

University of Calcutta

Centre for Research in Nanoscience and Nanotechnology

Dated February 12, 2026

Workshop / course module on “Photoluminescence: Fundamentals and Applications” and “Infrared Spectroscopy and Nanomaterials” at the Centre for Research in Nanoscience and Nanotechnology (CRNN), University of Calcutta will be conducted by Dr. Prasun Mukherjee during April 06 – 09, 2026 and April 10 – 11, 2026, respectively.

Interested candidates working in the field of spectroscopic characterization in material science and biological sciences domain are requested to send the updated Bio-data along with a formal application duly forwarded by the Head of the Department / Supervisor to pmcrnn@caluniv.ac.in before the commencement of the course.

Application in the two programs is independent to each other.
