NCERT Financial Accounting 01 MOOCs Introduction

An important part of any business organisation is the money that comes in and the money that goes out. Every bit of monetary inflow and outflow needs to be tracked and accounted for.

This course is intended to develop understanding:

Systematically recording and summarizing transactions, accountants determine the profitability of a business, perform financial forecasts and analyze the financial position of a business enterprise. (https://swayam.gov.in/) (https://swayam.gov.in/nc_details/NCERT)

How can the credibility and usefulness of accounting and financial information be ensured? Or Why accounting and finance are the key elements for a business entity? About Swayam (https://swayam.gov.in/about) | All Courses | ()

To understand how accounting operates through Generally Accepted Accounting Principles, accounting standards and structured rules and procedures,

This course will help the aspiring accountants, like you, to strengthen the conceptual base in accounting through variety of e-resources like video lectures, enrichment materials for supplementing textbooks, self-assessment inventory and checklist, external weblinks and many more activities for smooth progression and joyful learning.
