# Vision

EKLAVYA UNIVERSITY, will transform lives and communities through learning.

# Mission

Nurture achievers in life and careers through a value based, industry relevant and future ready education.

Emphasize research, interdisciplinary learning, and practical hands on education.

Equip every student with the required social and technical skills to achieve employment generation.

Provide a holistic education deeply rooted in the ways of the traditional Gurukulsystem.

Bring quality education within the reach of every individual, by committing to the achievement and maintenance of excellence in education, research and innovation.

Create and disseminate knowledge through research and creative inquiry..

Serve students by teaching them problem solving, leadership and teamwork skills, lateral thinking, commitment to quality and ethical behaviour.

Create a diverse community, open to the exchange of ideas, where discovery, creativity, and personal and professional development is encouraged and can flourish. Contribute to the social fabric and economic health of the Bundelkhand region, the state and the country at large, by enhancing and facilitating economic empowerment, providing equal opportunities and employment generation.

Contribute to the social fabric and economic health of the Bundelkhand region, the state and the country at large, by enhancing and facilitating economic empowerment, providing equal opportunities and employment generation.

# Chancellor's **Message**

I welcome you to experience an amazing educational experience at Eklavya University, where learning is not a mere formality, but is a roadmap for Excellence and Achievement.

Eklavya University was established to enhance the accessibility of quality education with an emphasis on employability, for one and all. To achieve this aspiration, we focus on the five areas: attracting quality faculty; forging alliances with industry & academia; imparting skill based interdisciplinary teaching pedagogy; building a state of the art & environmentally friendly infrastructure; and attracting brilliant students.

Through its academic programs, the University aims to empower students to meet the challenges of a rapidly changing industrial landscape, and encourages them develop

potential for scholarship, creative work, professional realization, research, and most importantly employment.

At Eklavya we value tradition and roots. We hope that at the end of their time here, students find a purposeful voice and are equipped with skills to achieve in life and in their chosen careers, while giving back to their communities and the society.

We founded this University with a dream to create a haven for career driven students looking for holistic growth. I welcome each one of you to Eklavya University to find your 'Lakshya' and discover the 'Eklavya' in you.

# Introduction

## Eklavya, among India's aspiring private universities

Eklavya University is committed to nurturing achievers in life and careers through a value based, industry relevant and future ready educational program. Eklavya University is a career-driven Private University focused on innovation, interdisciplinary skill based learning, quality placements, and exemplary faculty.

The University is promoted by Ojaswini Samdarshi Nyas, a registered Public Trust established in the year 2000. The Group has been a trusted name in education for over 20 years. The University is recognised by the M.P. Private University Regulatory Council.

Aiming at building the availability of employable work force in India, as well as to bridge the gap between academia and the corporate world, Eklavya provides hands on exposure to career driven, industry specific learning.

The placement cell, the experts and the teaching faculty of the University equip students to be industry-ready. With the help of our mentors, we network with the industry to ensure that top Indian companies and MNCs come to the campus for placements.

Simultaneously, Eklavya University is strengthening its education programs to incorporate interdisciplinary and skill based learning opportunities. This is in keeping with the new education policy that emphasises interdisciplinarity in the sphere of education. Further, with online education being the new norm, Eklavya has moved in a seamless manner to online teaching through its advanced technological infrastructure. The University has been successfully using online instruction, webinars, virtual classes, and discussion forums, to aid learning.

You will be taught by extraordinary teachers, gain hands on learning experiences, and develop strong industrial networks as you pursue your academic and experiential passions. This is our Commitment to you.

## About the Sponsoring **Body**

Ojaswini Samdarshi Nyas, was formed by a group of eminent social workers, in the year 1992 with a view to publish thoughtful literature for women. Accordingly a women magazine Ojaswini came into existence. Since 2000 Ojaswini became independent and Education became the corner stone of the Nyas' activities and initiatives .But Ojaswini became the identity of the group. The main objective of the Trust is to provide high quality comprehensive education, and relevant training and research opportunities compatible with the changing needs of students and the industry. The Trust aims at achieving sustainable developmental goals, and fulfilling millennial goals. Our key objectives are to enhance and facilitate economic empowerment, provide equal opportunities to all, create opportunities for employment generation (both directly and through education), and contribute to the sustainable development of the Bundelkhand Region.

