation in higher education.

Savitri Tudu a students of Kalinga University shines at "Global Tribal Queen Contest 2022"

on 13th, 14th & 15th October 2022

Savitri Tudu a student of Kalinga University was adjudged third runner-up during Global Tribal Queen Contest 2022 organised by Adi Tribal Foundation in Association with Kalinga University recently. Winner of the contest was Pooja Lakra of Jharkhand. She belongs to Oraon tribe. First Runner up was Sasmita Nag Bonda tribe from Odisha. Second Runner up was Roopa Sapera of Kalbeliya tribe from Rajasthan and third Runner up was Savitri Tudu from Santali tribe of Jharkhand.

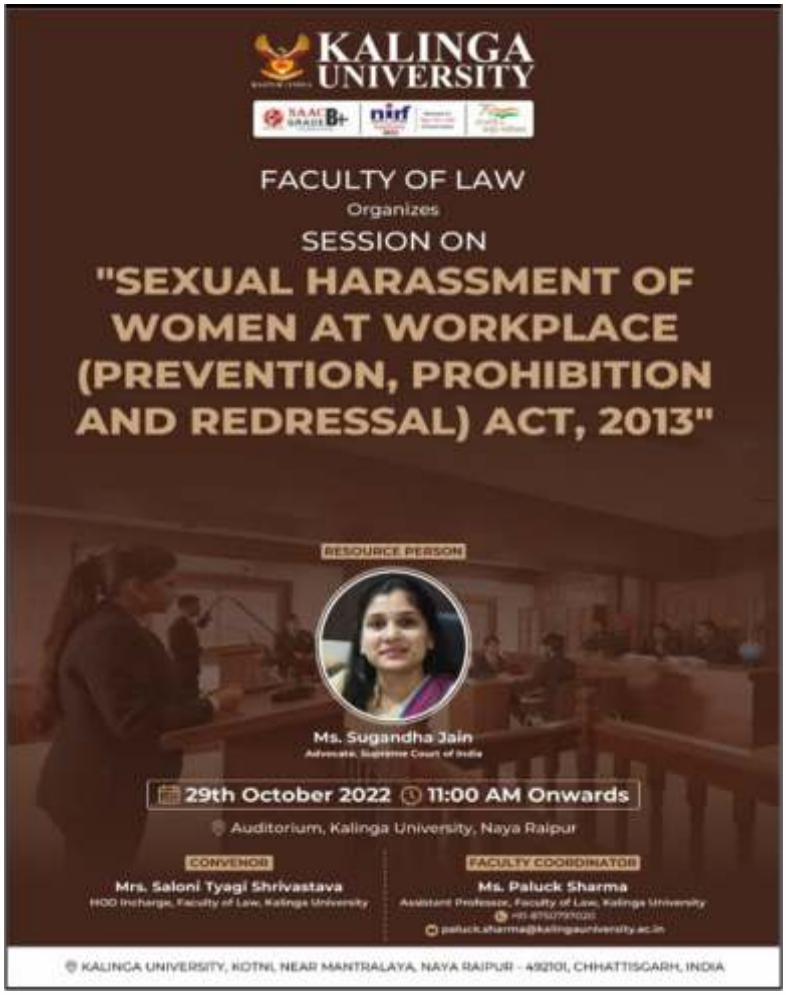
Governor of State Ms Anusuiya Uikey inaugurated the programme at Pt. Deendayal Upadhyay Auditorium located at Science College premises. She appreciated the efforts of Adi Tribal foundation and Kalinga University for organizing the event to showcase the talents of Tribal students at National level. International and National tribal students of Kalinga University were centre of attraction during the inaugural ceremony. Tribal students were garlanded by Governor Ms Uikey and were blessed for their better future.

Core team members from organizing committee present during the event were Dr Chidatmika Katua, Mr Dillip Mohanty, Dr Rajnikant Mishra, Dr Shrabani Pattnaik, Major Dr Kalpana Das, Mrs Zaheeda Ahmed, Mrs Punam Pathak, Mrs Subhasree Bhanja, Mrs Nisha Soni Satapathy, Mrs Bandana Patro, Dr Rachana Singh, Mrs Subhadra Pradhan, Ms Dibya Roshni Das, Ms Priyanka Prajapati, Ms Prakash Parida, Ms Susmita Nayak and Ms Laxmi Nayak.

“Sexual Harassment of women at workplace (prevention, prohibition and redressal) act, 2013” organized by “Department of law” on 29-10-2022

Details of Program:

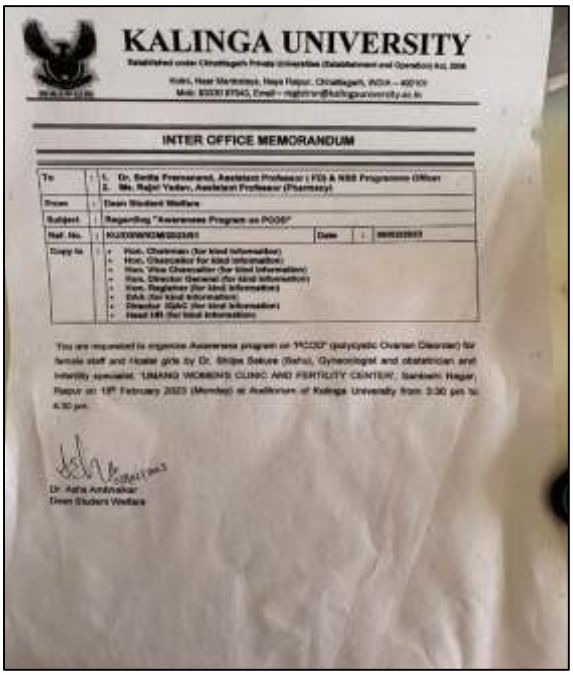
The Event started at 11:00 AM by Mr. Siddharth Shekhar, Faculty of Law. The event was mainly focused to bring awareness regarding the sexual harassment at workplace for both men and women especially at Educational Institutions. Through this Session, the participants came to know that sexual harassment at the workplace is any unwelcome sexually defined behavior which has the purpose or effect of unreasonably interfering with the individual’s work performance or creating an intimidating, hostile, abusive or offensive working environment.



"Awareness Program on PCOD"
Organized by-NSS Unit & Faculty of Pharmacy
On 15-02-2023

Title- "Awareness Program on PCOD**"**
Date: 15-02-2023
Time of event: 03:30 PM
Event Type: Offline
Venue: Main building, second floor, seminar hall
IOM/Circular:

Event Poster:



Invitation to the resource person: (If applicable) NA

Objective of Program:

1. To aware females about the prevalence of PCOD.
2. To educate about the lifestyle modification to prevent PCOD.
3. To diagnose and take proper medication if PCOD found.

Profile of Resource person (if applicable):
Resource Person 1:
Name: Dr. Shilpa Sakure (Sahu)
Designation: Obstetrician and Gynaecologist, infertility specialist
Organization: UMANG WOMEN's CLINIC and FERTILITY CENTRE, SANTOSHI NAGAR, RAIPUR.
Program Schedule:
Arrival of guests: 3:25 PM
Welcome of Guests: 3:30 PM
Welcome speech: 3:30 PM - 3:35 PM
Lecture deliberation: 3:35 PM - 4:20 PM
Memento presentation: 4:25 PM
Vote of thanks: 4:25 PM - 4:30 PM
Details of Program:

The program on awareness on PCOD started at 3:30 PM and the resource person was Dr. Shilpa Sakure (Sahu). In her session mam explained Ovaries are the reproductive organs of a female which control the menstrual cycle and the production of hormones like estrogen, prog esterone, inhibin, relaxin etc. The accumulation of the eggs swells the ovary and makes it release large quantities of male hormone thus causing infertility. The preliminary signs and symptoms of PCOD usually develop during the first cycle of menstruation at puberty. PCOD may also develop later due to increased weight over the years. There are various symptoms of PCOD. Some of the common signs are increased androgen levels. Excess male sex hormones may result in various physical manifestations, such as excess facial and body hair and male-pattern baldness, Irregular periods. You may observe irregular periods or delayed menstrual cycle due to the abnormality in maturation of the egg. Difficulty in getting pregnant due to irregular and delayed or failed ovulation. The hormone imbalance in the body prevent the follicles from maturing and releasing the egg, causing delayed or failed ovulation. This heavily affects the menstrual cycle and thereby your periods. Many women are diagnosed with PCOD when they visit the doctor regarding their unsuccessful attempts at getting pregnant. Hair loss or excessive thinning of hair. This symptom, too, is due to the increased production of male hormones in the body. Acne on the skin, Weight gain. Mam also made the

awareness about symptoms and diagnosis of PCOD. How lifestyle modification can help in the prevention of this problems.

Program Outcome:

9. Participants could learn about the etiology of PCOD.
10. Participants were able to get aware about the symptoms, lifestyle modification required for PCOD.

State Level Workshop on "Creating Awareness about State Women Commission, Cyber Crime, Human Trafficking and Sexual Victimization of Women at Works Place"

Organized by Chhattisgarh State Women Commission On 12-03-2023

Title- "State Level Workshop on Creating Awareness about State Women Commission, Cyber Crime, Human Trafficking and Sexual Victimization of Women at Works Place**"**

Date: 12.03.2023

Time of event: 10.00 AM to 5 PM

Event Type : Online

Venue: Pandit Deen Dayal Upadhyay Auditorium, Near NIT, Raipur (C.G.)

The objective of the Workshop:

17. To impart knowledge regarding the Chhattisgarh State Women Commission.
18. To provide knowledge regarding the utility of forensic science in solving crimes against women.
19. To impart knowledge related to the procedures involved in reporting and filing FIR.

Program Schedule: Program was scheduled at the Pandit Deen Dayal Upadhyay Auditorium, Near NIT, Raipur (C.G.)

Details of Program:

Department of Forensic Science under the faculty of applied sciencesattended a "State Level Workshop onCreating Awareness about state women commission, Cyber Crime, Human Traf ficking and Sexual Victimization of Women at Works Place" in the presence of the honorable Chief Minister of Chhattisgarh State - Mr. Bhupesh Baghel, Dr, Kiranmayee Nayak, Chairperson, Chhattisgarh State Women Commission, Mr. Vikas Upadhyay, Member of Legislative Assembly, Raipur West, Vidhan Sabha, CG State, Mr. Aijaz Dhebar, Mayor Of Municipal Corporation, Raipur, Mr. Sanjeev Shukla, IG, Director, Anti -Human Trafficking, Chhattisgarh. Various female officers of the Chhattisgarh government and police person nel were also present at the event. The students of forensic science from Kalinga University, Raipur, C.G. were present to demonstrate the crime scene processing during dowry deaths, the development of latent fingerprints, and secret writings. Thehonorabl e Chief Minister- Mr. Bhupesh Baghel appreciates the demonstrations given by students of forensic science. The workshop was inaugurated with the speech of the honorable Chief Minister - Mr. Bhupesh Baghel. After this, a brief lecture was delivered by Mr. Sanjeev Shukla, IG, Director, Anti-Human Trafficking, Chhattisgarh. In his

lecture, he provided us with information regarding how the anti -human trafficking of Chhattisgarh state works. How the cases are reported? How they are taking action instantly after receiving the call. How we as a citizen can help?

The next training session was taken by Dr. Sunanda Dhenge, President, Forensic Science Education Society (FSES), Raipur (C.G.). She explains the importance of a scientific approach in crime scene investiga tions, the importance of evidence in solving crimes, and how we should process the crime scene with precautions and care. The third training session was delivered by Miss Shamim Ahmed, Advocate and receiver of Barrister Chhedi

lal state award. She explained the rights of women and the laws available at the workplace for them. She talked about the merits of the Sexual Harassment of Women at Workplace (Prevention, Prohibition, and Redressal) Act, 2013. The last session was taken by Monali Guha, Cyber Forensi c Expert, Raipur (C.G.). She talked about trends of cyber crimes against women, how they should report at the cyber cell and also discuss the dos and don'ts regarding cyber use.

The workshop come to the end with the valedictory speech of Dr. Kirnamayee Na yak followed by vote of thanks.

Objective of Program:

23. To create awareness on zero tolerance crime against women.
24. To empower & educate women to empower next generation.
25. To unite women from different sec tions of society and bring change in society

Program Schedule:

On 2nd April (Sunday) 2023 at 06:00 AM to 08:30 AM (Marine Drive - Ghadi Chowk - Marine Drive total 3 km walk)

Details of Program:

Enthusiastic students and faculties of Kalinga University took part in the 'Walk a Cause' event organized by District Police Raipur for creating awareness on zero tolerance crime against women on Sunday, 2 April. The event included a walk of 3 kilometers started at 7:30 am from Marine drive up to Ghadi Chowk and bac k. Vision of the event was to 'Empower a woman to empower next generation, educate a women to educate next generation.'

Chairperson of the Women's Commission, Dr. Kiranmayi Nayak was the Chief Guest during the program. The event walk a cause was an initiative taken by district police with an aim to unite women from different sections of society and create awareness on Zero tolerance in crime against women. To applaud the dominance and victory of women in every field of education, service, business, etc. wa lk a cause celebrated the spirit and their social rights to bring change in society. Participants performed Jumba dance on the tune of music with RJ from My FM.

Large numbers of young enthusiasts took part in the walk which started from Marine drive and was flagged off by Dr. Kiranmayi Nayak in presence of Senior Superintendent of Police, Prashant Agrawal and other police officials. Three kilometer walk was performed by the participants starting from Marine drive passed through Nagar Ghadi Chowk and came back to Marine drive for creating awareness on crime against women. Women police personnel, different sports persons, professionals and citizens took part in the event for the good cause.

Under the guidance of Dr. Sandeep Gandhi, Registrar and Mrs. Jasmine Joshi, Dean Students Welfare (DSW) of Kalinga University, students took part in the event. They were accompanied by faculties Dr. Smita Premanand, NSS Program Officer and Head of Department of Fashion Designing, Mr. Sheikh Abdul Kadir, Deputy Dean Students Welfare and Assistant Professor in department of Journalism and Mass Communication, Ms. Preeti Manhar, Indus Girls Hostel warden, Mr. Rajkumar Das, Young Indian coordinator and Assistant Professor in Journalism and Mass Communication department were present.

On behalf of organizers of the event SSP Prashant Agrawal presented a memento for participation to Kalinga University and received by Mrs. Jasmine Joshi and Dr. Smita Premanand.

Program Outcome:

15. Zero tolerance crime against women was created.
16. Women from different societies came together for this cause.
17. Young generation boys & girls were able to witness and understand the significant of this event.

Details of Program: Mrs. Sunita Chansoria delivered an insightful guest lecture on the topic "From Tradition to Modernity: The Changing Role of Women in In dia" at Kalinga University. The lecture was highly interactive as she engaged with students throughout the lecture, taking questions and comments from them, making the lecture more engaging and informative.
During her lecture, Mrs. Chansoria traced the evo lution of women's roles in India from the traditional to the modern era. She highlighted the significant progress made by women in various fields, such as politics, business, and the arts. However, she also highlighted the challenges that women face in mod ern India, such as gender discrimination, violence against women, and access to education and employment opportunities.
Mrs. Chansoria also spoke about Kalinga University and how the university is committed to promoting gender equality and empowering women. She encouraged students to become agents of change and contribute to creating a more equitable society. Overall, the lecture was informative, engaging, and thought -provoking. Mrs. Chansoria's insights and experiences provided valuable insights into the c hanging role of women in India and the challenges and opportunities that lie ahead.

Program Outcome:

1. Improved knowledge and appreciation of the contributions made by women in various fields, such as politics, business, and the arts.
2. Greater understanding of the importance of gender equality and women's empowerment, as well as the role that individuals and institutions can play in promoting these values.

Training session on Rain water harvesting conducted at Palaud Village by Department of Civil Engineering on 6th September 2022 Organized by - Department of Civil Engineering 6-09-2022

Title- "Training session on Rain water harvesting conducted"
Date: 6th September 2022
Time of event: 05:00 PM
Event Type: Offline
Venue: Palaud Village.
IOM/Circular:

Details of Program:
Kalinga University has organized different types of extension activities for the welfare and awareness to the peoples of villages related to health camps, training programmes for the betterment of villagers to raise the development of human as well as village for better tomorrow.
In Faculty of Technology, Department of Civil Engineering Resources Person Dr. N.K. Dhapekar Head- Department of Civil Engineering organized extension activity training on Rain Water Harvesting to the Villagers of Palaud , Naya Raipur Chhattisgarh in 6th September 2022 at 5:00 pm -7:00 pm .
Dr. Dhapekar introduce about the Rainwater harvesting and spoke that Rain water Harvesting is a simple process or technology used to conserve rainwater by collecting, storing, conveying and purifying of rainwater that runs off from rooftops, parks, roads, open grounds, etc. for later use.

The resources person gave training impacts to the villagers whichis mention below:
1. To make aware about the Rain Water Harvesting and description about Water Harvesting.
2. Layout and Importance of Water Harvesting.
3. Demonstration of Model.
4. Detailed structure of Rain Water harvesting.
5. Training to the Villagers.
6. Scope of the Rain Water Harvesting.
7. Installation procedure in House.
8. Discussion on Live problems of Water scarcity.
9. Resources and Study materials distributed to peoples.
10. Drawing and specification for design of rain water harvesting is discussed.

In these training programmes Head of the Village (Sarpanch) - Mr. Govind Ram Sahu Contact No.-9753680153, Members of Gram Sabha along with 70-80 peoples are participated, and different Self Help Groups and Mahila Samiti also take interest to learns the system of water conservation which was very helpful for the villagers to raise water level and reuse the water for different purpose like agriculture cattle feeding, washing and bathing.
At last secretary of village conclude the session and acknowledge the Kalinga University and Resources person for this wonderful training and he requested for more such trainings in future. At last villagers take oath for save water, conserve water and construct harvesting structure.

"Visit on Sewage Treatment Plant, Water Purification Plant & Solid waste Management Plant"
Organized by-Faculty of Pharmacy, On 09-02-2023

Title- "Visit on Sewage Treatment Plant, Water Purification Plant & Solid Waste Management Plant **"**
Date: 09-02-2023
Time of event: 09:30 AM onwards
Event Type: Offline
Venue: Kalinga University

IOM/Circular:

Please attach the IOM or circular related to the event.

Event Poster:

Please attach the poster of the event.

Invitation to the resource person: (If applicable)

Example:

Details of mail communication with the resource person have to be attached. Also attach acceptance mail (if available).

In case of invitation sent physically, the soft copy of invitation card has to be pasted.

Objective of Program:

6. To aware the students above Sewage treatment Plant.
7. To share important of the same.

Profile of Resource person (if applicable):

Resource Person 1:
Name: Ms. Khushboo Gupta
Designation: Assistant Professor
Organization: Faculty of Pharmacy, Kalinga University

Program Schedule:

S.No	Program	Time
1	Sewage Treatment Plant	9.30- 10.00AM
2	Water Purification Plant	10.00-10.30AM
3	Solid Waste Management Plant	10.30-11.00AM

Details of Program:

Faculty of Pharmacy conducted Visit on Sewage Treatment Plant, Water Purification Plant & Solid Waste Management Plant for D.Pharma 1st Year students on 9Feb2023. The resource person and coordinator of the visit was Ms.Khushboo Gupta (Assistant Professor, Faculty of Pharmacy). The objective of the visit was that students should have the awareness of the mentioned plant and its importance. Moreover D.Pharma students have subject name Social Pharmacy according to the syllabus its mandatory that students should have visit on the above mentioned plant name. Students took interest when they got search a exposure apart from there theory subjects.

