Admission -

Admissions are granted on the basis of the counselling process organized by AKTU University. Anyone with a relevant grade. The degree can apply for the program. The entire admission process was smooth enough. Though I had to wait a lot for the release of the merit list, which might take a toll.

Placement -

9 /10

Placements are good in our college. Students with communication skills are hired during the campus placement itself. We were also assisted with dedicated placement training and mock interviews, which literally helped in boosting my confidence.