The Nyas' first educational initiative was establishing Ojaswini College Par Excellence in the year 2001. The pace was set and It was followed by Ojaswini Utkrishtta Vidyalaya (2003), , Ojaswini Institute of Nursing Sciences and Research (2006), Ojaswini Institute of Management and Technology ( 2007), Ojaswini College of Education ( 2008), Ojaswini School par Excellence (2010). There was a growing demand of a University in the region, after the Dr. H.S. Gour University became Central University. The education environment encouraged the Nyas to start its own Private University. And thus began the journey of Ekalavya University.

## Our Doctoral **Programme**

To achieve excellence in various spheres of biotechnology, engineering, basic sciences, nursing, agricultural and management sciences, Ekalavya University has adopted a research driven model. The PhD programmes at the university are central to that model, providing rigorous training for an academic career and producing future leaders in research and education.

To maintain high standards of research, one of the examiners for the doctoral thesis shall be from outside the state. A provision is also made for the appointment of an external guide for doctoral students from outside the state to match the international standards of research.

- Political Science
- Philosophy
- Geography
- English
- Hindi Lit.
- Buddhist Studies
- Jain & Prakrit Studies
- Ancient Bhartiya History
- History
- Education
- Economics
- Psychology
- Drawing & Painting
- Graphic Design
- Visual Arts and Design
- Vocal Music
- Classical Dance
- Physical Education
- Library & Information Science
- Horticulture: Vegetable Science
- Horticulture: Fruit Science
- Soil Science and Agriculture
- Chemistry
- Plant Pathology
- Plant Breeding and Genetics
- Entomology
- Seed Science and Technology
- Extension Education
- Agronomy
- Yoga & Naturopathy
- Tabla (Music)

## Eligibility

Master's degree in the concerned subject/ related discipline with at least 55% marks.

## Mode of Admission

Admission is made through Ekalavya University Entrance Test (JRF/NET/SAT/ M Phil qualified candidates are exempted from entrance exam.

# Campus **Facilities**

Eklavya University works to promote overall development of students by fusing education with cultural, sports, workshops and seminars. The students “are involved in social awareness programs (voice against illiteracy, pollution, AIDS), cultural and recreational activities. The group strives to create a comfortable atmosphere and encourages the freedom of speech and of self expression.

## **Infrastructure**

Eklavya University is built on a world class, eco-friendly, lush green campus, spread over 22 acres, and facilitates the 360-degree development of students, faculty and staff. The state of the art infrastructure, modern facilities, are a source of great pride and glory. The campus is large enough to be exciting, yet small enough to inspire a sense of belonging.

## **Class rooms**

Study Hard. Well-appointed and digitally ready classrooms, tutorial rooms and seminar halls are available for student learning.

## **Library**

Read Read Read. The University has independent libraries for all school of study and is also home to one large central library which has a wide range of reference books, variety of newspapers, employment journals, magazines, national & international research journals, etc. The WIFI enabled digital library provides access to large number of e-books and e-journals.

### Workshops

Do and Learn. The University has a number of workshops to aid technical learning and enhance hands on learning opportunities. The main workshop is housed in a 10,000 sq. ft. in kirby dome structure. It has a well-equipped machine shop, carpentry shop, smithy shop, foundry shop, welding shop, and fitting shop. Qualified and experienced teachers & technicians train students.

### Auditorium

Discover & Network. The Auditorium is used to conduct seminars, conferences, assembly, meetings, exhibitions and other cultural activities. The auditorium is equipped with facilities like Led projector and public address system.

### Amphitheatre

Unwind & Experience. The Amphitheatre is the heart of the University campus. It is used to conduct events, musical evenings, dramas, poetry readings and meditation.

