PRESIDENT'S MESSAGE

Dr Vijay Zawar MD, FRCP (Edin)
President IADVL

Dear IADVLites,

I'm happy to share few words for our last newsletter. I'm overwhelmed to see the entire year kept engaged in various activities academic and non-academic. The academy activities continued until the end, appreciation to the IADVL Academy. It's heartening to see that the presidential project of Mission Prison is being conducted as the last round in the states of Bihar, Karnataka, Madhya Pradesh and Punjab. The ICSoft project also took off well with good acceptance and appreciation. A large of members enrolled to become members of DVL trust and strengthening it more.

The presidential textbooks are getting ready to be released. The outgoing and incoming EC meeting at the Delhi HQ saw a cordial transit of ideas and proposals between the two ECs. Overall, it was a satisfying and fulfilling year. I sincerely thank all the members, the Academy and Central Council and the EC for giving their best cooperation.

Thank you.

Sayonara !

Long live IADVL!

Dr Vijay Zawar

MESSAGE OF PRESIDENT - ELECT

Dr. Manjunath Shenoy MD, FRCP (Edin)
President Elect

Dear IADVLites, Happy New Year!

The national executive committee functions with the objectives of achieving several goals, including the welfare of the members, quality skin health care, continuing medical education, subspecialty development, collaboration with government and international societies, and community services. Every president ensures that these objectives are taken care of, along with some of the presidential initiatives for member and community welfare. I must congratulate our president, Dr. Vijay Zavar, for providing leadership in the past 10 months and ensuring that academic and community-directed activities are continued without any hindrance in spite of a few challenges. Advances in the social security scheme (DVL Trust) promotion have taken a giant leap due to his efforts.

IADVL is beyond academics and patient care. While we strive for the betterment of the patients, many of us may have forgotten to take care of their health. We need a programme that addresses the holistic health of members and families. We also need a boost to the brand image of IADVL/members can contribute a lot to this cause, which in turn benefits themselves. We can also focus on educating and demystifying the teenagers regarding skin health and avoiding them being misguided by self-styled, unqualified "cosmetologists." For these objectives to be achieved, strong and proactive participation from the members is expected.

Long live IADVL

Dr. Manjunath Shenoy M
President Elect (2023)

MESSAGE OF IMMEDIATE PAST PRESIDENT

Dr Rashmi Sarkar MD, FAMS
Immediate Past President IADVL

Dear IADVL members,

Let me wish you a very healthy and happy New year and rest of the year. This will be my last note to you as Immediate Past President IADVL 2023. It has been a great 3 years in the EC, serving all of you. I have loved interacting with all of you and shall do it as and when you require it. I am happy to say the the NABH accreditation of Dermatology Stand alone clinics are ready for your use now as we ,at IADVL spent a good two and a half years brainstorming.

I feel happy that IADVL has taken rapid strides internationally while also carrying on education and advocacy for it's members. I am very happy to serve you as the elected Regional Director of ILDS from South Asia, Africa and Middle East and also as a member of the Scientific Committee of WCD 2027 at Guadeljara, Mexico.

My journey continues with each of you...

Long live IADVL.

Dr. Rashmi Sarkar

Immediate Past President

IADVL 2023

HONORARY SECRETARY GENERAL SPEAKS

Dr Dinesh Kumar Devaraj MD, FRCP (Glasgow, London)
Secretary General, IADVL

As the curtain falls, I can sum up only one word ... "GRATITUDE"

Sitting in Chennai and managing a 17,139 member strong world's second largest Dermatological association, IADVL, would never have been possible without the unwavering support and commitment of my Dermatologist friends across India. Reflecting on the journey we've embarked upon together and the milestones we've achieved, it's all been a collective effort that bloomed out of the synergistic dynamism of IADVL EC, IADVL Academy, various IADVL Committees and the State Presidents and Secretaries.

The world is witnessing a millennial surge in the field of Dermatology and over the past two years, through our dedicated services we have achieved remarkable strides in making our presence felt both nationally and globally. It was "Skin Safar Rath 1.0", a flagship campaign of IADVL, that carried the wave of Dermatology across India and brought me into the hearts of Dermatologists across India, and my tenure would be incomplete without yet another "Skin Safar Rath 2.0", a journey that will take off from Pune and end in the venue of DERMACON 2024, Hyderabad. In closing, I extend my heartfelt gratitude to each and every one of you, for your invaluable and whole hearted contributions towards the continued growth and success of the organization.

Serving in this esteemed position as Honorary Secretary General, IADVL has been both a privilege and a profound learning experience. As we transit into a new phase of leadership, I am confident that IADVL will continue to thrive further and escalate higher.

Secretary General (2023)

HONORARY TREASURER'S NOTE & ACCOUNTS

Dr. Savitha A S MD, DNB, MNAS, FRGUHS (DS)
Honorary Treasurer, IADVL

Dear all,

Greetings from the treasurer's desk.

As my tenure as treasurer draws to a close, I find myself reflecting on the incredible journey these two years have been. Serving in this role has been an honor and a privilege, and I am immensely grateful for the opportunity to contribute to our organization's financial growth and success.

Over the past year, we've achieved significant milestones and overcome various challenges. The most important for us is the condoning of the 14 crore tax levied on us. We have streamlined all the payments. All the activities have been held within the allocated budget. The physical audit of the accounts of DERMACON International 2023 held at Mumbai has been completed and we have received a healthy surplus from the conference as savings. On behalf of the EC, I thank the organising Committee of DERMACON International 2023.

I want to express my heartfelt appreciation to previous treasurer, Central Finance committee Chairs and members for their unwavering support, and engagement throughout my term. As I transition out of this role, I have full confidence in the incoming treasurer and the rest of our new leadership team. I know that they will continue to lead with integrity, transparency, and a deep commitment to our organization's mission. Thank you once again for the privilege of serving as your treasurer. It has been a truly rewarding experience, and I am grateful for the memories and friendships forged along the way.

Wishing IADVL continued success and prosperity.

Long Live IADVL
Regards

Dr. Savitha A S

PROPOSALS FOR AGBM MEET

Proposals for AGBM 2024, DERMACON Hyderabad

Proposals carried from Central Council meeting August 2023

Proposal 1

Title of Proposal: To have an independent budgetary allocation for Anti- Quackery every year at National and state Branch level of IADVL.

. Name of proposer with LM No. with signature:

. Dr D Dinesh Kumar, LM/TN/5354

. Name of seconders with LM No.:

. 1. DrVijayZawar,LM/MH/942

. 2. DrManjunathShenoy,LM/KN/2878

. 3. Dr.RashmiSarkar,LM/ND/1543

. 4. Dr Savitha A S, LM/ KN/5761

. 5. Dr. Shashi Kumar BM, LM/KN/5241 6. Dr. Vinay Singh, LM/ND/2993

7. Dr. Sudhavani D, LM/TS/207

. 8. Dr. Prashant Jadhav, LM/M/1033

Proposal: To have an independent budgetary allocation for Anti-Quackery every ear at National and state Branch level of IADVL.How will it help IADVL? Quackery is on the rise in all aspects of dermatology. Not only the society and patients even the dermatologist bears the brunt of this quackery. Measures are needed to tackle quackery at multiple levels, Government, Bureaucratic, Judicial,PILs, Media (Visual, Print, Social) awareness. This needs finances to be managed professionally and we need to a dedicated staff for it. As of now the Anti- Quackery Chairperson, Convener and members along with the Legal

retainer is involved. Currently there is no budget involved unless there is an allocation from the President's Budget. Having a dedicated Budgetary allocation both at National and State Level will

ensure that the anti-quackery work can be more efficient and streamlined. The Chairperson and Convener can be in charge of the Budget and they would have to report the finances to the Honorary

Treasurer.

. Do you think this needs referral to any specific committee? **Constitution Committee:** Central Finance Committee should be giving the opinion on this matter and

not the Constitution on Committee.

. There is no mention of anti - quackery committee in the constitution- so no opinion possible anyways.

Once central finance committee opines, then matter can be taken up for discussion.

. **CFC Opinion:** Quackery is a burning issue currently, and a significant budget is required to tackle this.

There should be independent budgetary allocation for anti-quackery every year at National level.

Anti-quackery committee to plan a detailed budget under various headings, and the quantum of budget has to be decided at the CC meeting

Dr Dinesh asked for Rs 50 Lakhs.

The proposal was passed Dr Koushik proposed and Dr Sanjeev seconded.

Proposal 2

Title of Proposal: Defining quacks and action to be taken if possible. Name of proposer with LM No.

with signature:Dr. Vinay Singh LM/ND/2993 Name of seconders with LM No.:

1. Dr Anil Ganjoo: LM/ND/15102. Dr Neeraj Pandey: LM/UP&UK/4926 3. Dr Vineet Relhan : LM/ND/3780

Proposal: Many IADVL members are worried about other branch practitioners and non-medicos practicing Cosmetology, and there is a great unrest in the minds of youngsters regarding the same issue. IADVL has been trying to curtail the mal-practices by forming ITAQ and other ways. We are not

a statutory body and NMC/MCI have not included any cosmetology courses in various universities which are awarding MD/ Diplomas, hence we are self-learnt Laser & cosmetic specialists, having learnt from company technicians and burning our hands, now youngsters are learning from seniors.

The question arises as to what is our ground for protest? None of us were/are trained in laser procedures & cosmetology according to the

curriculum, but we are doing many procedures of plastic surgery/gynecology & other branches. We do not have teeth to cut other non dermatology practitioners entering into our field. As per

NMC/MCI an M.B; B.S. can do all practices and we have additional qualification in Dermatology, Venereology & Leprology only. Are we correct in claiming that cosmetic procedures are our personal

property? This is for discussion to end the ever-going conflict.

How will it help IADVL? It will help IADVL by reducing the workload of people involved in activities like ITAQ etc.

The proposal was passed. Dr Sacchidanand proposed and Dr Rajiv Sharma seconded.

Proposal 3

Title of Proposal: To substantially increase the cost for sharing IADVL data and also to place severe restrictions on members who inadvertently share the data with unauthorized people.

Name of proposer with LM No. with signature:

Dr D Dinesh Kumar, LM/TN/5354

Name of seconders with LM No.:

1. DrVijayZawar, LM/MH/942

2. DrManjunathShenoy, LM/KN/2878 3. Dr.RashmiSarkar, LM/ND/1543

4. Dr Savitha A S, LM/ KN/5761

5. Dr. Shashi Kumar BM, LM/KN/5241 6. Dr. Vinay Singh, LM/ND/2993 7. Dr. Sudhavani D,

LM/TS/207 8. Dr. Prashant Jadhav, LM/M/1033

Proposal: To substantially increase the cost for sharing IADVL data and also to place severe restrictions on members who inadvertently share the data with unauthorized people.

How will it help IADVL?

As of now the IADVL data is shared with companies on payment of a fee of Rs. 50,000/-. This data gets leaked to many others. Also, the IADVL data is provided to Election Contestants, Bidding cities and also National conference organizers without a cost. Many times, it has happened in the past that the Data has been leaked advertently or inadvertently by such members to who it has been shared in good faith. Data is the gold mine in the current age and we need to safe guard and utilize in a proper way. Also, we need to safeguard our members' privacy. By substantially increasing the cost for sharing the data (Names and email) to Rs 2 -3 lakhs, IADVL stands to gain. And also, we need stringent action in place for members who share the data given to them in for official purposes to companies. This will deter the members from this act.

Dr Dinesh- 5 lakhs for names and Emails

The proposal was passed, Dr Indrani Dey proposed and Dr Sanjeev Vaishampayan seconded.

Proposal 4

Title of Proposal: To reduce the print copies of IADVL. Name of proposer with LM No. with signature:

Proposal: To reduce the print copies of IJDVL

How will it help IADVL?

IJDVL is a well-known reputed journal with good impact factor and many medical colleges are subscribing. No association in the world has onetime fee for life and life time postal delivery of hard copies of the journal.

Many members are now soft copy savvy, prefer to have online access. All new member applicants have an option to choose for e-copy only during membership application and

almost everyone chooses e-copy only. The paid Subscribers as of date: 60 (total subscribers last year were 105).

Justification to reduce IJDVL print version IJDVL printing costs huge amount of money. We print around 11,000 hard copies of IJDVL and the costs run to around Rs. 26 lakhs per issue. Of which approx. Rs. 6,50,000/- is postal charges, around Rs 15- 16,00,000 /- is printing charges. Out of the 11,000 copies, nearly 500-7000 copies get returned back due to various reasons. Dr Dinesh Kumar Devraj spoke to the publisher Mr. Pritesh Seth of Scientific Scholar and the publisher is absolutely fine if we go for fore only e-copies. Infact most of the major journals have now become e-copy only. By giving up hard copies, IADVL can save a good amount of money, considering it is printed every 3 months. We can charge subscription fee for a printed copy for those who need it. E-copy will be free for all from India and also will be emailed to all our members. As the revenue may go down in future, with the new regulations and pharma restrictions, it is ideal to have look at it now, to look forward for cost cutting measures, wherever feasible. This is also an environment friendly option as nearly 10 tons of paper are used for printing one issue of IJDVL alone.

IDOJ statistics:

600 copies printed. These are sent to all medical college libraries (At present it is complimentary as per AGBM decision. Now IDOJ is planning to shift to Subscription basis), to corresponding Authors,

Editorial board members, IADVL EC, State Presidents, Secretaries. The cost is around Rs 5 lakhs per issue.

Do you think this needs referral to any specific committee?

No, referral needed. Inputs of IJDVL & IDOJ Editor can be taken.

