Dean'sMessage

The realization of sustained, equitable and universal health coverage is the onus of everymedical teaching institution. This is achieved by the outreach of affordable quality health care to awide and varied population base and a dedicated medical fraternity who constantly endeavor toimprove the means of health care delivery. To this end, the role of TSRMMCHRC, with its vista ofhealth and educational services is a haven to all who seek its services, be it a professional, a studentorapatient.

Our teaching standards reflect the latest trends in the national and the international scenario. Whatremains our greatest challenge and focus of medical training is the inculcation of the principles andpracticeofprofessionalisminourstudentsandfaculty.Cuttingedgeknowledgeaside,whatcontributes tothereveredandmuchtalkedaboutphysician-patienttrustistheprofessionalattitudeof the medical practitioner. Medical professionalism incorporates as its attributes those of altruism,competence,accountability,integrity,socialresponsibilityandmanyothers.Itisthisunifiedprinc iple of professionalism which has deified the doctor throughout history. Today, the nobility ofthe profession warrants conscious reinforcement and the values expected of a doctor need to bespecifically taught. An undergraduate student enters medical college as an individual and it is ourresponsibility to facilitate a transformation in him/her to meet the requirements of our nation'shealth policy. Our training at TSRMMCHRC is not only multi-faceted and educationally sound, it isfoundedonreinforcingthroughout,theprinciplesofprofessionalism.

It is our motive to ensure that our graduates, postgraduates and faculty who have had a stint atTSRMMCHRC will go out into the world and carry with them this distinctive streak of professionalbehaviour and competence. This motto is reflected in the care that the ill receive at the hands of ourhealthcareproviders.Italsoraisesourstandardsofresearchandthequalityofthescientificknowledget hatourinstitutiondisseminates.

Dean'sMessage

The realization of sustained, equitable and universal health coverage is the onus of everymedical teaching institution. This is achieved by the outreach of affordable quality health care to awide and varied population base and a dedicated medical fraternity who constantly endeavor toimprove the means of health care delivery. To this end, the role of TSRMMCHRC, with its vista ofhealth and educational services is a haven to all who seek its services, be it a professional, a studentorapatient.

Our teaching standards reflect the latest trends in the national and the international scenario. Whatremains our greatest challenge and focus of medical training is the inculcation of the principles andpracticeofprofessionalisminourstudentsandfaculty.Cuttingedgeknowledgeaside,whatcontributes tothereveredandmuchtalkedaboutphysician-patienttrustistheprofessionalattitudeof the medical practitioner. Medical professionalism incorporates as its attributes those of altruism,competence,accountability,integrity,socialresponsibilityandmanyothers.Itisthisunifiedprinc iple of professionalism which has deified the doctor throughout history. Today, the nobility ofthe profession warrants conscious reinforcement and the values expected of a doctor need to bespecifically taught. An undergraduate student enters medical college as an individual and it is ourresponsibility to facilitate a transformation in him/her to meet the requirements of our nation'shealth policy. Our training at TSRMMCHRC is not only multi-faceted and educationally sound, it isfoundedonreinforcingthroughout,theprinciplesofprofessionalism.

It is our motive to ensure that our graduates, postgraduates and faculty who have had a stint atTSRMMCHRC will go out into the world and carry with them this distinctive streak of professionalbehaviour and competence. This motto is reflected in the care that the ill receive at the hands of ourhealthcareproviders.Italsoraisesourstandardsofresearchandthequalityofthescientificknowledget hatourinstitutiondisseminates.

Dean'sMessage

The realization of sustained, equitable and universal health coverage is the onus of everymedical teaching institution. This is achieved by the outreach of affordable quality health care to awide and varied population base and a dedicated medical fraternity who constantly endeavor toimprove the means of health care delivery. To this end, the role of TSRMMCHRC, with its vista ofhealth and educational services is a haven to all who seek its services, be it a professional, a studentorapatient.

Our teaching standards reflect the latest trends in the national and the international scenario. Whatremains our greatest challenge and focus of medical training is the inculcation of the principles andpracticeofprofessionalisminourstudentsandfaculty.Cuttingedgeknowledgeaside,whatcontributes tothereveredandmuchtalkedaboutphysician-patienttrustistheprofessionalattitudeof the medical practitioner. Medical professionalism incorporates as its attributes those of altruism,competence,accountability,integrity,socialresponsibilityandmanyothers.Itisthisunifiedprinciple of professionalism which has deified the doctor throughout history. Today, the nobility ofthe profession warrants conscious reinforcement and the values expected of a doctor need to bespecifically taught. An undergraduate student enters medical college as an individual and it is ourresponsibility to facilitate a transformation in him/her to meet the requirements of our nation'shealth policy. Our training at TSRMMCHRC is not only multi-faceted and educationally sound, it isfoundedonreinforcingthroughout,theprinciplesofprofessionalism.

