

HP CRUISE PREMIUM S 20W-50

PHIGH QUALITY ENGINE OIL FOR MODERN PETROL CARS

DESCRIPTION

HP CRUISE PREMIUM S 20W-50 is a high quality engine oil specifically designed for modern cars running on Petrol/LPG/CNG.

HP CRUISE PREMIUM S 20W-50 is manufactured from finest quality paraffinic base stocks and state of art additive technology to meet the requirements of API SL specifications.

HP CRUISE PREMIUM S 20W-50 provides exemplary benefits in reduction of piston deposits and anti- wear protection resulting in longer engine life.

APPLICATION

HP CRUISE PREMIUM S 20W-50 is recommended for various models of Passenger Cars running on Petrol/LPG/CNG requiring SAE 20W-50 grade engine oil with API SL performance.

SPECIFICATIONS

API SL

PERFORMANCE BENEFITS

- Outstanding engine cleanliness & enhanced engine life
- Excellent lubrication over a wide temperature range
- High engine durability
- Lower oil consumption

PHYSICO-CHEMICAL PROPERTIES (TYPICAL)

Kinematic Viscosity, cSt, @ 100 °C	18.5
Viscosity Index	125
Flash Point (COC) °C	240
Pour Point °C	-24
CCS @ -15 °C, cP	8590
TBN mg KOH/gm	6.6