Dr.Seetharam , Idoj Editor Opinion : Agree. There may be resistance, but doable. With the GB decision, Proposing some charge for the print version is ideal. The number of copies to be printed, we can follow the IDOJ pa ern. Even for IDOJ, now we are planning to shi to subscrip on-based a er the board mee ng (Aug 27).

Dr.Archana Singal,IJDVL Editor : My Response-As a environmentally conscious person, I welcome this move tremendously.

However, It may be done for the newly enrolled members of IADVL when they pay to become LM for IADVL

- For the existing member- Most IADVL members consider this as their privilege to receive print copy of IJDVL and they pay under two heads, so it may not be possible to stop print copies abruptly.

Dr.Yogesh Marfatia , IJPGD Editor: 1) No hard copy to new members - option for physical copy should be removed.

2) Existing members - one- me option on whether they want a hard copy or so copy, this option can be provided (can be incorporated in ballot paper) during IADVL national election process.

3) IDOJ - current policy of 600 print copies can be continued.

decision.

DISCUSSION

Dr Archana-Members have already paid for the journal at the time of taking membership. It needs Legal opinion. At the time of PLM to LM conversion give choice about hard or soft copy.

Legal opinion may also be taken on this issue from the IADVL Lawyer before making a final

The proposal was passed with modification and need to present it in GBM. Dr Anuradha proposed and Dr Shyamanta seconded it.

Legal retainer opinion was obtained after the CCM, the opinion is as follows:

Dear Sir

Yes it's possible

Even the Companies have discontinued sending hard copies of annual reports to its members

You can send pdf copies to your members

It's environment friendly

Proposal: To trademark IADVL Logo and the words DERMACON, MIDDERMACON, CUTICON, DERMAZONE

How will it help IADVL?

The IADVL logo, and DERMACON, MIDDERMACON, CUTICON, DERMAZONE are symbols of IADVL and we need it for IADVL's exclusive usage. If we trademark it,we would be in a better position and authority to use them and this will prevent its usage by others.

Do you think this needs referral to any specific committee? Yes, CFC. Needs budgetary allocation.

CFC Opinion: To mention the estimate cost for the trademark.

DISCUSSION

Dr Dinesh –It was brought in 2018 with approx. cost of around 2 Lakh

The proposal was passed. Dr Asokan proposed andDr Anuradha seconded.

Proposal 6

Title of Proposal: To shift the IJDVL account to the main IADVL account. Name of proposer with LM No. with signature:

Dr Savitha A S, LM/ KN/5761Name of seconders with LM No.:

1. DrVijayZawar,LM/MH/942
2. DrManjunathShenoy,LM/KN/2878 3. Dr.RashmiSarkar,LM/ND/1543
4. Dr D Dinesh Kumar, LM/TN/53545. Dr. Shashi Kumar BM, LM/KN/52416. Dr. Vinay Singh, LM/ND/29937. Dr. Sudhavani D, LM/TS/2078. Dr. Prashant Jadhav, LM/M/1033

Is any one of the above, member of CC? Yes.

Is it related to administrative/policy/constitutional (select one): Administrative Proposal: To shift the IJDVL account to the main IADVL account

How will it help IADVL?

The IJDVL account was kept separately, as there were no funds to run the journal and IADVL was also having financial crunch in the past years. One third amount of yearly savings (including of DERMACON surplus) was kept separately exclusively for journal to ease the cost of managing a journal.

Now IADVL has three journals and all need funding for all three. The savings including DERMACON surplus to be shared among the three, based on the expenses incurred by journal. Also, IADVL has a central audit system, which can monitor all the expenses. We need to understand that the current IJDVL account is IADVL members' money, whether it comes from Journal

Subscriptions or IADVL Conferences. It is not an easy task to track the IJDVL fund, calculate interest and depositing every year.

Advantages of shifting allowed IJDVL fund to Main Account

Auditing will be easy.

All the expenses incurred by IJDVL: publishing, printing, editorial board meeting etc. will be taken care by IADVL, as taken care for IDOJ.

The IJDVL Editor will be free and would be able to concentrate only on scientific matters.

The IJDVL, IDOJ and IJPGD are our identity. IADVL will take care all these journals with pride and without prejudice. By monitoring from one place, the system will be efficient and seamless.

Do you think this needs referral to any specific committee?

CFC. Opinions of IJDVL, IDOJ editors can be taken on the floor.

Dr. Seetharam IDOJ Editor Opinion: Absolutely ideal. It will remove all bitterness and make things easy.

Dr. Archana Singal, IJDVL Editor

- It's a good idea so that we concentrate only on the scientific contents and not money
- Provided there is 'NIL' interference in the scientific decisions as per the constitution of IADVL, PART I: BYLAWS (Sec on D, Point 4, subsection h, page 26-28)
- Finances required for conducting IJDVL annual meetings/ other expenditures by the EIC/ Editorial board members to be deliberated upon and clarified- A CORPUS Fund may be retained with IJDVL for which a decent amount may be finalized after discussion.

CFC opinion: Approved. IADVL has 3 journals now. This proposal will help to streamline accounts.

Dr. Yogesh Marfatia IJPGD Editor Opinion on IJDVL account -1) It can be merged with IADVL

Dr Panda- Modify this proposal. Send it to constitution committee and then bring back to CC.

Constitution Committee: Section D. Management ii. H

Clause says that The Editor to manage and publish. It says that Editor must submit audited accounts to Treasurer. So, the account is assumed to be a separate account presently in the constitution. Will need an amendment in constitution if passed.

CFC also to opine. Proposal can be taken up for discussion.

CFC: Proposal can implemented, can be taken up again for discussion

Proposal 7

Title of Proposal: Strengthening of the IADVL brand image

Name of proposer with LM No. with

signature:

DR. MANJUNATH SHENOY- LM/KN/2878

Name of seconders with LM No.: 1. Dr. BHUMESH KUMAR KATAKAM- LM/TS/3891

2.DR.VIJAY ZAWAR – LM/M/942 3.DR.RASHMI SARKAR – LM/ND/1542
4.DR.DINESH KUMAR DEVARAJ- LM/TN/5354 5.DR.SB.KAVITHA- LM/TS/3892 6.DR.AS.SAVITHA –
LM/KN/5761 7.DR.SHASHI KUMAR B M-LM/KN/5241 8.DR.VINAY SINGH –LM/ND/2993
9.DR.D.SUDHAVANI- LM/TS/207 10.DR.PRASHANT JADAV-LM/M/1033

Proposal: Strengthening of the IADVL brand image by various activities. Building a strong IADVL brand image will have several benefits. Efforts to create and strengthen brand image will be started as a priority.

- . Providing IADVL plaque with logo and certification in the clinics of IADVL members. Permission to use the IADVL logo on letterheads and prescription pads will be explored
- . Public awareness scientific articles in the print, digital, TV and social media by IADVL members. IADVL Logo to be used in all such activities.
- . Special IADVL display images for the members to be used in the social media
- . Hosting IADVL events and awards for our target clients, pharma and public for enhancing the public image.

How will it help IADVL?

Apart from the strengthening of brand image, this activity will help us fight the quackery in dermatology.

Legal cell opinion: Public awareness scientific articles in the print, digital, TV and social media by IADVL members. IADVL Logo to be used in all such activities. It is important to ensure that content of such articles is right and appropriate to the target audience by some workable mechanism. Authors should not resort to self-promotion and adding to the innumerable social media profiles resorting to pseudo-scientific content creation. Under this #2 seems unnecessary. All members should be encouraged to use IADVL logo on stationery so that it is visible to the public and embeds brand image. Public will recognise it once it is carried by all IADVL members and will help to distinguish from the rest of the “cosmetologists”

Constitution Committee: This is again not a constitution related matter. It is however suggested that using logos on personal items will need a legal opinion before discussion.

The CC approves Plaque for member. CC recommends 25 Lakh budget for media cell. The IADVL logo by individual member is not approved.

Proposal was passed Dr Asokan proposed and Dr Sujala Seconded.

Legal retainer’s opinion and the opinion is as follows.

1. Can a member use IADVL logo on his personal / clinic letterhead / prescription pad.
2. Does this have any legal bearing on IADVL as the letterhead can be used to give certificates, letters to companies asking for sponsorships, prescriptions to patients etc.

Reply:

Subject to EC approval if a member writes IADVL membership no. along with Logo thereby creating his separate entity, there should not be any problem so far he remains member of IADVL

All members should be encouraged to use IADVL logo on stationery so that it is visible to the public and embeds brand image. Public will recognize it once it is carried by all IADVL members and will help to distinguish from the rest of the “cosmetologists”

Taskforce will work closely with media cell. An app or any other methods of this activity will be explored. Requesting Rupees 25 lakh budget for the activity which is approved by the CC. It will be spent for the media activities, preparation of the plaques and other activities. Pharma support will be explored for brand ambassador and other activities.

Proposal: HOLISTIC HEALTH PROGRAM FOR IADVL MEMBERS There is a need for a structured health program for the members of IADVL. This program shall include all domains of health including the physical, emotional, social, recreational, spiritual and financial health. After experiencing the devastating Covid pandemic, a comprehensive health program has become a dire need for the members. “IADVL beyond academics” shall be a mission and this shall continue in the coming years too.

Following activities may be considered.

- . Round the year physical and virtual activities related to health will be conducted. A health-related lecture and activity to be included in the IADVL conferences and major CMEs. Key note lectures on health-related topics may be given to famous speakers to sensitize the members to focus on their and their health.
- . Pan India rallies (bicycle and other rallies) for fitness (and promotion of IADVL brand image)
- . Virtual gymnastics, zumba workout, music and dance classes.
- 4. MOU may be explored with fitness clubs, airlines, resorts and spiritual organizations to explore corporate offers. Possibilities of wellness trips will be explored.
- 5. Personality and spiritual development virtual programs by leading spiritual and personality development experts
- 6. Health policies may be explored for corporate offers

How will it help IADVL?

As per IADVL mission statement active advocacy for the welfare of its members is a mission statement of IADVL. With over 15,000 members, IADVL office bearers should be concerned of primary members along with our family. Healthy members are great asset to strengthen then association. Dr Manjunath said the app is going to be developed. It will need around 10 to 15 Lakhs. The pharma is going to be approached for this.

The proposal was passed. Dr Satyadarshi proposed and Dr Bhavesh seconded.

Constitution Committee- The above proposal has been passed in CC. Can be taken up for discussion. Since it involves spending of finances, CFC opinion should be obtained.

CFC opinion: Proposals lack the detailed financial requirements, so CFC reserves its recommendation. However, the proposal can be taken up in AGBM with addition of detailed financial requirements.

Proposal:

To bring out IADVL PEDIATRIC DERMATOLOGY reference book

Pediatric dermatology has evolved into a subspeciality in India with several universities initiating fellowship programs.

Although few books are available on pediatric dermatology by Indian authors, there is no reference book.

How will it help IADVL?

Pediatric dermatology faculties, fellows and members with special interest in pediatric dermatology will be benefited. The book can be a useful resource at the departmental libraries. Hence, the book is likely to attract a readership and a sale.

Proposal: ORGANIZING A TWO- DAYS INTERNATIONAL CONGRESS OF DERMATOPHYTOSIS IN 2024 IN INDIA

How will it help IADVL?

Dermatophytic infections have gained epidemic proportions all over the Indian sub- continent and middle eastern Asia (Gulf countries).Increased sensitization to this disease/epidemic for and by the IADVL community,mycologists/microbiologists,pharmacologists,pharmacists interested international colleagues/research scholars and policy makers from various platforms to reduce the burden in the community is the need of the hour. Who better than Indian dermatologists/IADVL members would be effective torch bearers

for conducting this particular activity?

Do you think this needs referral to any specific committee?

CFC Opinion: The approval for organising a conference should be obtained from the CC or AGBM. CFC has no role here.However, the financial implications has not been mentioned in the proposal. The rules and regulations pertaining to financial part while organising any international conference has been mentioned in our constitution . CFC suggests that these have to be followed by the organisers. The proposal was passed. Dr Soumya proposed and Dr Mukadam seconded.

Constitution: Such a clause does not exist in constitution for conducting the said conference in specifics. The PAN card is the only clause mentioned as for any international conferences hosted, IADVL PAN can be used. However, the EC members forming President, Secretary, Treasurer and Scientific Secretary of the conference is in conflict with the spirit of the constitution and against the existing SOPs. The proposal can be taken up for discussion.

Section H.3 of Conferences, Annexure 3 & related SOPs.

Proposal: It is proposed that Editor-in-Chief of IJDVL to be awarded Complementary registration, airfare and accommodation to attend DERMACON every year.

How will it help IADVL?

IJDVL is the flagship journal of IADVL with great standing and truly reflects Indian Dermatology globally.

Being EIC is a coveted, honorary position and involves diligent and continuous hard work without a break for 3 years. In our opinion, admission of this proposal would reflect very highly on IADVL EC.

Do you think this needs referral to any specific committee? No

Constitution Committee Opinion: The proposal is a biased one. This privilege cannot be extended to one editor only and not only to Editors. If agreed to, then many other important positions in IADVL will also have to be given this privilege including Editors of textbooks, Academy Chairperson and Convener, Coordinator of SIGs and so on. If IADVL and EC is willing to allow privileges for many such

important positions, then proposal can be taken up for discussion.

CFC Opinion: Agreed.

Registration and accommodation can be done by Org Committee and travel to be reimbursed by IADVL.

This can be extended to editors of IDOJ and IJGPD.

Dr Parikh proposed and Dr Koushik seconded.