Program Outcome:

3. Participants were able to understand the importance of the such plant visit.

Number of Students participated: 10

Number of faculty participated: 01

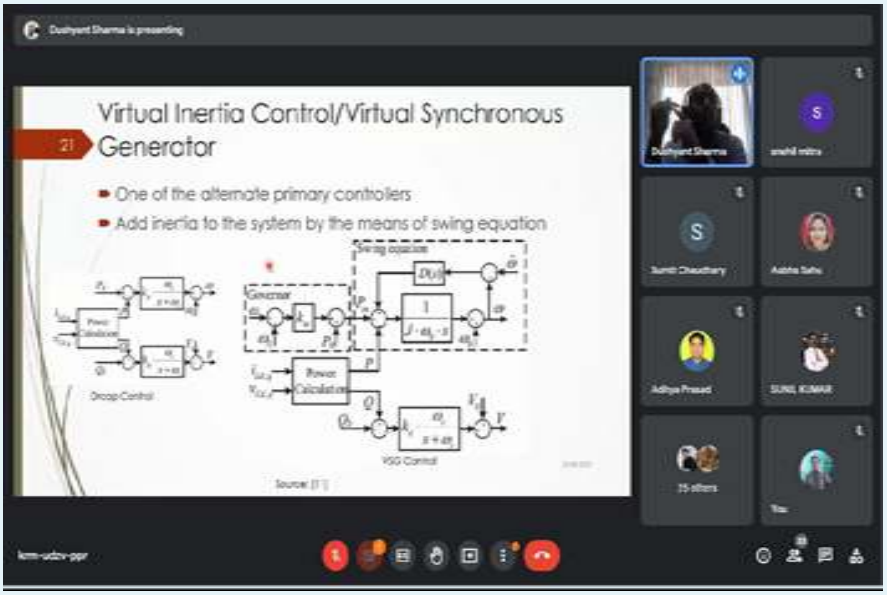
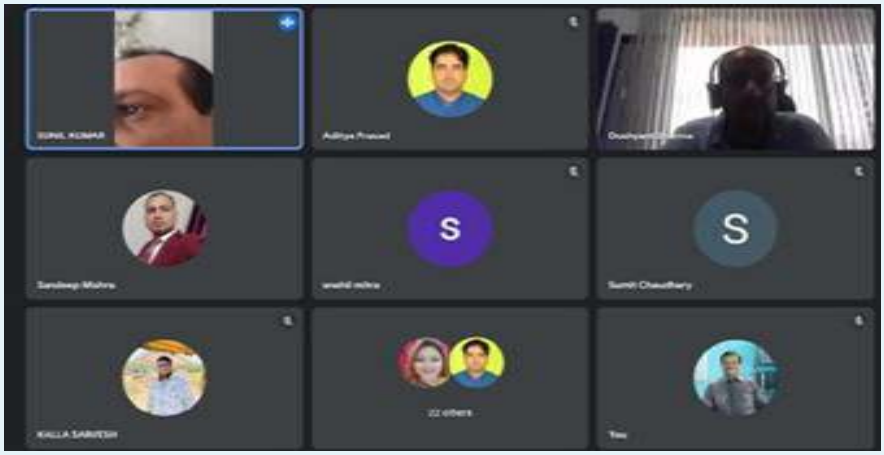
National Webinar on "UNDERSTANDING CONTROL AND OPERATION OF AUTONOMOUS INVERTERS"

by Department of Electrical Engineering on 20th August 2022.

Department of Electrical Engineering, Kalinga University had conducted an online one day webinar on 20.08.2022 on "Understanding control and operation of autonomous inverters". The resource person is Dr. Dushyant Sharma, Assistant Professor, IIT, Dhanbad. The session was attended by more than 40 students along with all teaching staff.





Educational Visit Gangrel Dam, PG &UG students of Physics, Chemistry, Mathematics and Biotechnology are participating
on 16th November 2022

Details of Program:

We started our Team buildup activity cum picnic with 42 Students in total from Bsc and Msc branch (Maths/Physics/Chemistry) along with the four faculty members. Here the bus was started at 10:00am from kalinga university and we reached the venue at around 12:00pm. First the students were taken to gagrel hydroelectric plant , there they were told how the electricity is been generated from stored water, they were also briefed with the process. After that they were given some snacks to eat while having discussion about their interpersonal problems. Students were given some fun group tasks. Nearby temple was visited at the last. All the students along with the faculty members were retured to kalinga university at around 4:40pm.

Industrial visit 1MW Solar power plant near Mantralya, New Raipur by Department of Electrical Engineering
on 16th November 2022

One day Industrial visit was arranged by department of Electrical Engineering at 1 megawatt solar plant located near Mantralaya, NRDA, Nava Raipur and installed by CREDA (Chhattisgarh State Renewable Energy Development). Students reached the campus at the morning 09:00 AM. After the first and second classes, they were informed to gather at the main gate. In presence of Mr. Shailesh Deshmukh (Assistant Professor & Event Coordinator), Mr. Ravi Prakash Mahobia gave a Brief explanation about the visit. After the briefing, students with two faculties (Mr. Mahesh Ahuja and Mr. Ravi Prakash Mahobia) went to the site at 11:00 AM in Mantralaya. They reached there at 11:15 AM. As per the discussion Mr. Vimal Banchhor, JE were waiting for students. Within a short time, they all went to the site and JE explained all about the system. After the visit to the field, they arranged high tea for students and staff. They returned to campus at 02:00 PM.

Awarness program on Energy conservation Energy Club of Kalinga University, Chhatisgarh State Revewable Energy Development Agency (Creda) and Bureau of Energy Efficiency (BEE) by Department of Computer Sciecne Engineering

“Guest Lecture on Transformations in the Power Sector in Ind ia”
Organized by Department of Electrical Engineering
On 24-03-2023

Title- “Transformations in the power sector in India”
Date: 24-03-2023
Time of event: 11:00 AM
Event Type: Offline
Venue: MBFF15
IOM/Circular:

Event Poster

Invitation to the resource person:

Objective of Program:

1. To provide an important educational experience to students based on their real -world life experiences
2. To get the insight and perspective in specific field of electrical energy transformations.
3. To promote and create interest in students about the worlds energy scenario and get to know massive competition from other industries.

Profile of Resource person:
Name: Dr. Baidyanath Bag
Designation: Assistant professor
Organization: NIT, Raipur

Details of Program:

A guest lecture departmental event was conducted on 24thmarch 2023 at Main Building FF-15 on topic **Transformations in the power sector in India** for the students of Department of Electrical Engineering by guest speaker Dr. Baidyanath Bag, Assistant professor NIT, Raipur. The Guest lecture was scheduled to start at 11:00 AM to 12.00 PM. MrsAnu Pillai, Assistant professor Department of electrical engineering began the session with brief introduction of guest speaker.

Dr. C.P. Jawahar, Dean Engineering, welcome the gu est by potted plant.He interacted with the students and guided them to attend such type of guest lecture to learn something new to improve their knowledge and skill.Resource person Dr. Baidyanath Bag, started the session and discussed about worlds energy s cenario and transformations. Lastly memento to guest speaker by Mr. Mahesh Ahuja, Assistant Professor Department of Electrical Engineering. On behalf of department, Vote of thanks was given by Mr. ShaileshDeshmukh, Head, Department of Electrical Engineering and he said I extend a really hearty vote of thanks to our guest who spared time from his busy schedule to grace the occasion. Today we had an opportunity to hear your thoughts and this will surely be going to encourage us in our future events. In guest lecture total 39 Students and 06 Faculty members attended the session.

Program Outcome:

1. Participants were able to identify Energy-related technologies, which are upending the sector, also present new business opportunities and sources of income
2. Participants came to know about various forms of Indian power system.
3. Participants now anticipate a digital engagement with their energy providers due to their interactions with tech-enabled businesses.

Number of Students participated: 39
Number of faculty participated: 06

Guest Lecture on Wind-Mill& Electric Vehicle
Organized by Department of Electrical Engineering
On 12-04-2023

Title- "Guest Lecture on Wind-Mill & Electric Vehicle"
Date: 12-04-2023
Time of event: 01:30 TO 03:00 PM
Event Type: Offline
Venue: Seminar Hall, Main Building Second Floor.
IOM/Circular:

Dear Students,

We are excited to announce that the Faculty of Technology (Mechanical, Electrical, Civil) has organized a guest lecture today from 01:30 PM.

Guest Lecture will be delivered by Dr. Manoj R. Tarambale, I/C Principal of PVG'S College of Engineering & Technology and G K Pate (Wani) Institute of Management, Pune.

The topic of the lecture is "Wind Mill & Electric Vehicle".

Dr. Tarambale is a highly accomplished academician and an expert in the field of electrical engineering. He has several years of experience in teaching and research and has authored many publications in his field of expertise.

The guest lecture is scheduled to take place today from 01:30 PM onwards. The lecture will be held in t he university seminar hall Second floor, and all students are welcome to attend.

We encourage all students to attend this informative and engaging lecture and learn from Dr. Tarambale's vast experience and knowledge.

We look forward to seeing you all there.

Event Coordinator-
Mr. Ravi Prakash Mahobia
Mob. No. 9074526961
Assistant Professor & Activity Coordinator
Kalinga University Nava Raipur.

Event Poster:

Invitation to the resource person: (If applicable)

Speaker: - Dr. Manoj R. Tarambale, I/C Principal of PVG'S College of Engineering & Technology and G K

Pate (Wani) Institute of Management, Pune.

The objective of Program:

1. To educate the audience about the working principles, advantages, challenges, and potentialapplications of windmills and electric vehicles.
2. To provide a deeper understanding of the latest developments and innovations in the field of renewableenergy and electric vehicles.
3. To promote awareness about the importance of sustainable and clean energy solutions for a betterfuture.
4. To equip the audience with the necessary knowledge and skills to tackle real-world challenges andcontribute to the sustainable development of society.
5. To inspire students and faculty to pursue research and innovation in the field of renewable energy andelectric vehicles.

Profile of Resource person (if applicable):

Resource Person 1:

Name: Dr. Manoj R. Tarambale, Designation: I/C Principal
Organization: PVG'S College of Engineering & Technology and G K Pate (Wani) Institute of Management,Pune.

Details of Program:

Department of Electrical Engineering, Kalinga University, New Raipur. (CG) had conducted an offline one-day guest lecture on "Guest Lecture on Wind-Mill & Electric Vehicle" at Seminar Hall, Main Building Second Floor, for the students of all Electrical, Mechanical, and Civil Engineering Departments. The resource person was Dr. Manoj R. Tarambale, I/C PVG'S College of Engineering & Technology, and G K Pate (Wani) Institute of Management, Pune. The session was attended by 24 students along with all teaching staff.

Guest Lecture was scheduled to start at 01:30 PM and concluded at 03:30 PM. Dr. C.P. Jawahar, Dean of Engineering began the session with a brief introduction about the guest lecture. Dean Engineering also interacted with the students and guided them to attend such type guest lectures to learn something new to improve their knowledge and skill. The resource person Dr. Manoj R. Tarambale, started the session and discussed the following topics during the entire presentation.

1. Given the introduction to the present scenario of wind and EV.
2. Discussed different types of windmills.
3. Enlighten students about the transportation of windmills components.

The vote of thanks was given by Mrs. Anu G. Pillai Mam, and Memento was handover by Mr. Shailesh M.Deshmukh.

CONCLUSION: - The session was very interactive and beneficial for the students and there was a fruitful question session after the lecture.

Program Outcome:

1. Understanding of the basic principles behind wind energy and how wind turbines work.
2. Understanding of the benefits and challenges of wind energy as a renewable energy source.
3. Understanding of the different types of wind turbines and their applications.
4. Understanding of the potential for wind energy to contribute to reducing greenhouse gas emissions andmitigating climate change.
5. Understanding of the basic principles behind electric vehicles (EVs) and their potential toreducegreenhouse gas emissions from transportation.

“ENTREPRENEURSHIP AWARENESS CAMP” jointlyorganized by Faculty of Commerce & Management and MSME Development Institute,

on 31st August 2022

The Faculty of Commerce & Management and MSME Development Institute conducted” “Entrepreneurship Awareness Camp” forMBA 1st and 3rd SemesterStudentson31stAugust, 2022, from 2.00PMto 03.45PM.

The workshop was taken by Mr. D. R. Wadhwani, Ex-Additional Director, Ministry of Commerce & Industries govt. of CG. He talked about the various entrepreneurship program of MSME. After Mr. L. K. Praganiha, Dy. Director, MSME-DFO, Raipur, govt. of India, he talked about MSME schemes and encouraged the students to take up entrepreneurship.

Mr. Yash Sachdev, Founder & CEO, Logifi and Mr. Kuljyot Singh Bhatia, Co-founder & COO, Logify shared their experiences of modern techniques of entrepreneurship. The session was interactive.

NATIONAL WEBINAR ON "GROWTH OF MSME IN INDIA" by Department of Economics under Faculty of Arts & Humanities, on 02nd September 2022

Department of Economics under the faculty of Arts and Humanities, Kalinga University organized a webinar on Growth of Micro, Small & Medium Enterprises (MSME) in India here on Friday, 2nd September. Dr Manish Sharma, Professor of Economics, Institute for Excellence in Higher Education (IEHE) Bhopal, Madhya Pradesh was the keynote speaker. Large number of students of Kalinga University joined the event through online mode.
The webinar was organized to provide information to the students on importance of MSME and its role in Indian Economy. He informed the students about different problems, challenges faced by the MSME. The session was supervised by the Dean of Arts & Humanities, Dr. Shilpi Bhattacharya. Ms Madhumita Ghosh, Assistant Professor, Department of Geography also Co-convener of the webinar gave welcome speech.

Through Power Point Presentation Dr. Manish Sharma delivered his lecture. He gave informative and thought-provoking information on the growth of MSME in India. He further informed that MSMEs are the backbone of the Indian economy. He stressed that MSME provides employment to over 12 crore Indians across the country providing the second-largest source of jobs after agriculture.

He further informed that MSMEs have propelled India to new heights due to their low investment requirements, flexibility in operations and ability to develop suitable native technology. He has also enlightened the students about benefits of MSME in India. Through MSME one can get different kind of bank loans, subsidy on patent registration, overdraft interest rate exemption, protection against payments, fewer electricity bills, etc. He further explained about the various types of loan facilities are available in Banks of MSME. The session concluded with the question answer session in which the students participated with enthusiasm.

Industrial Visit by Pharmacy Department is visiting renowned CIPLA pharmaceutical industry at Goa, India
On 15th September 2022

Faculty of Pharmacy, Kalinga University, Raipur organized an Industrial Visit for the students of B. Pharmacy to Industries in Goa and Mumbai from 13.09.2022 to 20.09.2022. 35 students from 3rd, 5th, and 7th semester participated in the industrial visit. The trip started with a great enthusiasm from Raipur on 13th September. Students paid an industrial visit on 15.09.2022 to Cipla Pharmaceutical Limited, one of the leading pharmaceutical industries in India. The company deals with formulation of various dosage forms including Tablets, capsules, liquid orals and parenterals. Students gained knowledge about the process of raw material sampling, Quality control of formulation, role of Quality Assurance department in Pharmaceutical industries, various methods of tablet manufacturing specially by wet granulation and packaging of solid dosage forms. As per the feedback from the students, the industrial visit proved to be knowledgeable as well as enjoyable. After completion of industrial visit, student visit different places in Goa those are famous for their tourist attraction like Aguada Fort, Central Jail of Portugal, Baga Beach, Bira mar beach, Colva Beach. Siteseeing at Goa ended with an enjoyable Cruise ride where students got a chance to see and enjoy the traditional dance of Goa and Portugal tribes. Students headed towards Mumbai on 17th September for another beautiful attractions at "Gateway of India", where they paid visit to Hotel Taj, Haji-Ali Dargah, Mahalaxmi temple, Marine Drive, Juhu Beach, Siddhivinayak temple. After that they returned to Raipur on 20 September via train.

WORKSHOP ON CAREER GUIDANCE BY DEPARTMENT OF LAW

On 19th September 2022

An introductory session was conducted by Mrs. Saloni Tyagi Shrivastava, Assistant the Faculty of Law, Kalinga University, Naya Raipur to welcome the Hon'ble Guest CS Sharad Kankani Sir and CS Ashish Jain Sir. The programme was conducted from 10:00 am to 11:45am at Seminar Hall Second Floor to make the student aware about the professional courses or diploma courses that they can pursue together with LLB/BALLB/BBALLB/LLM.

In the presence of the Faculty of Law, the session commenced with an introductory speech by the Dean of the Department of Law, Dr. Tufail Ahmed Khan. Perceptive inputs were made by him making the beginning of the session more insightful.

Four-days of Barclays Life skills Program (powered by GGT) by Department of Commerce & Management

On 19th to 22nd September 2022

Faculty of Commerce and Management organised four-days of Barclays Lifeskills Program (powered by GGT) from 19th to 22nd September 2022 to build up employability skills among the students.

The program started with the introduction of the Barclays Lifeskills program in which the speakers gave a comprehensive exposure to various aspects of becoming a well-trained professional how this program will help the students in grooming themselves for playing an effective role in the corporate world. This was an outcome-based program where students were able to set their goals via SWOT analysis and different life skills to crack employability rounds for campus recruitment, overcome stress and embibe strong work ethics to grow in their career.

These all were attended by around total 470 Students of Commerce and Management. The Sessions was conducted in Auditorium & Classrooms of MBGF 15, WBSF 06, &WBSF 07.

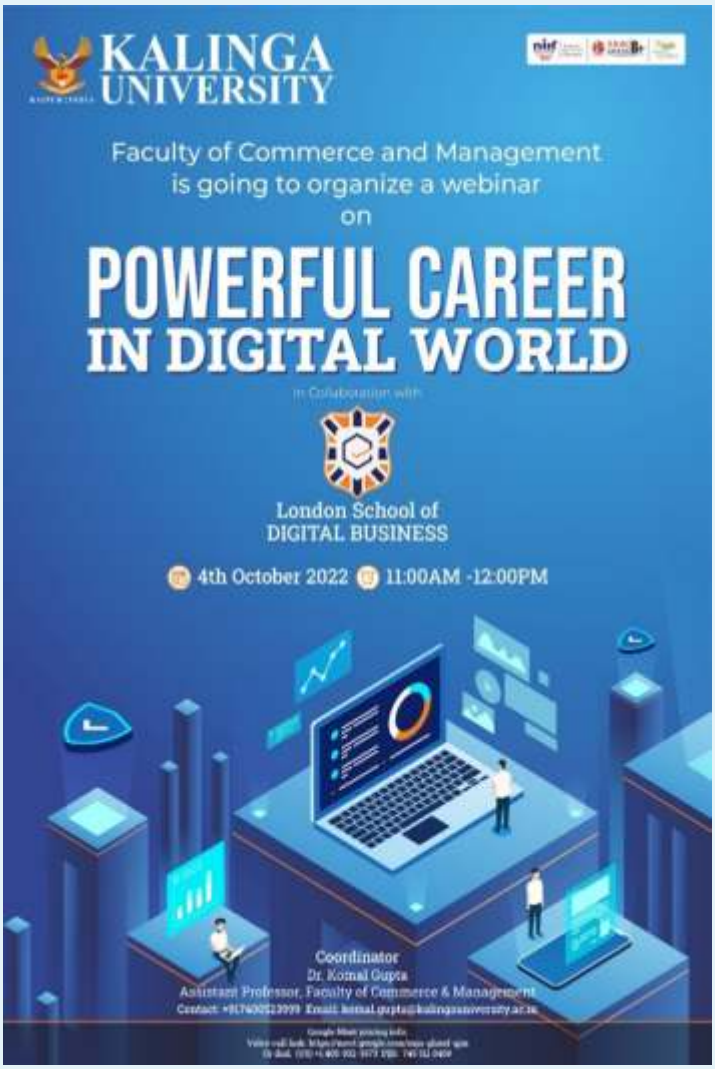
The trainers for the program were Shweta Kewalramani, Ms. Garima Shukla, Mr. Vinod Ghule. Mr. Abhishek Bakshi, The event was coordinated by Dr. Komal Gupta, Assistant Professor, Faculty of Management and Commerce. The training was guided by Dr. Abhishek Tripathi, Dean- Faculty of Commerce and Management. Overall, The feedback collected later is testimonial to the positive impact of the program.

Webinar "POWERFUL CAREER IN DIGITAL WORLD" IN COLLABORATION WITH LONDON SCHOOL OF DIGITAL BUSINESS by Department of Commerce & Management

on 4th October, 2022.

Faculty of Commerce and Management, Kalinga University organised Webinar "Powerful Career in Digital World" in Collaboration with London School of Digital Business on 4th October, 2022.

The webinar was taken by Mr. Sachin Parekh, Director of the London School of Digital Business. The session was highly interactive and appealed to the intellect of students. He talked about Internships and Placements based in UK. Mr. Parekh discussed about how to understand International Market Demands, Modern Market Needs, Modern Solutions, Social Media Inclusion, Blogging, The Marketing based on Artificial Intelligence and Machine Learning. The webinar was graced by Dr Abhishek Tripathi, Dean-Commerce and Management, Kalinga University, Raipur. The webinar was coordinated by Dr Komal Gupta, Faculty of Commerce & Management, Kalinga University, Raipur.



“TRAINING ON WORKSHOP TECHNIQUES”
Organized by “Mechanical Engineering Department”
on 08th October 2022

Details of Program:

The workshop was started by Faculty members of the Mechanical Engineering Department. The Resource person has given a speech about welding, carpentry, drilling, etc, and added that there is a lot of scope in the future.

The resource person and faculty members have explained about the general information about measuring instruments, safety, tools, and machines. Then introduces some measuring instruments and tools, also machines used in the workshop and they are shaping machines, welding machines, drilling machines, and lathe machines. Then clothing and footwear like safety glasses and hearing protection, all loose clothing must be tucked in, safety boots or enclosed shoes must be worn in the workshop, long hair has to be tied up including fringes, remove rings and loose jewelry before operating machinery they can be a hazard.

"GROOMING SESSION" on 12.10.2022

Total 40 students are present in this event; they are very much interested grooming session help students realize their positive aspects of character and keep focus on their best potential area to increase self-esteem and power of presentation. Students asked lots of questions to speaker regarding the topic.