It is our motive to ensure that our graduates, postgraduates and faculty who have had a stint atTSRMMCHRC will go out into the world and carry with them this distinctive streak of professionalbehaviour and competence. This motto is reflected in the care that the ill receive at the hands of ourhealthcareproviders.Italsoraisesourstandardsofresearchandthequalityofthescientificknowledget hatourinstitutiondisseminates.

Dean'sMessage

The realization of sustained, equitable and universal health coverage is the onus of everymedical teaching institution. This is achieved by the outreach of affordable quality health care to awide and varied population base and a dedicated medical fraternity who constantly endeavor toimprove the means of health care delivery. To this end, the role of TSRMMCHRC, with its vista ofhealth and educational services is a haven to all who seek its services, be it a professional, a studentorapatient.

Our teaching standards reflect the latest trends in the national and the international scenario. Whatremains our greatest challenge and focus of medical training is the inculcation of the principles andpracticeofprofessionalisminourstudentsandfaculty.Cuttingedgeknowledgeaside,whatcontributes tothereveredandmuchtalkedaboutphysician-patienttrustistheprofessionalattitudeof the medical practitioner. Medical professionalism incorporates as its attributes those of altruism,competence,accountability,integrity,socialresponsibilityandmanyothers.Itisthisunifiedprinc iple of professionalism which has deified the doctor throughout history. Today, the nobility ofthe profession warrants conscious reinforcement and the values expected of a doctor need to bespecifically taught. An undergraduate student enters medical college as an individual and it is ourresponsibility to facilitate a transformation in him/her to meet the requirements of our nation'shealth policy. Our training at TSRMMCHRC is not only multi-faceted and educationally sound, it isfoundedonreinforcingthroughout,theprinciplesofprofessionalism.

It is our motive to ensure that our graduates, postgraduates and faculty who have had a stint atTSRMMCHRC will go out into the world and carry with them this distinctive streak of professionalbehaviour and competence. This motto is reflected in the care that the ill receive at the hands of ourhealthcareproviders.Italsoraisesourstandardsofresearchandthequalityofthescientificknowledget hatourinstitutiondisseminates.

Dean'sMessage

The realization of sustained, equitable and universal health coverage is the onus of everymedical teaching institution. This is achieved by the outreach of affordable quality health care to awide and varied population base and a dedicated medical fraternity who constantly endeavor toimprove the means of health care delivery. To this end, the role of TSRMMCHRC, with its vista ofhealth and educational services is a haven to all who seek its services, be it a professional, a studentorapatient.

Our teaching standards reflect the latest trends in the national and the international scenario. Whatremains our greatest challenge and focus of medical training is the inculcation of the principles andpracticeofprofessionalisminourstudentsandfaculty.Cuttingedgeknowledgeaside,whatcontributes tothereveredandmuchtalkedaboutphysician-patienttrustistheprofessionalattitudeof the medical practitioner. Medical professionalism incorporates as its attributes those of altruism,competence,accountability,integrity,socialresponsibilityandmanyothers.Itisthisunifiedprinc iple of professionalism which has deified the doctor throughout history. Today, the nobility ofthe profession warrants conscious reinforcement and the values expected of a doctor need to bespecifically taught. An undergraduate student enters medical college as an individual and it is ourresponsibility to facilitate a transformation in him/her to meet the requirements of our nation'shealth policy. Our training at TSRMMCHRC is not only multi-faceted and educationally sound, it isfoundedonreinforcingthroughout,theprinciplesofprofessionalism.

It is our motive to ensure that our graduates, postgraduates and faculty who have had a stint atTSRMMCHRC will go out into the world and carry with them this distinctive streak of professionalbehaviour and competence. This motto is reflected in the care that the ill receive at the hands of ourhealthcareproviders.Italsoraisesourstandardsofresearchandthequalityofthescientificknowledget hatourinstitutiondisseminates.

Ref.No.1675/SCSII(1)/2018 dated 4.9.18 ~~04.08.2018~~.

Sir,

Sub: Medical Education – Selection Committee, Directorate of Medical Education,Kilpauk, Chennai-10 – Admission to MBBS Courses – 2018-2019 session – submission – reg.

Ref: 1. Govt.Lr.No.46123/MCA-1/2017-4 dated 09.02.2018 of the Health and Family Welfare Department.
2. Orders of the Hon'ble Supreme Court of India issued in W.P.No.267 of 2017 dated 09.05.2017.
3. This Office Ref.No.1675/SCSI(2)/2018 dated 27.08.2018.