Proposal 13

Title of Proposal: All the posts at IADVL city, State, or National levels must be contested by a member holding NMC recognized degree or diploma only. No other degree/ diploma which is not yet recognized should be allowed to contest or hold any official post or position in any of the IADVL EC or events like conferences or CMEs.

Name of proposer with LM No. with signature: Dr Vinay Singh LM/ND/2993 Name of seconders with

LM No.: 1. Dr Vijay Zavar, LM/MH/942

2. Dr D Dinesh Kumar, LM/TN/5354

8. Dr. Sudhavani D, LM/TS/207

9. Dr. Prashant Jadhav, LM/M/1033

10. Dr. Vineet Relhan LM/ND/ 3780

Proposal: All the posts at IADVL City Chapter, State Branch, or National level must be contested by a member holding NMC recognized degree or diploma only. No other degree/ diploma which is not yet recognized should be allowed to contest or hold any official post or position in any of the IADVL EC or events like conferences or CMEs.

How will it help IADVL?

Considering the recent NMC guidelines for practice in any field of medicine, we must follow the same and as the guidelines prohibit a person to practice the said branch of medicine if the degree/diploma is not recognized by NMC hence the person cannot be labelled as qualified practitioner in that field.

So the person is not qualified to lead any official position in the field.

It will help IADVL to follow the guidelines tabled by NMC which eventually is required as per the law of the land.

Do you think this needs referral to any specific committee?

Constitution committee Opinion : Opinion: This is an important matter and needs to be taken up for discussion. The Constitution Committee agrees with the first part of the proposal regarding NMC approved degree. As of now this is what the constitution says-

The eligibility criteria for becoming a life member of the Association shall be a postgraduate qualification in the specialty (i.e. a diploma or a degree in Dermatology or Dermatology, Venereology and Leprosy) **from a medical college affiliated to and awarded by an Indian University or an institution recognized by the Medical Council of India (MCI)/ National Medical Commission (NMC) or an equivalent organization of the Government of India; or a degree or diploma granted by an Indian University or**

Institution and recognized by the respective State Medical Council (after submission of proof of recognition); or a Diplomate in Dermatology or Dermatology and Venereology of the National Board of Medical Examinations, New Delhi. Others with foreign degrees or diplomas or equivalent qualifications should have their qualifications recognized by the MCI)/National Medical Commission (NMC) or **an equivalent organization of the Government of India to become eligible.** However, in the states of Andhra Pradesh, Tamil Nadu and Puducherry (where presently only a combined degree or diploma in Dermatology, Venereology and Leprosy is awarded), those who had acquired a postgraduate qualification (a degree or a diploma) in the specialties of Dermatology or Venereology or Leprosy will continue to be eligible. However, for conferences and CME's there is no such phrase in the constitution. It is suggested that this would be too restrictive to the non-life members and "events like conferences and CME's" need to be more well defined.

The CC agreed for prospective implementation

Dr Radhakrishnan proposed and Dr Archana seconded.

Proposal 14

Title of Proposal: To File a Public Interest Litigation against Quackery Practices, asking NMC to give a directive as to who can and who cannot practice Dermatology Procedures, as well as against such training Institutes, where such courses are being taught.

Name of seconders with LM No:

1. Dr. Annie Flora. G - LM/TN/8728

2.. Dr. Kumaresan. M - LM/TN/4943 3.Dr. P. Nirmaladevi - LM/TN/4739 4.Dr. A.Selvam - LM/TN/3217

5. Dr. Padmanandan. C.V - LM/TN/4321

Proposal: We Propose to IADVL to let a PIL against the rampant practice of Dermatology by Dentists and other non medical people under the guise of beauty procedures, which are in fact medical grade procedures. Also, to stop the crash courses with

certificate on which are being conducted as cosmetology courses where medical procedures done by Dermatologists are being taught to non medical, unqualified people and creating Quackery in the field of Dermatology.

How will it help IADVL?

It is the need of the hour for all Dermatologists, to save their speciality from being encroached upon, protecting us as well as the General Public from the harmful reaches of Quackery, which as of now seems to have no control in spread. Public think that Dermatologists only treat skin rash, while only

a Cosmetologist is qualified to do all aesthetic Procedures. This needs to be busted and harmony returned to the field of

Dermatology.

Do you think this needs referral to any specific committee? Need to refer to the Legal Cell for further processing.

Legal cell opinion: Asking NMC to give a directive as to who can and who cannot practice Dermatology Procedures, as we are being taught. NMC can only lay down criteria of eligibility to perform dermato-surgical procedures for allopathic doctors. ADVL will have to exhaust the options (such as representing/complaining to appropriate authorities and with no response. Invoking the extraordinary jurisdiction of the High Court/Supreme Court. The petition will have to be drafted to demonstrate 'public interest' as opposed to 'private interest litigation'. Dermatology procedures to be listed and made and forwarded to NMC saying these have to be performed compulsorily by

If anyone else found performing procedure apart from Dermatologist, legal action on to be imposed

Our leader should impress upon the NMC that our concern is that gullible people are being cheated by half-baked "doctors have to seek out treatment from the genuine dermatologists again. So we need to emphasise the fact that the gullible people are harmed by quacks.

The house suggested to modify and put proposal with all proper details.

Proposal 15

Title of Proposal: To bring accountability on the IADVL members in conducting Workshops & Conferences with or without the Banner of IADVL.s

Name of proposer with LM No. with signature:

Dr. Annie Flora. G - LM/TN/8728 Name of seconders with LM No.:

1. Dr. A. V. Kaleeswaran - LM/TN/4368 2. Dr. C.V. Padmanandan - LM/TN/ 4321 3. Dr. Kumaresan. M - LM/TN/4943 4. Dr. P. Nirmaladevi - LM/TN/47395. Dr. A.Selvam - LM/TN/3217

Proposal: Numerous Conferences and workshops are conducted by IADVL Members, which are not under the purview of IADVL. The persons allowed to a end these conferences also happen to be non IADVL members, Non Dermatologists, Non Medicos like Dentists and Lay people who want to pursue Cosmetology Course. Hence, to stop such activities, we propose that the organising team must include one State EC member of IADVL as an observer, and the Attendance sheets to be checked by them, followed by submission of such attendance details to the concerned State Branch as well as

the National IADVL. This is to make sure that only IADVL members and Dermatologists attend these meetings.

How will it help IADVL?

This is because most of the Prominent & senior IADVL members conduct conferences and workshop

under their own Banner. There is no tracking method in such conferences so as to verify the delegates whether they are IADVL members or Dermatologists. This will help to prevent spread of Quackery, especially from Dermatologists to outsiders.

Proposal:

Numerous Conferences and workshops are conducted by IADVL Members, which are not under the purview of IADVL. The persons allowed to a end these conferences also happen to be non IADVL

members, Non- Dermatologists, Non Medicos like Dentists and Lay people who want to pursue Cosmetology Course. Hence, to stop such activities, we propose that the organising team mustn include one State EC member of IADVL as an observer, and the Attendance sheets to be checked by them, followed by submission of such attendance details to the concerned State Branch as well as

the National IADVL. This is to make sure that only IADVL members and Dermatologists attend these meetings. The said procedure to prevent non-dermatologists from attending conferences organized by IADVL members appear cumbersome and di cult to implement. What is the use in scrutinizing attendance

sheet after the conference? Different approach may be considered to achieve the goal. In Events organised by IADVL members under a banner other than that of IADVL, IADVL would

legally and administratively not have any control such having an IADVL nominee as an observer. It may, however, issue explanatory notice to involved members especially if found indulging in organising and being a part of meets where non-dermatologists are involved. Requests may be made to panelists involving in aesthetic conferences, where it is found that IADVL members are responsible for teaching and training non dermatologists / non IADVL members, to strictly refrain from such actions. Non compliance may lead to further action from IADVL towards such members. (Any activities ranging from CME to hands on workshop should be approved by IADVL and then only

executed So training of non dermat can be curbed. Ideal to introduce and train PG students with 3 month ofn dermatosurgery and 3 months of aesthetic dermatology training in their curriculum along with 2.5 year of clinical dermatology).The proposal is rejected.

Is any one of the above, member of CC? Yes ,all the members are CC members Is it related to **administrative**/policy/constitutional (select one): OR We are not able to classify and accept EC's view:

If constitutional – will it replace existing clause? Or modify? Give detail of the clause – page no. and clause no.:

Proposal: Sir, we propose separate GST and PAN cards for jammu and srinagar divisions of IADVL J&K branch . This will ease out the work of association at both the places respectively

How will it help IADVL? To maintain records and smooth functioning of state. Do you think this needs referral to any specific committee? NO

CFC opinion: CFC does not recommend for a single branch to operate with two PAN and GST numbers.

DISCUSSION

Dr Syed Mubashir- We need different GST and PAN for Jammu and Kashmir. Because there are technical difficulties in managing finances

Dr Savitha- One state has only one GST.

The house suggested to create different chapter or different bank account. The CC suggested to rework the proposal and bring back in AGBM.

Constitution Committee

Since they are a single UT, they should have same PAN & GST according to the present constitution. Section E. 1.ix Can be taken up for discussion. Would require amendment in constitution if approved.

CFC Opinion: 1. Central IADVL can transact with only one PAN, one GSTIN

2. They can hv separate bank a/c s for two chapters under their PAN. IADVL can transact directly with the concerned bank a/c in the given situation.

Proposal 17

Constitution Committee Opinion: This job description already exists in the Constitution. However, if any amendments are required, discussion can be carried out in the CC. The SOP committee can

formulate the final draft and constitution committee advise and opinion can be obtained. The proposal is also incomplete and does not suggest what specific changes in job description is required.

DISCUSSION

Dr Dinesh- Need to ask constitution committee. Dr Putta- It needs SOPs Dr Manjunath-Send it to SOP committee

Dr Dinesh said I will pass it to SOP committee, they will come with recommendations. CC agreed it.

Dr Rajiv proposed and Dr Marfatia seconded.

The President

IADVL Central Association.

New Delhi.

Respected Sir.

Sub:- Follow up of proposal.No.17 and decision of CC meet on 05-08-2003- duties & responsibilities Of "Principle office bearers of DERMACON" -Submission of "DRAFT" proposals-request-reg.

I humbly submit that there was a proposal.no17 in the CC meet held on 5th&6th of August which is " the job chart of members of Organizing Committee of DERMACON"

On this proposal the opinion of the Constitutional Committee was as follows.

Constitution Committee Opinion: This job description already exists in the Constitution. **However, if any amendments are required, discussion can be carried out in the CC. The SOP committee can formulate the final draft and constitution committee advise and opinion can be obtained. The proposal is also incomplete and does not suggest what specific changes in job description is required.**

There was a thorough discussion on this proposal,in the CC meet during which I have suggested and informed that I have prepared a **draft of duties and responsibilities of principle office bearers of DERMACON basing on IADVL Constitution and MOU between IADVL and DERMACON office bearers'** and same may be permitted to submit to IADVL central association for further processing with SOP committee & Constitutional Committee. My suggestion and proposal was proposed by Dr.Sachidanand and seconded by Dr.Raghunath Reddy and many others and accepted and approved unanimously.

Accordingly, I am here with submitting the "DRAFT" proposal of Duties &Responsibilities of Principle office bearers of DERMACON.

These draft proposals may be sent to the Esteemed SOP Committee and Esteemed Constitutional Committee for further opinion and processing and logical conclusion in AGBM.

I hope the clarity on duties and responsibilities of principle office bearers of DERMACON is the need of the hour and will prevent many practical problems and issues which many times are not only impeding the overall team spirit and activities of DERMACON but also causing disturbances and headaches to the Central Office Bearers

I sincerely thank your good self and Secretary and all the CC members for giving me the opportunity.

Thanking you

Proposal 18

Title of Proposal: Uniform MOU format for pharmaceutical sponsorship during IADVL programmes

Name of proposer with LM No. with signature: Dr. Koushik Lahiri(LM/WB/2503) Name of seconders with LM No.:

1. Dr. Kingshuk Chatterjee(LM/WB/5280) 2. Dr. Sudip Das(LM/WB/3322)
3. Dr. Pradip Laha(LM/WB/2427) 4. Dr. Sumit Sen(LM/WB/2519)
5. Dr. Partha Mukhopadhyay(LM/WB/2575)

Proposal: At present, for any IADVL programme, the pharmaceutical companies compel the office bearers/ local organizers

to sign unipartite agreements for disbursement of funds towards sponsorship. In majority of the cases, such agreements contain clause(s) which are unacceptable for the association and they do not bear signatures and seal of the concerned company executive(s). Starting from the covid era, many of the companies have also started collecting such signatures on agreements electronically, without providing any physical/electronic copy to IADVL officials for our office records. They also demand for the original payment invoice to be submitted before they release such payment and GST accrued therein, making us liable for advance/ double GST payment and difficulties arise during our account audit. Also at present no interest/ punitive measures are in place for pharmaceutical companies failing to complete the payment within due me but on the other hand, due to nefarious clauses in their agreement, IADVL is liable for a full refund of the sponsorship amount due to exigencies. Therefore, we propose that a uniform and bipartite MOU to be in place between IADVL and pharma partners, taking in consideration, all of the above points. We have incorporated one such model MOU in our state constitution and a aching herewith for reference The Memorandum of Understanding (herein after referred as MOU) is made at PLACE on DATE. 5. Dr. Soumyajit Roy Chowdhury(LM/WB/7553)

Proposal: As a part of our *ZERO TOLERANCE POLICY AGAINST QUACKERY IN DERMATOLOGY no pharmaceutical company should offer any affiliation/ support towards registration/participation in any programme sponsored by industry or organized by IADVL in any form for any person who is NOT a member of IADVL/ not in possession of a NMC/ SMC recognize post graduate qualification in Dermatology. Any violation of this policy, as and when identified will warrant strict actions including temporary/ permanent blacklisting from IADVL or as deemed appropriate by the executives.

