

NATURE CLUB

University of Calcutta

JOIN US NOW*Connect with Nature. Care for the Future.*

Nature Club, University of Calcutta is a platform for students to learn, engage and take meaningful action for nature, biodiversity and the environment.

WHAT WE DO

- Promote awareness about nature and biodiversity
- Organize nature walks, field visits and learning activities
- Encourage tree plantation and environmental clean-up
- Promote sustainable practices and environmental responsibility
- Collaborate, learn and contribute to positive change

Awareness talk on wildlife photography and documentation

Observance of World Environment Day

Coastal Cleanup programme

Nature study in ecologically important areas

Plantation drive for greener tomorrow

We invite enthusiastic and committed students to join hands in our mission to protect nature, promote sustainability and build a greener campus and community.

Who can Join?

Master's students & Ph.D. Scholars who have one or more years remaining in University of Calcutta.

Last Date: September 8th, 2026
