MAHARAJA AGRASEN HIMALAYAN GARHWAL UNIVERSITY

## Maharaja Agrasen - Our Guiding Light

**Maharaja Agrasen was a Suryavanshi King at Agroha (Haryana) in Dwapar Yuga contemporary to Lord Krishna and is accredited with establishing the Agarwal and Agrahari community of Hindus.**

**Maharaja Agrasen stood supreme in the annals of Indian history as an ideal king, he lived an ideal life of piety, devotion and compassion.**

**One who came to his kingdom, to be a citizen, was given "one brick and one coin" by every other resident. The coins would provide money to set up a new business and the bricks would help in building house.**

**Maharaja Agrasen gave importance to the protection of cows and is known for his compassion in refusing to slaughter animals in yajnas. Maharaja Agrasen was a strong protagonist of spending 25 percent of the incomes on the welfare of living beings in the society, 25 percent savings for future which is necessary and sufficient condition for coping up the financial crisis of any kind as in present times.**

**Maharaja Agrasen is also known as icon of Sacrifice, Compassion, Non-Violence, Peace, Prosperity and a True Socialist.**

## From the President's Desk

Dear all,

I, first of all, extend my gratitude to all these people who shoulder responsibilities directly or indirectly in establishment of this university which I dreamt of. I heartily welcome faculty members, staff and students of this University who have shown faith and have pledged to take this University to greater heights. I assure the students, who are getting admission in Maharaja Agrasen Himalayan Garhwal University that they will get quality, formal, technical, and professional education blended with effective skills based on German Model and a humane approach. This university is heading to become pioneer in the field of skill education as to match with clarion call of our Hon'ble Prime Minister to make India self-dependent under the aegis of "Skill India" through skill based training and practical knowledge. Our university has been facilitating students of different background, caste, creed and from Uttarakhand and other parts of country with courses of emerging areas. Our aim is not only to impart quality education but also to create such a challenging environment where students can nurture their talent and dreams effectively empowering them to become innovative, creative thinker and problem solver.

I have started my journey of social welfare in year 1990 with establishment of "Lal Bahadur Shastri Prashikshan Sansthan" to impart vocational and skill-based computer literacy program among the people of Uttarakhand and nearby states. In 2016, we have fulfilled our dream to establish a Institute of Higher Learning.

We are aiming to impart such education that our students after passing their examination will be able to get some or other kind of gainful employment or to become a successful entrepreneur. Our philosophy of education has always been meeting the needs of individuals coming from diverse background through life skill programmes with the help of experienced, qualified, dedicated faculty members and good infrastructure. Our university is getting help of practicing professionals of all possible areas to motivate and encourage our students in every possible way to shape up their future.

In this spell bound beauty of nature, I invite the youngsters of Uttarakhand and rest of India and world to visit and join Maharaja Agrasen Himalayan Garhwal University and cherish their lifelong dream of becoming successful person not only in the country but throughout the world.

I am thankful to the parents with my heart who have shown support and confidence on us and admitted their wards in our university.

I firmly believed that rich values and traditions imbibed here, would take you all to greater heights.

Prof. Shiv Kumar Gupta

## From The Vice Chancellor's Desk

Dear All,

It gives me a sense of pride and pleasure to serve Maharaja Agrasen Himalayan Garhwal University (MAHGU), Uttarakhand and perform as The Vice Chancellor. MAHGU was established in year 2016 with a aspiration to educate and motivate the students of hilly areas of Garhwal and Kumaon to get job oriented professional, technical, higher education, and entrepreneurship skills so that students can start their own enterprise, business or industries, which may lead to development of their own place of origin with the available resources and stop migration from their region.

This University has certainly proved as an asset in the region and our country, as well as to catering to the multifaceted educational needs of the many. The philosophy of the University includes offering multiple entry & exit programmes. Also aims at student centric curriculum with power of language as per the guidelines of UGC.

