IRUNGALUR, TRICHY – 621 105

**Mentoring programme (2021-2022)**

The Department of Forensic Medicine conducted the mentoring session for the students (CBME Batch – 148 students) on 11.08.2022 between 1–4 pm in the Department of Forensic Medicine, Trichy SRM Medical College, Trichy.

**Dr. Dominic infant Raj, Associate Professor**

Individually students were counselled to begin with, and their difficulties assessed. The students were then given a brief overview of the important questions of the topics assigned for the day. Suggested flow chart, diagrammatic representation wherever possible. All their doubts were clarified. At the end of the session, a short quiz competition conducted among these small groups. The students interacted well. In phase II Made them into small groups and important topics given for discussion later questions were asked.

DEPARTMENT OF COMMUNITY MEDICINE

MENTOR MENTEE REFLECTION OF DR. HEMALATHA.K

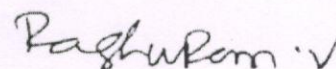

Mentoring undergraduate students take a special kind of skill. Innovating young minds, being their guidance counselor and sharing in their experiences has its perks. Making them understand the subject is our job. But enhancing their self esteem, motivating them to do better and making them confident of themselves is a fulfilling job. During the Mentoring sessions, the students are given free reign. An open atmosphere is created and they are encouraged to voice out their opinions and doubts regarding the subject.

One such mentee I had was from an additional batch. He failed in first year and in second year, so he missed a year of being with his batch and joined his junior batch later. So he frequently missed classes. And the feeling of being left alone was lot in him. He didn't have many friends in his current batch. Half the time he would miss his classes. Lagging back a year made him feel less confident and in order to overcome it he indulged in playing mobile games. Coming to know this, I talked to him regarding this, he also had counseling sessions with the psychiatrist. After the counseling sessions there was a change in him. He started feeling lighter and happier. He also helps people in his age with similar problems. He is happier, lighter and more confident.

**Dr. K. Siva Kumar (General Medicine)**

**Mentor Mentee Programme for 2021-22**

**Problems encountered by the students:**

1. Time management
2. How to prepare for internal assessment
3. Covering all the portions was difficult
4. Difficulty in drawing diagrams and flow charts
5. Difficult to do OSCE stations & Interpretation

**Feedback given to students:**

1. Practice the question paper given for I.A test and try to finish Section A in one and half hours.
2. Read point-wise and recall. Note the key points in answers
3. Prepare a time table for each subject and try to finish the topics on the same day.
4. Practice the OSCE stations
5. Practice the diagrams each day.

**Mentor & Mentee list of Final year MBBS students 2021 -2022 Batch**

The students noted against the name of each faculty are posted as mentees to the specified faculty.  
The faculties are requested to conduct the mentor - mentee program at specific intervals and counsel and guide the students through the academic year.

Any faculty leaving the institution must inform the Head of the dept well in advance so that their mentees can be re-allotted.

3.	Introduction	3
4.	Purpose	3
5.	Functions of the mentor – Mentee program	3 & 4

**Introduction:**

Clarity, Communication, Commitment –to successful mentoring programmes

- The 3 Cs of Effective Mentoring Programmes. Successful and effective mentoring programmes are based around the following principles: Clarity, Communication and Commitment. ...
- Clarity. Clarity of purpose is vital. ...
- Communication. ...
- Commitment

**Purpose:**

The purpose of this SOP is to ensure that all students with different learning abilities are catered to accordingly. The Institution aims to provide extra training and support for slow learners to achieve the basic competency and encourage erudite students to acquire higher levels of knowledge.

**Functions of the mentor – Mentee program:**

**Step 1:**Apportionment of mentees to faculty members (Mentors) (beginning of new admission) during the foundation course by TSRMMCH& RC, students shall be allocated to specific faculty as His /Her mentee. For postgraduate students their respective guides will be the mentors for all three years of Medical Education.

**Step2:** Informing the mentees via circular/Notice board of departments. Arranging a meeting with the respective mentor.

**Step 3:** Mentoring Orientation of Faculty (Mentors)

- A workshop for the mentors to be conducted to familiarizeon the role and tasks as mentors.
- It shall act as an orientation for all faculty members. The mentors who have held this responsibility earlier can share their experience and knowledge with any new faculty.

**Step4:** Mentoring Orientation for students (Mentees)

- Orient students about the aim of the program, its benefits, their responsibilities and role of mentor and mentee.
- Meeting with mentors

**Step5:** Regular meeting with Mentees

SOP for Mentor and Mentee Program

- During the first semester, mentoring to be slotted in the Academic timetable to facilitate all/such meetings for individual mentee/mentees.
- The mentors in initial meeting should create a connection with the mentees through information exchange and building rapport.
- Should understand their mentees strengths and weakness and interest area.
- Understand future idea; students' interest on specialization (Higher Study)/Entrepreneurship/Family Business/Placement. to connect them to the concerned cell. This information (Student Profiling) will help to guide the mentees accordingly.
- The slow learners are identified based on the scores of the first two internal assessments conducted in the department. The students who fall below 20th percentile and/or students who have attained less than 80% of attendance as on second internal assessment timeline will be considered as slow learners. The students who are identified as advanced learners should have scored above 90th percentile.
- The list shall be made available to all the mentors for remedial classes and practical sessions should be conducted for students writing supplementary examination & midcourse improvement examinations.
- A record of meetings, interactions and assessment of mentees should be maintained.
- Mentors should see that their mentees are not facing any personal problems or adjustment problems in the college. They should refer to the counsellor when required.
- Mentors should monitor the Academics/assignments submission of their mentees and monitor their career choices.
- Mentors should inform the Dean/Director for any academic challenges if any. Mentors would send the mentee report to the parents once every academic year.

**Step 6:** Mentor should maintain a file on each mentee recording their meetings.

Mentees academic record, parent contact, any medical or personal problem, co-curricular activities, general behaviour in class, future plan, mentoring reports and other important documents e.g., medical certificate, etc

**Step 6:** Monitor and feedback

- Regular meeting will be held between the Dean/IQAC Coordinator and the mentors to assess the progress.
- Dean/IQAC Coordinator should also meet mentees informally to take feedback about mentor and the mentoring process.

Trichy SRM Medical College Hospital and Research Centre

SRM Nagar, Irungalur, Trichy – 621105

SOP for Mentor and Mentee Program

**Step 7:** Appraisal/recognition Mentoring will be a parameter in evaluating a faculty member's performance during annual appraisal.