### Labs

Hands on Learning. The University has future ready labs in all areas of study. Given our emphasis on hands on learning modules, the labs are always buzzing with drive, dialogue, debate and discovery.

### Hostel

Living and Learning. At Eklavya, you'll be part of a close-knit community that's anchored by campus life. Whether in the hostels or the student accommodation near campus, you're always near friends and faculty.

The University has a separate girls and boys hostel. Both hostels have independent dining and recreational areas. Proper staff and security arrangements are ensured for the safety and well-being of students. The rooms are well furnished and fully appointed.

Hostel life enables students to spend time on campus, utilise library and other facilities to ensure they develop academically and acquire the necessary skills that provides a 360 degree growth and development.

### Highlights of the accommodation

- Fully secured under the surveillance of Warden
- Access to the Gym & Swimming Pool
- Dedicated Student Lounge
- Access to extended hours for Library & Labs
- Shuttle Service from Hostel to city centre
- Dedicated community event for students
- On campus ATM
- On campus medical emergency facility
- Tie-up with leading hospitals in the town
- Laundry service on payment basis

- Pick up & Drop facilities for students from railway station

For more details on hostel facilities please email on [info@eklavyauniversity.ac.in](mailto:info@eklavyauniversity.ac.in)

### **Canteen**

Eat and Greet. Relax and unwind at the aesthetically designed canteen on campus. The canteen provides fresh and hygienic meals and snacks to students, and is an ideal place to connect and network with peers and faculty.

The best part about the canteen at Eklavya University is that the students decide the menu. In coordination with the Dean Student Affairs, students along with faculty members decide the menu for every semester. A home away from home.

### **Transportation**

Travel Safe. In order to ease commute, Eklavya University offers wide network of 20 buses running on pre decided routes across Damoh ensuring safe travel for its students. The services are provided through University buses equipped with safety features as Speed Governors, CCTV camera, GPS

Tracking and all other norms as per Government guidelines.

For more details on bus routes and the charges please email on [info@eklavyauniversity.ac.in](mailto:info@eklavyauniversity.ac.in)

### **CCTV Supervision**

Stay Safe. Eklavya University gives the greatest importance to student safety, and the campus is under 24 hour CCTV surveillance.

### **WIFI Campus**

Connectivity is Key. The world has become a global Village and where we live is no longer of any consequence, as long as we have access to the internet. The University ensures high speed internet access to students through the campus WIFI network and through the many computer rooms across the campus.

# Student **Activities**

## Sports

Students are encouraged to take part in indoor and outdoor sports activities and participate in inter collegiate sports competitions and youth festivals with the support of the college, and under the training of a skilled Sports Officer. The college campus has play grounds for football, cricket, hockey, basket ball, volley ball, indoor badminton and TT courts.

## Gym

Exercise is highly encourage at OIMT. It is the only college in the Bundelkhand region which has a modern, well equipped and fully functional gym.

## Yoga

Regular Yoga classes are conducted to ensure and encourage overall fitness and mental growth among students.

# Training & Placement

The T&P team at Eklavya includes professionals with extensive training and placement knowledge and experience at various established colleges and universities across India.

## Process & Registration

All students who wish to be a part of the University placement pool are required to register with the Training & Placement Cell for the upcoming session.

Students are required to fill the T&P Registration form online. [Click here to register](#)

After filling the online registration form, students are required to submit a printed copy of form & photocopy of their testimonials (10th, 11th, 12th, B.Tech. all semester mark sheets) to the Training & Placement office on campus.

Only the registered students will be eligible for the campus drives.

## The Eklavya Advantage

- Dedicated Career Development Cell
- On Campus Career Counsellor
- On Campus Technical Trainers
- On Campus Non-Technical Trainers
- Periodic Student Employability Assessment
- Personalised Training Modules
- Industry Relevant Training
- School Specific Campus Drives
- Dedicated Placement Preparation
- Industry Networking Opportunities
- In-House Internship Opportunities
- Entrepreneurial Skill & Product Development Support.