How will it help IADVL? IADVL, thorough implementation of this proposal will send a strong message to all stakeholders to discourage association with all persons, practicing Dermatology without possession of a valid qualification/ license to do so.

Do you think this needs referral to any specific committee? No

Proposal

IADVL Academy was formed in the year 2006, at that time there were only 6 SIGs and limited working domain. Over the last 16 years, functioning of IADVL Academy has increased tremendously and it has evolved as a very active and vibrant academic wing of IADVL as an organization. This has been possible with the constant support and mentoring by past and current National IADVL EC for IADVL

Academy. Now there are 16 SIGs and focussed task forces each year having academic activities including physical CMEs or workshops/ webinars almost every week. Apart from SIGs IADVL Academy is involved in managing IADVL research grants (A total of 50 lakh each year), observerships (National and international), scholarships (national and international),

textbooks, guidelines, DERMACON and MIDDERMACON scientific sessions, newsletters, online training modules, post-graduate activities (conducting PGCON, PGPDT, PG thesis research Grant, PG thesis based award paper sessions), IADVL digital Academy platform etc. It is becoming extremely difficult to function with the existing strength of core IADVL Academy members. Near 20 SIGs and task forces coordination and handling new and past research grant proposals / projects (more than 100 on average), PG activities, online training modules, scholarships are becoming humely difficult for 2 assigned academy members. All academy members have their respective professional and personal commitments too and it is a challenge to keep pace with ever increasing Academy workload and meet deadlines for its smooth functioning. The IADVL Academy convener has the responsibility to coordinate all activities and meet the deadlines. In addition, a bank account is also managed by the convener and funds are transferred for research grants (approx. 20 lakh/ year), scholarships (40 lakh approx./ year), observerships (15 lakh approx./year). Further for some SIG activities also funds are to be transferred. Hence a strong need is felt to create five new posts in IADVL Academy. Three additional academy members and two joint/ co-conveners

Name of posts: Joint convener / Co-convener Number of posts: 2

Duration of tenure: 2 years

Eligibility: Post MD 10 Years - Experience of working in IADVL Academy as Member or SIG coordinator/convener.

Duties & responsibilities: Joint conveners are supposed to be active, diligent and experienced team members who can devote sufficient time on daily basis and provide their expert inputs for smooth functioning of academy – working responsibilities as assigned by Chairperson/convener IADVL academy.

Selection: By application – Selection Panel of – President IADVL (Current, elect & immediate past), Secretary General IADVL, Chairperson IADVL Academy, Convener IADVL Academy - (current & elect)

Name of posts: Academy members (3) – as per current selection protocol How will it help IADVL?

It will help improve the functioning of IADVL Academy.

Do you think this needs referral to any specific committee?

Constitution committee & SOP committee

Constitution Committee Opinion: It is agreed that Academy workload has increased. So, appointing 2 joint conveners is a good proposal. However, the Academy task force had looked into this matter in 2021 and suggested that 12 members are adequate. So, increase in members is not advised at this juncture. The matter may however be taken up for discussion in the CC.

The proposal was passed Dr Putta Shrinivas and seconded by Dr Marfatia

OTHER PROPOSAL WITH PERMISSION OF CHAIR

Dr Putta Srinivas- Can CC meeting be held near airport?

Yes The CC agreed. Proposed by Dr Rashmikant and Seconded by Dr Rajesh Budhadev.

Constitutional

How will it help IADVL?

World Congress of Dermatology is the most prestigious DERMATOLOGY Congress in the Globe. IADVL is the second largest National body of Dermatologists in the world (soon be the largest) and till now it has not been possible for IADVL to bid for WCD. If IADVL wants to bid for WCD 2031 for which elections will be held during WCD 2027 we require constitutional amendments.

If constitutional–will it replace the existing clause? Or modify? Give detail of the clause– page no. and clause no. (Related to DERMACON)

Proposal:

If IADVL wants to bid for WCD 2031 for which elections will be held during WCD 2027 we require constitutional amendments related to Selection of DERMACON International city by a committee instead of voting- The same city will bid for WCD 2031/2035 Formation of WCD Bidding committee with Chairman, Secretary and Treasurer

IADVL RULES

(a) A National Conference, known as DERMACON, shall be organized every year. Its number, e.g. "36th National Conference of the IADVL", shall be mentioned in the next line. It should be organized as DERMACON INTERNATIONAL once every four years in the year of the World Congress of Dermatology.

Amendment required- It is difficult to hold DERMACON and MIDDERMACON in the year of WCD if IADVL wins the bid and to host WCD. So IADVL will have to cancel DERMACON and MIDDERMACON conference in the WCD year if IADVL wins the bid.

Rule: The state branch shall send the bid proposal to host DERMACON to the Honorary Secretary General of IADVL two and a half years before the proposed conference only after the above procedure.

DERMACON INTERNATIONAL WILL BE ORGANIZED ONCE IN FOUR YEARS IN THE YEAR OF WCD

NEXT WCD IS IN 2027.

SO DERMACON 2027 IS AN INTERNATIONAL DERMACON.

THAT CITY SHOULD ALSO BE SHOW CASED AS THE CITY OF BIDDING DERMACON IS chosen by e voting.

Amendment: Since bidding city requirements are different, only those which satisfy **WCD criteria** should be the city for **DERMACON International 2027. THIS NEEDS TO BE DECIDED NOT BY VOTING BUT BY A COMMITTEE.** (?WCD bidding committee)

The decision and composition of the committee be ratified by AGBM in 2024. Bidding committee needs to be appointed well in advance – at least 2025. It should consist of members from the city as well as rest of India. The President and Secretary General of the organizing committee should be decided by 2025.

The president becomes a member of ILDS board and is not answerable to IADVL and has to listen to ILDS ***sif WCD bid is won by IADVL***

Do you think this needs referral to any specific committee? if yes then which committee?

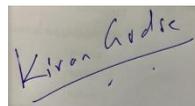

Constitution committee

Constitution Committee- The present clause in the constitution does not have enough details and this proposal has outlined various new criteria. Proposal to be taken up for discussion. Proposal if passed would require changes in constitution.

How will it help IADVL?

The DVL Trust membership stands at around 10% of the total LM members of IADVL. We need to get more members on board, so that more benefits are passed on to the members' families. For this we need to make the scheme more attractive to join. IADVL has good amount of funds and these funds will remain with IADVL, a part of this fund can be earmarked for DVL Trust every year and only the interest from this earmarked amount will be given to DVL Trust.

If constitutional – will it replace the existing clause? Or modify? Give detail of the clause – page no. and clause no.

Proposal: IADVL to provide a corpus amount to DVL Trust every year; the interest of this amount would be divided and distributed among the deaths of the DVL Trust members for the next year.

Do you think this needs referral to any specific committee? if yes then which committee?
Constitution Committee, Central Finance Committee.

Constitution Committee: No such clause presently exists in constitution. Finances are involved. CFC opinion required. Suggest to first put-up proposal in CCM and then be brought to AGBM.

CFC Opinion: This proposal should be put for discussion in DVLWT GBM along with a roadmap on how the fund will be utilized to make the scheme more attractive to the members of IADVL. DVLWT GBM can take resolution to seek funding from IADVL and make the request through their Executive Committee

Constitutional

How will it help IADVL? Brief introduction.

The oath is an important ceremonial gesture that signifies the official start to one's term in the office. This will reiterate on the duties, responsibilities, obligations, transparency and honesty associated with holding the office, which is necessary for persons holding highest constitutional posts in the IADVL office. This will benefit the association and its members.

If constitutional – will it replace the existing clause? Or modify? Give detail of the clause –
page no. and clause no.
No

Proposal: (It should be properly drafted)

Introduction of **“SWEARING IN CEREMONY”** by the IADVL National executive committee members during the inaugural ceremony of DERMACON

This will be conducted during the DERMACON as a part of inaugural ceremony after taking accepting the

Members of national executives will take an oath in group (not individually)

It will be administered by the outgoing immediate past president

Entire ceremony shall not exceed 1 minute

Proposed oath is as follows

“I, Dr do solemnly affirm that I will faithfully execute my duties to the Indian Association of Dermatologists, Venereologists and Leprologists as the President/The President Elect/The Immediate past President/A Vice President/The Honorary Secretary General/ The Honorary Treasurer /A joint Secretary without any fear and favour. I will do my level best by putting my body, mind and soul for the progression of the association and defend my constitution”

Do you think this needs referral to any specific committee? if yes then which committee?

Ethics committee, Constitution committee

Please note that EC may decide to refer if it thinks it is necessary.

Constitution Committee- The constitution talks only about ceremonial installation of new EC. No mention on what actually constitutes the installation. Annexure 3, Clause 4 It is an administrative decision. If approved, can be incorporated in constitution Can be taken up for discussion.

How will it help IADVL?

Registration fees for DERMACON and MID DERMACON has witnessed an increase, along with number of conferences. MID DERMACON being a major event of IADVL, active participation of senior members is desirable.

Many retirees and private practitioners being senior citizens, require fee waiver in order to encourage healthy participation without the burden of paying full fees each time.

Already DERMACON registration fees is waived off for seniors citizens.

If constitutional – will it replace the existing clause? Or modify? Give detail of the clause – page no. and clause no.

Proposal: **Registration fee waiver for MID DERMACON for Life Members above 70 years**

Do you think this needs referral to any specific committee? if yes then which committee?
Constitution Committee, Central Finance Committee.

Constitution committee- This clause already exists in the constitution for Dermacon. Can be extended to MIDDERMACON for uniformity. However, finances involved and requires amendments in constitution. Hence to be brought before CCM and then AGBM.

CFC Opinion- Agreed

Yes, all of them

Is it related to administrative/policy/constitutional (select one) OR we are not able to classify and accept EC's view. Policy and constitutional.

How will it help IADVL?

There is no definition on what constitutes a small branch and what constitutes a big branch. The current accepted membership number is 200 above which is a big branch and below which is a small branch. The classification of small branch and large state branch of IADVL need updating. Many previously classified small branches are now into the big branch list which is not fair as the big branches have also increased substantially. While previously there were less members in small member states, there is a substantial increase in the enrolment of IADVL membership in all state branches. This will ensure a better classification of branches and lead to better involvement in national IADVL.

If constitutional – will it replace the existing clause? Or modify? Give detail of the clause – page no. and clause no.

Proposal: **Branch membership of more than 500 should classify as big branch and less than 500 should be small branch**

Do you think this needs referral to any specific committee? if yes then which committee?
Constitution Committee.

Constitution Committee

There is no mention in the constitution as to how many members make a big or small branch. Hence is a major policy matter and would require incorporation in constitution. Suggest to first put-up proposal in CCM and then brought to AGBM.

Title of Proposer : Dr Mohan Gharpuray and Dr P B Joshi Awards

Is it related to administrative/policy/constitutional (select one) **we are not able to classify and accept EC's view.**

How will it help IADVL? Dr Mohan Gharpuray and Dr P B Joshi were the extremely dedicated teachers and academicians from B J Medical college, Pune. They inculcated both, the academic as well as human values in their pupils. Both of them are no more now. Their students are immensely grateful for shaping their careers and personality. They all wish to start a NEW award in their name. Their recognition in the form of award will inspire senior teachers to teach the postgraduates with utmost sincerity and dedication and it would be a great honour Dr Gharpuray and for Dr Joshi posthumously.

This should be annually be given in each DERMACON. The criteria of the award is being finalised and the necessary funds of Rs 5 Lakhs is being gathered by their students across India. This will be done before the DERMACON International.

If constitutional – will it replace the existing clause? Or modify? Give detail of the clause
Non constitutional

Do you think this needs referral to any specific committee? if yes then which committee?
Award review committee, may be.

Constitution Committee Opinion: There is no provision in the constitution to initiate an award in the name of more than one person; this will set a precedence and trend - so this issue needs to be discussed in the AGBM. Secondly criteria and category of the awards is not defined. Constitution currently lacks criteria to start an award. This has to be defined well by the awards committee Details of the awards are not mentioned. Mentioned as "is being finalized "

Comments by CFC and Award committee are required after complete proposal.

Awards Committee Opinion

1. Awards can be considered in two separate names as they are ready to give around 5 Lakhs.

2. If it's a single award AGBM approval and Constitution committee endorsement is required.

As the nature of the award is not mentioned it can be awarded as Young Dermatologist award. (We are proposing more Young Dermatologists award)

Otherwise, it will be like already other existing awards like Bhutani, Ratansingh etc. Can be introduced in the MIDDERMACON if it's an award to a senior Dermatologist.

The duration of the award will be 5 years. The state/Proposers can renew the award after 5 years.

Fresh inputs from Proposers:

Dr Mohan Gharpuray and Dr P B Joshi were extremely dedicated teachers and academicians from B J Government Medical college, and Sassoon General Hospital. They were instrumental in shaping careers of hundreds of students who are now holding important posts in IADVL and other associations. They also inculcated academic as well as human values in their pupils. Dr M B Gharpuray in those days with limited resources used to teach histopathology and clinicopathological correlation to his students with commitment and dedication. This showed a path to future generation and Dermatopathology is a well-established sub specialty now .His students have become capable to run independent Dermatopathology clinics and have contributed in the form of colored atlas of Dermatopathology

This talks volumes for Gharpuray sirs teaching abilities.

