Hello Cult, I am a member of Cult. I am writing this mail after a lot of disappointment. I have been a member of cult for quite some time. After returning back post my pause break, I am noticing that there are very few to no slots available to book classes. You should know that the majority of your TG is the young working audience and they don't know the plan of there whole week to book the classes in advance for the whole week. Also, the other centres are not stone throw distance away to practically go to that centre to take classes. If you are taking the money of 3 or months in advance, you should give the liberty to book classes at least a day advance. Now that I see my app, I don't see any slots available to book for the coming next 4 days as per my timings. Please find a way to fix this.

● Cure.fit... I must say that the way it was organized was really very bad..As per the ads it looked like it's only meant for cult members and that too limited no.of ppl but it turned out to be completely different ppl hv come with their families and even small kids and old ppl hv come.. and so it became difficult for everyone to even get one glimpse from Hrithik Roshan...And why you guys hv kept elevated space in the front? Even if u stand in third or fourth you can't see anything..