## YOUR Future Choice

Choosing a program can be challenging,  
after all  
you're investing in your future

## SCHOOL OF ENGINEERING

The world needs technical talent to innovate and address problems in energy, healthcare, environment, security, communications, and so much more. The School emphasizes a collaborative, hands-on approach to education, combining class room learning and real-world application in a multidisciplinary program of study. Our goal is to educate and inspire students to become problem solvers and leaders in engineering, technology and related disciplines.

In addition to core technical learning, students are encouraged to take a range of courses related to innovation, professional development, entrepreneurship, and personality development. The School of Engineering offers Diploma, Bachelor and Master's Degrees, across 8 departments, and is regulated by All India Council for Technical Education (AICTE).

### Career Scope

**Architectural Engg., Cad Design, Structural Analyst, Contractor, Builder, Project Manager**  
**Software Developer, Hardware Engg., Networking Engg., Telecom Engg., Robotics, Data Analytics, System Designer, DBA, Machine learning, Automobile, Aerospace, Still Plants, Shipping, Government, Manufacturing, Consulting, Machine Designer, Process Engg. , Factory Supervisor, Electronic Engg., Network Planning, Technical Director, Research & Development, Service Engg., Electricity plant, Radio & TV Customer Support, Public Sector**

# Programs Offered

## Diploma 3 years

Civil Engineering (CE)  
Computer Science Engineering (CSE)  
Electrical & Electronics Engineering (EX)  
Mechanical Engineering (ME)

**Eligibility** - 10th pass with minimum 35% from a recognized board.

## Bachelor of Technology 4 Years

Civil Engineering (CE)  
Computer Science Engineering (CSE)  
Electrical & Electronics Engineering (EX)  
Mechanical Engineering (ME)  
Electronics & Communication (EC)

**Eligibility** - 10+2 pass with minimum 45% (40% for reserved category) in PCM, from a recognized board.

**Lateral Entry** - Minimum 50% in 3 years Diploma in Engineering.

## Master of Technology 2 Years

**Computer Science Engineering (CSE)**  
Computer Science Engineering (MCA also Eligible),  
Artificial Intelligence,  
Data Science, Cyber Security

### **Civil Engineering (CE)**

Structural Engineering,  
Transportation & Highway  
Construction Technology & Management (CTM)

### **Electronics & Communication (EC)**

Digital Communication Engineering,  
VLSI & Embedded System  
Robotics & Mechatronics

### **Electrical & Electronics Engineering (EX)**

Control System,  
Power System

### **Mechanical Engineering (ME)**

Heat Power Engineering,  
Machine Design  
Additive Manufacturing

**Eligibility** - B.Tech./B.E./ MCA/ M.Sc. IT /B.Sc. CS with 45% (40% for reserved category) from a recognized University.

## Ph.D. 3 Years

**Eligibility**- PG Degree in relevant subject with 55 % (50% for reserved category) from a recognized University.

# SCHOOL OF AGRICULTURE

Agriculture is the backbone of our Nation and its economy. It is a source of employment for over two-thirds of the labour force. Despite its prominent contribution to the GDP, a professional education in Agriculture has gained momentum only recently.

Eklavya University aims to evolve into a leading centre providing student – responsive education, farmer – responsive training and services for the development of Agriculture and agro-industry. The School of Agriculture has introduced many courses in the fields of Agriculture education, Research and Extension to meet and match the pace of current global technological developments. The curriculum is especially designed to train human resources needed for agriculture and to foster the spirit of innovation, research and entrepreneurship.

Seminars, Workshops, Conferences, Educational Tours, Field Trips, Short-term Training Programs, Rural Agricultural Work Experience all for a part of the departments exemplary teaching pedagogy.