The New Education Policy (NEP) 2020 implemented in India for the development of the students social, intellectual, emotional, ethical, moral and aesthetic facets of an individual in an integrated manner which prepares them for transformation of the Country and make India as a "Vishwa Guru"

The Use of technology and the flexible system with traditional values prepares students to become successful in life and eventually becoming responsible citizens and contribute to the society and country at large. Congenial learning atmosphere of MAGHU encourages learners to develop their personality holistically with the help of conceptual knowledge, practical training, behavioural practices and keeping themselves fit by practising Yoga for a healthy and spiritual life style.

Words of Swami Vivekananda gives us the mantra for development: "Take up one Idea, make that one idea your life, think of it, dream of it, and live on that idea. Let the brain muscles, nerves, every part of your body be full of that idea and just leave other idea alone. This is way to success that is the way great spiritual giants are produced"

MAHGU has strategic advantages of natural environment absolutely pollution free, noise free, "Hill-Top" lush green campus with incredible amenities, well connected with National Highway. Our strength is a blend of experienced and comparatively young Faculty Members, who are committed to educate, train and guide students with a mission to nurture them globally.

We are currently imparting formal education till doctoral level in selected areas of strength, facilities and infrastructure to be created for the best possible non-formal education, Support Skill Development is also a mission. MAHGU has been set up as an institution with diverse learning environment and with a vision to make it, one of the leading multidisciplinary Universities of the country acknowledged by global players.

Firstly I congratulate to those students who have successfully completed their courses and received medal, degree, diploma and certificates in Convocation and joined further studies or professional and practical world. Secondly I welcome and congratulate all the stake holders, teachers and staff, students and the parents who have chosen to be associated with our University. I congratulate the promoters of the University for their Untiring Effort for establishment of the University and expecting best support for growth and development of the university. I am sure that you will feel proud on being integral part with us and make us equally proud with your academic excellence and achievements.

Wishing you to channelize positive energy for the best future endeavours.

## RESEARCH PROGRAMS

Our academic and research staff work with partner organizations to conduct enquiry-driven, fundamental and pioneering research, we strive for significant impact to make the world a better place.

We live in a world which is changing rapidly. New technological solutions emerge every day; at the same time new challenges are constantly appearing. Tackling these challenges is the essence of Science and as a unified department, the Maharaja Agrasen Himalayan Garhwal University is perfectly placed to address real-world problems and to be at the forefront of life-changing sciences.

Our research professors hold expertise in a remarkable range of subjects; Agriculture, Commerce and Management, Computer Science and Applications, Engineering and Technology, Humanities and Sciences, Law, Pharmacy and Para-Medical, and Vocational Studies. From the small scale to the large, and from fundamental theory through implementation of practical solutions, we offer flexible opportunities for research and development for all departments. This range of expertise sitting within a single roof combines to offer uniquely broad ranging and adaptive solutions.

We feel proud to announce that department of research, to a growing department which brings together so many internationally recognized researchers, our core themes of Science, Education and Yoga drive our research portfolio and our plan to add an additional priority area of advanced research will draw together our world-leading research and offer wider opportunities. The emerging areas of resilience and yogic science are widening our scope for research to aid those who have critical need of our expertise.

If you are interested in collaboration with Maharaja Agrasen Himalayan Garhwal University, coming here to study or would like more information about any of our research, you'll find contact details at the back of this information Brochure.

## FACULTY OF AGRICULTURE

Agriculture employs around 60 percent population of this country and contributes a major percentage in terms of economy. During corona period, it was the agriculture sector, which kept our economy stabilized. We need to understand the importance of agriculture sector where in presence of professionals and expertise is always in need so as to develop seeds which give maximum yield in shorter duration and are also resistant to diseases. Imagine, when our traditional crops which are organic in nature such as mandwa, jhungrial, jakhiya, gehat lentels, bicchoo ghas, green, red or black beans are available in all markets, certified as produced in Dev Bhoomi. Imagine our kakdi, pahadi mooli, pahadi aaloo being sent to markets of plain with certification of an organic produce.

A candidate with Degree in Agriculture can pursue career in field of Agriculture, Horticulture or Forestry as a employee or opt for entrepreneurship. These candidates can also join fertilizer, seed, pesticide organizations or NGO's. There are lot of opportunities for the agriculture graduates for jobs under the Agriculture Department both in central and state Government, banking organizations, farm machine industries and repair shops, poultry farming/ dairy/ fisheries, insurance sector, fertilizer and pesticide industries, food production units, private agriculture banking, hydroponic production of vegetables or involved in organic farming.