Dr PB Joshi was very meticulous and taught perfect bed side manners and importance of proper history taking to his students. His administrative skills were well utilized during Pune DERMACON way back in 1987

Due to their constant efforts and motivation many of their students are now well established clinicians, academicians and administrators.

Dr Mohan Gharpuray was a post graduate teacher for over 3 decades and taught Histopathology to hundreds of students. He received Best teachers award by IADVL in Lucknow DERMACON.

Dr PB Joshi was also a PG teacher over 3 decades and was Organizing secretary for Pune Dermacon in 87.

Both of them are no more now.

However, they have left impact on many generations of students who are following their footsteps.

Their students are immensely grateful for the contribution of Dr Gharpuray and Dr Joshi in their personal as well as academic life. They all wish to start a NEW award in their joint name.

Their recognition in the form of award will inspire teachers as well as students to explore the new dimensions and contribute in research activities as well as teaching.

It would be a great honor for these two sincere and dedicated teachers Dr Gharpuray and for Dr Joshi if this award is given to them posthumously.

This should be annually given in DERMACON.

The criteria of the award would be:

Award should be given to IADVL member above the age 45 who has contributed in following ways:

In case a suitable candidate above 45 years is not available then the award should go to other deserving member in any age group who fulfils the following criteria

1. Publication in indexed journal preferably of IADVL and associated bodies
2. Study or case in which clinico-pathological correlation well established
3. The above CPC helped in better management of the case/cases - diagnosis, treatment, prognosis

4. The decision to choose the awardee should be taken by academy.

5. necessary funds of Rs 5 Lakhs will be gathered by their students across India.

The idea for the award in joint name was floated because both of them were working during the same time period and had same students working in the department under their guidance Their dedication and commitment was unmatched and it is thus difficult task for the students to separate these two great teachers Hence it was unanimously accepted by all the concerned people to have this award in joint name

Does this proposal need referral? -Award committee

Constitution Committee Opinion : The category of the award is not mentioned. Currently, both Dr J C Shroff Memorial Award and Prof. Ratan Singh Award also belong to similar category. It was mentioned as an award in all places , except in introduction, where it was mentioned as oration. This needs correction. Signatures of proposer and seconders are not there Comments by CFC and Award committee are required

Awards Committee Opinion

Whether award or oration- Not clear

If it's Oration- Can be introduced in MIDDERMICON

Award- Minimum amount is Rs 2 Lakhs, Oration-Minimum amount is 10 Lakhs(GST 18% separate for both) for a duration of 5 years.

The proposers should give a clear proposal- a) Whether award or Oration, b) Amount given to IADVL c) Whether the proposers/State will renew the awards after 5 years.

The proposal was sent to the proposers and the UP & UK branch to be reworked and sent back. But we the re-worked proposal has yet been received.

1. Any newer orations can be accommodated at the MIDDERMACON as discussed in CCM 2023.
2. Dr. AK Bajaj oration may be accepted for MIDDERMACON and the terms of Corpus, Additional increments may be informed to the proposers.

CFC Opinion: No direct financial implications on IADVL. CFC has no objection to this. The contributions from the proposers/sponsors have to come to IADVL before the oration takes off, the money has to be kept as FD, reflected as Corpus fund in the balance sheet and the interest accrued from the FD (may be MF too) should cover the expenses occurred on the annual oration.

How will it help IADVL? Brief introduction.

Institution of an oration enhances the academic standards of a conference. It is bestowed on great teachers/researchers with special contribution to a DVL specialty or subspecialty or a particular topic. Members will be greatly benefited with orations by updating scientific knowledge.

If constitutional – will it replace the existing clause? Or modify? Give detail of the clause –page no. and clause no.

No

Proposal: (It should be properly drafted)

Institution of an oration in the name of Prof. Dr. R. Patnaik at the National IADVL conference (DERMACON).

Prof. R. Patnaik was an alumnus of SCB Medical College, Cuttack (MBBS) and AIIMS, New Delhi (MD). He was trained under Prof. Dr. Sharat Desai & Prof. K. C. Khandari. For over 40 years, he served as a teacher in dermatology, venereology, and leprosy at both the undergraduate and postgraduate levels. He started the dermatology department at Kasturba Medical College Manipal and headed the dermatology department at Gandhi Medical College, Secunderabad for several years. He has been an academician and teacher par excellence. In his enormous career as a teacher, he guided many students who have established themselves as top dermatologists and teachers all over india. He served IADVL Andhra Pradesh as Hon. Secretary and President. He is among the most respected dermatologists and professors in India. An oration in his name will be a thoughtful gesture by IADVL and a tribute to all dedicated dermatology teachers.

The proposers are looking forward to the directives from IADVL to make this oration a reality. We are ready to take responsibility for providing the endowment for the oration as stipulated by the IADVL by collecting the same from the family members, students, and admirers of Dr. R. Patnaik.

Do you think this needs referral to any specific committee? if yes then which committee?

Constitution/SOP committee/CFC

Please note that EC may decide to refer if it thinks it is necessary.

Constitution Committee Opinion- This is a new proposal and will require amendments in constitution. Hence should be first taken up in CCM and then AGBM.

CFC opinion: Academy and GB to decide whether DERMACON or MIDDERMACON can accommodate one more oration. A proposal for another oration is already under consideration. Family members have been contributing to the corpus funds raised for conducting annual orations or giving various awards in the name of deceased IADVL members. There can be a mix of members & non-members in the list of contributors for starting and thereafter running an award or oration

Proposal:

Foreword: This proposal was discussed in the Opening GBM, 2023 at Mumbai during the last DERMACON. Some parts of the proposal were accepted, some were rejected by the GB and the rest was left for reworking by the CFC. Accordingly, the CFC has omitted the parts rejected by the previous GB, has kept the accepted part and modified the rest of the proposal and is being tabled here for discussion and final decision by the GB. The Proposers and Seconders of the proposal remain the same. The parts of the proposal in blue ink need discussion while the parts in green were already accepted in the last GBM.

NAME: RESTRUCTURING AND STRENGTHENING OF CENTRAL FINANCE COMMITTEE

1. CFC should be appointed by the AGBM with a term of 3 (three) years. It should continue to report to IADVL EC, the Central Council and the General Body of IADVL.
2. CFC Chairperson should be selected by application and approved by AGBM in a process similar to selection of Academy Chairperson and Journal and Textbook editors. Only Past Ex-officio members of the CFC should be eligible to apply for the post. A three member selection/search committee comprising of Past Presidents and Past CFC Chairpersons should be appointed for this purpose and the recommended name be approved by AGBM.

3. Immediate Past Treasurer becomes the Convener of the CFC. He becomes eligible to apply for the post of CFC Chair after completion of this tenure. His tenure as Convener will be for 2 (two) years.
4. Incumbent Treasurer, IADVL remains an ex-officio member of the CFC and his duty will be to co-ordinate with IADVL EC as the EC Coordinator.
5. CFC needs to be expanded to the strength of 18 members: 12 members (including its Chairperson) selected and approved by the AGBM, Immediate Past Treasurer as the Convener of the committee and 5 Ex-officio members (President, Secy. Gen., Treasurer, Academy Chair, Editor IJDL). Out of the 12 members, four should retire every year and be replaced by fresh four members in AGBM.
6. CFC's meetings will be called by the Chairperson, CFC, in consultation with the President, IADVL.
7. There should be mandatory meetings of CFC with IADVL EC during CCM/AGBM, that is twice in a year and half a day must be reserved for this meeting.
8. A separate stand alone meeting of CFC to discuss all financial issues must be held during each financial year - similar to Journal, Constitution committee and Academy meetings, and it should be a day-long meeting at IADVL HQ. Auditor & his team, HQ office staff, Finance Coordinator at HQ (to be discussed later in the report), invited finance advisors should attend this meeting along with full strength CFC. In order to emphasize the increasing complexity of finance and the role of treasurer, all state treasurers also should be invited to this meeting.
9. CFC should also have their internal online meetings around the end of each quarter of every financial year, totaling 4 meetings in one financial year.
10. CFC Chair/Convener should present CFC's report in every CCM/AGBM and 1hour must be allotted in the meetings for presentation and discussion of financial matters. This report must be published in IADVL Newsletter which should be circulated online 1 month prior to the CCM/AGBM and printed copies of which must be handed over to the members of IADVL physically present in the meeting.
11. CFC should have 3 (Three) subcommittees with 4 (four) members in each:
 - a) To supervise and scrutinize Conference accounts: "Conference Accounts Subcommittee"
 - b) For internal scrutiny of all other IADVL accounts: "Internal Accounts Subcommittee"
 - c) To plan/supervise IADVL's investments: "Investment Advisory Subcommittee"
12. With the formation of these 3 subcommittees and after bringing in the proposed overhauling, CFC should be renamed as "Central Finance Council".

Do you think this needs referral to any specific committee? if yes then which committee? No

Constitution Committee- This matter can be taken up for discussion. CFC opinion to be taken. To be incorporated in constitution if approved

Proposal:

Foreword: This proposal was discussed in the Opening GBM, 2023 at Mumbai during the last DERMACON. However, as per the minutes of the meeting available in IADVL Newsletter, April 2023 edition, the discussion dealt with only small part of the proposal and it's not minuted whether the proposal was accepted or not. CFC took this up for restructuring, IADVL auditor's input was sought

and necessary modifications were done before sending the proposal again for discussion in GBM. The same set of proposers and seconders are being retained.

NAME: CHANGES IN MOU FOR CONDUCTING VARIOUS CONFERENCES USING IADVL PAN

The MoU signed by IADVL, Conference Organizing Branch and Organizing Committee will contain the following new clauses:

1. The organizers will appoint a local consultant (who may be a CA) and an accountant to manage the conference accounts and as soon as the conference bank account is opened using IADVL's PAN, the conference Treasurer will share these two persons' names, phone numbers and email ids with IADVL Treasurer who will forward the same to IADVL's Auditor. The organizing committee shall also avoid all conflicts of interest in the appointment of these two functionaries and declare that both are not related to either the event manager or the office bearers. The designated Treasurer of the conference will have to submit in writing that he has working knowledge of finances & accounts and that he/she is capable of handling conference accounts.
2. The local conference accountant/consultant will record and maintain data related to the conference finances (income & expenditure) in tally software on day to day basis; record all GST/TDS related data of the conference like Reconciliation of purchase with GSTR-2A, GSTR-2B, GSTR-3B and prepare books on monthly basis.
The accountant will send monthly tally data to the IADVL Auditor by e-mail within the first 7 (seven) days of the next month. If the IADVL auditor does not receive data continuously for two months from the conference accountant, then the matter will be reported by the auditor to IADVL Treasurer and CFC chairperson. If the matter is not resolved within 30 days of his communication to the Treasurer and CFC chairperson, IADVL auditor will report this matter directly to IADVL President & Secretary and all the members of CFC by mail.
3. Designated Consultant/Accountant of the conference will also share the login ID and Password of GST portal and if any change is made in the GST password, the new password will be immediately sent to the IADVL Auditor.
4. The local Consultant/accountant will deduct the TDS on all payments wherever required and deposit the same within the first 7(seven) days of following months using the TAN of central IADVL. After that deductee details along with PAN, date of TDS deduction date deposit, amount of gross payments etc will be mailed to IADVL Auditor for TDS return purpose.
5. If any discrepancies in accounts maintaining, any mismatch in GSTR filing and/or TDS related issues are noticed by the IADVL auditor's office during the run-up to the conference, he will report the same to IADVL Treasurer who will arrange for a physical visit of the auditor's team to the conference host city after consultation with IADVL EC and the conference Organizing Committee.
6. Within the first 3 (three) months of completion of the conference, all the conference accounts will be completed and made available for audit. The auditor of the IADVL will contact the treasurer of IADVL to start the audit of the conference and the team of the IADVL auditor will visit the office of the conference to complete the audit with the support of the local accountant/Auditor and organizing committee. If the conference organizing committee does not give permission for the start of the audit at that time, the IADVL Auditor will report this to IADVL EC and to CFC chairperson. If the matter is not resolved within 15 days, the IADVL auditor will report this matter to all CFC members by mail.
7. Records of accounts: The documents records of sales of services, purchase of services, direct/indirect expenses, Bank statements, E-way bill etc. should be kept in a systematic manner so that the relevant documents can be easily traced in future whenever needed for

Income Tax and GST purposes. The documents should be kept in records up to 8 years after the completion of the relevant conference year.

8. IADVL's PAN may continue to be used for DERMACONS. However, in view of the relatively meager surplus earned from successive MIDDERMACONS, benefits of continued use of IADVL's PAN in MIDDERMACONS need to be weighed against the effort that needs to be put in by IADVL only because its PAN is being used and the associated risks like the GST penalty notice of 2021-22 that may pop up again in future because of poor performance of the organizers. This matter may be thoroughly discussed by a taskforce or committee of experts and senior members and the current arrangement of using IADVL's PAN in MIDDERMACONS may be reviewed.

Do you think this needs referral to any specific committee? if yes then which committee? No

Constitution Committee- Proposal can be taken up for discussion. CFC opinion to be taken. If approved, necessary amendments to be made to the constitution.

How will it help IADVL? –

To reduce the registration fee of all IADVL MEMBER DELGATES for "DERMACON 2026," .

There is a demand from majority of IADVL members, especially the young DERMATOLOGISTS to reduce the registration fee for the DERMACONS. It will not directly benefit IADVL but will surely benefit its members, which is one of the objectives of IADVL .