## Career Scope

**Agricultural field Officer,  
Agriculturist, Entrepreneur,  
Horticulturist, floriculture  
industry, landscaping, Protected  
Cultivation Unit, Agriculture  
Officer, Seed Officer, Research  
Scientist, Production Manager,  
Krishi Vigyan Kendra, Field  
Officer, Farm Manager,  
Agriculture Loan Officer,  
Manager in Fertilizer Units,  
Plantation Manager, Quality  
Assurance, Food Processing**

# Programs Offered

## Diploma

Horticulture, Seed Technology, Soil Science

**Eligibility-** 10th pass in any subject from a Recognized Board.

## Post Basic

B.Sc. Hons. Agriculture

**Eligibility-** 10+2 pass in PCM/PCB/Agriculture with 50% (45% for reserved category) from a Recognized Board.

## M.Sc. Agriculture

Agronomy, Horticulture, Soil Science, Genetics & Plant Breeding (GPB), Plant Pathology, Seed Technology, Agricultural Extension & Communication

**Eligibility -** Graduate in relevant subject with 40% (35% for reserved category ) from a Recognized.

## SCHOOL OF EDUCATION & LIBRARY SCIENCE

The Department of Education at Eklavya University, is a leading centre for teacher education and strives to be a research-intensive Institution with far reaching impact on the quality of teachers and education available in the region and the country as a whole. Teacher candidates combine social context, content knowledge, and innovative pedagogy to meet the needs and interests of all students in today's diverse classrooms.

The Education Program at Eklavya offers a comprehensive learning opportunity to teacher candidates, by encouraging inter-disciplinary learning, research and practical oriented education, in-service teacher training at its CBSE recognised schools, and numerous add- on courses. The Department aims at empowering a community of teachers through innovative thinking, hands on training, research and networking opportunities.

**School of Library Science** - In today's day and age information is king. But just information by itself is not enough. It has to be collected, managed and catalogued for it to be useful. The Department of Library & Information Science aims to educate and train students to create and manage libraries in an effective manner.

The recent digital revolution, changing patterns of information consumption and creative teaching pedagogy has made this area of study increasingly relevant. The department strives to prepare individuals for positions of responsibility in the field of Library & Information Science and to contribute to the advancement of knowledge in the field. The University has multiple well-equipped computer labs and library's to aid and enhance learning.

# Programs Offered

## DEPARTMENT OF EDUCATION

### Diploma in Elementary Education (D.El.Ed.) (2 years)

**Eligibility-** 10+2 pass in any subject from a recognized board.

### Bachelors in Education (B.Ed.) (2 years)

### Bachelors in Education (B.Ed.) Part Time (3 years)

**Eligibility-** 10+2 /UG Degree in any subject with minimum 45% (40% for reserved category) from a recognized board.

### Master in Eductaion (M.Ed.) (2 years)

**Eligibility-** B.Ed. with minimum 50% (45% for reserved category) from a recognized university.

### MA Education (2 year)

**Eligibility-** UG Degree in any subject with minimum 45% (40% for reserved category) from a recognized University.

### Ph.D. (2 year)

**Eligibility-** PG Degree in relevant subject with 55% (50% for reserved category ) from a recognized University.

## DEPARTMENT OF LIBRARY

### B.Lib. & I.Sc. (1 year)

**Eligibility-** UG Degree in any subject with minimum 45% (40% for reserved category ) from a recognized University.

### M.Lib. & I.Sc. (1 year)

**Eligibility-** Eligibility- B.Lib. & I.Sc. with minimum 50% (45% for reserved category) from a recognized University.

### Ph.D. (3 years)

**Eligibility-** Eligibility- PG Degree in relevant subject with 55% (50% for reserved category ) from a recognized University.

## Career Scope

Educational Counselor  
Teacher at Primary, Secondary, Senior Secondary School, Day Care  
Coordinator, Private Tutor, Online Educator, Record Keeper, Soft Skill Trainer, Curriculum Developer, School Administrator, Sport Coach, Govt. Sport Academies, Defence, Police, Railways, GYM Trainer, Librarian, Intelligence Analyst, Electronic Resource Librarian, Internet Trainer, Books Curator, Educator

## SCHOOL OF NURSING & PARAMEDICAL SCIENCES

### Department of Nursing

It is not without a purpose that they say that save one life you are hero and save a hundred lives and you are a nurse. When you are a nurse, you know that every day you will touch a life or a life will touch yours. The compassionate touch of a nurse dispenses comfort and care even before the doctor's prescription. This has been proven in present times more than ever before. A career in nursing is not only fulfilling and satisfying but also financially rewarding with 100 % job guarantee.