There is also lot of scope for Start-ups involved in seed production, food processing unit, organic vegetable production, ornamental flower and plant. Modern glasshouse, drip irrigation, specific application of fertilizers and pesticides with the help of drone, organic farming and biotechnology applications are newer emerging areas.

# RAGGING

## Ban of Ragging

Ragging in any form is strictly prohibited. If any incident of ragging comes to the notice of the authority, the concerned student shall be given opportunities to explain and if his explanation is not found satisfactory, the authority would expel him from the university.

The University will not show any mercy to the misbehaving student and would initiate disciplinary action whenever occasion demands. At the time of admission, every student and his/her parent/guardian shall be required to sign a declaration to the effect that he/she submits himself/herself to the disciplinary jurisdiction of the Vice Chancellor and the other authorities of the University.

All powers relating to discipline among the students are vested in the Vice Chancellor. The Vice Chancellor may delegate all or any of his/her powers as he/she deems proper to any of the Officers of the University specified by him/her. The Vice Chancellor decision shall be the final in all matters of punishment of the students for violation of any of the rules or regulations of the University.

University has adopted policies which are based on the Honourable Supreme Court of India's ruling and UGC regulations on curbing the menace of ragging in higher education institutions, 2009.

As per the recommendations, the apex court has said that ragging is unacceptable and must be deterred by exemplary and harsh punishment.

MAHGU has been free from this menace because of the active cooperation of the faculty, students, parents and staff. We also continually make efforts to keep our campus free from all kinds of toxins viz. drug, consumption of liquor, etc.

In our university if any student is found indulging in any such activities, which comes in the category of ragging, then he/she becomes liable to any or all of following punishments:

- Suspension or expulsion from the hostel or the University,
- Debarring from representation in events,
- Anything which the Anti Ragging Committee finds suitable as per the enquiry conducted.
- FIR to be filed with Police on receipt of complaint

We are confident that with the support of all stakeholders we shall be able to maintain our campus completely free from the evils of ragging. University displays contact numbers of Anti Ragging cell in campus and on the website. Literature regarding this is also placed on website link.

## RAGGING FREE CAMPUS

# VARIOUS CELLS & COMMITTEES

## Grievance Redressal Cell

Grievance Redressal Cell of the University works as effective internal grievances redressal machinery for the trainee and the staff. The cell provides tripartite settlement services that are Management, Head of faculty/department i.e., Dean/HOD, executive members of staff and student representatives (Nominated by the respective HOD). The grievance in our university relating to irregularities in admission procedure, transfer, hostel accommodation, leave, study problems, adjustments, results, payment of fees, assignments and welfare amenities etc. are solved through this cell. The grievance of the staff such as salary, P.F., leaves etc. are effectively settled through the time tested system of grievance management. However, majority of the grievance is redressed informally in view of the participative nature of the environment existing in the University. The system is comprehensive, simple and flexible and has proved effective in promoting harmonious relationship between students and staff, employees and management.

## Women Grievance Cell

As per the guidelines of UGC and the Hon'ble Supreme Court a Women Grievance Cell/ Anti Sexual Harassment Cell has been established by the Maharaja Agrasen Himalayan Garhwal University of Uttarakhand to provide a healthy and congenial atmosphere to the students and Staff of the University. The cell was constituted to meet the four basic objectives:

- a) To prepare the norms and guidelines for a policy against sexual harassment.
- b) To prepare procedures and principles for combating sexual harassment.
- c) To work out details for the implementation of the policy.
- d) To prepare a detailed plan of action, both short and long term.

## Academic Guidance And Counseling Cell

We understand that there are lot of apprehensions in the minds of the students about the future and the careers that they want to choose. Hence, a guidance and counseling centre with competent counselor and career guides, has been set up in the campus which provides full time support to the student's right from the time they enter the Campus. We help them in selecting the right course according to their interest and attitude counsel the student during campus stay and at time of depression.

