

Person-to-Person

For over 50 years, **PTP** has linked people from all over the world to a tiny corner of South India! Together we are part of CMC Vellore's unique story - doctors, nurses, medical teams, students, patients & their families and YOU our generous donors. At the end of 12 months, we pause to look back, reflect and count our blessings! In this month's report, we give you a brief glimpse into the types of patients cared for at CMC and for whom **PTP** bridged the gap.

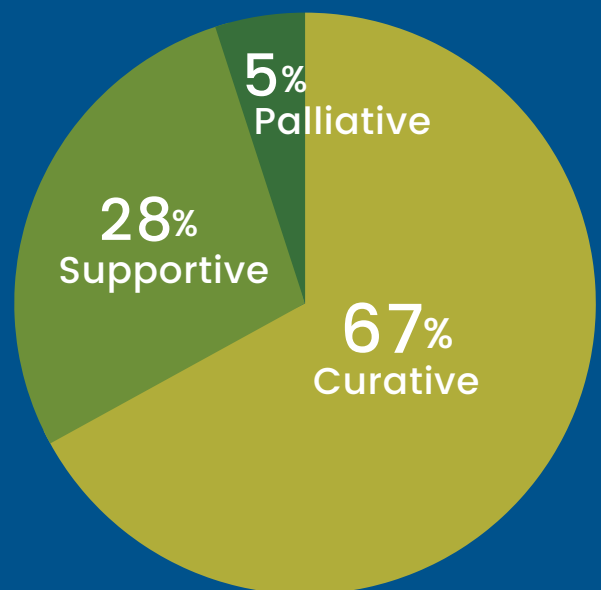

Thank you for your thoughtful giving!
