

SMARTRUCKING

SAFE. SECURED. RELIABLE.

THE FUTURE OF ROAD
TRANSPORT BEGINS HERE.

dhlsmartrucking.com

95% ON-TIME
DELIVERY

24x7 REAL-TIME
VISIBILITY

UPTO 50% REDUCTION
IN TRANSIT TIMES

DHL

95% ON-TIME DELIVERY. IN-TRANSIT TIME DOWN UPTO 50%.

WE'RE JUST GETTING WARMED UP.

With dynamic customer demands, high service level expectations and a shrinking delivery window, optimising your road transportation has never been more challenging or more crucial. DHL SmarTrucking is here to help you meet the levels of predictability and responsiveness that your business demands today.

Bringing together smart technology, data science, an unique operational model and an unmatched reach across India, DHL SmarTrucking is an intelligent road logistics system that enables you to meet the customer expectations of tomorrow.

24x7 VISIBILITY

End-to-end tracking with 24/7 real time visibility of your consignments from our centralised control tower.

FASTEST TRANSIT TIME

Spend less time on the road and reach your customers faster with transit times that are upto 50% lesser than the industry average.

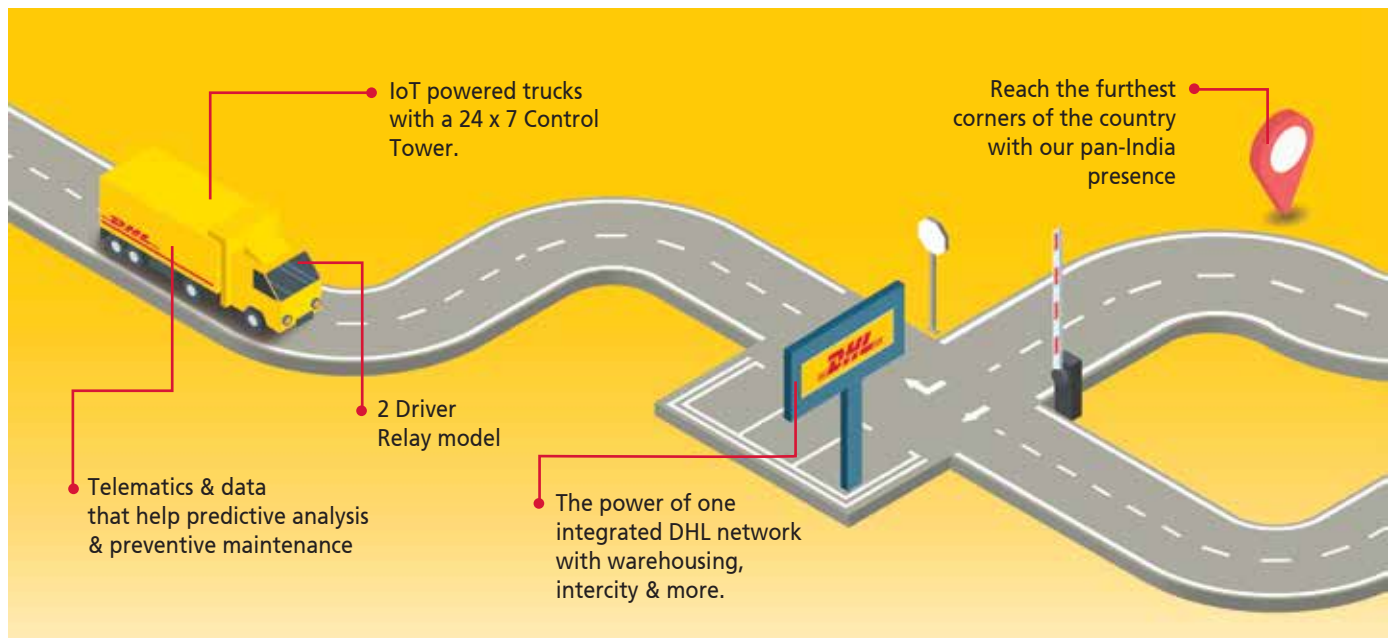

UNRIVALLED RELIABILITY

With a 95% on-time delivery record, you can count on our on-time, in-full delivery - all the time.

CUSTOMER CENTRICITY

Best-in-class customer support team with customised portals and applications.

MOVE YOUR BUSINESS FURTHER AND FASTER.

IoT ENABLED, OWN FLEET INCLUDING COLDCHAIN TRUCKING SOLUTIONS.

DHL SMARTRUCKING

State-of-the-art Fleet

Load securing devices, high quality metal exteriors to maintain strength and quality with highly durable containers.

IoT enabled Trucks

Technology-backed trucking that speaks to a centralised control tower 24/7.

SmartHub Network

With 20 SmartHubs, our pan-India network covers all Metros, Tier-2 and Tier-3 cities in the country.

Value added services

Load security and theft security enhancements on all vehicles.

Trained and skilled drivers

Driver training programmes ensure that our drivers maintain safety and reliability on the roads.

10000 SmarTrucks to be added

We expect to transfer 100,000 tonnes of cargo covering a distance of around 4 million kms across India daily.

INDUSTRIES SERVED

- ECOMMERCE • CONSUMER DURABLES
- ELECTRONICS • FMCG
- PHARMACEUTICALS • AUTO OEM
- AUTO COMPONENTS

DHL SMARTRUCKING COLDCHAIN

Wide temperature range for shipments

Our reefer trucks deliver products in the range of -25°C to +25°C across all perishable and pharmaceutical sectors.

State-of-the-art fleet

Best in quality SS interiors, T-section flooring, hybrid metal exteriors and 120 mm insulation to maintain strength, contain temperature and quality.

Continuous temperature monitoring sensors

Preserve freshness and quality of goods by remotely monitoring and managing temperatures in real-time, using 3 digital sensors for 'Uniform Temperature Distribution Monitoring', right at your fingertips.

21 CFR compliant telematics solutions.

We are FSSAI compliant and we follow the latest ISO industry standards in coldchain.

Secure Network

High security network across arterial highways to ensure absolute safety for goods in transit. Our emergency Response Team remains on standby for immediate attention incase of any contingency.

Backup power provided for emergencies

Our reefer units are self-powered, so temperature compliance is ensured in case of breakdowns.
