CHAIRMAN'S STATEMENT

Dear Shareholders,

It gives me great pleasure to present to you the annual report at a time when we are making rapid progress in the transformational journey of your Company, with the objective of enhancing value creation for all stakeholders.

The world economy has experienced subdued growth for another year in 2016, unable to meet even the modest projections by many institutional forecasters. This is the second consecutive year when the overall inward remittance to India has fallen to USD 62.7 billion from USD 68.9 billion. Notwithstanding a significant 8.9 % drop in remittances to India in 2016, the country retained the top spot among remittances receiving nations. The decline in remittance volumes have largely been led by the Gulf region which contributes more than 50% to inward remittances to India. Your Company operates in the business of facilitating cash to cash inward money remittance business. In the backdrop of overall falling remittances to India, this business segment faced additional challenges because of the demonetization policy. Despite the company's focused efforts on growing its network, the revenues from inward remittance de-grew by 21% because of these external factors. Further, with increasing penetration of bank accounts, the customer's preferences are moving to non-cash methods of remittances. Typically, in scenarios of declining revenues, market consolidation is usually the best strategy to create value.

Your Company also caters to the international traveler segment by providing money changing and outward remittance services. Driven by growing affluence and liberalisation of regulatory policies like Liberalised Remittance Scheme (LRS), the market for outward remittance and forex has been growing at a rapid pace. As per data published by RBI, the outward remittances from India grew from USD 4.6 billion in FY16 to USD 8.2 billion in FY17. Your Company is sharpening its focus on the growing customer segments like students studying abroad, business as well as leisure travelers. Further, as the customer is moving from cash to digital forms of transactions, your Company will be focusing on digital currency like prepaid forex cards as well as developing the next-gen digital platform to bring transparency and convenience in the cross border transactions, at the same time building a scalable business model. We have seen consistent

growth in this business segment over the last few years and are confident that given our renewed sharpened focus, we will be able to leverage the opportunity that this industry has to offer.

Having evaluated various strategic options, the Board of your Company has recommended to unlock value from the inward remittance business. The Company will invest part of the proceeds to build the growing forex and outward remittance business. We are evaluating further possibilities to evolve your Company into an asset light, scalable digitally enabled financial services (fintech) company.

I would like to thank all employees, partners, and most importantly you, our shareholders for your whole-hearted support and trust in our endeavours. I look forward to an exciting and successful year ahead and thank you for your continued patronage.

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

MACRO FACTORS

The World Bank, in its latest report, said that the remittances to developing countries fell for a second consecutive year in 2016, a trend not seen in three decades. Notwithstanding a significant 8.9 percent drop in remittances to India in 2016, the country retained the top spot among remittances receiving nations, according to a World Bank report. This was attributable mainly to the drop in oil prices and fiscal tightening in the oil producing countries in the Middle East, which has a significant Indian migrant population accounting for a large chunk of remittances. India, while retaining its top spot as the world's largest remittance recipient, led the decline with remittance inflows amounting to USD 62.7 billion last year, a decrease of 8.9 percent over USD 68.9 billion in 2015. The dynamics of the business is also changing with growing focus on DIGITAL. Customers are becoming increasingly digital and mobile-savvy. The Companies need to expand their digital mobile offerings to serve customer needs to stay competitive.

DOMESTIC ECONOMY

India is expected to achieve economic growth of 7.4 percent in 2017 and further up 7.6 percent next year on strong consumption demand, with South Asia leading the growth chart in Asia and the Pacific, according to an ADB report. The economy received a major jolt towards the end of 2016 in the form of demonetization. But, there are not enough data available about the informal sector to gauge the exact impact on the economy. Despite that, India will grow at a faster pace than China in 2017 as well as 2018 according to IMF growth forecasts. Transformational pushes such as Aadhaar, the bankruptcy law, the goods and services tax, and the codification of the new monetary policy framework will lay a strong foundation for qualitative growth. A big blessing in disguise has been the sharp collapse in crude oil prices and languishing at lower levels for long, helping the country save big on import bill and correct trade balances. At the stroke of midnight on 30th June, 2017, India formally entered the Goods and Services (GST) Tax era. GST is a critical reform for the Indian economy as it would simplify taxation norms by consolidating a range of taxes under one single umbrella. At present, different states have different tax laws. GST will result in a simplified tax structure and a unified tax base, with common rules and administrative procedures and will also result in widening of the tax base to include a comprehensive list of goods and services. This will bring in transparency and encourage investments in organised sectors, helping the economy gather growth momentum. In a much bigger sign of confidence in our economy, foreign direct investment inflows hit an all-time high of \$60.1 billion in 2016-17. In the last three years, the government has eased 87 FDI rules across 21 sectors. Inflows continue to remain strong going in to 2017-18, already up 23% in the first quarter \$10.02 billion. Following major structural reforms like GST and Bankruptcy code, revival in private investments and sovereign rating upgrade would act as key triggers for the country to place itself on a sustainable path to progress.