REPORT OF

STUDENTS CIPET-RAIPUR VISIT

Organized by

Mechanical Engineering Department

Date : 14-10-2022

Details of Program:

Central Institute of Plastics Engineering & Technology CIPET Raipur is established to cater the man power need of plastics and allied industries of C.G through its Long Term Training and Vocational courses sponsored by Govt. of C.G & Govt. of India. The center is equipped with state of the art infrastructural facilities in the field of Plastics Processing , Testing and Tool room and design..

Armed with an excellent infrastructure in terms of technology and highly qualified engineers, scientists, CIPET is competent to meet the requirements in providing qualitative technology support services. CIPET renders technical, consultancy and advisory services to polymer and allied industries in different fields of Polymer Science & Technology.

In processing section students learnt about the working of moulding machines like double colour Injection moulding machines, microprocessor control machines, all electric machines, multilayer blown film machines, stretch blow moulding machines (at selected centres) roto mouldig by using these machines Inspection, proving and evaluation of moulds and dies and moulding of components Testing of mould ability and optimization of processing conditions/parameters.

In testing section students learnt about the complete range of analysis of polymers plastics and composites and provide best services to the plastic and allied industries by undertaking assignments of plastic materials, products, composites testing as per various National and International standards.

Guest Lecture on "START-UP: What you should know before starting a Start-up" Organized by- Faculty of Science Department of Biotechnology

On 08-02.2023

Title- "Guest Lecture on "START-UP: What you should know before starting a Start-up"
Date: 08/02/2023
Time of event: 2:00 pm to 3:00 pm
Event Type: offline
Venue: Kalinga University
Program Schedule:

SNo.	Program Details	Time
1.	Welcome of the chief guest.	02:00 pm- 2:05pm
2.	Lecture through power-point presentation by Guest lecturer	02:05pm- 02:55pm
3.	Vote of thanks	02:55pm-03:00pm

Details of Program:

Kalinga University, Naya Raipur is a well-known Educational Institute in Central India that focuses on quality education and research. The University not only believes in educational development of the students but also development in other extracurricular activities which facilitate the students to enhance and develop practical skills, techniques, or ideas which they can use in their work or their daily lives. To take this endeavour ahead, the Faculty of Life Science, Department of Biotechnology, Kalinga University organized a "Guest Lecture" on 08th February, 2023.

The students from Master's as well as Bachelor's has enthusiastically attended the lecture delivered by our Honorable guest Dr.R.Shridhar sir, Vice chancellor of Kalinga University,Chhattisgarh. Our students gained a high value knowledge from the lecture as the mode of delivery was convenient to understand. Students from the department were highly motivated and focused on learning and showed a keen interest in discussing their innovative ideas further.

Name of the students that actively attended the lecture:

Sr. No.	Name of Student	Class

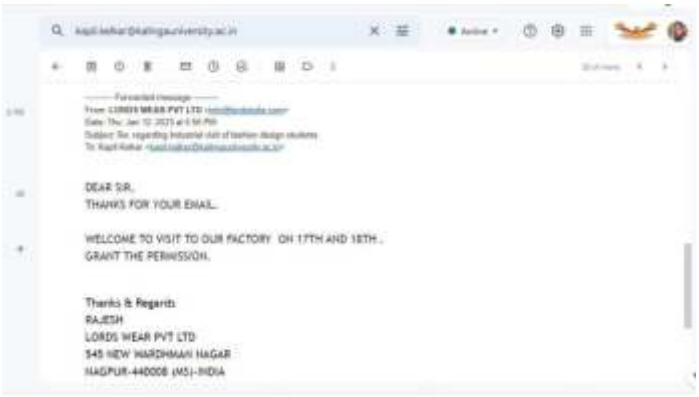
Industrial visit at Nagpur (Lord India Pvt.Ltd)
Organized by - "Fashion design department Kalinga University Raipur"
On DATE: 16-3-2023

Title- Industrial visit lord India Pvt.Ltd at Nagpur (MH)
Date: 16/3/2023
Time of event: 10:00 AM
Event Type: Offline
INVITATION LATTER: -



DEAR SIR,
THANKS FOR YOUR EMAIL.

WELCOME TO VISIT TO OUR FACTORY ON 17TH AND 18TH.
GRANT THE PERMISSION.

Thanks & Regards
RAJESH
LORDS WEAR PVT LTD
545 NEW HARDHMAN NAGAR
NAGPUR-440008 (MS)-INDIA

Objective of Program:

Important perk of going for an industrial visit is that it acts as a bridge between the student and their dream company. The chances of building-up a good relationship with the employees and actually getting an opportunity for an internship or even placement in that company is maximum based on their outstanding.

Details of Program: One day industrial visit to Lord India Wear Pvt Ltd Warehouse Kapasi, Nagpur by Fashion Design students of Kalinga University. We reached here on 17/03/2023 at 10:00 am. Lord India Private Limited is a garment manufacturing unit in which the entire process from cutting to finishing and packaging of the garment is done in this unit. Lord India Private Limited has two entities. In the first unit, all the accessories of hotel, home, medical are prepared here. For example, disposable aprons, caps, patient clothes, bed sheets, curtains, globes, etc. are made from medical use. Here the process of printing is also done in which printing is done on various types of woven and non-woven fabrics. Hotel Bed Sheet Bed Cover, Bed Runner, Pillow, Bed Cover, Table, Cloth, Chair Cover, Safe Apron etc. are made.

In this unit the stitching work is done by machine. Heavy duty machine works, dacron pillows are also made. In this company, home accessories and garments are made in the second unit, such as pant shirt, blazer coat, Nehru kurta etc. We finished the industrial visit by 4 pm.

Program Outcome: -Through this industrial visit, students will get detailed information about the manufacturing process of garments. Due to which students will get a lot of help in the field of fashion designing.

Number of Students:-15

Number of faculty participated: 2

Invitation to the resource person: (If applicable)

NA

Objective of Program:

1. To enlighten young minds about entrepreneurship.
2. Benefits of being an entrepreneur.
3. To correlate pharmacy profession for being an entrepreneur.

Profile of Resource person (if applicable):

Resource Person 1:

Name: Mr. P.K. Nimonkar

Designation: Ex- head, CITCON, Raipur, C.G.

Program Schedule:

Arrival of guests: 10:00 AM
Welcome of Guests: 10:20 AM
Welcome speech: 10:20 AM - 10:25 AM
Lecture deliberation: 10:30 AM - 12:00 Noon
Memento presentation: 12:05 PM
Vote of thanks: 12:05 PM - 12:10 PM

Details of Program:

The program on Attitude and Behavior for Being a Successful Entrepreneur started at 10:30 AM and the resource person was Mr. P.K. NIMONKAR. In his session sir explained entrepreneurs must be able to show others they are truthful and honest. Regardless of the type of business they hope to establish, colleagues, vendors, customers and investors must trust them. There is no way around this —entrepreneurs must be trusted, and trust must be earned. The best business idea in the world will likely fail if an untrustworthy person is at the helm. Suppliers need to know that payments for goods they have shipped will arrive on time. Customers need to know that whatever product or service they have ordered will be delivered as promised. Colleagues need to know that they are a valued part of the company's success. Investors need to know that the company has to potential to grow. Attitude is everything in entrepreneurial life. It is not easy to start from the ground up and become a successful business owner. Many hours of hard work, frustration, creativity and supervision are poured into a new venture. If you are not willing to get up and work hard every day, probably seven days a week, then how can you expect success? No successful business is created quickly, easily or without strife. Entrepreneurs do not work a standard 9-5 day, nor do they log 40-hour work weeks. They are always working—establishing new ideas, creating new products, designing new processes, hiring smart and talented people. Entrepreneurs motivate themselves and continually look forward. Entrepreneurs experience setbacks. There are hurdles to overcome on any journey. Not everyone handles change or disappointment well. However, entrepreneurs must possess flexible mindsets so they can alter a course that seems to be headed toward failure. Entrepreneurs, like everyone else, feel fear. They are fearful that they won't succeed or fearful a well-conceived idea cannot be executed. They do not, however, let these fears of failure define them. They are brave. They learn from failure. They utilize their fear of failing to push themselves to work harder and to strive to correct the mistakes that may have caused them to fail. Many entrepreneurs need multiple attempts to create a successful company. It is bravery that drives them to pursue success. Flexible entrepreneurs should be aware that they may have to modify the route toward their established goal, or even perhaps tweak that established goal, in order to reach it successfully. Entrepreneurs should be passionate about their ideas, goals and, of course, their companies. This passion is what drives them to do what they do. Some entrepreneurs love the adventure and excitement of creating something new, and once it is established they lose interest and move on to something else. Other entrepreneurs feel passionately about the product they are constructing or the sense of accomplishment they feel because they know they are helping other people, helping animals or helping the planet. Whatever drives an individual to try to succeed is where his/her passion lies, and that passion is integral to entrepreneurial life.

Program Outcome:

1. Participants could learn about the attitude and behavior of entrepreneur.
2. Participants were able to get aware about the rules to be successful entrepreneur.

Event Poster:

Attendees:

The event was attended by SEML Plant Head Mr. Sanjev Agrawal, Plant HR Head Mr. VT Naidu, all HODs and trainees. From Kalinga University, the ceremony was attended by theChairman of Kalinga University Dr. Rajeev Kumar, Registrar Dr. Sandeep Gandhi, DSW, Director Corporate Relations, Director IQAC, all Deans, TPO and the team of CCRC.

Objective:

The objective of the event was to celebrate the successful completion of a Six -month assessment and training program that was conducted by Kalinga University for the employeesof SEML.

The training program was based on a psychometric assessment and focused on developingmindfulness, emotional intelligence, and inspirational leadership skills.

Agenda:

The event began with a Welcome speech by the Registrar of the Kalinga University, followed by words of wisdom by the Chairman of Kalinga University. A brief introduction of the program was given by Director Corporate Relations.

This was followed by a presentation on the Training program, including a Post -Training Assessment and Individual Feedback.

Outcome:

The training program was well received by the employees of SEML, and the post-training assessment showed a significant improvement in their skills and abilities. The individual feedback provided to each employee was well appreciated and helped them identify areas for further improvement.

Conclusion:

Overall, the event was a great success and served as a testament to the collaborative efforts of K alinga University and SEML in developing the skills and abilities of the employees.

Valediction Ceremony of SEML Employee Development Training Program

Date: 15th April 2023 Timings: 12:00 PM to 4:30 PM

Venue: Auditorium, Kalinga University Raipur

Master of the Ceremony- Ms. Shreya Diwedi

Time	Topic	Resource Person
12:00 PM to 12:30 PM	Welcome of SEML Employee by Tilak & settle down to Auditorium	Welcome committee
12:30 PM to 12:35 PM	Saraswati Vandana & Lamp Lighting Ceremony	Welcome committee
12:35 PM to 12:40 PM	Welcome of Guest with Potted Plant	Welcome committee
12:40 PM to 12:45 PM	Welcome Speech	Registrar Sir
12:45 PM to 12:50 PM	Kalinga Corporate Video	Marketing Team
12:50 PM to 1:00 PM	Training Journey	Director CCRC
1:00 PM to 2:00 PM	Lunch Break	Kalinga Mess
2:00 PM to 3:00 PM	Campus Visit	Marketing Team
3:00 PM to 3:30 PM	Post Training Assessment	Ms. L. Jyoti Reddy
3:30 PM to 4:00 PM	Training Feedback	Ms. L. Jyoti Reddy
4:00 PM to 4:15 PM	Group Photography	Mod. Yunus

Mr. Pankaj Tiwari
Director Corporate Relations

Dr. Sandeep Gandhi
Registrar

Creativity and Innovation DrivingModern Business Organized by “Faculty of Commerce and Management On 21st April 2023

Title- "Webinar on Creativity and innovation driving modern business"

Date: 21-04-2023

Time of event: 10:00 AM – 12:00 PM

Event Type : Offline

Venue: Auditorium Kalinga University, Naya Raipur

IOM/Circular:

Event Poster:

Objective of Program:

To give an insight regarding innovation and creativity.
To Explain modern innovations and how it has impacted the organizations.
To explain the how leadership principles of an organization impact innovation and modern business.

Profile of Resource person

Resource Person 1:
Name: Mr. Abhishek Kaushik

Designation: Team Manager, Amazon UK

Resource Person 2:

Name: Ms. Shristi Katyayani

Designation: Senior Software Developer, V mware

Program Schedule:

Event Schedule

Start Time	End Time	Activity
10:00 AM	10:05 AM	Welcoming Note
10:06 AM	10:10 AM	Introduction of Guest Speaker (Mrs. Abhishek Kaushik)
10:11 AM	11:00 AM	Session – 1
11:01 AM	11:05 AM	Introduction of Guest Speaker (Ms. Shristi Katyayani)
11:06 AM	11:55 AM	Session – 2
11:56 AM	12:00 PM	Vote of Thanks

Details of Program:

Topics covered –;
Meaning of innovation and creativity.
How does innovation and creativity impact business.
Types of Innovation.
Evolution of innovation in modern businesses.
What happens when innovation does not happen in a business.
Examples of businesses that have used innovation in their businesses ideas.
Amazon's leadership principles.

Program Outcome:

The participants were able to:

- ➔ The students were made to understand the meaning of Innovation and creativity.
- ➔ The students understood the importance of creativity in modern business through variousexamples of organizations who have used creativity to change the course of their businesses.
- ➔ The students understood how the organizational culture and leadership principles can impact their innovation capabilities and growth.

MoU signing ceremony for Industry Center of Excellence of top Eight MNCs. On 13th August 2022

Kalinga University, Raipur a **NAAC** Accredited University with Grade B+ and Ranked in Top 101-150, Universities of the Country in NIRF Rankings 2022, has been established as a multidisciplinary research focused and student centric university with the aim to support learning that will advance human knowledge to develop and educate the leaders of tomorrow and research that tackles the most pressing problems of the state, the country and the global community.

With the intention of providing its students and staff with enlightening academic opportunities, signing an MOU with EDUSKILLS an initiative by AICTE on **13th August 2022**, at the Kalinga University Campus . The event commenced with the welcome of the guest for the event Mr. Shubhajit Jagadev, Co-Founder and CEO, EduSkills and Mr. Shiva Kumar, Project

Manager, EduSkills and dignitaries of the University namely Dr. R. Shridhar (Vice- Chancellor), Dr. Byju John (Director General, Kalinga University), Dr. Sandeep Gandhi (Registrar, Kalinga University), Mr. Pankaj Tiwari (Director, Corporate Relations), Dr. Asha Ambhaikar(Dean, Student's Welfare, Kalinga University)etc.

Following which, Mr. Jagadev addressed the gathering and relayed the details of the MOU and the importance of the collaboration with the Industry Center of Excellence of top eight MNCs of the country such as AWS Academy, Microchip Academic Program, Alteryx Sparked, Blueprism University, Palo Alto Cyber Security Academy, Celonia, Juniper Networks, Cloud and Automation Academy, Ui Path Academic Alliance etc. Mr. Jagadev also elaborated on the facilities that will be provided to the students under this MOU. This collaboration focuses on the 'Train the Trainer' Model under which the faculties will be given special training by industry experts and it will result in teachers being more efficient in grooming the students for a competitive and dynamic career. Under this program the students will be thoroughly trained to perform well in career and help them achieve handsome packages in employment. The event received immensely positive response from the participants.

WORKSHOP ON
"HAND ON LEARNING WITH MATLAB SOFTWARE"
by Department of Mechanical Engineering
on 22th August 2022

The Workshop on "Hand on learning with MATLAB Software" is organized by Department of Mechanical & Mining Engineering Department for students to improve problem solving skills with the help of Mat lab software. It also develops the computational codes easily. Mat lab software implements and test algorithms easily and symbolic computation can be easily done.

KALINGA UNIVERSITY
RAIPUR | INDIA

School Activity on

"INFORMATION AND COMMUNICATION TECHNOLOGY"

on 23rd August 2022

Details of Program:

Department of Computer Science organized a School Activity on "Information and Communication Technology" presented by Ms. Taruna Chopra, Assistant Professor at Kalinga University, New Raipur conducted by Mr. Mithlesh Prajapati (Assistant Professor) and Mr. Vivek Kumar Soni (Assistant Professor) of Computer Science Department. ICT Technologies are the new technologies which are still relatively undeveloped in potential and it includes a variety of technologies such as educational technology, information technology, cognitive science, robotics and Artificial Intelligence.

Number of Students participated: 29

SMART INDIA HACKATHON -2022

25th -30th August 2022

Smart India Hackathon Grand Finale have been declared. Kalinga University team reached upto the finals , but could not win any position. All team members got Appreciation certificates and Mementos. Appreciation for the efforts of the students and the guidance provided by Dr Asha mam and Mr Om Prakash Devangan sir On 25th to 30th August 2022

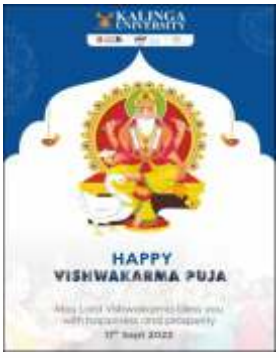
"VISHWAKARMA PUJA CELEBRATION"
ROYAL MECHANICAL CLUB ACTIVITY
by Department of Mechanical Engineering

On 17th September 2022

Preamble: Mechanical Department celebrated September 17 as Vishwakarma Puja to pay obeisance to Lord Vishwakarma; regarded as the god of architecture and engineering. It was a resolution time for students and faculty to dedicate themselves to the cause of advancement of technology and gain divine inspiration for creating novel products.

Participant's Profile: All faculties and lab staffs from Department of Mechanical, Mining, Civil, Electrical & Computer Science Engineering.

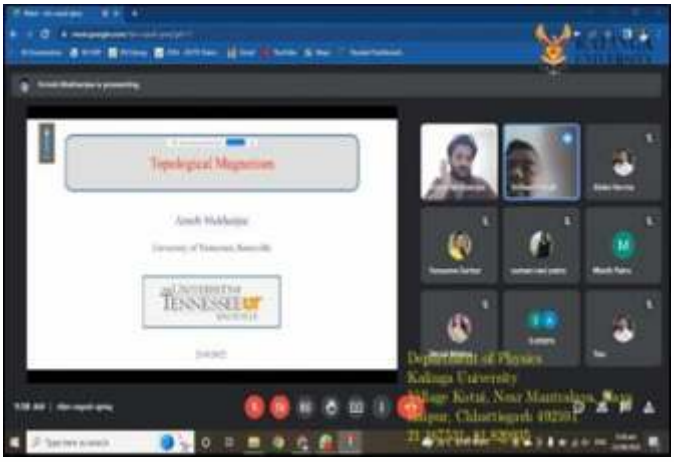
Description about the Program: Every year on September 17, Vishwakarma puja is celebrated to mark the birth of Lord Vishwakarma, the architect. Lord Vishwakarma is the presiding idol of all architects. The Lord Vishwakarma is the official builder of all the God's palaces, and the designer of all celestial vehicles and weapons. Lord Vishwakarma is regarded as the God of architecture and engineering.



GUEST LECTURE ON INTRODUCTION TO TOPOLOGICAL MAGNETISM
by Department of Physics on
On 23nd September 2022

The Department of Physics, Kalinga University Raipur organized an online Guest Lecture on Topological Magnetism on 23rd September 2022. Lecture delivered by Dr. Arnob Mukherjee from University of Tennessee, Knoxville, United States. Total 25 students of M. Sc. Physics I & III Semester.

This lecture will be given the opportunities and compete the knowledge on the various field. They are learning to how to manage time in that type competition, and also better learn and score in future.



GUEST LECTURE OF BLOCKCHAIN
by Technology Faculty of IT & Department of CS
On 30th September 2022

Details of Program:

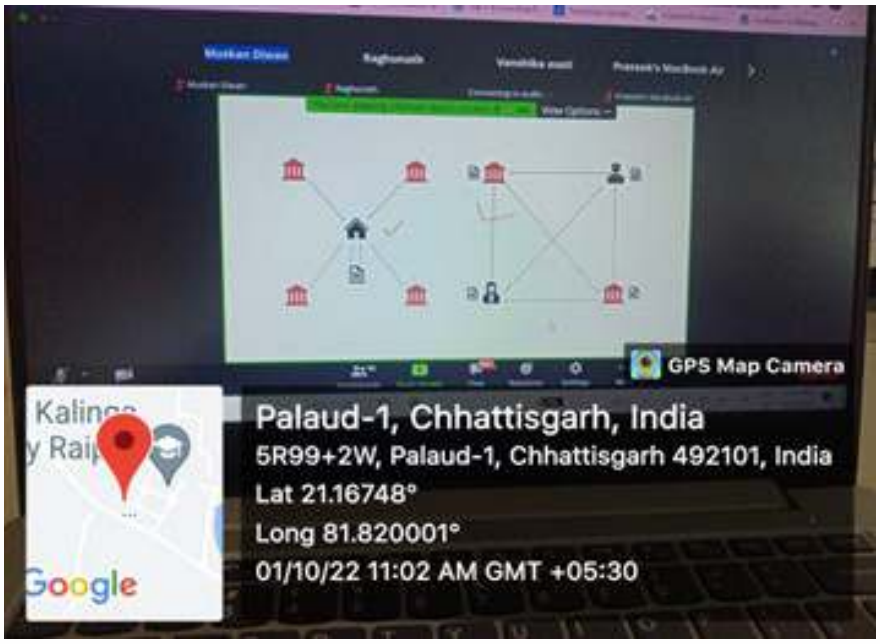
Faculty of IT and Department of CS organized a guest lecture on Blockchain. This lecture was very fruitful for our students. Students learned what is Blockchain, its utilization and they brushed up their knowledge with its.