Academic programmes of Management, Hotel Management, Pharmacy, Law, Computer Applications, Yoga, Fashion Design and Vocational are different from those of purely academic college. Moreover, a lot of task has to be accomplished within the limited months. All programmes give the student trainees many new experiences in their academic career. Hence Academic Guidance and Counseling Cell of our University departments are assisting to ensure a healthy climate of harmonious and integrated personality development of trainees.

---

For smooth functioning under the law of land and directives of UGC, New Delhi, MAHGU has formed additional committees, namely Internal Complaints Committee, Equal Opportunity Cell, Internal Quality Assurance Cell. Details about these Committees are available at MAHGU official website [www.hgu.ac.in](http://www.hgu.ac.in)

Mentor- Mentee System- is adopted in all Faculty and Departments of University for all students, to understand, nurture and resolve issues, even those of personal nature and make him a responsible and contributing member of Nation.

## Internal Complaints Committee (ICC) :

Submit the complaint: Directly at the office of the ICC, Room No. 206, (2nd Floor, Administrative Block in University Campus.

OR: Send an email to: [office\\_icc@admin.ac.in](mailto:office_icc@admin.ac.in)

For any queries please contact personally in the office of ICC: Mr. Hemant Kumar (Coordinator ICC)

## Equal Opportunity Cell (EOC) :

In compliance to UGC guidelines, University has constituted the Equal Opportunity Cell (EOC) to address the issues of students belonging to SC, ST, OBC, Minorities and PWDs. The Equal Opportunity Cell (EOC) ensures that all students and staff have equal opportunities and more inclusive environment.

For any queries please contact personally in the office of EOC: Mrs. Jyoti Kumar

## CORPORATE RESOURCE CENTRE

University has established separate department to collaborate with corporate and academic world in the name of Corporate Resource Centre (CRC) to facilitate all the students. Corporate Resource Centre is basic necessity for the academic institutions in dynamic market conditions especially when a major section of students are getting professional & technical knowledge. Establishment of permanent relationship with corporate world for an effective placement strategy to get the students placed is essential. Thus CRC is supposed to help students in career-related problems and sharing latest information regarding employment opportunities. CRC help them to brush up the knowledge and skills required for clearing written exam and interviews. CRC helps in developing general employability skills among students and alumni and play a role of connector between them and the corporate world.

CRC serves dual purpose for University and prospective hiring organizations by inviting resource person for academic inputs and enrich the students with knowledge and skills required for placement on one hand and on other hand organizing campus placement for supply of human resources to the corporate world.

The active participation of students is essential in CRC throughout to the year towards generating placement and training opportunities for the students. Students are always in need of constant guidance and supervision so that they are able to channelize their efforts in the right direction.

# TRAINING & PLACEMENTS CELL

The Training & Placement cell is a vital aspect for the students while pursuing the higher education in any college or university. From the student point of view, quality placements can bring range of benefits, positive impacts and lots of opportunities. The placement cell identifies the skills by interacting with HR Department of Industries and make the university students ready for the industry.

It is the dream of every student pursuing higher education to get placed in a top organization while training and placement processes of any college or university plays a leading role in determining the career objectives of students. The Training & Placement Cell plays a vital role in finding the opportunities and Industrial exposure for students pursuing Under Graduate and Post Graduate in the University. The Cell functions round the year to enable contacts between companies and students. The objective of the Training & Placement Cell is to make the students aware about the job openings and assist them to get placed.

The Maharaja Agrasen Himalayan Garhwal University Training & Placement Cell has been successfully able to placed students of different streams in reputed MNCs from Information Technology, Pharmaceutical, Manufacturing, ITES, Banking & Finance, Law etc.

The Cell organizes career guidance programmes for the students round the year and improves the interview skills by Mock Interviews, Group Discussions and Communication Improvement workshops etc.

## Objectives of T&P Cell

- To develop employability skills and achieve good placement in the Industry.
- To develop industry ready candidates for the industry who can play essential role in the nation building.
- Understand the Industry requirement and bridge the gap between academics & industry expectations.
- Motivate students to develop Technical Knowledge and Soft Skills.
- Organizing Pre- Placement Training's.
- Aiming to Place the maximum number of students through Campus & off Campus interviews.
- Planning and organizing various Placement drives.