ANNEXURE B TO THE AUDITORS' REPORT

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Wall Street Finance Limited ('the Company') as of March 31, 2017 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Qualified Opinion

According to the information and explanation given to us and based on our audit a material weakness has been identified in respect of matters mentioned in note no. 35 of the financial statement regarding reconciliation issues between creditors, bank balances and trade receivables due to migration to new ERP system during the year.

A material weakness is a deficiency, or a combination of deficiencies, in internal financial control over financial reporting; such that there is reasonable possibility that a material misstatement of the company's annual or interim financial statements will not be prevented or detected on a timely basis.

In our opinion, except for the effects/possible effects of the material weakness described above on the achievement of the objectives of the control criteria, the company has maintained adequate and effective internal financial control over financial reporting as of March 31, 2017 based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

We have considered the material weakness identified and reported above in determining the nature, timing, and extent of audit tests applied in our audit of standalone financial statements of the Company and the material weakness has affected our opinion on the standalone financial statements of the Company and we have issued a qualified opinion on the financial statements.

ANNEXURE A TO THE AUDITORS' REPORT

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the consolidated financial statements of the Group as of and for the year ended March 31, 2017, we have audited the internal financial controls over financial reporting of Wall Street Finance Limited ("the Holding Company") and its subsidiary companies as of March 31, 2017.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Holding company and its subsidiary companies, is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Group's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI, prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Qualified Opinion

According to the information and explanation given to us and based on our audit a material weakness has been identified in respect of matters mentioned in note no. 36 of the consolidated financial statement regarding reconciliation issues between creditors, bank balances and trade receivables due to migration to new ERP system during the year.

A material weakness is a deficiency, or a combination of deficiencies, in internal financial control over financial reporting; such that there is reasonable possibility that a material misstatement of the Group's annual or interim financial statements will not be prevented or detected on a timely basis.

In our opinion, except for the effects/possible effects of the material weakness described above on the achievement of the objectives of the control criteria, the Group has maintained adequate and effective internal financial control over financial reporting as of March 31, 2017 based on the internal control over financial reporting criteria established by the Group considering the essential components of internal control stated in the Guidance note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

We have considered the material weakness identified and reported above in determining the nature, timing, and extent of audit tests applied in our audit of consolidated financial statements of the Group and the material weakness has affected our opinion on the consolidated financial statements of the Group and we have issued a qualified opinion on the consolidated financial statements.

Deferred Tax Assets are not recognized unless, there is virtual certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized. The carrying amount of deferred tax is reviewed at each Balance Sheet date.

Minimum Alternate Tax (MAT) credit is recognised as an asset only when and to the extent there is convincing evidence that the company will pay normal income tax during the specified period. In the year in which the MAT credit becomes eligible to be recognized as an asset in accordance with the Guidance Note issued by the Institute of Chartered Accountants of India, the said asset is created by way of a credit to the profit and loss account.

k) **Provisions and Contingencies**

A provision is recognised when there is a present obligation as a result of a past event and it is probable that an outflow of resources will be required to settle the obligation and in respect of which reliable estimate can be made. A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that probably will not require an outflow of resources. Where there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

l) **Transfer of Reserve**

As the business activities of the holding Company namely, MTSS and FFMC are not covered by the principal business criteria laid down by the Reserve Bank of India (RBI), the Company has voluntarily surrendered its NBFC license and requested RBI to de-register vide letter dated 22nd December 2015. RBI has de-registered the Company as NBFC in June 2016. Accordingly, the Company has transferred back the entire portion that was created under section 45 IC of RBI Act, 1934 to Surplus (Profit & Loss Account) which was required under Non Banking Financial (Non-Deposit Accepting or Holding) Companies Prudential Norms (Reserve Bank) Directions, 2007.

m) **Extraordinary Items**

Income or expenses that arise from events or transactions that are clearly distinct from the ordinary activities of the group are classified as extraordinary items. Specific disclosure of such events / transaction is made in the financial statements. Similarly, any external event beyond the control of the Group, significantly impacting income or expense, is also treated as extraordinary item and disclosed as such.

n) **Operating Lease**

Assets taken under leases, where the lessor effectively retains substantially all the risks and benefits of ownership of the leased term, are classified as operating leases. Operating lease payments are recognized as an expense in the Statement of Profit and Loss on a straight-line basis over the lease term.

Some of the lease agreements for hiring the premises are in fact in the nature of leave and license not falling under operating lease classification. Any subsequent renewal/new agreements shall be entered on leave and license basis.

NOTES FORMING PART OF CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH 2017

o) **Impairment of Assets**

At each Balance Sheet date, the Group assesses whether there is any indication that any asset may be impaired. If any such indication exists, the carrying value of such assets is reduced to its estimated recoverable amount and the amount of such impairment loss is charged to the Statement of Profit and Loss. If, at the Balance Sheet date, there is an indication that a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reflected at the recoverable amount subject to a maximum of depreciated historical cost.

p) **Cash and Cash Equivalent**

Cash and Cash Equivalent for the purpose of cash flow statement comprise cash at bank and short term investments with the original maturity of three months or less.
