

Subject: Change in Policies due to Present Market Scenario

Dear Clients & Associates,

In the light of lock down in the country, unavailability of manpower and constant fluctuations in the stock markets, we are required to make certain changes in our policies which are enumerated below:

F&O Segment:

- Clients are not allowed to create any new F&O position.
- Clients are requested not to carry forward / roll over any F&O position.
- In case client intends to roll over the position, clients are required to pay margins at the rate of 150% of the present margins levied.
- The Cash portion of the margins should be minimum 25% and rest can be provided in form of shares.

This is to be noted that clients are required to square-off the contracts expiring on 26th March, 2020 by tomorrow on or before 3 PM. In case client intends to roll over the position, he is required to pay margins as mentioned above before rolling over of position.

We hereby reserve our right to sq-off the position without intimation to client in case margins are not paid as mentioned.

Cash Segment:

- We shall allow only delivery based buying subject to clear credit balance in ledger and selling of stocks subject to balance of shares.
- Clients are not allowed to execute intra-day trades.
- Clients will not be eligible for Credit for Sale during market, i.e. Credit on account of value of shares sold during market.

This shall be applicable with immediate effect.

Further, clients are required to settle debit balance in their accounts which is older than 5 trading days on immediate basis.

In case of pay-out for funds or shares, you are requested to place pay-out request through Tradenet / Tradeweb only.

You may contact support@bpwealth.com in case clarification required, if any.