If constitutional – will it replace the existing clause? Or modify? Give detail of the clause – page no. and clause no. - NIL

Proposal: To reduce the registration fee of all IADVL MEMBER DELGATES for "DERMACON 2026," .

- There has been a strong demand and voice from members, especially young members, from all over the country to reduce registration fee for DERMACONS. Many members are of the opinion that, they do not want a lavish dinners and cultural events but the registration fee be

reduced.

- Accordingly, it is planned that the registration fee for the DERMACON 2026 will not be increased from the permissible 10% increase in the registration fee from the previous year's DERMACON registration fee. In addition, further reduction in the registration fee by 25% from the previous year is offered to the prospective delegates. This will roughly reduce the registration fee by 35% of the proposed registration fee of DERMACON 2026.
- We request that the IADVL EC, CC and the general body to permit the organizers to proportionately reduce the affiliation amount of 15% of the registration fee.

Do you think this needs referral to any specific committee? if yes then which committee?

Constitution/SOP committee, CFC

Constitution Committee- Clause in constitution

“Though a request may be made to keep the Registration Fee at the minimum to the organizing committee, it can be increased by 10% every year until monetary self-sufficiency is achieved in organizing a DERMACON.” Page 39- Section H. Conferences A. Dermacon Subpoint (e)

So, no binding on organisers to increase by 10% and clause already exists to keep to minimum. The resultant share to IADVL would go down as it is fixed percentage of the registrations (15%).

Proposal can be taken up as no amendment in constitution is envisaged with this.

CFC Opinion: DERMCON surplus is main income source for IADVL. If the organisers can conduct the conference with reduced registration fee it can be done.

Proportionate reduction of affiliation amount from 15% is not to be accepted.

Is any one of the proposer members of CC? /Secunder members of the cc?:

Proposer and all seconders are members of CC.

It is related to policy and conference SOP. However EC may take their decision on this.

How will it help IADVL?. IADVL is part of SARAD. Our proposal helps to maintain good relation with our neighbouring country Dermatology associations. This will also enhance the attendance of members of these countries to attend our conferences. It will also help in exchanging ideas and finding solutions to problems faced by SARAD members. The IADVL, as an association gains more good will and will help us in garnering support for our bids for international events.

If constitutional – No constitutional amendment is needed. Only changes in DERMACON SOP.

Proposal:

Preamble: South Asian Regional Association of Dermatologist- **SARAD** is a conglomeration of Dermatological Societies of SAARC countries, namely Afghanistan, Bangladesh, Bhutan, India, Maldives, Nepal, Pakistan and Sri Lanka. Many dermatologists (Non-Indian)from these countries attend our DERMACON and MIDDERMACON. They had expressed that the number could be more if they are provided with some benefits. Afghanistan members had requested us help them in academic activities.

We propose to bring following points for discussion and approval.

- 1 Reduction in Registration fees for Non Indian SARAD members.** Presently the earliest slab for SAARC members (They should be mentioned as SARAD members) is \$ 400 which is equivalent to INR 32000 (@80 INR/\$).This is more than 100% higher than IADVL member registration fees(14500 this year).As our currency is stronger than other SAARC countries the amount is much higher eg SL it is 300 SLR /\$ that is nearly 1L SLR. This will deter many from attending our conferences. We propose that the registration fees for Non Indian SARAD members should be **10% - 20% higher** than that of IADVL members. This will attract more dermatologists to attend our DERMACON/ MIDDERMACON. They should be residents of these countries and not non resident citizens. This can be ascertained by organizers through respective associations. HQ can help them in this. We had done this for EDERMACON2021.
- 2 Inviting President & Hon Secretary Gen of SARAD to DERMACON.** SARAD is headed by President, and consists of Hon Secretary General, Vice President, Treasurer and other office bearers from different SAARC countries. We often invite Presidents and Secretaries of various international associations- ILDS, ADA, AAD, BDA to name a few. IADVL ensures that they are provided local hospitality like Accommodation and Complimentary registration. We propose that The President and Hon Sec General of SARAD (2 persons) be invited to DERMACON and they should be provided Accommodation and Complimentary registration. This will be showing courtesy to the post held by them. IADVL President and Secretary are invited to SARCD by the host country and are provided these benefits. The accompanying persons are charged as per cost. The cost to IADVL is minimal compared to the goodwill. The invitation will be for 1 year as their tenure is for 2 years.
- 3 Participation of President and Secretary of SARAD in Scientific events:** we propose that both should be given opportunities to be part of scientific events either in the form of Guest Lecture, Chairing an important session or a panellist. We can get to know their views and work done.
- 4 Involving Non Indian SARAD members in scientific events of DERMACON.**
We can invite some registered delegates from these countries to participate in our DERMACON scientific program. They will not be provided any benefit. This is

just to reciprocate their invitation to many of us during their annual conferences where they provide local hospitality.

5 Academic assistance to Afghanistan Association.

We had received a request by our friends from Afghanistan to assist them in academic activities. During EDERMACON 2021 we had verified their credentials and allowed them to join. They were very happy. We propose the following with regard to request by Afghanistan Dermatologist

- A) Giving access to our online academic events to members of Afghanistan Dermatology association after verifying their credentials. Good data, collected for EDERMACON 2021 , is present in HQ.
- B) Donating all IADVL publications of last 5 years, including IADVL TB, to their association. 1 copy of each publication. Members who have their personal publications can also donate. Getting them delivered will be the responsibility of Afghan friends.

Do you think this needs referral to any specific committee? if yes then which committee? – SOP committee, Finance Committee, IADVL Academy

Constitution Committee- In the constitution, there are no details for conduct of the SARAD conf. Who can be invited, what should be the format is not mentioned. Finances are involved. CFC should opine. The proposal will bring in changes to constitution, so should be taken up by CCM initially and then brought to AGBM.

CFC Opinion: To keep the reg free : 25-50% more than our delegates

President and secretary of SAARD can be given complimentary registration and accommodation (Not to all president and secretaries of SAARD countries)

Administrative/Policy/Constitutional

How will it help IADVL? Brief introduction.

Concern about the world's leading environmental problems has grown. IADVL, being one of the large NGO of highly learned and intellectual persons, is expected to reduce the negative environmental impact caused by its activities. This will enhance the image of the organization and is expected to receive a status of model organization.

Proposal:

Implementing eco-friendly sustainable practices in mid-DERMACONS and DERMACONS

Organizers of the mid-DERMACON and DERMACON shall implement sustainable eco-friendly practices while hosting the conferences. Practices to be included but not limited to are mentioned below.

1. No Plastic conference
 - a. Paper cups/glass bottles to be used while serving water or beverages

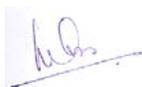

- b. Eco-friendly non-laminated delegate ID/pass with Barcode which can be used for entry to hall and dining area
 - c. Hoardings and signages in paper-made or eco-friendly materials or options (digital signage)
2. Go paperless
 - a. All communications to be sent as emails; not more than one brochure to be printed
 - b. Faculty CV to be displayed and not given to the chairpersons as hard copy
 - c. Minimal or no paper usage for all conference-related works
 - d. Digital program brochure
 - e. Encourage delegates to take notes on phones
3. Ecofriendly conference bag with reusable water bottle gift for water conservation
4. Water refilling stations with eco-friendly caps should be provided rather than single use plastic water bottles
5. Locally sourced organic vegetarian/vegan and low greenhouse gas emitting animal-based food should be served preferably. Food wastage shall be minimized by careful selection of menu and by sensitizing the delegates.
6. Ecofriendly transportation; promoting public transport usage, electrical transports, shared transport, walking route map etc.
7. While selecting venues, weightage should be given to eco-friendly venues (Ex. Closer to the hotels, energy-efficient lighting, water conservation methods etc.)
8. Share your successful "Green event hosting" with other event organizers in the city

Constitutional

How will it help IADVL? Brief introduction.

- 1) Allowing more members to register for the DERMACONS
- 2) reduce dependence on sponsors in line of proposed NMC guidelines.

If constitutional – will it replace the existing clause? Or modify? Give detail of the clause –page no. 39 SECTION H Conferences A. DERMACON and clause no. e

Page no. 47 SECTION H Conferences B. MID DERMACON and clause no. c

Proposal: We propose to stop the provision for a 10% increment in delegate fee with immediate effect. Reduce registration fee for conference by including CME fees in same amount at present. We also propose to have a tier system of registration like;

- 1) Economy for those not willing to attend either dinners or social events,
- 2) Super Economy for those willing to attend all dinners and social events without consuming alcoholic drinks
- 3) Business Class for those willing to attend all dinners and social events with consumption of alcoholic drinks

Thereby reducing registration fee accordingly by 30-50% as it works out logistically. With this system number of delegates attending dinners will be easier to calculate and there will be less wastage as many delegates do not attend dinners.

Do you think this needs referral to any specific committee? if yes then which committee?

- 1) Constitution Committee
- 2) Finance committee

Constitution Committee-

Constitution Committee- No embargo on reducing registration fees in the constitution. But to stop the 10% increment altogether and for bringing in the three-tier system of registration, proposal first needs to go to CCM and then be sent to AGBM.

CFC Opinion: Keeping in mind the possibility of strict implementation of NMC regulations regarding hosting of conferences in near future, CFC suggests against any major decision right now. Instead, IADVL can wait & watch for atleast 2yrs till DERMACON2026 where the regd. fees is being proposed to be less than that of DERMACON2025.

Regarding one fee for CME+Conference and the tier system of registration fee, CFC doesn't see any major financial implication on IADVL and those decisions may be left to the GBM.

How will it help IADVL? Brief introduction. Since every member is allotted a unique number in the member roll irrespective of the state to which he or she belongs. There is no necessity to mention the state Name (Code) in various communications.

How will it help IADVL? IADVL has a duty to conduct elections every year. As per the society rules holding elections every year is a duty of the IADVL EC as mentioned in Society rules and regulations as well as the IADVL constitution. The contestants were being charged for the expenses that were incurred when the ballots were posted with a self-addressed envelope to the LIFE MEMBERS.. Much of the money spent was not being utilized as the ballots were then never returned by a majority of the life members.

If constitutional – will it replace the existing clause? Or modify? Give detail of the clause –page no. and clause no.

Proposal: Stop charging contestants for IADVL election. Refund the fees charged so far from contestants for IADVL elections as now there is no postal or printing expense and IADVL is strong enough to support a single online election every year.

Do you think this needs referral to any specific committee? if yes then which committee?

Constitution Committee- Annexure 6. Part 1. Would involve an amendment in constitution. Hence proposal needs to be first put up to CCM and then GB.

CFC Opinion- Election expenses includes

1. Software
2. Announcement
3. Legal opinion charges
4. Ballot election charges in case of re-election

All these will incur expenses. The amount charged is nominal and half of the amount is refunded is withdrawn before date.

Fee collected is a commitment by a candidate towards election.CFC opines to reject this proposal.

How will it help IADVL? Brief introduction: In digital era, IADVL need not be restricted to zones or states to choose its future office bearers. They can be from any zone, same or different or states all across India. It will help IADVL to get more and better leaders for future and will increase communication between different state branches.

If constitutional—will it replace the existing clause? Or modify? Give detail of the clause—page no. and clause no. Section F/Page No. 29/ CLAUSE: G (c) Point No. (iv)

Proposal:(It should be properly drafted): when two members of different zone wants to contest for the post of IADVL Secretary general ELECT and Treasurer elect, they should be allowed to form a team from any zone or state across entire India. The current rules are restrictive for both to be from the same zone. It should not be restricted to the same zone any more. The team for the secretary general elect and the honorary treasurer elect can be from anywhere in India.

If constitutional–will it replaces the existing clause? Or modify? Give detail of the clause– page no. and clause no. NA

Proposal: (It should be properly drafted)

- We propose that the tenure of the IADVL National President be extended to two years. As one-year period is insufficient to complete the majority of the projects/jobs undertaken. • ☐ The number of conferences held each year is excessive and should be limited/ regulated.
- There should be a set of criteria for who can be asked to be a faculty member at any of the conferences/meetings. The experience of at least 8-10 years in teaching,

number of publications, chapters authored, and participation in iadvl activities etc should all be taken into consideration for being invited as a faculty.

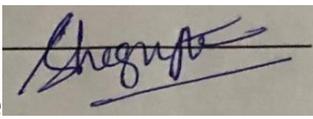

- State conferences/CUTICONS can be grouped and categorised according to zones (e.g., on the pattern of RAILWAY ZONES), so that only 7 to 10 CUTICONS are held every year, rotating between states/UTS.

It is not practicable for the EC or members to attend too many CUTICONS that are conducted concurrently around the country, and most of the time, only the presenter is in the hall with no audience.

- There are too many SIGs and task forces, the number should be reduced/ or SIGs on related topics can be combined.
- Dermacon should be distributed in ZONES, (North, East, south, and West) rather than through elections/bidding. It may be rotated between states and UTs within the zones. This will provide opportunities for the organization's state chapters to grow and contribute.
- Senior citizens should not be asked for conference registration. It should be given complementary.
- Each member should be issued an "IADVL membership certificate, with embedded logo, portrait and membership number", which should be retained at clinics. This would help patients to know about the qualified dermatologists and assist eliminate quackery.

Do you think this needs referral to any specific committee? if yes then which committee?

How will it help IADVL?

Certain states have held the state CUTICONS in states other than their own. This is defeating the very purpose of a state conference, which is locally held for the benefit of state members, without the hassle of additional expenses on attending yearly state conferences. All the states already have good pre-existing access to location and logistics support and Medical Colleges. Furthermore, the issue of State GST has to be looked into also.