“Matlab – Modelling and Simulation of basic Electrical Circuits” Organized by “Electrical Engineering”BY FACULTY OF PHARMACY

On 30th September 2022

“WORKSHOP ON CRYPTO CURRENCY & BLOCK CHAIN TECHNOLOGY” of Commerce and Management Department in Kalinga University dated

On 01st October 2022



Inauguration of Film Studio for BA Film Making at Auditorium
on 3rd October 2022

The versatile and talented Bollywood actor Mr. Sanjay Mishra inaugurated the Film Studio for BA in Filmmaking at Kalinga University in association with Neera Educom by BJMC
on 3rd October 2022

Actor Sanjay Mishra was the chief guest and was accompanied by the special guests Mr. Rakesh Srivastava, actor and Mr. Raj Ashu, director and producer. All the guests were welcomed by the fraternity of Kalinga University with the beating of Dhol, Tilak as per the tradition of the University. All the guests were felicitated by Kalinga University Shawl, Shreefal and Memento and Neera Educom. During the program Vice Chancellor of Kalinga University – Dr. R.K. Sridhar and Registrar Dr. Sandeep Gandhi along with dignitaries were present.

Addressing the students in his keynote address, actor Mr. Sanjay Mishra said that he was overwhelmed by the honor bestowed upon him by Kalinga University. He said that film making requires education and opined that Kalinga University will surely provide best education to the students for film making and surely one day the students will shine in Bollywood with their hard work and creativity. He said that there is immense potential in film making. He shared his experience of film industry with the students and said that in childhood people used to suggest watching movies many times to learn film making but time has changed and a proper education system has to be established to create quality filmmakers. Has been. The students of Kalinga University were overjoyed to see Mr. Sanjay Mishra live, they clicked selfies with him, took his autograph and also requested him to enact some of his roles on stage, which he did with perfection and garnered huge applause and hoots.

"Battle of Brains" (Python Coding and Quiz competition) in Inter college competition, organized by K K Modi University Durg. On 14th October 2022

Event consists of two phases
Phase 1: Coding Contest
Phase 2: Rapid Fire Quiz Round

About Teams
Total 27 teams were participants from various universities and colleges.
From our university, 3 teams were participated.

Team 1 from BTCS-3rd (Srijan Rajput, Aditya Raj and Samar Pandey), Team 2 from BTCS-7th (Harsha Shah, Vijay Sahu) and Team 3 from BTCS-7th and MCA-3rd (Bigit Krishana Goshwami, Aman Katotiya).
Team 1 has secured the 3rd position out of 27 teams.

Technical Quiz Competition by Faculty of Information Technology & Department of Computer Science
on 14th October 2022

Title- Technical Quiz Competition
Date: 14-10-2022
Time of event: 02:00 PM – 03:30 PM
Event Type: Offline
Venue: Second Floor, MBSF 20 Kalinga University

Objective of Program:
The aim of this competition is to evaluate the knowledge of the students within academics as well as beyond academics and to make them familiar with the prospects of quizzes and the objectivity of the questions.

Convenor:
Name: Dr. C. P. Jawahar, Mr. Omprakash Dewangan

Designation: Assistant Professor, Faculty of IT & CS Organization: Kalinga University

“Recent Trends in Manufacturing System” Organized by “Mechanical Engineering Department”

on 19th October 2022

Details of Program:

Guest lecture started by Dr. V.C.Jha Head of the department of Mechanical and Mining Engineering Department. He welcomed the speaker and introduced about Faculty members of the Mechanical and Mining Engineering Department and all the students. The Resource person has given a speech about Recent Trends in Manufacturing System.

The Resource person explained about additive manufacturing. This system can eliminate more constraints imposed by traditional manufacturing. He made focus on 3D printing and all its processes. Additive Manufacturing system can provide higher performance than conventional components. It can be manufactured cost effectively in series production. It requires minimum post processing

Workshop on Python by Faculty of Informantion Technology Department of Computer Science

on 4th November 2022

Faculty of IT & Department of CS is organized a workshop on Python. This workshop was very fruitful for our students. Students learned about Python Programming Language, its utilization and they also brushed up their knowledge with its.

VJ Hackathon 2022 (Victory & Joy in Smart Innovations) on Department of Computer Science & Engineering. VJ Hackathon 2022 was held

on the 4th & 5th of November 2022

Description:

Usually, children hate the learning process because they have to repeatedly learn the same thing for a long time. Making learning an interesting activity can be of great help here. They get bored with the routine study schedules and procedures.

The system is failing to create an interest in pedagogy. One of the important reasons why children may find studies boring is the wrong method or way of teaching. Games are loved by children as they give them the universal freedom to express themselves and enjoy themselves. It gives them a feeling of relaxation and happiness.

“Workshop on Electrical wiring and testing” organized by “Department of Electrical Engineering”

on 07-11-2022

Details of Program:

Department of Electrical Engineering, Kalinga University, New Raipur. (CG) had conducted offline one day workshop on “Electrical Wiring and Testing” at MBGF-15 and Electrical Workshop for the students of all B. Tech First Semester. The resource person was Mr. Shailesh Deshmukh Asst. Professor Department of Electrical Engineering, Kalinga University, Raipur (CG). The session was attended by 85 students along with all teaching staff.

Webinar “Illumination in mining” by Department of Mechanical Engineering”

on 09-11-2022

Details of Program:

Guest lecture started by Dr. V.C.Jha Head of the department of Mechanical and Mining Engineering Department. He welcomed the speaker and introduced about Faculty members of the Mechanical and Mining Engineering Department and all the students. The Resource person has given a speech about Illumination in mining.

He discussed about mine lighting on surface, at places with insufficient natural light, in every engine house, in the vicinity of every working shaft, at every opencast working and at places where workers are employed. In case of Underground At every shaft inset and shaft bottom or siding which is in regular use.

In every travelling roadway in which 50 or more miners travel in any shift, and, in every working stope, in metalliferrous mines. At every place on a haulage roadway, at which tubs are regularly coupled or uncoupled, or attached to or detached from a haulage rope.

Certificate Program Web Development & Digital Marketing by Department of Computer Science
on 10 November 2022

Objective of the Programs:

Understand the principles of creating an effective web page, including an in-depth consideration of information architecture.

- Become familiar with graphic design principles that relate to web design and learn how to implement theories into practice.
- Develop skills in analyzing the usability of a web site.

Details of Program:

The Department of Computer Science and Information Technology has conducted Certificate Program on Web Development & Digital Marketing and detail are given in following point:

National Conference on Recent Advancements in Engineering Technologies (NCRAECT02022) by Department of Computer Science

on 14th & 15th November 2022

Acknowledgement:

The Convenor and the Organising Committee of the Conference take pride and honour to thank the, Key note speaker Dr. Jagpal Bal, Deputy Director - Directorate of Technical Education, Chhattisgarh, Dr. L.K.Yadu, Associate Professor - Department of Civil Engineering, NIT, Raipur, Chhattisgarh, Mr. Ankur Gupta - Asst.Professor , NIT Raipur, Chhattisgarh, Dr.Shubhojit Ghosh -NIT Raipur & Dr.Debanjan Das -IIIT Raipur , Guest of Honour and other dignitaries for their gracious presence. We would also like to extend their gratitude to Hon.Chairman Dr. Rajeev Kumar sir, Hon.Chancellor Dr.Sandeep Arora sir, Vice Chancellor Dr. R.shridhar sir, Director General Dr. Byju John sir, Respected Registrar Dr. Sandeep Gandhi sir, and the Convenors Dr. N.K. Dhapekar & Mr.O.P.Dewangan for his best wishes. We would also like to express our gratitude to the Organizing & Advisory Committee for their support and timely guidance. At this moment we would like to place on record the overwhelming response received for this conference with participation from different States of India. The Convenor and the Organising Committee is proud to release the publication and host this event to a grand success. The Convenor and the Organising Committee wishes to thank the teaching and non-teaching faculty, all the well-wishers, participants for their undaunted support and co-operation.

Introduction :

Kalinga University, Raipur has emerged as a centre of excellence of higher education in Central India. Strategically located in the Smart City of New Raipur, this University has started carving a niche for itself in the education domain and is rising as a shining star on the horizon of quality education.

About Raipur :

Raipur is the Capital of Chhattisgarh and New Raipur is the New Capital of Chhattisgarh in the making. New Raipur is the fourth planned city of India with wide roads and miles of greenery and is pollution free. It is the first Integrated and Smart City of the country. A cosmopolitan city which is also the hub of higher education hosts IIM, IIT, IIIT, National Law University, CIPET, NIT and AIIMS. In addition it also hosts most National and International brands of Food and Retail Outlets.

IDEATHON 2.0 by Department of Commerce & Management on 14th to on 16th of November, 2022

Kalinga University has always been at the forefront to nurture creativity and innovation amongst its students. It seeks to nurture entrepreneurial skills amongst its students. Kalinga University helps the students to bring their ideas on the table and develop them into viable business pitches.

Date of the event: 14th to 16th of November, 2022

Vision: Ideathon 2.0 aims to develop start-ups for creating a successful start-up vibrant and inclusive society.

Mission: To inspire students to adopt entrepreneurial endeavors to develop their innovation, work on profitable and socially responsible projects and adhere to high ethical standards.

Workshop on 'Robotics' for the B. Tech & Diploma first semester students. By Faculty of Technology in association with First Edu Pvt. Ltd. "on 25th November 2022

Expert Lecture on IoT is started, By Dr Venkanna U, IIIT Naya Raipur Faculty of Information Technology and Department of Computer Science on 29th November 2022

Details of Program:

Faculty of IT and Department of CS organized an Expert Lecture on IoT. This Lecture was very fruitful for our students. Students learned about IoT, its utilization and they also brushed up their knowledge with its.

Program Outcome:

1.Participants could understand basic principles of IoT.

2.Participants were able to understand about the various types of Industry Level Projects and as well as Research Level Works also.

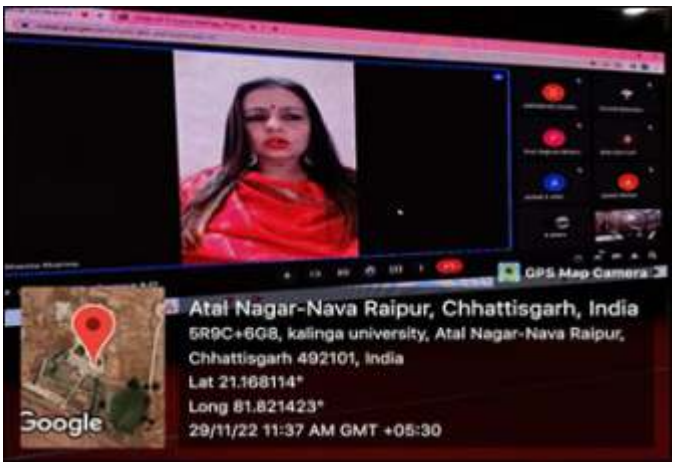
3.Participants were able to learn usefulness and limitations of IoT.

Number of Students participated: 136

Number of faculty participated: 13

Glimpse of event:

National Conference on "Emerging Business and Technology Issues with mergence of Industry 4.0" by Faculty of Commerce and Management on 29th and 30th of November 2022.



Smart City Hackathon – 2023 Organized by- Department of Computer Science and Information Technology On 3rd & 4th March 2023

Title- "Smart City Hackathon"
Date: 03-04/03/2023
Time of event: 08:00 am to 02:30 pm
Event Type: Offline
Venue: Poornima University Jaipur
Event Poster:
Details of Event

- Teams can use libraries, frameworks, or open-source code in their projects. Working on a project before the event and open-sourcing it for the sole purpose of using the code during the event is against the spirit of the rules and is not allowed.
- Disclose of any conflicts of interest that cannot reasonably be avoided or escaped.
- Meals & Stay for participants will be provided at venue. (as per nominal charge)
- No reimbursement/travel allowance will be provided by "The Smart City" Hackathon 2023.
- Participants have to bear their own responsibility to safeguard their belongings during the event.
- In case of any emergency or medical assistance, please reach out to the Organizers.
- If an existing project is considered for the event, addition of newer features may be allowed as per the discretion of Judges
- Teams may be disqualified from the event at the discretion of Judges, if they break the rules.
- In case of a tie, the decision of Judges will be final and binding.

Judging Criteria
The final decisions of the judges are to be based on the following parameters:
- Concept
- Design
- Development
- Practical Approach
- Presentation

Composition of judge
The projects executed by the teams for the competition will be evaluated by a panel of expert judges, along with other authoritative figures from the world of high-tech and innovation.

The panel will assign a score to each parameter, which will then determine the ranking of each participating team.

Registration Fee: 400/- per team **(Only for shortlisted teams)**

TRACK-6.6 COMMUNICATION AND SMART INNOVATIONS FOR SOCIETY
The core vision is to disseminate new knowledge and technology for the benefit of everyone ranging from the academics and professional research communities or industrial practitioners to a range of topics in Electronics and Communication Engineering and Electrical Engineering in general and Analog circuit design, Image processing, Wireless & Microwave communication, Optoelectronics & photonic devices, Nano-electronics, renewable energy, smart grid, power system & Industry Applications.

TRACK-7 A TECHNOLOGY ENABLED INCUBATION FOR SUSTAINABLE GROWTH
Smart cities are sustainable with a high quality of life and economic growth. It requires a shared vision of all stake holders like citizens, public and private organizations and many others. Innovation can be defined simply as a "new idea, device or method". The ultimate goal of innovation should be the creation of a better future and smart future where people can enjoy the best quality of life possible.

TRACK-8 INNOVATIVE PRACTICES FOR SOLVING REAL LIFE PROBLEMS AND INCREASING EASE OF LIVING
The track focuses on the purpose of innovations is much more profound than just creating greater customer value, better competitive advantage of firms, and an environment for better quality of life.

Rules and Regulations
- The responsibility of the components and the materials required for developing the prototype during the "The Smart City" Hackathon 2023 lies solely on the participating teams.
- All team members should be from same college; no inter-college teams are allowed. However, members from different branches of the same college/ institute are encouraged to form a team.
- Each team would comprise of 4 members including the team leader & 1 female member.
- The team leader's name should be clearly specified in the letter.
- Clearly communicate the email-ids and mobile numbers of all team members as well.
- The Team Name should be unique and not contain the name of your institute in any form.
- The letter should bear the seal of the college/ institute along with signature of the principal/dean/ institute director.
- A scanned copy of this letter in PDF form is to be mandatorily uploaded during online application process.
- No participant shall engage in any undercover/illegal activities which do not adhere to general code of conduct for developers. Participants will be immediately disqualified if they are found indulging in malpractice.
- Teams should be made up exclusively of students (or recent graduates within one year of having graduated) who are not organizers, volunteers, judges, sponsors, or in any other privileged position at the event.

POORNIMA
INSTITUTE OF ENGINEERING & TECHNOLOGY
Affiliated to RTU, Kota • Approved by AICTE & UGC under 2(f) • Accredited by NAAC and NBA

"The Smart City" Hackathon 2023

3rd-4th March 2023

About the Institute

Poornima Institute of Engineering & Technology (PIET), Jaipur, affiliated to Rajasthan Technical University, Kota and approved by AICTE, established in the academic year 2007. PIET is accredited by NAAC and NBA, is ranked 3rd by RTU and is rated platinum by AICTE – CII, survey.

AICTE has launched a scheme for establishing IDEA Lab across India. Poornima Institute of Engineering & Technology is proud to receive this grant and is the only private institute across Rajasthan to achieve this grant. Total cost of establishing Idea lab in our institution is approximately Rs. 1.2 crores out of which Rs. 51 lakhs has been granted by AICTE. The purpose of IDEA Lab is to provide all facilities under one roof to develop industry ready products for conversion of an idea into a prototype in advanced digital manufacturing. The institute has well developed facilities in compliance with Industry 4.0 requirements.

About "The Smart City" Hackathon 2023

"The Smart City" Hackathon 2023 will bring together all streams of engineering to deliberate on the innovation and technological advancement in developing smarter technologies for building efficient, sustainable and livable cities in India.

The theme of "The Smart City" Hackathon 2023 is *"Role of Engineers in Innovation and Technological Advancement in Smart City mission"*. The objective of "The Smart City" Hackathon 2023 is to provide a platform where young talent can showcase their analytical, problem solving, dynamic learning and team collaboration skills in the smart city mission. Energy, Infrastructure and Information and Communication Technologies (ICT) are seen as parallel and interdependent factors for smartness for a city. In this reference, "The Smart City" Hackathon 2023 comprise of following distinguished themes:

- Smart Computation & Technology,
- Smart Infrastructure
- Environment friendly Smart Energy
- Communication and Smart Innovations for Society
- Technology enabled Incubation for sustainable growth
- Innovative practices for solving real life problems and increasing ease of living

Prize Money

Prize worth Rs. of 1.5 Lakhs.

Event Schedule

- Last date of submission of idea: 31st January, 2023
- Notification of acceptance/rejection: 10th February, 2023
- Submission of detailed report about idea: 20th February, 2023

Track Details

(The participants can bring any idea/innovation on the following themes)

TRACK-1 # HEALTHCARE and BIOMEDICAL DEVICES

A 'smart city' uses latest biomedical equipments and tools that can give fast relief to a patient. It is a city where the doctors have the direct access to all his patient at every moment and the chance of getting suffered for a patient gets reduced.

TRACK-2 # AGRICULTURE AND RURAL DEVELOPMENT

The objective of 'smart city' is to enhance the methodology used in agriculture and also to make rural areas updated in all terms, so that they can also be bring at par with urban areas in the near future.

TRACK-3 # SMART COMPUTATION & TECHNOLOGY

A 'smart city' is an urban region that is highly advanced in terms of overall infrastructure, sustainable real estate, communication and market viability. It is a city where information technology is the principal infrastructure and the basis for providing essential services to residents.

TRACK-4 # SMART INFRASTRUCTURE

To make smart Cities in India we need an integrated approach to modernize city infrastructure, and leverage technology to improve efficiency and capacity of city services. Smart infrastructure is more efficient and environment friendly systems for managing among other things, commuter traffic, food distribution, electric grids and waterways. A key factor in the development of smart cities is an integrated and digital infrastructure. It is also considered as the backbone of a city's economy, with automated and intelligent infrastructure technologies. City transportation is an important pillar for quality of life in a city. In most of the cities, public and private road transportation is the key mode of commuting and logistics.

TRACK-5 # ENVIRONMENT FRIENDLY SMART ENERGY

The way that you supply your home with energy can also have a big environmental and financial impact. Installing solar panels can reduce your reliance on fossil fuels by drawing on the world's most plentiful renewable resource. And, with new and better battery technology on the horizon, solar panels are becoming more practical than ever. Geothermal heating and cooling can also be a great way to save energy. This method pumps heat into and out of the earth instead of generating it on the surface, saving a lot of energy and emissions.

Schedule of the Event

AboutTeams

Total 245 teams were participants from various universities and colleges.

From our university, 5 teams were participated and team details are given below

Team Name	Team Leader/Team Member	Name of students	Course & Semester	Gender	Contact Number

There were 3 rounds i.e.Round1,Round2 and Round3.

All teams were selectedinRound1,4Teamswereselect edinRound2(Eliminatedonly1 team that is Extinguisher and in the final round, 1 team got the third prize in the category of hardware.

WinningPrizeis7000/-,Certificates and goodies.

About Project:
Title:Agridrone
Introduction

An Agriculture Drone, also known as an agricultural UAV(Unmanned Aerial Vehicle),is a type of drone that is specifically designed for use in agriculture.
Agriculture drones can be used for a variety of tasks, including mapping fields, monitorin g crop

health, and identifying areas that require additional attention or irrigation. They can also be used to spray crops with pesticides or fertilizers, reducing the need for manual labor and increasing efficiency.

ProblemStatement

Thereareseveral problems that farmers facein their dayto daylife

Crop Monitoring
Was tage offertilizers, pesticides and other chemicals.
Estimatingandanalyzingcropyields.
Healthproblemsduetocarryingand inhalingdangerouschemicals.
Accesstodifficultterrains

Application of Agri-Drone

Our drones are equipped with sprayers which can be used to spray pesticides, herbicides, andfertilizers, reducingtheneed for manual labor.
Risk of wastage can be minimized through our drones because of precision spraying andplanting. Chemicals andseedsaresprayed at specificspots efficiently.
Farmers are at risk while spraying chemicals as the chemicals can cause serious skin andrespiratory issues but that can be solved by our drones. Drones are controlled remotelythroughacontroller which eliminates such problems.
Insomecasesourdronecanreachareaswherefarmersandmachinescannotbecauseofitscompactbody.
Our drone is cost effective for farmers because it reduces the labour charge and minimizetheuseof fertilizers and pesticides.

