

Inside JGU

From the Office of the Vice Chancellor

Volume 3, Issue 2 | February 2019

In February, JGU was shortlisted under the inaugural Times Higher Education Asia Awards 2019 in two categories - International Strategy of the Year and Leadership and Management Team of the Year. In our application, we highlighted our distinctive approach to university leadership, including youth, internationally qualified academic administrators, innovative institutional functions; a striving for gender parity, consistent engagement with Indian higher education policy; and dynamic decision making. All of these aspects have gained greater significance and consolidation as JGU celebrates its tenth anniversary year in 2019.

I would like to take this opportunity to thank all our students, faculty and staff for their outstanding contribution to institution building that has enabled us to be shortlisted for this award.

With warm wishes,