Nursing staff is required at all levels of healthcare – at advanced level in hospitals, community health agencies, nursing homes, and home health care. The wide gap between the number of qualified nurses required versus the availability of competent nursing staff, makes nursing a highly sought after and lucrative career option.

The Department of Nursing offers Diploma, Bachelor, Post Basic and Master's Degrees in Nursing, across a wide range of specializations, and is regulated by the Indian Nursing Council, New Delhi (INC).

### Department of Paramedical Sciences

Paramedical Science is an integral part of the health care delivery system. It has emerged as one of the important branches of medical science in the recent times. Paramedical Science deals with pre-hospital emergency services. The increased global demand for skilled paramedical professionals has opened up numerous career openings for students.

The Department of Paramedical Sciences at Eklavya University, has state of the art facilities, committed towards training technologists to reach a level of competency on par with the best in the country. The programme has been formulated in consultation with experts in the field of Paramedical Sciences. Hands-on training is given to the students and trainees in the advanced diagnostic modalities in the field of medical sciences.

# Programs Offered

## Department of Nursing

### Diploma

**ANM** (2 years)

**GNM** (3 years)

**Eligibility** - 10+2 pass in any subject from a recognized board.

### Post Basic

**P.B. Diploma** (1 year)

Neo Natal Nursing, Orthopaedic and Rehabilitation Nursing, Operation Theater Nursing

### Post Basic B.Sc. (2 years)

**Eligibility** - P.B.Diploma - 10+2 pass in PBC form a recognized board; P.B.B.Sc. - Passed GNM Examination.

### B.Sc. Nursing (4 years)

**Eligibility**- 10+2 pass with 45 % (40% for reserved category) in PCB from a recognized board.

### M.Sc. Nursing (2 years)

**Child Health (Paed), Mental Health (MHN), Obstetrics & Gynaecology (Ob.Gyn.), Medical Surgical (MSN), Community Health (CHN)**

**Eligibility**- One year after B.Sc. Nursing / P.B.B.Sc. with 55% (50% for reserved category) from a recognized University.

### Ph.D. Nursing (3 years)

**Eligibility**- PG Degree in relevant subject with 55% (50 % for reserved category) from a recognized University.

### Certificate

Health Inspector, Operation Theatre Tech, X-Ray Radio Grapher

## Department of Paramedical Sciences

### Diploma in DMLT (2 years)

**Radio Therapy**

**Eligibility** - 10+2 pass in PCB from a recognized board.

### Bachelor in Paramedical Sciences

**BMLT** (3 years)

**BPT** (4 years)

**Eligibility** - 10+2 pass with PCB as compulsory subject, minimum 45% (40% for reserved category).

### Master in Paramedical Sciences

**MMLT** (2 years)

**Eligibility** - BMLT/BPT with 50% aggregate mark (45% for reserved category) from a recognized University.

## Career Scope

Clinical Nurse, Midwife, Nurse Educator, Neonatal Nurse, Paediatric Nurse, Medical Surgical Nurse, Nurse Advocate, Health Policy Nurse, Travel Nurse, Family Nurse, Practitioner, Nurse Researcher, Medical lab technologist, Pharmacy, Profesional, Technician - Critical Care, Dialysis, Dental, Occupational, X-ray, Ophthalmology, Physiotherapist

# SCHOOL OF DESIGN

## Aiming to Achieve Creativity

Design is all pervasive. The Department of Design at Eklavya University aims to help students discover their creativity and instil in them skills to be able to give form to their creativity. Indian art and traditional crafts form a cornerstone of the design sensibility prevalent at the School. The Department of Design aims to nurture creative minds to develop an ability to think outside the box and deliver creative and functional results. The department aims to become a centre of excellence in design education. The academic programs at the Department of Design are designed to develop technical skill, social significance and artistic expression.