.....

I wish to state that the admissions for MBBS Course for the year 2018-2019 has been completed. The apportionment ratio i.e. 65:35 for Non-Minority Medical Institutions and 50:50 for Minority Medical Institutions (Management seats including 15% NRI seats) has been fixed for the admission of Under-Graduate courses for this academic year in the State of Tamil Nadu. As such, the counselling session for

MBBS Courses commenced on 01.07.2018 and was completed on 26.08.2018. At the end of the counselling session, some vacancies arised due to Not joined / Discontinued / Lapsed seats.

As per reference second cited, it has been mentioned that "*After the completion of counselling, the State Government shall determine the number of seats that are still vacant and thereafter shall forward a list of students in order of merit, equalling to ten times the number of vacant seats to the medical college so that in case of any stray vacancy arising in any college, the said seat may be filled up from the said list.*"

In order to fill up all those vacancies as per the orders of the Hon'ble Supreme Court of India in W.P.No.267 of 2017 dated 09.05.2017, certain instructions have been issued to the Self-financing Medical Colleges to fill up the stray vacancies.

Accordingly, the merit list has been issued to all the eleven Medical Colleges so as to fill up the stray vacancies. As such, detailed report for each and every eleven Medical Colleges is herewith attached for perusal at your end.

In addition, I am to state that I.R.T. Perundurai Medical College and Christian Medical College, Vellore are also Self-Financing Medical Colleges. All the seats earmarked for both the Government as well as Management Quota are also filled by the State Government. Both the two Medical Colleges do not have any stray vacancies. A report for these two Medical Colleges is also enclosed herewith for your ready reference.

Ref.No.309 /SCSI(1)/2019 dated 31.08.2019.

Madam,

Sub: Medical Education – Selection Committee, Directorate of Medical Education, Kilpauk, Chennai-10 – Admission to MBBS Course – 2019-2020 session – particulars - submitted – reg.

Ref: 1. Record of Proceedings dated 09.05.2017 pronounced in W.P.(C).No.267 of 2017 filed by DAR-US-SLAM Educational Trust and Others before the Hon'ble Supreme Court of India.
2. This Office Ref.No.309 /SCSI(1)/2019 dated 13.08.2019.

.....

I wish to state that the admission to MBBS Course for the academic year 2019-2020 has been completed as per the time schedule prescribed by the Medical Council of India. The apportionment of seats shared between Government and Management in unaided Self-Financing Medical Colleges and Dental Colleges in Non-Minority Institution is 65:35 and in Minority Institution is 50:50. The Government Quota seats and Management Quota seats including 15% NRI seats has been fixed for the admission of Under-Graduate courses for the academic year 2019-2020 in the State of Tamil Nadu.

As such, the counselling session for MBBS Course commenced on 08.07.2019 and was completed on 12.08.2019. At the end of the counselling session, some vacancies arised due to Not joined / Discontinued / Lapsed seats.

As per the reference second cited, it has been mentioned that *"After the completion of counselling, the State Government shall determine the number of seats that are still vacant and thereafter shall forward a list of students in order of merit, equalling to ten times the number of vacant seats to the medical college so that in case of any stray vacancy arising in any college, the said seat may be filled up from the said list."*

In order to fill up all those vacancies as per the orders of the Hon'ble Supreme Court of India in W.P.No.267 of 2017 dated 09.05.2017, certain instructions have been issued to the Self-financing Medical Colleges to fill up the stray vacancies vide this office reference 2nd cited.

Accordingly, the merit list has been issued to all the ten Medical Colleges except P.S.G. Institute of Medical Sciences and Research, Coimbatore, enabling to fill up the stray vacancies. As such, detailed report for each and every eleven Medical Colleges is herewith attached for perusal at your end.

All the seats earmarked for both the Government as well as Management Quota were also filled by the State Government. No excess admission has been made.

7. QUALIFYING CRITERIA:

The National Testing Agency will prepare an All India Merit List of successful candidates of NEET (UG) – 2022 on the basis of the eligibility criteria provided by the National Medical Commission (erstwhile Medical Council of India) and Dental Council of India as given in erstwhile Graduate Medical Education Regulations - 1997 issued under Indian Medical Council Act - 1956 and BDS Course Regulations, 2007 issued under the Dentists Act, 1948).

The eligibility criteria are as follows:

Admission to MBBS / BDS Degree Courses for academic session (2022-23)shall be based solely on marks obtained in the National Eligibility-Cum-Entrance Test (NEET–UG 2022).

(a) In order to become eligible for admission to MBBS / BDS Courses for a particular academic year, it shall be necessary for the candidate to obtain minimum of marks at 50th percentile in National Eligibility Cum Entrance Test to MBBS / BDS Courses held for the said academic year.