Components

Drone: This includes the drone itself propeller, battery, transmitter and receiver, GPS, ESC(ElectronicSpeed controller)and main board.
Sensors:3-AxisGyrometer,Accelerometer,High-performance Barometer, Magnetometer, Processor,32BitSTM32F427CortexM4corewithFPU,The32-bitSTM32F103failsafeCo-processor.
Flight controller: The flight controller is the brain of a drone. A small box filled withintelligent electronics and software, which monitors and controls everything the dronedoes.
Sprayingmotor: This component isusedto sprayfertilizersand dispenseseeds.
RadioTelemetrySoftware
Remote Controller:Theremotecancommandthe droneto function.
MissionPlanner: Mission Planner is a ground control station for Plane, Copter and Rover. It is compatible with Windowsonly. Mission Planner can be used as a configuration utility for our drone.

Working Principle

The working principle of our drone involves several components and subsystems that work together to achieve stable flight.

In operation, our drone can be flown over the farm by a pilot or programm ed to fly autonomously. The GPS receiver creates a detailed map of the area. The spray motor attached to the drone can be used to spray seeds, fertilizers, and other chemicals.

Our drone can be used to optimize crop management operations, such as fertilization and spraying, and to improve crop yields and profitability.

Conclusion

In conclusion, agriculture drones have become an increasingly popular tool in modern farming practices. They offer a range of benefits, such as increased efficiency, improved yiel ds, and reduced costs.

In the future, by using our drone, farmers can quickly and accurately gather data about their crops, such as plant health, growth patterns, and nutrient deficiencies through various sensors and high -end cameras.

Industrial Visit Software Technology Park of India Limited, Bhilai Organized by- Faculty of IT & Department of Computer Science

On 31-01-2023

Title- Industrial Visit
Date: 31-01-2023
Time of event: 09:00 PM to 03:00 PM
Event Type: Offline
Venue: Software Technology Park of India Limited

The brief Profile of the company:

Software Technology Parks of India (STPI) is a premier S&T organization under Ministry of Electronics and Information Technology (MeitY) engaged in promoting IT/ITES Industry, innovation, R&D, start -ups, product/IP creation in the field of emerging technologies like IoT, Blockchain, Artificial Intelligence (AI), Machine Learning (ML), Computer Vision, Robotics, Robotics Process Automation (RPA), Augmented & Virtual Reality, Animation & Visual effect, Data Science & Analytics for various domains like Gaming, FinTech, Agritech, MedTech, Autonomous Connected Electric & Shared(ACES)Mobility, ESDM, Cyber Security, Industry 4.0, Drone, Efficiency Augmentation, etc. STPI is aspiring to become the largest technology startup ecosystem in the country.

Note: List of Student attached

Faculty of IT & Department of Computer Science visited Software Technology Park of India Limited, Bhilai as Industrial Visit. This visit was very fruitful for our students.

Learning outcome of industry visit:

As per the present scenario, technology is advancing rapidly. New innovative ideas need to be cultivatedto coup up with the emerging technological demands. Following are the outcomes of the visit.

1. Expose of the students about various allied areas during the academics for making them better professionals.
2. Got familiar with new and advance technologies.
3. It helped the students to gain first-hand information regarding functioning of the IT industryand provided them opportunities to engage in active learning both inside and outside the classroom.
4. Explanation of how all the networking devices and Data Centers Works and their role in Industry.
5. Students with interesting facts and emerging technologies.
6. Students understood the internal working and perspective of an organization.
7. Students understood about various job / internship opportunities in IT Sector.

Value Addition/Enhancement of the Visit:

Industrial visits are an essential part of the academic curriculum in most of the Graduate and Post - graduate courses. Being a part of interactive learning, such educational visits give students a major exposure to real working environments along with a practical perspective of a theoretical concept relevant to their domain. In addition to that, industrial visits bridge the widening gap between theoreticallearning and practical exposure by giving students the first-hand exposure to identify the inputs and outputs for different business operations and processes performed at the workplace.

Intending to go beyond classroom learning, the industrial tours contribute a lot in holistic student development by letting students learn about the current trends in the market, the future scenario of the industry and the new technologies that are being applied in the industry.

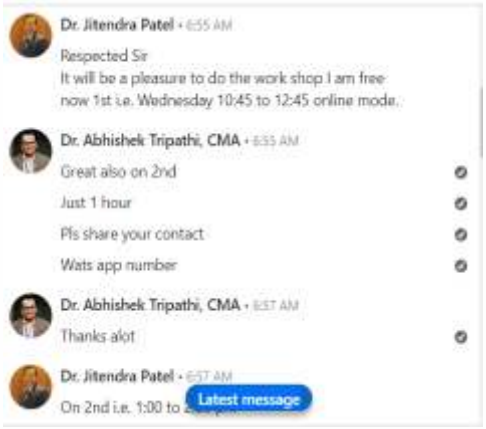
"Workshop on Design Thinking, Critical Thinking and Innovation Design"

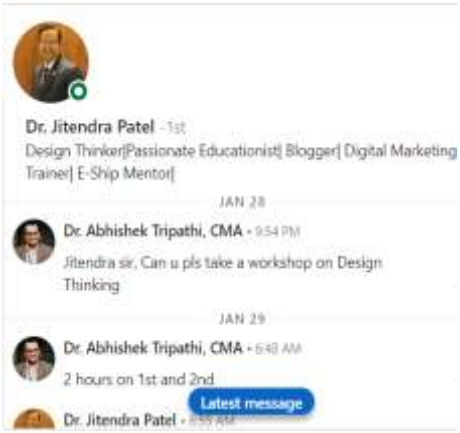
Organized by- "Faculty of Commerce and Management"

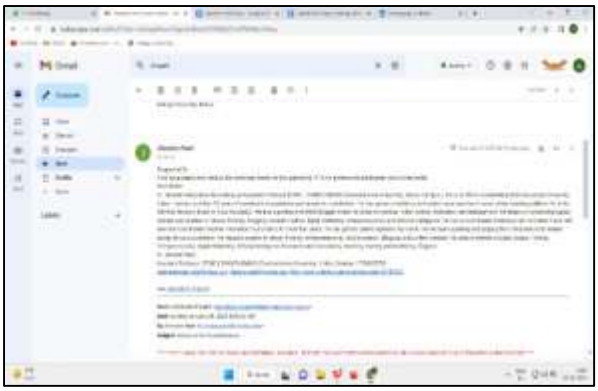
01-02-02.2023

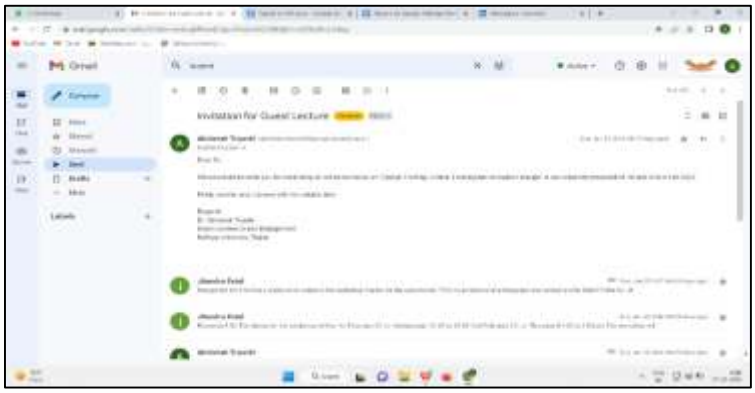
Title- "Workshop on Design Thinking, Critical Thinking and Innovation Design**"**
Date: 01/02/2023 to 02/02/2023
Time of event: 01/02/2023 (10:45 am to 12:45 pm) to 02/02/2023 (01:00 pm to 02:00 pm)
Event Type: Online
Venue: Online using google meet
IOM/Circular: Attached

Invitation to the resource person:









Objective of Program:

➔ To understand and apply the principles of design thinking, critical thinking.
➔ To develop an innovative mindset.
➔ To interpret various situations as business opportunities applying the principles of design thinking, critical thinking and innovation.

Profile of Resource person (if applicable):

Resource Person 1:

Name: Dr. Jitendra Patel

Designation: Assistant Professor

Organization: NMIMS, Indore

Program Schedule:

Date	Time	Resource Person
01/02/2023	10:45 am to 12:45 pm	Dr. Jitendra Patel
02/02/2023	01:00 pm to 02:00 pm	Dr. Jitendra Patel

Details of Program:

It was a two day online workshop on "Design Thinking, Critical Thinking and Innovation". The content of the workshop were as follows:

1. Design Thinking Skills
2. The psychological principles of problem solving and creativity
3. The relationship between creativity, problem solving, and product performance
4. How to generate and identify creative ideas
5. Seeing different perspectives
6. Identifying Customer Needs
7. Designing and defining product Specifications
8. Applied Creativity
9. Prototyping Design for Services

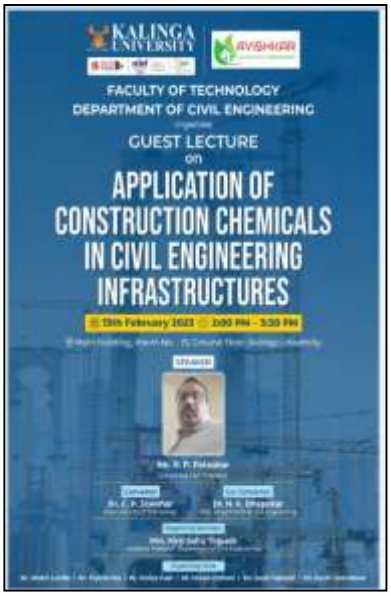
"Guest Lecture"
Organized by-Department of Civil Engineering
On 13-02-2023

Title- " Application of Construction Chemicals In Civil Engineering Infrastructures"
Date: 13-02-2023
Time of event: 02:00 PM
Event Type: Offline
Venue: Main Building MBGF-15
IOM/Circular: KU/CED/DA/2023/01
Event Poster:

KALINGAUNIVERSITY

Faculty of Technology
Department of Civil Engineering

Invitation Letter



Invitation to the resource person:

Objective of Program:

1. Guest Speakers provide an important educational experience for students based on their real-world life experiences
2. Students get to see the insight and perspective of the guest lecturers' specific field.
3. To promote and create interest in students about the application of chemicals in the construction industry

Profile of Resource person (if applicable):

Expertise Function/Application: Flooring, Grouting, Producing Concrete, Protecting Concrete, Waterproofing and Sealing and repairing Concrete.

Resource Person 1:

Name: Mr. R.P.Pataskar

Designation: Consulting Engineer

Organization: Self

Program Schedule: NA

Details of Program:

Guest lecture was conducted on 13th February 2023 at Main Building GF-15 on topic 'Application of Chemicals in Civil Engineering Infrastructures' for the students of Department of Civil Engineering by guest speaker Mr. R.P. Pataskar, Consulting Engineer Raipur Chhattisgarh. Dr. C.P. Jawahar welcome the guest by potted plant followed by the speech. He said that it is a great pleasure to welcome such a noble personality as our G uest.

He welcomed and thanked all students, and staff members for taking a keen part in this guest lecture and making it successful. Dr. C.P. Jawahar Dean Faculty of Technology also share his views and idea about the chemicals utilization in civil infrastructure and importance of guest lecture. Lastly memento and vote of thanks was given by Dr. N.K. Dhapekar Head Department of Civil Engineering. On behalf of department, he said I extend a really hearty vote of thanks to our chief guest who spared time from his busiest schedule to grace the occasion. Today we had an opportunity to hear your thoughts and this will surely be going to encourage us in our future events. In guest lecture total 36 Students and 07 Faculty members were present.

Program Outcome:

4. Students will get new perspective about the chemicals used in construction industry. Guest lecture will give a better opportunity to know about the job opportunities in this sector.
5. Students will get current industry insites regarding the applications of construction chemicals. They will come to know about the collaborations across the globe.

Number of Students participated: 36

Hands on training program on X-Ray Diffractometer (XRD)
Organized by-Central Instrumentation Facility
On 25th February 2023, Saturday

Title- Hands on training program on X-Ray Diffractometer (XRD).
Date: 25th February2023
Time of event: 10:00 am to 04:45 pm
Event Type: Online & Offline (Hybrid Mode)
Venue: Central Instrumentation Facility, (H Block) Pharmacy Building, Kalinga University Campus, Naya Raipur.
Organizer: Dr. Byju John
Name of the Resource person & Co-ordinator : Dr.N.K.Dhapekar
Creative:

Purpose:
To elaborate the microstructural properties of various types of concrete, design of concrete mix, production of concrete and various concreting analysis operations. Cementing material is the vital component of the concrete, so the process of manufacturing of concrete, types of concrete and their properties are discussed in this training program. Micro properties of concrete in plastic as well as in hardened stage find its due coverage in this session. The session aims at imparting knowledge and skills to supervise concreting operations involving proportioning, mixing, transporting, placing, compacting, finishing and curing of concrete through XRD. Advanced technologies & equipments for X -Ray diffraction were also discussed in this session.

Program Schedule:

S.No.	Particulars	Resource Person	Time
1.	Registration		10.00 am to 10.30 am
2.	Program Inauguration		10.30 am to 11.00 am
3.	Tea Break		11.00 am to 11.10 am
4.	Introduction to X-Ray Diffraction , Phase analysis & Residual stresses.	Dr. N.K.Dhapekar	11.10 am to 1.30 pm
5.	Lunch		1.30 pm to 2.00 pm
6.	Application of XRD , Technical session on X-Ray Diffraction & it's Applications in Engineering & Research.	Dr. N.K.Dhapekar	2.00 pm to 2.30 pm
7.	Demonstration of Sample preparation & Diffraction of samples using X-Ray Diffractometer	Dr. N.K.Dhapekar	2.30 pm to 3.30 pm
8.	Tea Break		3.30 pm to 3.45 pm
9.	Feedback		3.45 pm to 4.00 pm
10.	Closing and Valedictory Function		4.00 pm to 4.30 pm
11.	Short Visit of Campus		4.30 pm to 4.45 pm

Details of the Program:

The Resource person Dr. N.K.Dhapekar, shared his knowledge about advanced XRD technologies. The event was conducted through online and offline mode both. In first phase, all were welcomed by Dr. Byju John who guided about the shedule of session and later on he briefly explained about the various instruments useful for evaluating properties in the field of Engineering , Science & Biotechnology. Resorce person has explained various applications of XRD in the field of Chemistry also and ellaborated the importance of XRD in pharmaceutical and Engineering industries. **Thirty-Three** participants attended the training session.

Program Outcomes:

1. Participants learnt about various applications of X-Ray Diffractometer.
2. Enhanced the knowledge about microstructural analysis.

Number of members participated: Thirty-Three (33)

KALINGA UNIVERSITY

INTER OFFICE MEMORANDUM

To: Mr Bishwajita Ghosh, Department of Geography
Mr Akshit Lamba, Department of Civil Engineering

From: Registrar

Subject: Regarding attending National Science Day 2023 Celebration by Survey of India

Ref. No. KU/2023/IOM/SN/036 Date: 23/02/2023

Copy to:
- Hon. Chairman (for kind information)
- Hon. Chancellor (for kind information)
- Hon. Vice Chancellor (for kind information)
- DAA & COE (for information)
- Deputy Registrar & Head HR (for information)
- Transport Incharge (for information)

This is with reference to a letter received from CG Geo-Spatial Data Centre, Survey of India, Raipur wherein its mentioned that like every year they will be celebrating National Science Day 2023 and are inviting students for demonstration of Surveying & Mapping technology on 28th Feb 2023.

You are requested to go through the enclosed letter and attend this event along with students of Geography & Civil Engineering Department.

Kindly coordinate with Dr D M Sahu, Incharge Transport for travel arrangements.

Dr Sandeep Gandhi
Registrar 23/02/2023

Objective of Program:

11. To make the students understand about the latest technologies in survey & mapping.
12. To demonstrate the working process of D rone.
13. To get knowledge about software tool in GIS mapping.

Profile of Resource person (if applicable): Not Applicable

Program Schedule: Not Applicable

Details of Program:

Kalinga University Raipur got the invitation from CG Geospatial Data Centre, Survey of India, Raipur for Demonstration of Surveying & Mapping technology on the occasion of National Science day 2023

Overall 71 students (48 Students from Department of Civil Engineering & 23 Students from Department of Geography) along with 6 faculty member (5 from Department of Civil Engineering and 1 from Department of Geography) has visited the CG Geospatial Data Centre, Survey of India, Raipur on the occasion of the Science Day.

The students got a great opportunity to understand different demonstrations related with surveying & mapping like the software's & hardware's related with digital mapping and GIS, modern surveying instruments (GPS, Drones, Digital levels etc.)

Program Outcome:

2. Students learnt about software about GIS & mapping.
3. To grow the knowl edge about drone technology and GIS Arc Software.

Number of members participated: 71 Students from Kalinga University Raipur

Number of faculty participated: 06

Expert Talk on Process of Innovation Development, Technology Readiness Leve l (TRL): Commercialization of Technologies and Tech Transfer Organized by “Department of Education” On 16-03-2023

Title- "Expert Talk on Process of Innovation Development, Technology Readiness Level (TRL): Commercialization of Technologies and Tech Tran sfer**”**

Date: 16-03-2023
Time of event: 09:30 AM
Event Type: Offline
Venue: Auditorium
Event Poster:

Objective of Program:

1. To give information about innovation.
2. To understand TRL.
3. To motivate students towards tech transfer.

Profile of Resource person:

Resource Person:

Name: Dr. Ishwar Kumar

Designation: Public Sector Consultant

Organization: Grant Thornton Bharat LLP

Details of Program:

First Dr. Ishwar Sir was welcomed with ‘Tilak’ and flowers. After that Bhupesh welcomed everyone with welcome speech. The program started with Saraswati Vandana and lamp lighting by Dr. Ishwar Sir, Dr. Ranjeeta Singh, Mrs. Pooja Deo and Ms. M. Gayatri. With the addressing words of Prabha, Dr. Ranjeeta Singh felicitate Dr. Ishwar Sir by giving pottery plant. After the introductory speech by Mrs. Priti, the stage was handed over to Ishwar Sir.

Ishwar Sir started his oration with the word ‘Innovation’. What is innovation, what is star up, how can new ideas come to mind, what is difference between creation and innovation, how can we discover things, how they can be motivated, in these basic points he talked openly to the children. What is the difference between art and innovation, he asked the children to find the answer themselves. Technology and innovation are closely related. In this context, he gave the example of Dunlop tyre. The children asked many questions.

He gave his lecture in very simple terms and answered the questions very calmly and patiently. At the end, the vote of thanks given by Yuvraj. The program went off very smoothly.

Program Outcome:

1. Participants could motivate towards new ideas.
2. Participants were able to understand about Tech Transfer and TRL.

Number of Students participated: 98

Invitation to the resource person:
(If applicable): Dr. Anil Wali, Managing Director (FITT), IIT-Delhi.

Objective of Program:

To introduce the functions of Industrial Research & Development Unit (IRD Unit).
To create awareness about Industrial Research & Development Unit (IRD Unit).

Profile of Resource person (if applicable):

Program Schedule:10:AM -11:30AM

Details of Program: An online lecture on " HEI's Research Office and Technology Transfer Organization (TTO): Synergistic Operations" was delivered today by Dr. Anil Wali, Managing Director (FITT), IIT-Delhi and attended by Directors of R&D cells in HEIs.
The lecture explained functions of IRD Unit of IIT Delhi and functions of IPR. It gave comparison between IRD and FITT. The session gave information about Synergistic program interventions like SAMRIDH, TRIPP, PS&RA.

Program Outcome:

13. Participants gained in-depth knowledge about Industrial Research & Development Unit (IRD Unit).
14. Participants will be able to explain the functioning of Industrial Research & Development Unit (IRD Unit).

GUEST LECTURE ON
AI – Its Advancement and Impact on the Market
Market Volatility and Preparing for the Changes
Organized by The Faculty of IT & Department of CS On 18-04-2023

Title- GUEST LECTURE ON

1. AI – Its Advancement and Impact on the Market
2. Market Volatility and Preparing for the Changes

Date: 18-04-2023

Time of event: 10:00 AM to 12:00 PM

Event Type : Offline

Venue: Auditorium Kalinga University, Naya Raipur

IOM/Circular:

Event Poster:

Objective of Program:

The objective of the guest lecture on AI – Its Advancement and Impact on the Market and Market Volatility and Preparing for the Changes is to provide participants with an understanding of the advancesin artificial intelligence and its impact on the market and to share strategies for managing market volatility and preparing for changes. By attending the lecture, participants wil l gain insights into the implications of AI-based technologies and strategies for navigating market volatility.