If constitutional – will it replace the existing clause? Or modify? Give detail of the clause –page no. and clause no.

Proposal: **State CUTICONS should be conducted at venues in their own respective states**

Do you think this needs referral to any specific committee? if yes then which committee?

Constitution Committee

The clause in the constitution is as under:

To hold an annual state conference (CUTICON) in different parts of the state on invitation by various local branches. –
Byelaws BL3 (c)

So, states holding CUTICONS in other states are doing so against the existing constitutional clauses.

Proposal:

To discontinue the Indian Dermatology Online Journal complimentary copies to all medical colleges and to make it a subscription copy

How will it help IADVL?

Indian Dermatology Online Journal (IDOJ) is an official publication of IADVL started in the year 2010. To begin with it was only online and the Print version was introduced in 2018, to facilitate the promotions of Dermatology teachers in medical colleges. Till date, all the medical college libraries are being sent a complimentary copy of each issue of IDOJ in order to publicise, enhance visibility, in addition to facilitate the promotion for teachers.

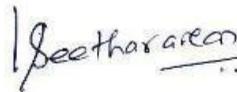

As of now IDOJ is indexed in almost all indexing agencies including SCOPUS, with an Impact factor of 1.7. We propose that it may be ideal now to stop these complimentary copies being sent to the medical colleges and send a request to the librarians to subscribe to the journal. The IDOJ institutional subscription fee is only Rs 6,000/- for a year, covering all the six issues. At present we are sending complimentary copies to nearly 400 medical colleges. From a budgeting point of view, if half of them opt to subscribe, half of the amount required to operate IDOJ in a year can be done away with that. This is a huge saving for the organisation and is unlikely to task or invite a financial burden for the institutions either. We all are aware that there is mandatory NMC directive to subscribe a certain number of National and International journals for each department.

If constitutional – will it replace the existing clause? Or modify? Give detail of the clause – page no. and clause no.
Not necessary.

Administrative/constitutional

How will it help IADVL? Brief introduction.

Children with dermatologic complaints are seen by both the pediatricians (who at the same time attend to other children with non-dermatologic diseases) and the dermatologists (who at the same time attend to adults with other dermatologic diseases). Hence, a yearly national conference on pediatric dermatology PEDDERMACON shall be able to focus more on the dermatologic problems only in children and improve the quality of care by decreasing complications with early diagnosis and treatment. This conference, where dermatologists and pediatricians are invited to be the

delegates, will be an opportunity for the dermatologists with special interest in pediatric dermatology to update. This conference is currently held under the aegis of SIG Pediatric Dermatology/Academy IADVL, and this proposal will enable it to be conducted under the aegis of

IADVL akin to DERMACON and mid DERMACON. This will throw special focus on the subspecialty and smaller cities to host a national conference.

If constitutional – will it replace the existing clause? Or modify? Give detail of the clause –page no. and clause no.

Proposal: (It should be properly drafted)

Organization of PEDDERMACON annual conference on the format similar to DERMACON/MIDDERMACON.

- PEDDERMACON will be conducted as a once-a-year conference in the month of November (preferably, but not obligatory during the week around Children’s Day) on a rotation basis
- Members of IADVL EC, Academy, SIG Pediatric Dermatology along with the local organizing committee will be involvement in development of the scientific program
- Bidding and conduction of PEDDERMACON yearly conference will be arranged on the lines similar to DERMACON/MIDDERMACON in association with IADVL SIG PEDIATRIC DERMATOLOGY

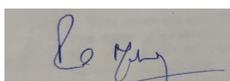

Do you think this needs referral to any specific committee? if yes then which committee?

- Please note that EC may decide to refer if it thinks it is necessary.

Constitution Committee: No provision in the constitution exists for conduct of such conferences. Would set a precedence and would require change in constitution. There would be more such demands in the future and hence Constitution committee is not in favour of the proposal.

CFC Opinion: Rules for organizing national conference under IADVL banner already present in the constitution. The same to be followed.

Members are left unattended and disgruntled when any company cheats and run away. We need a common platform between IADVL and Industry (Instrument Industry) to address grievances of both customers and suppliers.

If constitutional – will it replace the existing clause? Or modify? Give detail of the clause – page no. and clause no.
No.

Proposal: (It should be properly drafted) There is requirement of a nationalised body under IADVL where industry and Instrument suppliers be ranked and endorsed by IADVL after meeting and taking a deposit by each so that a common platform be prepared where a member can complain about them and get a solution. It needs to be formed properly and needs detailed study before implementation.
Every day there are complains about the suppliers and members feel cheated by them.
The guidelines should mention about brand endorsement by IADVL members also.

YES. It will modify the names of various events.

Proposal: (It should be properly drafted)
In the recent changes, NMC has raised serious questions on pharma Doctor relationships and GSK has hold recent events parallel to MIDERMACON which is not acceptable.
Looking at our good financial condition and to Improve the image of the association in the eyes of a common member, we should rename all pharma sponsored orations, quizzes Grants to IADVL name exclusively. Dr Syed Mubashir: C.A for J&K are different and two separate states Dr Manjunath-Two accounts can be made

Dr. Savitha informed though they are different states, being one association, they can't have two separate Pancards.

Dr Bhumes: you can make it as two separate chapters

Dr Syed Mubashir: we are getting problems- financial problems Dr Zawar-Identify as 2 chapters

Dr Manjunath: Two chapters and 2 CUTICONS that will be problem. Do you want separate CUTICON ?

Dr Syed Mubashir: No. alternately we want to conduct CUTICON onetime in Jammu and onetime in Kashmir

Dr Dinesh: Not possible to have different chapters as Jammu & Kashmir are considered as single State unit.

Dr Koushik Lahiri: Suggested to this can be discussed in GBM, need change in constitution. Dr Rashmi: Do you have enough members?

Dr Cheena: we have 135 members.

Dinesh: we will look into constitution and legal part and

The report presented by Dr Deepali Rathod, Convener

Dr.Rajetha suggested to decentralise the anti-quackery work and Dr Jagadish okayed it. Dr Deepika Pandhi said Haryana state has given a newspaper thing. Why not IADVL?

Dr Manjunath asked what is decentralization. Dr.Rajetha replied that making the state units independent.

Dr.Jagadish asked about clinical cosmetology in dental course, and whether we can file a petition in Supreme Court.

Dr Dinesh wanted every state to have legal retainer and the state to earmark a budget for the same. He requested the state Presidents and Secretaries to implement the same. He also informed the National EC is planning to earmark Rs. 50 Lakh budget and get the GBM approval for the same.

Dr.Archana said we need to improve and our PG curriculum Dr.Dinesh agreed.

Dr.Niveditha suggested to introduce aesthetics in IJDVL

Dr.Jagadish: can we go about the dental council petition? The cost would 8-10 lakhs for 2 hearings

Dr.Nirmala suggested to engage youngsters with Yuva cell and let them do the work.

Dr.Dinesh: What about IADVL sister societies in foreign countries? Eg MEIDAM and Dubai Derma The house opined that it is better to conduct sister societies in well-known and accepted organizations like AAD, EAD, ISD, ILDS, SARAD.

IADVL cannot control the attendance or which delegate registered in dermatology conferences conducted by foreign organizations on foreign soil. But if any foreign organization conducts conference on India soil, IADVL can make known its objections regarding the attendance if it is not acceptable.

Dr.Rashmi: EC can make decisions on scientific issues.

Dr Dinesh asked if CC empowers EC to take decision in this matter? CC agreed

Proposed by Dr Nirmala Seconded by Dr Mitaxari

EC is empowered for taking decisions- yes

Awards committee report

Dr. Narendra Kamath & Dr. Arjit Condo presented Awards committee report. Dr.Ankur informed the house that Dr A K Bajaj Award/Oration money will be arranged.

CC accepted EC for the empowerment of this award and recommended that the Award / Oration can be moved to MIDDERMALCON as the DERMACON schedule is full.

Dr.Raghnath Reddy discussed on the issue of an award proposal from Maharashtra, on two members' name.

The house opined that two separate awards can be given, and raised a question whether a person should be on national stature for a national award institution.

And the proposal needs to be discussed again in Hyderabad AGBM

Dr Dinesh: we asked Maharashtra to send credentials about then and put in AGBM

Dr Dinesh took vote about award by 2 names. Yes-25 and No-3. Dr Dinesh asked about national stature of Dr Joshi and Dr Gharpuray. Then 9 people agreed and 6 disagreed. But House said not discuss such stature of respected teachers

CC mandated to go ahead and put in AGBM.

Education task force:

Dr Deepika: Aesthetics and HT can be included. it is mentioned in gazette. She informed that the Curriculum will be sent to NMC.

Curriculum has been put on website in 2022. Dr Manjunath: circulate to the members.

Proposal: To have an independent budgetary allocation for Anti-Quackery every year at National and state Branch

level of IADVL.

How will it help IADVL? Quackery is on the rise in all aspects of dermatology. Not only the society and patients even the dermatologist bears the brunt of this quackery. Measures are needed to tackle quackery at multiple levels, Government, Bureaucratic, Judicial, PILs, Media (Visual, Print, Social) awareness. This needs finances to be managed professionally and we need to a dedicated

staff for it. As of now the Anti- Quackery Chairperson, Convener and members along with the Legal retainer are involved. Currently there is no budget involved unless there is an allocation from the President's Budget. Having a dedicated Budgetary allocation both at National and State Level will ensure that the anti-quackery work can be more efficient and streamlined. The Chairperson and Convener can be in charge of the Budget and they would have to report the finances to the Honorary Treasurer.

Do you think this needs referral to any specific committee? CFC.

Constitution Committee: Central Finance Committee should be giving the opinion on this matter and not the Constitution on Committee.

There is no mention of anti - quackery committee in the constitution- so no opinion possible anyways. Once central finance committee opines, then matter can be taken up for discussion.

CFC Opinion: Quackery is a burning issue currently, and a significant budget is required to tackle this. There should be independent budgetary allocation for anti-quackery every year at National

level. Anti-quackery committee to plan a detailed budget under various headings, and the quantum of budget has to be decided at the CC meeting

DISCUSSION- Dr Dinesh Kumar D Secretary General said EC recommended 50 lakh budgets for anti- quackery activities. Dr Sanjeev complimented. Dr Ashokan asked about role of states in it. Dr Dinesh said the States have to allocate provisions in their budget for anti-quackery activities.

The proposal was passed Dr Koushik proposed and Dr Sanjeev seconded.

Proposal: Many IADVL members are worried about other branch practitioners and non medicos practicing Cosmetology, and there is a great unrest in the minds of youngsters regarding the same issue. IADVL has been trying to curtail the mal-practices by forming ITAQ and other ways. We are not a statutory body and NMC/MCI has not included any cosmetology courses in various universities which are awarding MD/Diplomas, hence we are self learnt Laser & cosmetic specialists, having learnt from company technicians and burning our hands, now youngsters are learning from seniors. The question arises as to what is our ground for protest? None of us were/are trained in laser procedures & cosmetology according to the curriculum, but we are doing many procedures of plastic surgery/gynecology & other branches. We do not have teeth to cut other non-dermatology practitioners entering into our field. As per NMC/MCI an M.B; B.S. can do all practices and we have additional qualification in Dermatology, Venereology & Leprology only. Are we correct in claiming that cosmetic procedures are our personal property? This is for discussion to end the ever-going conflict.

How will it help IADVL? It will help IADVL by reducing the workload of people involved in activities like ITAQ etc.

Do you think this needs referral to any specific committee? NO DISCUSSION

Dr Dinesh- There is already a position paper in process. He requested Dr Vinay Singh to get involved. Dr Vinay agreed

Dr Shashi- First target Ayush, Dentists and non-medicos. We have nothing against MBBS. Dr Vinay- The word cosmetology is poorly defined. Time to introspect also.

Dr Dinesh- we should decide domain for the

dermatologists. Dr Asokan- Laser, dermatosurgery is there in our curriculum.

Dr Koushik- We formulated the position paper on it . It will be published soon. Dr Rashmi- Our journals need to publish such special papers.

Dr Sanjeev- Dermatologists are now advertising products on social media

Dr Kaleesvaran-Dentists are bigger threats to dermatologists. They should be challenged. Dr Kumaresan read about who can perform hair transplant and how to do it.

Dr Rajesh Varma- we should not waste our efforts on MBBS Dr Manjunath suggested Dr Kaleesvaran for modification

Dr Rajiv Sharma-We should put this on website or in IADVL news. Dr Manjunath- Members can also comment on that document

The proposal was passed. Dr Sacchidanand proposed and Dr Rajeev Sharma seconded.

Proposal: To substantially increase the cost for sharing IADVL data and also to place severe restrictions on members who inadvertently share the data with unauthorized

people.

How will it help IADVL?

As of now the IADVL data is shared with companies on payment of a fee of Rs. 50,000/-. This data gets leaked to many others. Also, the IADVL data is provided to Election Contestants, Bidding cities and also National conference organizers without a cost. Many times, it has happened in the past that the Data has been leaked advertently or inadvertently by such members to who it has been shared in good faith. Data is the gold mine in the current age and we need to safe guard and utilize in in a proper way. Also, we need to safeguard our members' privacy. By substantially increasing the cost for sharing the data (Names and email) to Rs 2 -3 lakhs, IADVL stands to gain. And also, we need stringent action in place for members who share the data given to them in for official purposes to companies. This will deter the members from this act.

Do you think this needs referral to any specific committee?