However, in respect of candidates belonging to Scheduled Castes, Scheduled Tribes, Other Backward Classes, the minimum marks shall be at 40th percentile.

In respect of candidates with Bench Mark Disabilities specified under the *Rights of Persons with Disabilities Act, 2016*, the minimum marks shall be at 45th percentile for unreserved category candidates and 40th percentile for SC/ST / OBC candidates.

(b) Provided when sufficient number of candidates in the respective categories fail to secure minimum marks as prescribed in *National Eligibility Cum Entrance Test* held for any academic year for admission to MBBS / BDS Courses, the Government of India in consultation with National Medical Commission (erstwhile Board of Governors in Supersession of the Medical Council of India) and Dental Council of India may at its discretion lower the minimum marks required for admission to MBBS/BDS Courses for candidates belonging to respective categories and marks so lowered by the Government of India shall be applicable for the said academic year only.

(c) To be eligible for admission to the MBBS / BDS Courses, a candidate must have passed in the subjects of Physics, Chemistry, Biology/Bio-technology and English individually and must

have obtained a minimum of 50% marks taken together in Physics, Chemistry, Botany/ Zoology / Biology / Bio-technology at the Qualifying Examination as mentioned in Graduate Medical Education Regulations-1997 as amended in 2018 and BDS Course Regulations, 2007 and in addition must have come in the merit list of *National Eligibility Cum Entrance Test* for admission to MBBS / BDS Courses. In respect of the candidates belonging to the SC, ST and OBC category, the marks obtained in Physics, Chemistry, Biology / Bio-technology taken in qualifying examination and competitive examination (Physics, Chemistry, and Biology) must be 40% marks instead of 50%. In respect of candidates with Bench Mark Disabilities specified under the Rights of Persons with Disabilities Act, 2016, the minimum marks in qualifying examination in Physics, Chemistry and Biology/Bio-Technology taken together must be 45% instead of 50% for Unreserved category candidates and 40% for SC / ST / OBC candidates.

(d) Candidates who have passed 10+2 from Open School or as private candidates shall not be eligible to appear for 'National Eligibility Cum Entrance Test'. Furthermore, study of Biology / Biotechnology as an Additional subject at 10+2 level also shall not be permissible.

"The proviso in italics has been subject matter of challenge before the Hon'ble High Court of Delhi, Hon'ble High Court of Allahabad, Lucknow Bench and Hon'ble High Court of Madhya Pradesh at Jabalpur. The provisions of the regulations disqualifying recognised Open School Board candidates and the candidates who have studied Biology / Biotechnology as an additional subject has been struck down.The Medical Council of India has preferred Special Leave Petitions before the Hon'ble Supreme Court. Therefore, the candidatures of candidates in the NEET (UG)-2022 who have passed the qualifying examinations i.e. 10+2 from National Institute of Open Schooling or State Open Schools or as private candidates from recognised State Boards; or with Biology / Biotechnology as additional subject shall be allowed but subject to outcome of Special Leave Petitions/Appeals filed by the Medical Council of India".

(e) The candidates of other Boards / Universities / Countries (except State Board) who wish to take up a MBBS / BDS seat in the State of Tamil Nadu should submit the Eligibility Certificate obtained from the Tamil Nadu Dr. MGR Medical University, Guindy, Chennai, at the time of submission of filled in online application.

8. NON-ELIGIBILITY CRITERIA:

(a) The candidates, who are native of other State, studied their schooling from VI to XII in other States are not eligible to apply for MBBS/BDS course.

MEDICAL COUNCIL OF INDIA
NOTIFICATION
New Delhi, the 3rd August, 2009
No. MCI-34(1)/2009-Med./25453

Implementation of the Regulations framed by the Medical Council of India to curb the menace of ragging in Medical Colleges.

The operative part of the regulation is reproduced as under with regard to curb the menace of ragging in medical colleges:-

"5. Measures for prohibition of ragging:-

5.1 The Medical College/Institution / University shall strictly observe the provisions of the Act of the Central Government and the State Governments, if any, or if enacted and / or for the time being in force, considering ragging as a cognizable offence under the law at par with rape and other atrocities against women and ill-treatment of persons belonging to the SC/ST and prohibiting ragging in all its forms in all institutions.

5.2 Ragging in all its forms shall be totally banned in the entire Medical College/Institution / University including its departments, constituent units, all its premises (academic, residential, sports, canteen, etc) whether located within the campus or outside and in all means of transportation of students whether public or private.

5.3 The Medical College/Institution / University shall take strict action against those found guilty of ragging and/or of abetting ragging.