Profile of Resource person (if applicable):

Resource Person:
Name: Mr. Harshit Singh

Designation: Vice President of Data
PlatformOrganization: Demyst, New York

Program Schedule:

Details of Program:

Department of CS & Faculty of IT organized a GUEST LECTURE ON
1. AI – Its Advancement and Impact on the Market
2. Market Volatility and Preparing for the Changes.

This program is designed to give an overview of Artificial Intelligence (AI) and its impact on the market. It will cover topics such as the various types of AI, the applications of AI, and the challenges and opportunities it presents. Additionally, the program will explore how market volatility can be anticipatedand managed. Participants will be provided with a comprehensive understanding of AI and its implications in the current market environment. The program will also provide participants with practical strategies and tools to prepare for the changes in the market. Finally, case studies and exampleswill be used to illustrate the concepts discussed in the program.

Program Outcome:

1. Participants will gain an understanding of the current trends in Artificial Intelligence (AI) andits impact on the market.
2. Participants will gain knowledge of market volatility and strategies to prepare for changes in themarket.
3. Participants will learn how to apply AI and market volatility to their own investments.
4. Participants will identify potential risks and opportunities to capitalize on market changes.
5. Participants will develop a more comprehensive understanding of the financial markets and theirinterrelationship with AI.

Educational trip to Tala by Department of Arts and Humanities

25th August 2022

NAME OF EMPLOYEE : **Mr Chandan Singh Rajput, Dr Vineeta Diwan,**
DESIGNATION: **Assistant Professor, Department of Arts and Humanities**
DATE OF VISIT/ PERIOD OF TOUR- **August 25, 2022 from 9am to 4.45 pm**
PLACES VISITED : **TALA GAON, Bilaspur Raipur highway**

PURPOSE OF VISIT: To study the historical significance of the 5 th century temple architecture, the majestic Rudra Shiva anthropomorphic icon and iconography, the history of ruling dynasties during 5-10 th century in Chhattisgarh and their culture at Tala

NAME OF PROJECT: NA

Day 1 date –A group of 45 students escorted by two professors of the Department left for Tala sharp at 9:30 am. The site was reached at 12:30 which was surveyed for about two hours in which each and every corner of the site was explored and photographed.

There was an analysis of the temple architecture, the quality of stone used in construction, the Kushana and Gupta temple architecture and other historical details were explained by the Professors to the students. The group left for Kalinga University New Raipur sharp at 2:40 after lunch and reached the campus at 4:45 pm

21st STATE SHOOTING CHAMPIONSHIP
at 4th Bn Shooting Ranga located at Mana Camp
on Wednesday, 7th September 2022.

Students of Journalism and Mass Communication visited the venue of 21st State Shooting Championship at 4th Bn Shooting Ranga located at Mana Camp on Wednesday, 7th September 2022. It was the venue for the 21st state level shooting championship. The students got an opportunity to see and understand the techniques of shooting as well as how to prepare news report on Sports event like shooting which is believed to be very rare event as it takes place once in a year.

CELEBRATION OF INTERNATIONAL LITERACY DAY TO KUHERA Govt. School with street play and Gifts for school children by Department of Commerce & Management

on 8th September 2022

The Faculty of Commerce & Management celebrated "International Literacy Day" with students of Govt. School of Kuhera on 08thSeptember, 2022, from 1.30PMto 03.00PM.

The programme started with welcome & felicitation of guest with a potted plant. The Surpanch of Kuhera, Head Master of Primary School, Head Master of High School & teachers of the school were present. The students of Faculty of Commerce & Management also performed Nukkad Natak on the theme "Importance of Higher Education"

We also distributed stationary items & snacks to the students as well as to the staff members. They all were overwhelmed with our gesture and gave us an appreciation letter in return.

HINDI DIWAS CELEBRATED
by Department of Hindi under the Faculty of Arts and Humanities
On 14th September 2022

The 'Apni Baat' program was organized by the students on Hindi Diwas celebrations under the aegis of the Department of Hindi under the Faculty of Arts and Humanities of Kalinga University.

It may be noted that the function was inaugurated by lighting the lamp and garlanding the picture of Maa Saraswati and the classical Hindi litterateurs. First of all, Sachin Pandey, a BA fifth-semester student, gave an impressive lecture on the importance of Hindi. After this, the students of BA fifth semester presented an attractive group dance.

In this sequence, Latika and Mukesh of the third semester of graduation recited their own poetry. Huneshwari Sinha, a student of BAJMC fifth semester, highlighted the merits of the Hindi language through her succinct lectures. Under the program 'Khel-khelmein' gave a wonderful presentation on English-Hindi translation. In which the students participated enthusiastically.

RATRI BEFORE NAVRATRI

On 28th September 2022

International students of Kalinga University rocks at promotional Dandia event 'Ratri before Navratri' organized by Anil Jotsinghania, on the occasion of Navratri festival recently at Queens Club, VIP road Raipur. The main event of Garbha is scheduled to take place from October 2 onwards.

Welcome address was given by Anil Jotsinghania. He informed that there were three categories of events like female, male and couple events. Thirty two studnets from Kalinga University took part in the event. Two international students Kabelo and Precious dressed in traditional attire gave their mesmerizing performance for which they were judged as Best Garba dancers. Large numbers of participants from different groups took part in the event.

Registrar of Kalinga University Dr Sandeep Gandhi, Dean Studnets Welfare Dr Asha Ambhaikar, Lt. Vibha Chandrakar and Ms Megha Mehra were present during the event. Dr Asha Ambhaikar was the part of jury and she declared the results. Anil Jotsinghania proposed vote of thanks.

GARBA NIGHT AT KALINGA UNIVERSITY CAMPUS

on 4rd October 2022

Diwali Milan 2022 was organized for faculties and staffs of Kalinga University with flying colours

On 20 October 2022

Diwali Milan 2022 was celebrated by the faculties of Kalinga University with enthusiasm on Thursday at University Auditorium. University campus was buzzing with happiness of Diwali festival with illumination of university building with colourful lights. The event was full of surprises for the participants. Auditorium was packed to capacity. Gifts were distributed to the faculties and staffs by the Human Resources department to mark the occasion. Beautiful Rangoli was decorated at the reception area by department of Interior Designing for the celebration of festival of light, Deepawali. People started greeting Happy Diwali to each others on the occasion of Diwali festival.

On the occasion of Diwali festival a colourful programme of Diwali Milan 2022 was organised by the department of Dean Students Welfare. Programme began with lighting of traditional lamps before the idol of Goddess Saraswati by Registrar Dr Sandeep Gandhi, Dean Students Welfare Dr Asha Ambhaikar, Dean Academic Affairs Mr Rahul Mishra and other degnitories present during the programme.

Details of Program:

Raipur- Under the aegis of Shaheed Veeranarayan Singh Research Chair of Kalinga University, a seminar was organized on the topic "Cultural splendor of Chhattisgarh" in the seminar hall of the university. Prof. Piyush kumar with his expertise on Chhattisgarhi folk culture addressed the student as resource person of the event The curiosity of the students and faculty members was addressed by prof. piyush kumar related to the culture of Chhattisgarh.

The seminar was inaugurated by lighting the lamp and Saraswati vandana in the presence of the chief speaker, faculty members and students On this occasion, Nafia Ahmed student of BA and her teem presented the melodious Saraswati Vandana. The resource person was welcomed by the student coordinator of the program

Ms. Anisha Khalkho and Nafia Ahmed. After that Dr. Ajay Kumar Shukla, Chairperson of Shaheed Veeranarayan Singh chair of Resource, gave a concise introduction to the Resource person and welcomed him.

Prof. Piyush kumar highlighted on various aspects related to the culture of Chhattisgarh, prof. Piyush Kumar said that the people of the world are amazed to see the glorious culture here sin ce the Vedic

period. There is a tradition of giving great respect to the nephew and this is the birthplace of Mata Kaushalya. Along with the Mitan tradition, he told enlightening things on Sua Geet, Panthi Geet, Karma Geet, Raut Nacha etc. He told about the death song of Dandabhi Madia tribe of Bastar that after the death of the person it is also returned to the nature. Describing the glorious culture here as the reason for the simplicity, ease and sociable personality of the residents, he said that there is no social evil in Chhattisgarh as compared to other regions of the country and there has been a rich tradition of coordination here.

The keynote speaker, opened a discussion with the students. The students satiated their curiosity by asking various questions related to the culture of Chhattisgarh. In the next phase of the programme, a documentary based on the folk culture of Bastar, directed by Mr. Rajkumar Das, Assistant Professor, Department of Journalism and Mass Communication,

Was screened. In which a beautiful depiction of various traditions prevalent on the death rituals of Dandabhi Madia tribe of Bastar was presented

At the end of the seminar, Ms. Kajal Shah and Ms. Surbhi Jagat of BA VI Semester honored the keynote speaker by giving memento on behalf of the university. Was the master of ceremony by Ms. Khushi Mishra of BA VI Semester, while the Vot of thanks and gratitude was expressed by Dr. Ajay Kumar Shukla, President of Shaheed Virnarayan Singh Shodhpeeth. On this occasion, Dr. Vijay Bhushan , Dr. Sushma Dubey, Dr. Vineeta Dewan, Dr. Vijay Anand, Dr. Anita Samal, Dr. Shraddha Hirkane, Dr. Manoj Mathew, Mr. Rajkumar Das, Ms. Aakriti Devangan, Ms. Madhumita Ghosh, Ms. Jessica Minz, Ms. Jyoti Reddy, Ms. Archana Nagvanshi, Mo. Yunus Ansari and stu dents of Faculty of Arts and Humanities were present.

"BEST OUT OF WASTE" BY DEPARTMENT OF BIOTECHNOLOGY

on 26th August 2022

Department of Biotechnology, Kalinga University has organized Activity on a theme: Best out of waste on 26th August 2022 at 02:00 -04:00pm, venue- Biotechnology Lab.

The inauguration of the talk was marked by the eminent presence of Dean, Faculty of Science, Dr. Chandrakant Sharma, Dr. Sushma Dubey (Head of the Department), Faculty membersDr. Suchitra Panigrahy, Dr. Shraddha Mishra, Ms. Nirali Budhbhatti and Students.

B.Sc.3rd, B.Sc. 5th and M.Sc. 3rd-semesterstudents participated in group by making models using waste material, steady and working models were presented by students. This event will bring inovative minds to think how they can form an object with causing minimum harm in the atmosphere, along with reduction in cutting of trees for paper. They will workthe on development of innovation & creativity. Students will develop ability to create, and present in form of an object. The Best out of waste activity was successfully conducted. This activity was very interesting and innovative. Total12 groups have participated in this activity.

“Collage making - Science for Sustainable Development” by Department of Biotechnology
on 14th October 2022

Department of Biotechnology organized a brainstorming session of theme-based collage making on “Science for sustainable development” at Kalinga University on 14th October 2022 from 02:00 -04:00PM. The inauguration of event was marked by the eminent presence of Dean, Faculty of Science, Dr. Chandrakant Sharma, Dr. Sushma Dubey (Head of the Department), Faculty members Dr. Suchitra Panigrahy, Dr. Shraddha Mishra, Dr. Varsha Jha and Students. Under graduate(UG) students from 5th semester (Biotechnology), 1st semester (Microbiology), postgraduate (PG) students from 1st and 3rd semester(Biotechnology) have participated in a group of three to four members and presented their amazing creativity in collage making on the given theme.Total 19 students were present in 8 groups. The concept of this on-the-spot theme-based collage making event was to encourage the young and innovative minds to think out of the box and bring their inner creativity to flourish. Students have used newspaper cutting to express their views about science for sustainability.Visit by Dr. CK Sharma Sir, Dean Faculty of Science has boosted the enthusiasm in the participants.Collages made by the students were displayed for judgment by the jury. .

"Site Visit Phase-I, Sarda Energy & Minerals Ltd."
Organized by "Department of Civil Engineering" On 23-03-2023

Title- "Industrial Visit Phase-I, Sarda Energy & Minerals Ltd."

Date: 23-03-2023

Time of event: 10:00 PM

Event Type : Offline

Venue: "Sarda Energy & Minerals Ltd.", Industrial Growth Centre, Siltara, Raipur (C.G.) 493111

IOM/Circular: KU/CED/DA/2023/03

Objective of Program:

The objective of visit was Technical exposure of steel manufacturing process and to make the students understand the making process of steel.

Details of Program:

Industrial Visit was visited on 23rd March 2023 at ,**Sarda Energy & Minerals Ltd.",** Industrial Growth Centre, Siltara, Raipur (C.G.) 493111. In the phase-I Site Visit Dr. N.K. Dhapekar sir, Head Department of C ivil Engineering and Event coordinator Mrs. Kirti Sahu Tirpude Assistant professor Department of Civil Engineering conducted pre - visit session in MBGF-09 and briefed about the company profile and details of the products manufactured. Questions were framed and given to the students so that they can explore the areas on site. Students were asked to submit the power point presentation and industry report after the visit within a week.

Program Outcome:

1. Students will be able to understand how the waste gener ated in the production is fully recycled?
2. The student will be able to understand and demonstrate the proper setups, uses and operations associated with industry standard processes for the manufacture, heat treatment and testing of metals/materials.
3. Fundamentals of understanding of steel making practice.

SLIDE POWER – GREEN TECHNOLOGIES IN CONSTRICTION
by Department of Civil Engineering
On 12th September 2022

In this Event It is well known and studies also show that the impact of pictures is more effective than text. It's easy for students to keep information in their minds if they learn things by using visual tools. A typical PowerPoint presentation contains pictures, graphs, diagrams, and bullet points. It increases the memory capacity of the mind. It also helps students remember information for a long time. A PowerPoint presentation can enhance the intellect of students. At the same time, it helps the teachers in their teaching methods. Different fonts, visual effects, and highlighting can help students learn new information quicker. It leads them to write better answers in their exams.

Details :

Department of Civil Engineering & Avishkar club conducted a Slide Power – Green Technologies in Constriction, 12th September 2022. The Resource person was Dr N.K. Dhapekar, who shared his knowledge about the session. The event was conducted through offline mode. In first phase, all were welcomed by Dr. N. K. Dhapekar and Dr. C.P Jawahar, Dean Engineering also addressed about the importance of event who guided about the events and importance's of power point presentation. Total participants from departments participated and got benefitted from this program.

"Debate Competition"
Organized by"Department of Civil Engineering"
On 21-03-2023

Title- " Should we Explore Solar Geo-Engineering to fight climate changes? "
Date: 21-03-2023
Time of event: 01:30 PM
Event Type: Offline
Venue: Main Building, Seminr Hall MBSF-01
IOM/Circular: KU/CED/DA/2023/02
Event Poster:

.

Objective of Program:

1. Debate Competition for students is very influential as it helps them to boost their confidence, remove the fear of speaking in public, develop critical thinking, how to think and communicate under pressure.

2. In the process of debating students gain an understanding to have conviction in the things what they are saying as they have prepared well for the topic. After a certain time of participating in debate competition, the communication skill improves and the way of delivering the speech gets better in a confident manner.

Details of Program:

Debate Competition was conducted on 21st March 2023 at Main Building, Seminar Hall MBSF-01 on topic 'Should we Explore Solar Geo- Engineering to fight climate changes?' for the students of Department of Civil Engineering. Mrs. Kirti Sahu Tirpude invite on the dice to our respected Head of department Dr. N.K. Dhapekar to share the importance of the debate competition in students life as well as sir beautifully explain the topic which should be given to students for the debate competition. Dr. C.P. Jawahar, Dean - Faculty of Technology also attended the event with us. He also share his views and idea about the topic of debate competition. The competition should be done in two rounds, students are very well enganged in both the rounds and share the points against other team. Mr. Piyush Das and Ms. Swati Agrawal, Assistant Professor Department of Civil Engineering done the judgement and mark the scores according to the points. Lastly vote of thanks was given by Dr. N.K. Dhapekar Head Department of Civil Engineering. On behalf of department, he said I extend a really hearty vote of thanks to our students and staff who spared time from his busiest schedule to successfully complete the event. In debate competition total 6 Students and 07 Faculty members were present.

Winners of Debate Competition:
1st – Jivan Jyoti (BTCE 6th semester)
2nd – Shlok Mishra (BTCE 8th semester)
3rd – Judidth Mononiki (BTCE 8th semester)

Program Outcome:
1. Develop excellent communication skills.
2. Develop excellent critical thinking skills.
3. Develop strategies to overcome fears of public speaking.

Invitation Letter

Dear Sir,

Greetings from Kalinga University!

At the outset, we take this opportunity to provide you a brief background about this National Conference titled, **"International Conference on Climate Change, Sustainable Development & Smart Agriculture (ICSSA-2023)"**, which is scheduled from 06th to 07th April 2023 from 10:00 AM at Kalinga University, Naya Raipur. The Conference is being organized with the financial support of **Ministry of Earth Science** (New Delhi), **NABARD Chhattisgarh & Chhattisgarh Environment Conservation Board** (Raipur). This Conference will be a gathering of experts, practitioners, policymakers, and stakeholders aimed at fostering exchange of ideas, sharing of successful strategies, and exploring the challenges and opportunities for strengthening resilience in the face of climate change. Some of the key themes of discussion in this conference would be: Adaptation and Resilience from Climate Change, Climate resilient agriculture, jobs, dwelling, lifestyle, etc., Climate Smart Technology & innovation, Race to Zero, Gender roles in climate change adaptation and resilience, green energy financing, and so on.

We are approaching you through this letter to invite you as a **Keynote Speaker**and seek your kind presence in the inauguration ceremony of this conference on 06th April 2023 at 10:30 AM at the venue- Auditorium, Ground Floor, Kalinga University, Naya Raipur, Chhattisgarh 492101.

We will provide honorarium, accommodation & travel support as per our university policy.

Should you require any assistance in this regard, please feel free to contact the under signed.

Thanking you and looking forward to your presence in this important event.

Yours Sincerely

The Conference is being organized with the financial support of **Ministry of Earth Science** (New Delhi), **NABARD Chhattisgarh & Chhattisgarh Environment Conservation Board** (Raipur). This Conference will be a gathering of experts, practitioners, policymakers, and stakeholders aimed at fostering exchange of ideas, sharing of successful strategies, and exploring the challenges and opportunities for strengthening resilience in the face of climate change. Some of the key themes of discussion in this conference would be: Adaptation and Resilience from Climate Change, Climate resilient agriculture, jobs, dwelling, lifestyle, etc., Climate Smart Technology & innovation, Race to Zero, Gender roles in climate change adaptation and resilience, green energy financing, and so on.

We are approaching you through this letter to invite you as a **Keynote Speaker**and seek your kind presence in the inauguration ceremony of this conference on 06th April 2023 at 10:30 AM at the venue- Auditorium, Ground Floor, Kalinga University, Naya Raipur, Chhattisgarh 492101.

We will provide honorarium, accommodation & travel support as per our university policy.

Should you require any assistance in this regard, please feel free to contact the under signed.

Thanking you and looking forward to your presence in this important event.

Yours Sincerely

Invitation Letter

Dear Sir,

Greetings from Kalinga University!

At the outset, we take this opportunity to provide you a brief background about this National Conference titled, **"International Conference on Climate Change, Sustainable Development & Smart Agriculture (ICSSA-2023)"**, which is scheduled from 06th to 07th April 2023 from 10:00 AM at Kalinga University, Naya Raipur. The Conference is being organized with the financial support of **Ministry of Earth Science** (New Delhi), **NABARD Chhattisgarh & Chhattisgarh Environment Conservation Board** (Raipur). This Conference will be a gathering of experts, practitioners, policymakers, and stakeholders aimed at fostering exchange of ideas, sharing of successful strategies, and exploring the challenges and opportunities for strengthening resilience in the face of climate change. Some of the key themes of discussion in this conference would be: Adaptation and Resilience from Climate Change, Climate resilient agriculture, jobs, dwelling, lifestyle, etc., Climate Smart Technology & innovation, Race to Zero, Gender roles in climate change adaptation and resilience, green energy financing, and so on.

We are approaching you through this letter to invite you as an **InvitedSpeaker**and seek your kind presence in the inauguration ceremony of this conference on 06th April 2023 at 10:30 AM via virtual mode.

We will provide honorarium, accommodation & travel support as per our university policy.

Should you require any assistance in this regard, please feel free to contact the under signed.

Thanking you and looking forward to your presence in this important event.

Yours Sincerely

Dr Manoj Singh

Objective of Program:

1. To create awareness about the causes and consequences of climate change.
2. To explore the possibilities for sustainable development mitigation steps and policies for preventing climate change.
3. To understand the impact of climate change on agriculture and food production.
4. To provide a platform for students and faculty to connect with expe rts in the field.

