HP GASENOL 20W 50

Premium CNG/LPG Engine Oil

DESCRIPTION

HP GASENOL 20W 50 is a premium quality engine oil developed for CNG/LPG autos, passenger cars and minivans running on CNG/LPG. The product is made from highly paraffinic base stocks and fortified with select additives to deliver superior performance benefits upto 10,000 kms drain interval.

HP GASENOL is available in 20W 50 viscometrics. The superior additive chemistry ensures protection against oxidation and nitration caused due to high temperature combustion of CNG/LPG Fuels in Engine. Right dosage of anti-wear and balanced detergency helps to protect the engine from wear and deposits, resulting in trouble free operation for longer service intervals.

APPLICATIONS

HP GASENOL 20W 50 is recommended for all types of autos, passenger cars and minivans running on CNG/LPG fuel. It can also be used in petrol engines to render satisfactory performance.

FEATURES & BENEFITS

- Oil is suitable for use in all seasons and helps in reducing oil consumption
- Extended oil life due to excellent oxidation and nitration resistance
- Excellent high temperature lubricity, detergency and dispersancy, keeps the engine clean
- Perfectly balanced anti-corrosion, anti-rust and anti-wear properties
- Optimized ash content prolongs the life of valves and spark plugs, prevents pre-ignition, carbon deposits on valves and ring sticking
- Prevents ash accumulation and deposit formation
- Extended drain interval