6. Measures for prevention of ragging at the institution level:-

6.1 Before admissions:-

6.1.1 The advertisement for admissions shall clearly mention that ragging is totally banned / prohibited in the Medical College/Institution and anyone found guilty of ragging and/or abetting ragging is liable to be punished appropriately.

6.1.2 The brochure of admission/instruction booklet for candidates shall print in block letters these Regulations in full (including Annexures).

6.1.3 The "Prospectus" and other admission related documents shall incorporate all directions of the Hon'ble Supreme Court and /or the Central or State Governments as applicable, so that the candidates and their parents/ guardians are sensitized in respect of the prohibition and consequences of ragging.

6.1.4 A Brochure or booklet/leaflet shall be distributed to each student at the beginning of each academic session for obtaining undertaking not to indulge or abet ragging and shall contain the blueprint of prevention and methods of redress.

The application form for admission/ enrolment shall have a printed undertaking, preferably both in English/Hindi and in one of the regional languages known to the institution and the applicant (English version given in Annexure I, Part I), to be filled up and signed by the candidate to the effect that he/she is aware of the law regarding prohibition of ragging as well as the punishments, and to the effect that he/she has not been expelled and/or debarred from admission by any institution and that he/she, if found guilty of the offence of ragging and/or abetting ragging, is liable to be punished appropriately.

6.1.5 The application form shall also contain a printed undertaking, preferably both in English/Hindi and in one of the regional languages known to the institution and the parent/ guardian (English version given in Annexure I, Part II), to be signed by the parent/ guardian of the applicant to the effect that he/ she is also aware of the law in this regard and agrees to abide by the punishment meted out to his/ her ward in case the latter is found guilty of ragging and/or abetting ragging.

A database shall be created out of affidavits affirmed by each student and his/her parents/guardians stored electronically, and shall contain the details of each student. The database shall also function as a record of ragging complaints received.

6.1.6 The application for admission shall be accompanied by a document in the form of the School Leaving Certificate/transfer certificate/migration certificate/ Character Certificate which shall include a report on the behavioral pattern of the applicant, so that the institution can thereafter keep intense watch upon a student who has a negative entry in this regard.

6.1.7 A student seeking admission to the hostel shall have to submit additional undertaking in the form of Annexure I (both Parts) along with his/ her application for hostel accommodation.

6.1.8 At the commencement of the academic session the Head of the Institution shall convene and address a meeting of various functionaries/agencies, like Wardens, representatives of students, parents/ guardians, faculty, district administration including police, to discuss the measures to be taken to prevent ragging in the Institution and steps to be taken to identify the offenders and punish them suitably.

6.1.9 To make the community at large and the students in particular aware of the dehumanizing effect of ragging, and the approach of the institution towards those indulging in ragging, big posters (preferably multicoloured with different colours for the provisions of law, punishments, etc.) shall be prominently displayed on all Notice Boards of all departments, hostels 4 and other buildings as well as at vulnerable places. Some of such posters shall be of permanent nature in certain vulnerable places.

6.1.10 Apart from placing posters mentioned in sub-clause 6.1.9 above at strategic places, the Medical College/Institution shall undertake measures for extensive publicity against ragging by means of audio-visual aids, by holding counseling sessions, workshops, painting and design competitions among students and other methods as it deems fit.

6.1.11 The Medical College/Institution/University shall request the media to give adequate publicity to the law prohibiting ragging and the negative aspects of ragging and the institution‟s resolve to ban ragging and punish those found guilty without fear or favour.

6.1.12 The Medical College/Institution/University shall identify, properly illuminate and man all vulnerable locations.

6.1.13 The Medical College/Institution/University shall tighten security in its premises, especially at the vulnerable places. If necessary, intense policing shall be resorted to at such points at odd hours during the early months of the academic session.

6.1.14 The Medical College/Institution/University shall utilize the vacation period before the start of the new academic year to launch wide publicity campaign against ragging through posters, leaflets. seminars, street plays, etc.

6.1.15 The faculties/ departments/ units of the Medical College/Institution /University shall have induction arrangements (including those which anticipate, identify and plan to meet any special needs of any specific section of students) in place well in advance of the beginning of the academic year with a clear sense of the main aims and objectives of the induction process.

The Principal or Head of the Institution/Department shall obtain an undertaking from every employee of the institution including teaching and non-teaching members of staff, contract labour employed in the premises either for running canteen or as watch and ward staff or for cleaning or maintenance of the buildings/lawns etc. that he/she would report promptly any case of ragging which comes to his/her notice. A provision shall be made in the service rules for issuing certificates of appreciation to such members of the staff who report ragging which will form port of their service record.