Profile of Resource person (if applicable):

Resource Person 1:
Name: Dr. Surendra Babu
Designation: G.M.
Organization: NABARD
Resource Person 2:
Name: Shri Prem Kumar (I.F.S.)
Designation: Secretary
Organization: Department of Forest an d Climate Change, Chhattisgarh
Resource Person 3:
Name: Shri Dilraj Prabhakar (I.F.S.)
Designation: Conservator of Forest
Organization: Development
and Planning, Forest & Climate Change Department, Chhattisgarh
Resource Person 4:
Name: Dr. P.K. Ghosh
Designation: Director
Organization: ICAR - National Institute of Biotic Stress Management, Baronda, Raipur
Resource Person 5:
Name: Dr. Prof. Krishan Kumar
Designation: Professor
Organization: School of Environmental Science, Jawaharlal Nehru University, New

Details of Program:

The Department of Zoology organized an International Conference on Climate Change, Sustainable Development and Smart Agriculture (ICSSA-2023) from 6th to 7th April 2023. The conference was sponsored by Ministry of Earth Science (Govt. of India), NABARD Chhattisgarh, Chhattisgarh Environmental Conservation Board (CECB) Raipur and the conference was also supported by ANANT Fish and Feed, Raipur (Industrial Sponsor).

The inaugural ceremony was graced by the presence of esteemed dignitaries Shri Prem Kumar (I.F.S, Secretary of Forest and Climate Change Department, CG), Dr. Surendra Babu (General Manager, NABARD), Dr. P.K.Ghosh (Director, ICAR- National Institute of Biotic Stress Management), Shri Dilraj Prabhakar (IFS), Prof. R. Sridhar (V.C., Kalinga University), Dr. Sandeep Gandhi (Registrar, Kalinga University) and Prof. Krishan Kumar (Jawaharlal Nehru University).

Dr Babu talked about the effect of climate change on different agricultural activities and oriented the audience with the mandate of NABARD regarding climate change mitigating efforts.

Shri Prem Kumar emphasized how the human activities are playing a Major role as a driving force for climate change and also talked about human driven extinctions in Australia, Madagascar and other areas. He also urged the students to play the role of Climate Cops.

Dr P. K. Ghosh, spoke about the issues and challenges faced by agriculture sector due to the change in climate. He also spoke about the methane emissions from paddy fields and cattle ranches. He also dismissed the myth around paddy fields being the biggest emitters of methane as conventionally believed.

Prof. Krishan Kumar, spoke about IPCC reports and its significance in understanding the climate change data. We also had Dr. Gayatri V K, (Scientist, Govt. of India, Indian Meterological Department), who shed light on how weather forecasting data are useful for farmers and other stakeholders. The conference has 3 internat ional speakers, Dr. Edgar Gonzalez (UNAM, Mexico), Dr, Rumman Hossain (University of Akron, Ohio, USA) and Dr, Alok Pandey, (Lancaster University, UK). They shared their research work about the impact of climatic change and its mitigating efforts.

Dr. S. Gajalakshmi from Pondicherry University, spoke about the Greenhouse gases mitigation, nutrients and energy recovery in paddy fields integrated with plant microbial fuel cells.

The event witnessed 230 registrations in both online and offline mode by students , research scholars and faculty from across the nation, of which 65% were oral and poster presentations and the rest were enthusiastic attendees. The attendees were from different states of India like Manipur, Kerela, Puducherry, Andhra Pradesh, Delhi, Uttarakhand, Maharashtra, Mizoram, Haryana, Chhattisgarh, Gujarat, Bihar and Orissa. The Vote of thanks was delivered by Dr. Manoj Singh, Convenor of ICSSA 2023. The organizers also received encouraging and affirmative feedbacks from the participants who learnt a lot about Climate Change Adaptation and Mitigation as well as Sustainable Agriculture approaches.

Program Outcome:

1. Participants could understand the policies /measures undertaken for mitigation of climate change.
2. Participants were able to interact with officials from different important government bodies.

Number of Students participated: 155

Number of faculty participated: 43

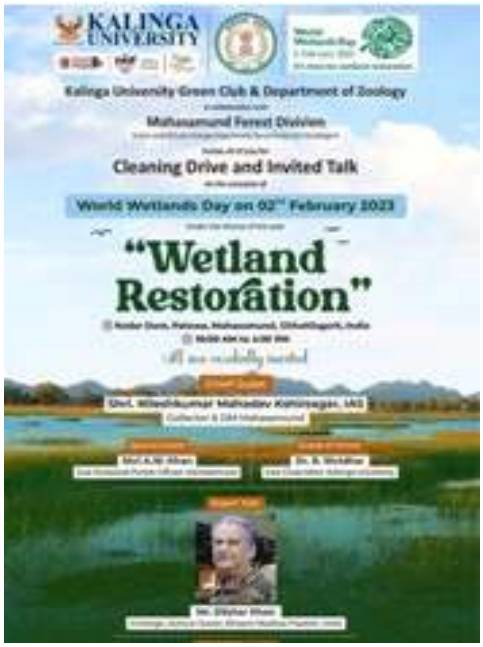
"Wetland Restoration"
Organized by-Faculty of Zoology, On 02-02.2023

Title- "Wetland Restoration"

Date: 02/02/2023



KALINGA UNIVERSITY
RAIPUR | INDIA

by NSS Unit at Anganwadi School

TREE PLANTATION

Date : 06th August 2022 | Time : 10 AM onwards

Details of Program:

National Service Scheme (NSS) Unit of Kalinga University organized "Tree Plantation Drive on 6th Aug. 2022 at Anganwadi, Kotni, Raipur CG. The aim of the Tree Plantation was to aware the Children about the importance of trees for healthy environment. Around total Anganwadi School Students – 130, participated in this drive and Ms. Kemin Sahu, School Teacher and Mr. Bhojraj Thakur, School Teacher also participated with the coordination of School Principal Mrs. Rajkumari. Dr.Smita Premanand, NSS Program Officer & Faculty of Fashion Designing and Dr. Komal Gupta NSS Program Coordinator & Faculty of Commerce & Management Kalinga University coordinated this program along with NSS Volunteers.

Number of Students participated: 130
Number of faculty participated: 2

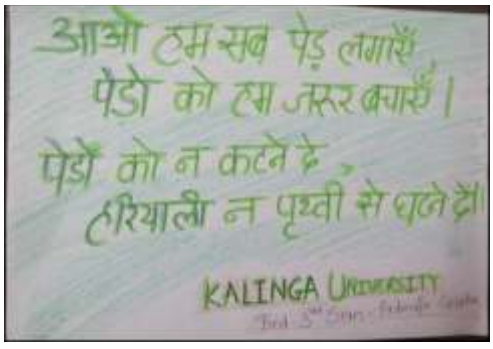
TREE PLANTATION WITH SLOGAN (ONLINE)
by Department of Education On 24th September 2022



“Educational Visit to Agri- Carnival 2022, Indira Gandhi Krishi Vishwavidyalaya, Raipur” by Department of Organized by Department of Botany and Microbiology, Kalinga University, Naya Raipur

On 18-10-2022

Students paid a visit to the various units set up at the Agri Carnival and observed the practical applications of the concepts they had previously learnt in the classrooms.

Biofertiliser Exhibition

The students and researchers of IGKV set up a unit exhibiting Cultures of beneficial microorganisms present in nature that increase nutrient availability to crops. Biofertilizers can increase crop yield by 10-50 percent and it is a cheap, non-polluting form of organic fertiliser.

They also showed products they had developed for commercial use by farmers like Rhizobium – used in pulse crop and leguminous crops (provides nitrogen), Azotobacter- used in vegetables and flowers(fix nitrogen and fix plant growth hormones), Azospirillum – beneficial for non-leguminous plants , K.B.S- important for flowering(provide potassium), Zinc- used through seed, soil and by dipping of roots.

Bio control Exhibition

The students and researchers exhibited how diferent biological agents can be used to control pests and pathogens of important cultivated crops. Students observed how Light Traps and adhesive traps can be used to control pests like white fly, thrips, aphids etc. attacking vegetables, horticultural crops and other field crops.

Biofloc Fish Farming

It is an innovative technique in which probiotics are added to the fish tanks to form proteins from the toxic fish wastes and other organic matter present in the water. This technology maintains water quality and is very cost effective.

Tissue Culture Lab

Students observed the bamboo being grown by Tissue Culture for the state's Bamboo forest revival Programme.

Mushroom Production

Mushroom cultivators demonstrated how Mushroom can be grown on farm leftovers organically in an economically sustain

Exhibition Stalls put up by NGOs, Women SHGs, Farmer Producer rganizations

Students visited the stalls which exhibited Bastar coffee production, processing of minor millets, linseed textile units , turmeric farming and it's varieties, preparation of herbal gulal , traditional and modern agricultural equipment etc .

"Inauguration ceremony of the Cactus garden and Plantation Drive" Organized by "Department of Botany" On 21-10-2022

Details of Program:

Department of Botany conducted Plantation drive and inauguration ceremony of Cactus garden on 21st Oct. 2022 at Cactus garden, university campus. More than 20 types of different Cactus species (viz. Gymnocalycium mihanovichii, Notocactus warasii, Stenocactus multicostatus, Ferocactus glaucescens, Mammillaria polythele , etc.) were brought from the different locations(viz. Lucknow, Allahabad, Raipur, Ayodhya, Shahdol) and planted in the cactus garden.

The inauguration of cactus garden was done by honourable registrar of the University, Dr. Sandeep Gandhi. On this occasion saplings of different plant species Acacia, Amla, Bel, Ixora, Neem and Mango were planted in the garden. On this occasion Dr. C.K. Sharma Dean, Faculty of Science, Dr. Deepa Biswas, HOD Botany, Dr. Sushma Dubey HOD Biotech, were present and participated in the plantation drive. The whole activity was coordinated by Mr. Abhishek Kumar Pandey, Dr. Faiz Bux, Ms. Abhismita Roy. In this activity students of botany, microbiology and biotechnology actively participated in this event and made this event successful.

Guest Lecture on Wood Anatomy
Organized by "Department of Botany, Kalinga University
On 03/03/2023

Respected Sir,

In current academic session, I have planned to organize a guest lecture on wood anatomy on 03rd March 2023 from 10:00AM to 12:00PM in Auditorium. The expert for this workshop is Dr Vishnu Prasad, Assistant Professor Department of Botany at SIES College, Mumbai, Maharashtra. He will share his knowledge of wood anatomy with our students of M.Sc. Botany, B.Sc. HT and B.Sc. ZBC.

It is requested to provide honorarium as per our policy and lodging facility from 02nd March to 04th March.

Kindly grant the financial and administrative permission for organizing the event. I also request to grant permission for making creative and flex for this event.

Thanking you

Yours Sincerely

Invitation for a guest lecture on wood anatomy

Dr. Vishnuprasad V. <vishnu4wood@gmail.com> Thu, Feb 23, 2023 at 7:41 PM
To: Abhishek Kumar Pandey <abhishek.pandey@kalingauniversity.ac.in>

Respected Sir,
Thank you very much for the invitation and the letter. I hereby confirm my presence as a resource person and will deliver a lecture on Wood Anatomy on 3rd March 2023 at Kalinga University, Raipur, Chattisgarh. I will be pleased to give my best possible inputs and share my experiences for the benefit of the student fraternity. It is indeed an honour for me.

Thanking you once again,
Regards,
Dr. V. Vishnuprasad
Assistant Professor (Botany) & Coordinator (Environmental Science)

Subject:- Invitation to be a Resource person for a Guest lecture on wood anatomy to be held on 3rd march 2023.

Dear Sir,

Greetings from Kalinga University.

It is our honour to write to you & extend this warm invitation to be a Resource Person for the upcoming guest lecture on "wood anatomy" which is scheduled for 3rd March 2023, at the auditorium of Kalinga University New Raipur, Chhattisgarh.

As there is a high demand for technical skills in the field of Life Sciences, especially in taxonomy and plant anatomy, this guest lecture is significant for our students. Your vast experience, insights, expertise, and views will benefit students and research scholars.

We are confident that your expertise will certainly make a difference in students' lives. We keenly look forward to your benign presence & support to make this session a great learning experience.

Thanking You

Yours Sincerely

Objective of Program:

14. To enhance the knowledge of the student in wood anatomy
15. To familiarize student with ongoing research in this field
16. To explore the future possibilities in this field

Profile of Resource person (if applicable):

Resource Person of the event

Name: Dr. V. Vishnu Prasad

Designation: Assistant Professor

Organization: Department of Botany, SIES College, Mumbai

Program Schedule:

Sr. No.	Activity Scheduled	Time
1	Saraswati Prayer	10:00 am to 10:10 am
2	Welcome speech by Dr. Deepa Biswas	10:10 am to 10:15 am
3	Inauguration speech by Dr. Sushma Dubey	10:15 am to 10:20 am
4	Guest Lecture by Dr. V. Vishnu Prasad	10:20 am to 12.20 am
5	Question-answer session	12:20 am to 12.30 am
6	Vote of Thanks by Mr. Abhishek Kumar Pandey	12.30 to 12.35 am

Details of Program:

A guest lecture on wood anatomy was organized by the Department of Botany, Kalinga University. At this event Dr. V. Vishnu Prasad from SIES college Mumbai is the resource person. Dr. Vishnu delivered a nice lecture on wood anatomy. He covered almost all aspects of wood anatomy including how to collect plant samples, how to cut sections using a microtome, show various types of tracheids, and vessels and how to macerate the sample. Dr. Prasad showed us the functioning of various types of the microtome. He also showed pictures of Xylaria situated at Forest Research Institute Dehradun. They also discussed their research and demonstrate the significance of native species over to the exo tic species

Program Outcome:

11. Participants could able to understand the diversity of wood anatomy. They have seen Xylaria first time (A type of wood collection)
12. Participants were able to understand how to collect the plant sample for wood anatomy

One Day Visit to "Barnawapara Wild Life Sanctuary, Baloda Bazaar, Chhattisgarh" Organized by Department of Forensic Science & Botany On 16-03-2023

Title- "One Day Visit to "Barnawapara Wild Life Sanctuary, Baloda Bazaar, Chhattisgarh**"**
Date: 16.03.2023
Time of visit: 10.00 AM to 5 PM
Event Type : Offline
Venue: Barnawapara Wild Life Sanctuary, Baloda Bazaar, Chhattisgarh.
The objective of the Workshop:

1. To impart knowledge regarding Wild Life Crimes.
2. To provide knowledge regarding the utility of forensic science in solving wildlife crimes.
3. To impart knowledge related to the procedures involved in reporting and filing of wild life crimes.
4. To impart knowledge related to trail walk at Wild Life Sa nctuaries.

Program Schedule: Program was scheduled at the Barnawapara Wild Life Sanctuary, Baloda Bazaar, Chhattisgarh.

Details of Program:

Department of Forensic Science under the faculty of sciencesvisited "Barnawapara Wild Life Sanctuary, Baloda Bazaar, Chhattisgarh" on 16.03.2023. The visit to the Barnawapara Wild Life Sanctuary of this state was unique.In this sanctuary, four horned deer, tigers, leopards, wild buffaloes, dragon, barking deer, hyena, porcupine, chinkara and black box etc. are found.The birds and animals were enjoying their freedom in the open. The surrounding was clean and neat and it was a plastic-free zone. The trees around were filled with leaves giving perfect house for the birds. There were sounds of birds everywhere and but the animals were in depth of the forest because the season was too hot. The atmosphere was good. There was fresh air, a pollution -free environment. The students of M.Sc. and B.Sc. Forensic Science II sem including faculties were personally received by the Forest Ranger – Shri Krishnanu Chandakar and Wild Life Biologist - Shri M. Suraj from Nova Nature Welfare Society, Raipur, Chhattisgarh. The students of forensic science along with the faculty members were taken for a trail walk which was about 5 kilometers in the depth of the forest. Mr. M. Suraj showed the wild diversity of the sanctuary in terms of flora and fauna. He also showed the nail marks of animals on trees. As that area was full of Bison there were full signs of bison activity. He showed us the tree where bison 'sharpen' their horns, or at least rub them for reasons unknown to us. The wildlife rescue team showed us the wildlife hunting zones where the movement of hunters and poachers is higher. He also explained the procedures they followed during wild crime scene investigations. Mr. M. Suraj also explained the importance of flora documentation. After 5 kilometers of trail walk, the students along with the faculties reached the office of the forest ranger, where students and faculties thanked the forest ranger for all his support and extended help. On the behalf of Kalinga University, we felicitate the forest ranger and Mr. Suraj M. with a memento as a token of appreciation. Followed by this the students were escorted for the lunch at the forest canteen. After enjoying the meal we gathered at the garden area for question-answer sessions and finally at 3.15 pm we leave the place by bus for University.

Number of Students from Forensic Science: 33

WEBINAR ON BRIDGING THE JUSTICE GAP

Pro Bono Legal Services in India on 12th July 2022
Inauguration of PROBONO CLUB under Nyay Bandhu (Pro Bono Legal Services)
&
PRO BONO CLUB, FACULTY OF LAW KALINGA UNIVERSITY, RAIPUR

R E P O R T

Kalinga University, Pro Bono Club, Faculty of Law has organised inauguration of ProBono Club and Webinar on Bridging the Justice Gap :Pro Bono Legal Services in India on 12th july initiated by Assistant Professor Mrs. Saloni Tyagi Shrivastava, Nodal Officer ,Kalinga Pro Bono Club under the Nyaya Bandhu Pro Bono Legal Services Scheme, Ministry of Law and Justice, Government of India. The programme Covered wide range of topics with a round of discussion aimed to equip Pro Bono Associates with required skills which will help them to carry various awareness and campaigns. Guests of the Event shared their keen knowledge and experience with the students and enlightened the Students and

Number of Registrations done – 258

Number of Participants attended - 100(due to limited number number of entries on Inline portal)

Remarks from the Participants -

1.It was a great experience and had gained so much of knowledge.
– Shalini shalu, Faculty of law, Law centre 1, Delhi university

2.The Webinar is very interactive, interesting and informative, I want to Join this types of webinar in future. Thank you so much. Abhinav Pandey, University of Lucknow

3.This webinar was very helpful keeping the present times in mind the pro bono legal services have huge importance as well must be established at a high rate to grow in this specific field and fulfil the utmost challenges faced by different classes and serve the nation with justice and fair treatment. The faculties were very highly successful to reach us students with the precious information.
Manali Saxena, Uttaranchal University

4.The Topic was new to me, so it was a very informative and useful piece of knowledge for me and my students. The simplicity of the language made me understand it thoroughly. I Thank you for such a great webinar. Wish you a grand success.
SHIVNARAYAN TIWARI,SVIL, SVVV, INDORE

5.Very much informative session please conduct such sessions as is required as a law aspirant. thank you for invite

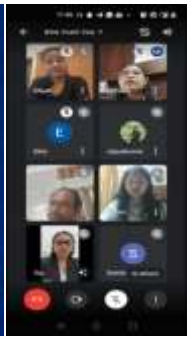
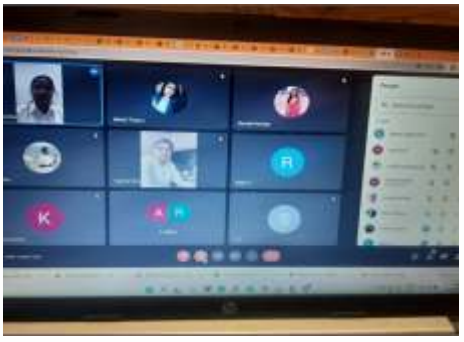
LITERARY AND DEBATE SOCIETY, FACULTY OF LAW KALINGA UNIVERSITY, RAIPUR

Kalinga University,Literary and Debate Society, Faculty of Law Organized 1st Online Intra- College Parliamentary Debate Competition on 30th -31st July,2022. The debate had 3 rounds out of which 2 rounds were conducted on 30th July and Final round was conducted on 31st July. 8 teams Participated in the competition and each team consisted of 3 members designated as Prime Minister, Deputy Prime Minister and Government Whip.
The competition helps the students to improve their oratory skills as well as make them aware about their country and issues which are prevailing in the society. Parliamentary Debate helps them to debate on a topic of a country's welfare with the responsibility of reaching to some solution of the prevailing issue on which they are debating.

All the participants maintained the dignity of the quorum like the Parliament and it helps the students to understand the way of debate which is done in the Parliament of India.





PROGRAMME ON NYAYA BANDHU LEGAL SERVICES by faculty of law on 17th August 2022 PROBONO CLUB (Pro Bono Legal Services)

Kalinga University, Pro Bono Club, Faculty of Law has organized Village Awareness Program on Nyaya Bandhu legal Services and Consumer Rights under Ministry of Law and Justice which was supervised by Assistant Professor Mrs. Saloni Tyagi Shrivastava, Nodal Officer, Kalinga Pro Bono Club and Ms. Ekta Chandrakar. The Students of the Pro Bono Club Prepared a skit on Consumer rights to inform the Villagers about their consumer rights and how they can save themselves from getting defrauded if they know their rights.

All the students went to the doors of each home of the village and spoke to them individually about their legal problems and other problems which they face on a regular basis. Students received good response and villagers talked to the students about their problems and asked them to help in resolving the issues as they don't have enough resources.

