Every newborn deserves the chance to begin life with hope. At just eight days old, Dhanu (name changed) was brought to CMC struggling to breathe and suffering repeated seizures. He was diagnosed with severe neonatal sepsis and required intensive medical care. Dhanu's father is an auto-rickshaw driver. After years of waiting and the heartbreak of pregnancy loss, the family treasured little Dhanu dearly. His unexpected hospitalization brought immense emotional and financial strain. Thanks to the dedicated care of CMC's medical team and the support of **generous donors through Emergency Fund**, Dhanu recovered well and was able to return home with his family.

Your generosity eased the family's financial burden at a time of great need. Thank you for helping families like Dhanu's find hope.

**Support ONE patient with ₹1 lakh.
Be the reason for someone's healing today.**