6.2. On admission:-

6.2.1 Every fresher admitted to the Medical College/Institution/University shall be given a printed leaflet detailing when and to whom he/she has to turn to for help and guidance for various purposes (including Wardens, Head of the institution, members of the anti-ragging committees, relevant district and police authorities), addresses and telephone numbers of such persons / authorities, etc., so that the fresher need not look up to the seniors for help in such matters and

get indebted to them and start doing things, right or wrong, at their behest. Such a step will reduce the freshers‟ dependence on their seniors.

Every institution should engage or seek the assistance of professional counselors at the time of admissions to counsel `freshers' in order to prepare them for the life ahead, particularly for adjusting to the life in hostels.

6.2.2 The Medical College/Institution/University through the leaflet mentioned above shall explain to the new entrants the arrangements for their induction and orientation which promote efficient and effective means of integrating them fully as students.

6.2.3 The leaflet mentioned above shall also inform the freshers about their rights as bonafide students of the institution and clearly instructing them that they should desist from doing anything against their will even if ordered by the seniors, and that they have nothing to fear as the institution cares for them and shall not tolerate any atrocities against them.

6.2.4 The leaflet mentioned above shall contain a calendar of events and activities laid down by the institution to facilitate and complement familiarization of freshers with the academic environment of the institution.

6.2.5 The Medical College/Institution/University shall also organize joint sensitization programmes of ‘freshers’ and seniors.

On the arrival of senior students after the first week or after the second week as the case may be, further orientation programmes must be scheduled as follows (i) joint sensitization programme and counseling of both 'freshers' and senior by a Professional counselor; (ii) joint orientation programme of 'freshers' and seniors to be addressed by the principal/Head of the institution, and the anti -ragging committee ; (iii) organization on a large scale of cultural, sports and other activities to provide a platform for the 'freshers' and seniors to interact in the presence of faculty members ; (iv) in the hostel, the warden should address all students; may request two junior

colleagues from the college faculty to assist the warden by becoming resident tutors for a temporary duration.

6.2.6 Freshers shall be encouraged to report incidents of ragging, either as victims, or even as witnesses.

6.3. At the end of the academic year:-

6.3.1 At the end of every academic year the Dean/Principal/Director shall send a letter to the parents/guardians of the students who are completing the first year informing them about the law regarding ragging and the punishments, and appealing to them to impress upon their wards to desist from indulging in ragging when they come back at the beginning of the next academic session.

6.3.2 At the end of every academic year the Medical College/Institution /University shall form a "Mentoring Cell" consisting of Mentors for the succeeding academic year. There shall be as many levels or tiers of Mentors as the number of batches in the institution, at the rate of 1 Mentor for 6 freshers and 1 Mentor of a higher level for 6 Mentors of the lower level.

Each batch of freshers should be divided into small groups and each such group shall be assigned to a member of the staff. Such staff member should interact individually with, each member of the group on a daily 6 basis for ascertaining the problems/difficulties if any faced by the fresher in the institution and extending necessary help.

In the case of freshers admitted to a hostel it shall be the responsibility of the teacher in charge of the group to coordinate with the warden of the hostel and to make surprise visits to the rooms in the hostel where the members of the group are lodged.

They will not be eligible for any kind of reservation.

Qualifying Criteria:

The *National Testing Agency* will prepare an *All India Merit List* of successful candidates of NEET (UG) – 2022 on the basis of eligibility criteria provided by the Board of Governors in Supersession of *Medical Council of India* and *Dental Council of India* as given in Graduate Medical Education Regulations-1997 issued under Indian *Medical Council Act- 1956* and *BDS Course Regulations, 2007* issued under the *Dentists Act, 1948*. The eligibility criteria are as follows:

Admission to MBBS / BDS Degree Courses shall be based solely on marks obtained in the National Eligibility-Cum-Entrance Test (NEET–UG 2022).

a) In order to be eligible for admission to MBBS / BDS Courses for a particular academic year, it shall be necessary for a candidate to obtain minimum of marks at

50th percentile in *National Eligibility Cum Entrance Test* to MBBS / BDS Courses held for the said academic year. However, in respect of candidates belonging to Scheduled Castes, Scheduled Tribes, Other Backward Classes, the minimum marks shall be at 40th percentile. In respect of candidates with Bench Mark Disabilities specified under the *Rights of Persons with Disabilities Act, 2016*, the minimum marks shall be at 45th percentile for unreserved category candidates and 40th percentile for SC / ST / OBC candidates.

b) Provided when sufficient number of candidates in the respective categories fail to secure minimum marks as prescribed in *National Eligibility Cum Entrance Test* held for the academic year for admission to MBBS / BDS Courses, the Government of India in consultation with National Medical Commission (erstwhile Board of Governors in Supersession of the Medical Council of India) and Dental Council of India may at its discretion lower the minimum marks required for admission to MBBS / BDS Courses for candidates belonging to respective categories and marks so lowered by the Government of India shall be applicable for the said academic year only.