Further all the villagers gathered at one place and the skit was performed by the students on Consumer rights and also Ms. Anushka Sharma, a student of B.A.LLB VIIth sem gave a presentation on how to use the Nyaya Bandhu app to get the pro bono services if anyone face any legal issue and she explained to them the process of registration on the app.

National Youth Parliament under the aegis of Ministry of Parliamentary Affairs, Government of India by Department of Law, Kalinga University on 24th August 2022

Kalinga University Organized National Youth Parliament under the aegis of Ministry of Parliamentary Affairs, GOI.
It is an initiative of the Ministry of Parliamentary Affairs,Government of India to make the students aware about the procedure of the Parliament of India. The competition helps the students to improve their oratory skills as well as make them aware about their country and issues which are prevailing in the society. Youth Parliament helps them to debate on a topic of a country's welfare with the responsibility of reaching to some solution of the prevailing issue on which they are debating in the house. All the participants maintained the dignity of the quorum like the Parliament and it helps the students to understand the way of debate which is done in the Parliament of India.
The Event started with the National Anthem and then the Speaker initiated the session with the Oath ceremony of the new members added to the Youth Parliament. After that there was an obituary reference which led to the mourning silence for 2 minutes in the house of the Parliament. The question hour started and the opposition was given a chance to ask the questions from the ruling party on the issues of public welfare and matters of public concern. The session was held for one hour and all the participants shared their views on Digital India and skill India and issues related to it.

3rd Kalinga University National Moot Court Competition, 2022 by Department of Law On 15th & 16thSeptember 2022

The third Kalinga University National Moot Court Competition, 2022 was held in virtual mode on 15th and 16th of September, 2022 at the Kalinga University campus. The faculty convenor and co-convenor for the competition were Ms. Shreya Singh and Mr. Saumyadeep Chakrobarty. The opening ceremony included speeches from Dr. Tufail Ahmed Khan (Professor & Dean of Law) followed by the welcome speech by Ms. Kritika Mishra(Asst. Professor of Law). A total of twenty six teams registered out of which only twenty four teams participated from all over India. The total amount received through registeration is Rs.30,000/- only. The competitions were held in twelve different matches in the Preliminary round followed by six different matches in the Quarter-Final rounds held on 15th September, 2022. The internet connectivity provided by the IT department was pathetic on 15th Setember, 2022 due to which the faculties and student coordinators had to recharge their data on their own expense. the After which the Faculty of Law reported to the Information Technology department to resolve the issue and provide LAN connectivity to all of the law class rooms has soon as possible.

DEBATE COMPETITION BY DEPARTMENT OF POLITICAL SCIENCE, Faculty of Arts and Humanities On 19th September 2022

The Department of Political Science, Faculty of Arts and Humanities conducted a Debate competition on Theme "Can Censorship ever be justified" on 19th September, 2022 at MBFF15, from 11 AM to 1 PM for the students of BA, MA, BSW, MSW, BAJMC, MAJMC, BALLB and LLB. The event was organized by Dr. Anita Samal, Professor and Head, Department of Political Science and Mr. Chandan Rajput, Assistant Professor, Department of History. Around 80 students from different departments of the University participated in this competition, expressing their views in favor or opposition of the motion. The purpose of organizing debate competition was to sharpen the public speaking skills of the students and train them to be articulate while expressing their thoughts and opinions. The session was the kaleidoscope of opinions, thoughts and perspectives that enhanced the knowledge and understanding about the necessity and significance of Censorship. To begin with, each participant spoke their mind freely. Unsurprisingly, this led to a wide spectrum of contrasting views. While speaking strongly in favor of the motion some students argued that censorship is necessary to preserve the social and cultural values of any civilized society also it is an important tool to curb the objectional elements and ideas that comes on the way of maintaining peace and unity in the society. Countering this with a strong argument, those in opposition argued that freedom of speech and expression is enshrined in the Constitution of India as one of the Fundamental Rights.

YOUTH PARLIAMENT – 2022

A three-day 'Youth Parliament-2022' was organized by the International Youth Organization 'Youth for Nation' on 23, 24 and 25 September 2022 at Baraya Auditorium, Mansarovar, Jaipur, (Rajasthan). In which 18 states of the country were organized. 400 youth representatives were present. Dr. Mahesh Sharma, International President and Founder of 'Youth for Nation' told during the personal meeting that the purpose of the said organization is to develop leadership power among the youth of nationalist ideology. In which programs like youth parliament, youth dialogue, seminar, leadership practice, self-reliance campaign are organized. National Vice President of the organization Mr. Hemant Sharma, National Minister Mr. Rajnikant Mishra and other guests were present on this occasion. The celebration of the first day started with Yagya and Havan Puja. In which Jaipur MP Shri Ramcharan Bohra, Pujya Sant Shri Sudhanshu Ji Maharaj and senior pracharak of Rashtriya Swayamsevak Sangh Kailash Ji Bhai were present. After the worship of Youth Parliament-2022. Inaugurated. On the first day of the program, the youth parliament debated on the 'uniform civil code' bill in the Lok Sabha On this occasion, like Parliament, the Speaker of the Lok Sabha and the youth ministers and young MPs of the opposition and opposition spoke in a better way.

A Report on "Celebration of Constitution Day" Organized by "Pro Bono Club, Faculty of Law & Faculty of Arts & Humanities"

On 26-11-2022

Constitution is not a mere lawyer's document, it is a vehicle of Life, and its spirit is always the spirit of Age."
— B.R. Ambedkar

The existence and successful survival of democracy in such diverse conditions is the most celebrated fact about our country and constitution is its backbone. To reinforce the significance and importance of constitution the Government of India declared 26th of November as Constitution Day on 19thNovember 2015 by a gazette notification in remembrance of the Father of Indian Constitution, Dr. BR Ambedkar.

"Lok Adalat visit to Durg District Court"
Organized by- Faculty of Law, Kalinga University, Raipur ,
On 11-02-2023

Title- "Lok Adalat visit to Durg District Court"
Date: 11-02-2023
Time of event: 09:30 AM - 4:30 PM
Event Type: Offline (Practical & Physical)
Venue: District Court at Durg.

Objective of Program:

1. To make the students conscious about the importance of the Lok Adalat.
2. To enlighten the students about the various problems faced and dealt by the Lok Adalat.
3. To enlighten .
4. To make students aware about the opportunities, remedies and solutions to the problems given in the Lok Adalat.

Details of Program:

1. The participating students gathered around the main gate of the University at around 9:25 a.m. itself. All the students boarded the bus at 9:30 a.m. and left for Durg District Court.
2. The students reached Durg District Court at 11:05 a.m., while entering the court premises they were stopped by self proclaimed Advocates in civilian dress without any identification.
3. Upon enquiry it was found out that a fraction of the Advocate group of people were having problems with the authorities and they wanted faster solutions, hence they had called for a strike and wa s enforcing a total ban.
4. The coordinator tried to reason with the obstructing persons but they did not respond very kindly and all decided to leave the premises and go back to Kalinga University.

Program Outcome:

1. Students were not able to properly understand the basics of Lok Adalat due to the Advocate's strike and non-functioning of the Lok Adalat.
2. Students were not able to understand the alternative dispute resolution mechanism used in the Lok Adalat and the enforcement of the Award/Order.

TECHNICAL POSTER RESENTATION N COMPUTER FORENSIC & MOBILE FORENSIC
Organized by- The Department of IT & Infinity Club of CS
On 17-02-2023

Title- Technical Poster Presentation on Computer Forensic & Mobile Forensic
Date: 17-02-2023
Time of event: 11:00 AM – 02:00 PM
Event Type: Offline
Venue: First Floor, MBFF 20, Kalinga University

Event Poster:

Objective of Program:

1. To find vulnerabilities and security loopholes that facilitate attackers.
2. To understand the techniques and strategies utilized by attackers to avert prosecution, andovercome them.
3. To interpret, document and gift the proof to be permissible throughout prosecution.
4. To perform incident response to forestall more loss of property, finances Associate in Nursing name throughout an attack.
5. To understand the usage of correct tools for forensic investigations.
6. To recover deleted files, hidden files, and temporary information that would be used as proof.
7. To extract data from the electronic evidence, process it into actionable intelligence and present the findings for prosecution. All processes utilize sound forensic techniques to ensure the findings are admissible in court.

Details of Program:

Faculty of Information Technology and Infinity Club of Computer Science organized a Technical Poster Presentation on Computer Forensic & Mobile Forensic. This event was very fruitful for our students. Students expressed their knowledge whatever they have learned about the techniques and strategies utilized by attackers to avert prosecution, and overcome them.

Program Outcome:

1. **It helps in the processing of data.** Using digital forensics, investigators can retrieve, scrutinize,and store data and electronic devices so that it provides them opportunities to use the data as evidence during trials in a court of law.
2. **It helps solve cases.** Agencies can use digital forensics to deduce the identity of the perpetrator and identify the reasons for committing the crime.
3. **It facilitates the precise gathering of the evidence.** Forensics helps create standardizedpractices and steps to follow when gathering evidence, which ensures that the value and the legitimacy of the digital and electronic evidence does not get compromised.
4. **It's useful for recovering and extracting data.** Perpetrators often resort to data deletion when they're at risk of being caught by the authorities. Forensics teams can help recover the deleted data and extract hidden files from the electronic devices that can be crucial to prosecuting the perpetrators and help build a strong case against them in a courtroom.
5. **It helps to gauge the scope of the crime.** Data can be a very essential piece of evidence that can help the investigation agency determine the scope of the crimes committed by the perpetrators.

6. **It's essential for creating and maintaining reports.** Forensics teams often create and maintainreports of ongoing and finished investigations and keep records of all the evidence gathered to help facilitate the case and prosecute the perpetrators.
7. **It can help in storing and maintaining evidence.** The forensics department usually gathers andstores all the digital evidence in disks, hard drives, USB sticks, and servers to help theinvestigation agencies solve the case and apprehend the suspects efficiently.

Visit to Chhattisgarh Vidhan Sabha Library
Organized by Department of Political Science
On 20th March 29, 2023

Title- "Visit to Vidhan Sabha**"**
Date: 20-03-2023
Time of event: 09.30 AM **to** 03:30 PM
Event Type: Online/ Offline
Venue: Chhattisgarh Vidhan Sabha

Objective of Program:

1. To take a glimpse and make the students aware about the State Legislature (Vidhan Sabha) and to transform the theoretical knowledge of the State Legislative Assembly into Practical knowledge.
2. To enable the students to get acquainted with the Assembly Session in general and the Budget session in particular is conducted.
3. To learn how the speaker is the presiding over the Budget Session of the Vidhan Sabha
4. To learn how the speaker regulates proceed ing of the house and certifies a bill as a money bill.

Program Schedule: This is to inform you that Faculty of Arts and Humanities has organized a visit of the students of Batchelor of Arts to Chhattisgarh Vidhan Sabha on 20th March 2023. The visit is scheduled as follows:

1. University Bus will start from the campus at 9.30 AM.
2. Watching the Proceedings of the Budget Session at 11 AM.
3. Taking a tour of the entire Vidhan Sabha which include Central Hall, Vidhan Sabha Library, Vidhan Sabha Secretariat and the Committee Room at 12 PM
4. University Bus will reach the campus at 3.30 PM.

Details of Program:

The Department of Political Science visited the State Legislative Assembly on March 20th, 2023 to gain practical insight into the proceedings of the Budget Session. T he permission was granted by the Secretary of the State Legislative Assembly. Altogether, 35 students from Department of Political Science, Faculty of Arts and Humanities visited the Assembly under the Supervision of Dr. Anita Samal and Mr. Chandan Singh R ajput, Department of Political Science and Department of History. The Time allotted to us from the Speaker's office was from 11AM to 12.00 Noon. The University authority kindly agreed upon to provide us bus service from Kalinga University campus to the Ass embly and return journey to the University. As a result, the timely visit was made possible. The visit was organized and guided by PRO of the Assembly, Mr. Shailendra Patwa. After watching the Budget Session live students were taken for a tour of the Centr al Hall, Vidhan Sabha Library, Committee Room and all other important offices in the campus. The students very inquisitively questioned the PRO regarding their queries on the Assembly Session.

Our students witnessed a live –Budget Session of the Assembly. The MLAs were debating about roads, water supply, cow-sheds (gothans) and electricity issues in the Question-Answer session. MLAs thumped their desks in approval and raised their voices when they disagreed during the session. Students observed the Questio n Hour. They learnt about the decorum and dignity which has to be maintained during the proceedings of the house.

Program Outcome:

1. Theoretical knowledge of the Students about the State Legislative Assembly could be transferred to practical knowledge and also, they could relate with the things taught in the class.
2. Students were able to learn the basic decorum of discipline and high value maintenance of the documents in the State Assembly.
3. The students could learn how the speaker is the presiding over the Budget Session of the Vidhan Sabha and haw he regulates proceeding of the house and certifies a bill as a money bill
4. Students came to know how their Local MLA's put forward the demands of the public.
5. Students could learn how the Legislature as a highest law-making organ of the State Government engages in the Law-making business.
6. Students were able to know the possible outcomes and the valuable steps taken by the Government in order to address the problems and issues of the general public.

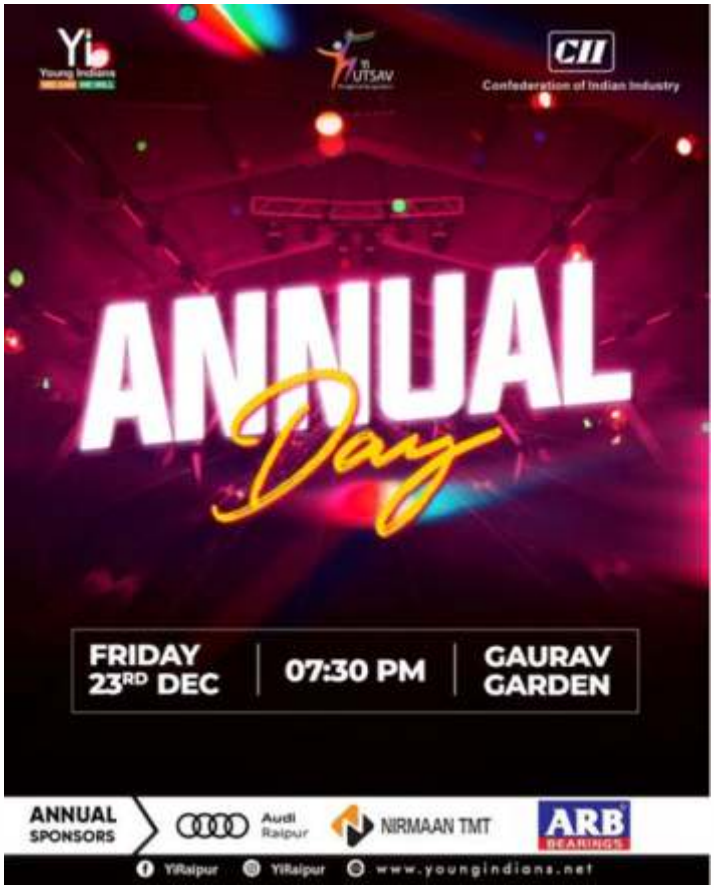
Dr. Sandeep Gandhi,
Registrar



Invitation to the resource person:
(Dr. Sandeep Gandhi, Registrar Kalinga University)
Please attach the proof of invitation sent to the resource person.

Dear Sir/Madam,

Annual Session of Young Indians (Raipur Chapter)
1930 Hrs, Friday, 23 December 2022, Gaurav Gardens, Raipur

I am happy to inform that CII-Young Indians Raipur Chapter is organising its Annual Session on 23 December 2022 at Raipur. Yi Raipur Chapter was founded in 2009 & currently has over 157 members & engaged with over 2000 Yuva students from leading institutions. Over the last 13 years, Yi Raipur has touched the lives of 5 Lakh individuals with over 1,500 activities divided into 3 broad dimensions - "Nation Building", "Youth Leadership" & "Thought Leadership". Yi Raipur conducts between 100-120 activities during a calendar year aiming at spreading awareness on nation building projects like Climate Change, Gift an Organ, Road Safety, Accessibility, Masoom - Keeping Children Safe, promoting youth leadership through initiatives like Youth Entrepreneurship Summit & Learning Sessions with renowned speakers. With this backdrop, I am writing to cordially invite you to grace the occasion with your presence. Session to be held from 1930 Hrs, Friday, 23 December at Raipur. We look forward to your positive response and hope to receive your August presence. In case of invitation sent physically, the soft copy of invitation card has to be pasted.

Thanks and Regards
Aditya Mundra
Chair
Young Indians Raipur Chapter
Mob- 9669199999

(As Forwarded by Dr. Sandeep Gnadhi sir to my mail)

Dr. Sandeep Gandhi
Kapil sir

Please attend this event and submit a report

Thanks & Regards

Details of Program:

The event commenced with Saraswati Vandana and the address by the chief guest, Dr. Abhishek Trip athi (Dean of Commerce and Management). This was followed by the students' speeches on their chosen topics and speeches by the faculties as well. Ms. Aswathy, a second -semester MBA student, gave the vote of thanks on behalf of Kalinga University. The event concluded by the speakers from Witty Gossips with their vote of thanks.

Program Outcome:

The students shared the various insights about the Partnership to Achieve the Goal.
The students were aware about the SDGs which were formulated in 2015 by the United Nations General Assembly (UNGA) as part of the Post-2015 Development Agenda, which sought to create a future global development framework to succeed the Millennium Development Goals, which ended that year.
The students knows about blueprint for peace and prosperity for people and the planet, now and into the future
The students understands that the SDGs emphasizes the interconnected environmental, social and economic aspects of sustainable development by putting sustainability at their center.
Students are aware that SDGs can only be realized with strong global partnerships and cooperation. The world is more interconnected than ever. Improving access to technology and knowledge is an important way to share ideas and foster innovation.
The students are aware about the goals of SDGs which aim to enhance North-South and South-South cooperation by supporting national plans to achieve all the targets.
Students are aware that by promoting international trade, and helping the developing countries by increasing their exports is all part of achieving a universal rules-based and equitable trading system that is fair and open and benefits all.
The students understood the sustainable development through partnership to achieve the goals.

Details of Program:

Two-day competitions of university dance and singing competition organized under G-20 University Connect by Shaheed Veer Narayan Singh Research Institute at Kalinga University concluded. Best nine participants in the singing and dance competition were felicitated with trophies and certificates at the end of the program.

It may be noted that out of more than 65 students of the university participating in the competition, 40 selected students showed their talent. Under the dance competition, the students enthralled the audience by performing traditional dances of different states as well as western dance styles. While in the singing competition, singing traditional, classical, regional and film songs students mesmerized the audience. Famous Chhattisgarhi folk singer and musician Shailesh Baghel, famous dancer Ms. Neha Sao and famous dancer Mr. Vijay Rao were present as judges in the singing and dancing competition. While in the second phase of the competition, Dr. Shilpi Bhattacharya, Dean of the Faculty of Arts and Humanities and Dr. Abhishek Tripathi, Dean of the Faculty of Commerce and Management were present as judges.

Partha Dubey of BALLB II Semester secured first position in singing competition and Ankaj Kumar of B.Pharma.II Semester secured first position in dance competition. Ayush Sharma, Sania Dewangan, Anvesha Burma, Leena Saha, Swarnim Sahu and Sejal Singh Kashyap secured first position in singing competition respectively. Akash Kumar and Anshika Chakraborty were felicitgated with trophy and certificates for excellent singing. In the same order, Amandeep Kaur Bhullar, Naina Chakhiyar, Mitali Jain, Sanjana Pratap, Yuvraj Singh, Isha Singh, Nyasa Tiwari and

Harshprabha were awarded in the dance competition respectively. Arde, Varsha Gond, Ipshita Marathe and Isha Yadav were awarded with trophy and certificates for excellent dance.

Appreciating the cultural event of the university, the chief guest present on the occasion said that through such competitions, the students get the right platform, and their hidden talent also shines. Due to which their confidence increases as well as their skills improve. The said program was conducted by MJMC students Sulabh Saurabh Rana and Ms. Khushboo Shaw under the direction of Mrs. Shreya Dwivedi, Assistant Professor, Department of Journalism and Mass Communication. Mrs. Vibha Chandrakar Assistant Professor in the Department of Fashion Designing. Ms. Abhismita Das Assistant Professor of the Department of Botany, Dr. Komal Gupta, Assistant Professor of the Department of Commerce and Management and her team, guest reception, worship ceremony and prize distribution system, Department of Journalism and Mass Communication Professor Mr. Rajkumar Das took the responsibility of operating the technical system. While the vote of thanks was proposed by Ms. Juhi Singh Rajput, Chief Instructor of the Training and Placement Department and Dr. Ajay Shukla, in-charge of the Shaheed Virnarayan Singh Research Institute, the chief guest and all present professors, students and teachers. Expressed gratitude to the participants.