### **B.Des (4 yrs)**

Fashion Des, Interior Des.

**Eligibility** - 10+2 pass with minimum 35% in any subject, from a Recognized Board.

### **M.Des (2 yrs)**

Fashion Des, Interior Des.

**Eligibility**- PG Degree in relevant subject with 50% (45% for reserved category) from a Recognized University.

## Career Scope

**Fashion Coordinator, Fashion Stylist, Sketching Assistant  
Textile Designer, Retail Manager  
Fashion Consultant, Fashion Journalist, Interior Designer  
Landscape Designer , Set Designer, Consultant**

## SCHOOL OF BASIC & APPLIED SCIENCES

### Aiming to Achieve Infinite Possibilities

Science is the corner stone of all professional and technical education. Without a keen understanding and through knowledge of basic and applied sciences, technical education is considered only marginally effective. In the growing competitive scenario, a deep understanding of these sciences gives prospective employees a competitive edge. One of the best institutes for Basic & Applied Sciences in Madhya Pradesh, the School of Basic & Applied Sciences at Eklavya University is home to a diverse set of departments that includes Basic Sciences like – Physics, Chemistry, Biology, Mathematics and Computer Science; and Applied Sciences like – Botany, Zoology, Micro Biology, Bio Technology and Forensic Science. The School lays stress upon modern methods of teaching i.e. applying the latest technological tools. This ensures creative learning and lively classroom interaction.

### Career Scope

**Forensic Science Technician**  
**Nuclear Engineer, Radio Grapher**  
**Oceano Grapher, Plant Biochemist**  
**Biological Technician, Lab assistant**  
**Research Technicians, Process**  
**Control, Environmental Consultant,**  
**Software, Banking, Data Entry, Web**  
**Developer, Geological & Petroleum**  
**Technician, Forestry & Conservation**

# Programs Offered

## DEPARTMENT OF BASIC SCIENCES

### Bachelor of Science (B.Sc.) 3 years

Maths, Physics, Chemistry, Zoology, Botany, Computer Science, Information Technology (3 years)

**Eligibility** - 10+2 pass with Science from a recognized board.

# SCHOOL OF ARTS & HUMANITIES

## Aiming to Achieve Transformation

Arts and humanities have a transformative effect on our lives and communities. They act as a mirror to the society. Different streams of Arts and Humanities play a pivotal role in the growth and development of the entire community.

The School of Arts and Humanities, one of the best Arts and Humanities institutes of Eklavya University in M.P, is home to a diverse range of disciplines, which allows for both immersive training in a single area and collaborative, interdisciplinary activities. The program at Eklavya University, studies human experience, thought, expression, and creativity.

A degree in the Arts and Humanities has the potential to give students a great foundation for a lot of different careers. Its a great area of study for students interested in civil services, social services, development and even politics, as it helps pave the way for taking competitive exams. For still others interested in the corporate sector, media and arts, this area of study helps students build a strong knowledge base required for pursuing a

## DEPARTMENT OF PERFORMING ARTS

Historically, performing arts have been used as a medium for not only entrainment but also for social and cultural commentary. Artists use their voices and bodies to express ideas and emotions in various performing art forms. They are amongst the oldest forms of media, and rely heavily on speech, gesture, music, movement, sound and spectacle.

The Department of Performing Arts at Eklavya University explores a wide range of mediums, including theatre, music and dance, and complimentary areas like – stage design, sound engineering & design and light design. The courses offered are both participative and performative, and demand high levels of creativity and confidence. The Department emphasises practical knowledge and hands-on education in order for students to enter the highly competitive industry. We encourage our students to develop a new thought process wherein a passion can be turned into a lucrative profession.

The University has multiple creative spaces to explore and fully realise ones skill and potential. These include indoor halls and an open air amphitheatre.
