30

YEARS OF PIONEERING ELECTRIFICATION

For over 30 years, Toyota has been shaping the future of electrified mobility, step by step, innovation by innovation.

From the early RAV4 EV in 1996 to the world's first mass-produced hybrid, the Prius, in 1997, each milestone has pushed boundaries with purpose. Every advancement has been a move toward cleaner, smarter, more human mobility. Now, with the Urban Cruiser Ebella, that legacy moves into a new era.

ASSURED CARE

World-class service through 500+ BEV-enabled service touchpoints with latest BEV diagnostic tools and advanced infrastructure. 2,500+ BEV master technicians with over a decade of electrification experience offer hassle-free service.

Built for every road ahead.

Power that moves in silence.

Design that speaks in every line.

Refined. Confident. Unstoppable.

Every drive, charged with intent.

Every turn, alive with purpose.

This isn't just evolution.

It's electric in motion.

INTRODUCING THE ALL-ELECTRIC
URBAN CRUISER
EBELLA

EXTERIORS

STANCE THAT'S BOLD

The Urban Cruiser Ebella showcases an authentic SUV character inspired by its 'Urban Tech' design philosophy. With a bold hammerhead expression and three-dimensional surfaces, the BEV delivers a strong, futuristic road presence.