c) To be eligible for admission to the MBBS / BDS Courses, a candidate must have passed in the subjects of Physics, Chemistry, Botany, Zoology / Biology / Bio-technology and English individually and must have obtained a minimum of 50% marks taken together in Physics, Chemistry, Biology / Bio-technology at the Qualifying Examination as mentioned in Graduate Medical Education Regulations-1997 as amended in 2018 and BDS Course Regulations, 2007 and in addition must have come in the merit list of *National Eligibility Cum Entrance Test* for admission to MBBS/BDS Courses. In respect of the candidates belonging to the SC, ST and OBC category, the marks obtained in Physics, Chemistry, Biology / Bio-technology taken in qualifying examination and competitive examination (Physics, Chemistry, Biology) must be 40% marks instead of 50%. In respect of candidates with Bench Mark Disabilities specified under the Rights of Persons with Disabilities Act, 2016, the minimum marks in qualifying examination in Physics, Chemistry and Biology/Bio-Technology taken together must be 45% instead of 50% for Unreserved category candidates and 40% for SC / ST / OBC candidates.

d) *Candidates who have passed 10+2 from Open School or as private candidates shall not be eligible to appear for 'National Eligibility Cum Entrance Test'. Furthermore, study of Biology/Biotechnology as an Additional subject at 10+2 level also shall not be permissible*.

The proviso in italics has been subject matter of challenge before the Hon'ble High Court of Delhi, Hon'ble High Court of Allahabad, Lucknow Bench and Hon'ble High Court of Madhya Pradesh at Jabalpur. The provisions of the regulations disqualifying recognised Open School Board candidates and the candidates who have studied Biology / Biotechnology as an additional subject has

been struck down."The Medical Council of India has preferred Special Leave Petitions before the Hon'ble Supreme Court. Therefore, the candidatures of candidates in the NEET (UG)-2022 who have passed the qualifying examinations i.e. 10+2 from National Institute of Open Schooling or State Open Schools or as private candidates from recognised State Boards; or with Biology / Biotechnology as additional subject shall be allowed but subject to outcome of Special Leave Petitions / Appeals filed by the Medical Council of India".

6.1.3 The "Prospectus" and other admission related documents shall incorporate all directions of the Hon'ble Supreme Court and /or the Central or State Governments as applicable, so that the candidates and their parents/ guardians are sensitized in respect of the prohibition and consequences of ragging.

6.1.4 A Brochure or booklet/leaflet shall be distributed to each student at the beginning of each academic session for obtaining undertaking not to indulge or abet ragging and shall contain the blueprint of prevention and methods of redress.

6.1.5 The application form shall also contain a printed undertaking, preferably both in English/Hindi and in one of the regional languages known to the institution and the parent/ guardian (English version given

in Annexure I, Part II), to be signed by the parent / guardian of the applicant to the effect that he/ she is also aware of the law in this regard and agrees to abide by the punishment meted out to his/ her ward in case the latter is found guilty of ragging and/or abetting ragging.

A database shall be created out of affidavits affirmed by each student and his/her parents/guardians stored electronically, and shall contain the details of each student. The database shall also function as a record of ragging complaints received.

6.1.6 The application for admission shall be accompanied by a document in the form of the School Leaving Certificate/transfer certificate/migration certificate/ Character Certificate which shall include a report on the behavioral pattern of the applicant, so that the institution can thereafter keep intense watch upon a student who has a negative entry in this regard.

6.1.7 A student seeking admission to the hostel shall have to submit additional undertaking in the form of Annexure I (both Parts) along with his/ her application for hostel accommodation.

6.1.8 At the commencement of the academic session the Head of the Institution shall convene and address a meeting of various functionaries/agencies, like Wardens, representatives of students, parents/ guardians, faculty, district administration including police, to discuss the measures to be taken to prevent ragging in the Institution and steps to be taken to identify the offenders and punish them suitably.

6.1.9 To make the community at large and the students in particular aware of the dehumanizing effect of ragging, and the approach of the institution towards those indulging in ragging, big posters (preferably multicoloured with different colours for the provisions of law, punishments, etc.) shall be prominently displayed on all Notice Boards of all departments, hostels 4 and other buildings as well as at vulnerable places. Some of such posters shall be of permanent nature in certain vulnerable places.

6.1.10 Apart from placing posters mentioned in sub-clause 6.1.9 above at strategic places, the Medical College/Institution shall undertake measures for extensive publicity against ragging by means of audio-visual aids, by holding counselling sessions, workshops, painting and design competitions among students and other methods as it deems fit.

6.1.11 The Medical College/Institution/University shall request the media to give adequate publicity to the law prohibiting ragging and the negative aspects of ragging and the institution's resolve to ban ragging and punish those found guilty without fear or favour.

6.1.12 The Medical College/Institution/University shall identify, properly illuminate and man all vulnerable locations.

6.1.13 The Medical College/Institution/University shall tighten security in its premises, especially at the vulnerable places. If necessary, intense policing shall be resorted to at such points at odd hours during the early months of the academic session.

6.1.14 The Medical College/Institution/University shall utilize the vacation period before the start of the new academic year to launch wide publicity campaign against ragging through posters, leaflets. seminars, street plays, etc.

6.1.15 The faculties/ departments/ units of the Medical College/Institution /University shall have induction arrangements (including those which anticipate, identify and plan to meet any special needs of any specific section of students) in place well in advance of the beginning of the academic year with a clear sense of the main aims and objectives of the induction process.

The Principal or Head of the Institution/Department shall obtain an undertaking from every employee of the institution including teaching and non-teaching members of staff, contract labour employed in the premises either for running canteen or as watch and ward staff or for cleaning or maintenance of the buildings/lawns etc. that he/she would report promptly any case of ragging which comes to his/her notice. A provision shall be made in the service rules for issuing certificates of appreciation to such members of the staff who report ragging which will form port of their service record.

6.2. On admission:-

6.2.1 Every fresher admitted to the Medical College/Institution/University shall be given a printed leaflet detailing when and to whom he/she has to turn to for help and guidance for various purposes (including Wardens, Head of the institution, members of the anti-ragging committees, relevant district and police authorities), addresses and telephone numbers of such persons/authorities, etc., so that the fresher need not look up to the seniors for help in such matters and get indebted to them and start doing things, right or wrong, at their behest. Such a step will reduce the freshers‟ dependence on their seniors.

Every institution should engage or seek the assistance of professional counsellors at the time of admissions to counsel `freshers' in order to prepare them for the life ahead, particularly for adjusting to the life in hostels.

6.2.2 The Medical College/Institution/University through the leaflet mentioned above shall explain to the new entrants the arrangements for their induction and orientation which promote efficient and effective means of integrating them fully as students.

6.2.3 The leaflet mentioned above shall also inform the fresher’s about their rights as bonafide students of the institution and clearly instructing them that they should desist from doing anything against their will even if ordered by the seniors, and that they have nothing to fear as the institution cares for them and shall not tolerate any atrocities against them.

6.2.4 The leaflet mentioned above shall contain a calendar of events and activities laid down by the institution to facilitate and complement familiarization of fresher’s with the academic environment of the institution.

6.2.5 The Medical College/Institution/University shall also organize joint sensitization programmes of ‘freshers’ and seniors.

On the arrival of senior students after the first week or after the second week as the case may be, further orientation programmes must be scheduled as follows (i) joint sensitization programme and counselling of both 'freshers' and senior by a Professional counselor; (ii) joint orientation programme of 'freshers' and seniors to be addressed by the

principal/Head of the institution, and the anti -ragging committee ; (iii) organization on a large scale of cultural, sports and other activities to provide a platform for the 'freshers' and seniors to interact in the presence of faculty members ; (iv) in the hostel, the warden should address all students; may request two junior colleagues from the college faculty to assist the warden by becoming resident tutors for a temporary duration.

6.2.6 Freshers shall be encouraged to report incidents of ragging, either as victims, or even as witnesses.

6.3. At the end of the academic year:-

6.3.1 At the end of every academic year the Dean/Principal/Director shall send a letter to the parents/guardians of the students who are completing the first year informing them about the law regarding ragging and the punishments, and appealing to them to impress upon their wards to desist from indulging in ragging when they come back at the beginning of the next academic session.

6.3.2 At the end of every academic year the Medical College/Institution /University shall form a “Mentoring Cell” consisting of Mentors for the succeeding academic year. There shall be as many levels or tiers of Mentors as the number of batches in the institution, at the rate of 1 Mentor for 6 freshers and 1 Mentor of a higher level for 6 Mentors of the lower level.

Each batch of freshers should be divided into small groups and each such group shall be assigned to a member of the staff. Such staff member should interact individually with, each member of the group on a daily 6 basis for ascertaining the problems/difficulties if any faced by the fresher in the institution and extending necessary help.

In the case of freshers admitted to a hostel it shall be the responsibility of the teacher in charge of the group to coordinate with the warden of the hostel and to make surprise visits to the rooms in the hostel where the members of the group are lodged.