No DISCUSSION

Dr Dinesh-Either we do it away or charge like 2 lakhs. Dr Rajesh-has anybody bought it? Dr Dinesh-Yes

Dr Rashmi Sarkar- Sometimes we need to give data

Dr Asokan- Do we have permission of members to share the data? Dr Kingshuk- Charge 5 lakhs Dr Dinesh- 5 lakhs for names and Emails

Proposal: To reduce the print copies of IJDVL

How will it help IADVL?

IJDVL is a well-known reputed journal with good impact factor and many medical colleges are subscribing. No association in the world has onetime fee for life and life time postal delivery of hard copies of the journal. Many members are now soft copy savvy, prefer to have online access. All new member applicants have an option to choose for e-copy only during membership application and almost everyone chooses e-copy only. The paid Subscribers as of date: 60 (total subscribers last year were 105).

Justification to reduce IJDVL print version

IJDVL printing costs huge amount of money. We print around 11,000 hard copies of IJDVL and the costs run to around Rs. 26 lakhs per issue. Of which approx. Rs. 6,50,000/- is postal charges, around Rs 15- 16,00,000 /- is printing charges. Out of the 11,000 copies, nearly 500-7000 copies get returned back due to various reasons. Dr Dinesh Kumar Devraj spoke to the publisher Mr. Pritesh Seth of Scientific Scholar and the publisher is absolutely fine if we go for only e-copies. Infact most of the major journals have now become e-copy only. By giving up hard copies, IADVL can save a good amount of money, considering it is printed every 3 months. We can charge subscription fee for a printed copy for those who need it. E-copy will be free for all from India and also will be emailed to all our members. As the revenue may go down in future, with the new regulations and pharma restrictions, it is ideal to have look at it now, to look forward for cost cutting measures, wherever feasible. This is also an environment friendly option as nearly 10 tons of paper are used for printing one issue of IJDVL alone.

IDOJ statistics: 600 copies printed. These are sent to all medical college libraries (At present it is complimentary as per AGBM decision. Now IDOJ is planning to shift to Subscription basis), to corresponding Authors, Editorial board members, IADVL EC, State Presidents, Secretaries. The cost is around Rs 5 lakhs per issue.

Do you think this needs referral to any specific committee?

No, referral needed. Inputs of IJDVL & IDOJ Editor can be taken.

Dr. Seetharam, IDOJ Editor Opinion : Agree. There may be resistance, but doable. With the GB decision, proposing some charge for the print version is ideal. The number of copies to be printed, we can follow the IDOJ pattern. Even for IDOJ, now we are planning to shift to subscription-based after the board meeting (Aug 27).

Dr. Archana Singal, IJDVL Editor : My Response-As an environmentally conscious person, I welcome this move tremendously. However, we need to discuss this further.

Dr. Yogesh Marfatia, IJPGD Editor: My suggestions 1) No hard copy to new members - option for physical copy should be removed.

2) Existing members - option to choose whether they want a hard copy or soft copy, this option can be provided (can be incorporated in ballot paper) during IADVL national election process.

3) IDOJ - current policy of 600 print copies can be continued.

- It may be done for the newly enrolled members of IADVL when they pay to become LM for IADVL

- For the existing member- Most IADVL members consider this as their privilege to receive print copy of IJDVL and they pay under two heads, so it may not be possible to stop print copies abruptly.

- I had suggested in DERMACON 2023 to direct State branches to take OPTIONS from the

members who do not wish to have printed copies Or with the IADVL elections- You may have a vote on this option and then decide accordingly. Members who fail to respond will be counted in the 'NOT required' category (smart move)

- Legal opinion may also be taken on this issue from the IADVL Lawyer before making a final decision.

DISCUSSION

Dr Archana-Members have already paid for the journal at the time of taking membership. It needs Legal opinion. At the time of PLM to LM conversion give choice about hard or soft copy. If the journal came back twice then we need not send it to them.

Dr Arijit Condoor-Many PLMs are not converted to LM

Dr Koushik - take referendum for hard or soft copy of journal.

Dr Archana- If they do not respond then it is as good as they don't need hard copy.

Dr Anuradha- The constitution doesn't say hard copy. It just says copy.

Dr Dinesh- I will send google forms to all members for their choice of copy

Dr Archana –It cannot be done in retrospective manner. Has to be Prospective

The proposal was passed with modification and need to present it in GBM. Dr Anuradha proposed and Dr Shyamanta seconded it.

Proposal: To trademark IADVL Logo and the words DERMACON, MIDDERMACON, CUTICON, DERMAZONE

How will it help IADVL?

The IADVL logo, and DERMACON, MIDDERMACON, CUTICON, DERMAZONE are symbols of IADVL and we need it for IADVL's exclusive usage. If we trademark it, we would be in a better position and authority to use them and this will prevent its usage by others.

Do you think this needs referral to any specific committee? Yes, CFC. Needs budgetary allocation.

CFC Opinion: To mention the estimate cost for the trademark. DISCUSSION

Dr Dinesh –It was brought in 2018 with approx. cost of around 2 Lakh

The proposal was passed. Dr Asokan proposed and Dr Anuradha seconded.

Is any one of the above, member of CC? Yes.

Is it related to administrative/policy/constitutional (select one): Administrative Proposal: To shift the IJDVL account to the main IADVL account

How will it help IADVL?

The IJDVL account was kept separately, as there were no funds to run the journal and IADVL was also having financial crunch in the past years. One third amount of yearly savings (including of DERMACON surplus) was kept separately exclusively for journal to ease the cost of managing a journal.

Now IADVL has three journals and all need funding for all three. The savings including DERMACON surplus to be shared among the three, based on the expenses incurred by journal.

Also, IADVL has a central audit system, which can monitor all the expenses. We need to understand that the current IJDVL account is IADVL members' money, whether it comes from Journal Subscriptions or IADVL Conferences.

It is not an easy task to track the IJDVL fund, calculate interest and depositing every year.

Advantages of shifting allowed IJDVL fund to Main Account

Auditing will be easy.

All the expenses incurred by IJDVL: publishing, printing, editorial board meeting etc. will be taken care by IADVL, as taken care for IDOJ.

The IJDVL Editor will be free and would be able to concentrate only on scientific matters.

The IJDVL, IDOJ and IJPGD are our identity. IADVL will take care all these journals with pride and without prejudice. By monitoring from one place, the system will be efficient and seamless.

Do you think this needs referral to any specific committee?

CFC: Opinions of IJDVL, IDOJ editors can be taken on the floor.

Dr. Seetharam IDOJ Editor Opinion: Absolutely ideal. It will remove all bitterness and make things easy.

Dr. Archana Singal, IJDVL Editor

- It's a good idea so that we concentrate only on the scientific contents and not money

- Provided there is 'NIL' interference in the scientific decisions as per the constitution of IADVL,

PART I: BYLAWS (Sec on D, Point 4, subsection h, page 26-28)

- Finances required for conducting IJDVL annual meetings/ other expenditures by the EIC/ Editorial board members to be deliberated upon and clarified- A CORPUS Fund may be retained with IJDVL for which a decent amount may be finalized after discussion.

CFC opinion: Approved. IADVL has 3 journals now. This proposal will help to streamline accounts. Dr.Yogesh Marfatia IJPGD Editor Opinion on IJDVL account -1) It can be merged with IADVL DISCUSSION

Dr Archana - Agreed in principle, but it is not great idea. Reasons- It will hamper financial independence of IJDVL, the fund generation is needed. IJDVL needs more independence

Dr Savitha, treasurer said it won't hamper the independence. It will be like IDOJ. It will reduce editor's burden.

Dr Deepak Parikh objected to continue as President was not in chair. The discussion resumed after president Dr Zawar chaired the session.

Dr Archana- This will need constitutional amendment. And IJDVL cannot be compared with other journals.

Dr Soumya- EC has not contributed in fund raising for the journal. Dr Rajiv Sharma- Have you found any irregularities in IJDVL account? Dr Dinesh, Hon Secretary- No.

Dr Rajiv Sharma- We can run our account with office team.

Dr Parikh- Let the journal be independent. Let this thing come in writing in constitution. And if passed in CC meet, let it go to AGBM. Dr Archana- Separate allocation to be made in annual meeting. No money came from IADVL to IJDVL between April 22 to July 23.

Dr Panda- Modify this proposal. Send it to constitution committee and then bring back to CC.

The proposal was rejected. But it will be taken up in AGBM as per Dr Deepak Parikh suggestion.

Proposal: Strengthening of the IADVL brand image by various activities. Building a strong IADVL brand image will have several benefits. Efforts to create and strengthen brand image will be started as a priority.

- Providing IADVL plaque with logo and certification in the clinics of IADVL members
- Permission to use the IADVL logo on letterheads and prescription pads will be explored
- Public awareness scientific articles in the print, digital, TV and social media by IADVL members. IADVL Logo to be used in all such activities.
- Special IADVL display images for the members to be used in the social media
- Hosting IADVL events and awards for our target clients, pharma and public for enhancing the public image.

How will it help IADVL?

Apart from the strengthening of brand image, this activity will help us fight the quackery in dermatology.

Do you think this needs referral to any specific committee? Constitution committee, legal cell

Legal cell opinion: Public awareness scientific articles in the print, digital, TV and social media by IADVL members. IADVL Logo to be used in all such activities.

It is important to ensure that content of such articles is right and appropriate to the target audience by some workable mechanism. Authors should not resort to self-promotion and adding to the innumerable social media profiles resorting to pseudo-scientific content creation. Under this #2 seems unnecessary. All members should be encouraged to use IADVL logo on stationery so that it is visible to the public and embeds brand image. Public will recognize it once it is carried by all IADVL members and will help to distinguish from the rest of the "cosmetologists"

Constitution Committee: This is again not a constitution related matter. It is however suggested that using logos on personal items will need a legal opinion before discussion

DISCUSSION

Dr Asokan- Better not in prescription of members. Can have logo in clinic room. Dr Soumya=Prescription is legal document so not to be used. Dr Sharma-Encourage members to write IADVL LM number on prescription. Dr Parikh –Not to be used by individual members.

Dr Manjunath -So the plaque, Logo, certificate can be given to members. Dr Manjunath asked Can we earmark 25 lakhs budget to media cell? Can we have IADVL awards to non IADVL member? Dr Nirmala- But that will be like endorsing them as our member.

Dr Manjunath asked can we use brand ambassador for IADVL?

Dr Asokan-yes. Dr Kingshuk- We need to see the conflict of interest. Dr Manjunath-Is it ok to get pharma support for this?

Dr Parikh- Not good to use Pharma. Star cannot endorse us. Go stepwise put an advertise in paper first then go ahead.

Dr Dinesh summarized; the CC approves Plaque for member. CC recommends 25 Lakh budget for media cell. The IADVL logo usage by individual member is not approved. The hosting of IADVL awards and Brand ambassador goes for voting in CC. YES voted by 17, and NO by 23, so it is rejected.

Proposal with above modifications was passed Dr Asokan proposed and Dr Sujala Seconded.

Proposal: HOLISTIC HEALTH PROGRAM FOR IADVL MEMBERS There is a need for a structured

health program for the members of IADVL. This program shall include all domains of health including the physical, emotional, social, recreational, spiritual and financial health. After experiencing the devastating Covid pandemic, a comprehensive health program has become a dire need for the members. “IADVL beyond academics” shall be a mission and this shall continue in the coming years too.

Following activities may be considered.

- Round the year physical and virtual activities related to health will be conducted. A health-related lecture and activity to be included in the IADVL conferences and major CMEs. Key note lectures on health-related topics may be given to famous speakers to sensitize the members to focus on their and their health.

- Pan India rallies (bicycle and other rallies) for fitness (and promotion of IADVL brand image)

- Virtual gymnastics, Zumba workout, music and dance classes.

- MOU may be explored with fitness clubs, airlines, resorts and spiritual organizations to explore corporate offers. Possibilities of wellness trips will be explored.

- Personality and spiritual development virtual programs by leading spiritual and personality development experts

- Health policies may be explored for corporate offers How will it help IADVL?

As per IADVL mission statement active advocacy for the welfare of its members is a mission statement of IADVL. With over 15,000 members, IADVL office bearers should be concerned of primary members along with our

family. Healthy members are great asset to strengthen the association.

Proposal:

To bring out IADVL PEDIATRIC DERMATOLOGY reference book

Pediatric dermatology has evolved into a subspeciality in India with several universities initiating fellowship programs. Although few books are available on pediatric dermatology by Indian authors, there is no reference book.

How will it help IADVL?

Pediatric dermatology faculties, fellows and members with special interest in pediatric dermatology will be benefited. The book can be a useful resource at the departmental libraries. Hence, the book is likely to attract a readership and a sale.

Proposal: ORGANIZING A TWO- DAYS INTERNATIONAL CONGRESS OF DERMATOPHYTOSIS IN 2024 IN INDIA

How will it help IADVL?

Dermatophytic infections have gained epidemic proportions all over the Indian sub - continent and middle eastern Asia (Gulf countries). Increased sensitization to this disease/epidemic for and by the IADVL community, mycologists/microbiologists, pharmacologists, pharmacists interested international colleagues/research scholars and policy makers from various platforms to reduce the burden in the community is the need of the hour. Who better than Indian dermatologists/IADVL members would be effective torch bearers

for conducting this particular activity?

Do you think this needs referral to any specific committee?

CFC Opinion: The approval for organizing a conference should be obtained from the CC or AGBM. CFC has no role here.

However, the financial implications have not been mentioned in the proposal. The rules and regulations pertaining to financial part while organizing any international conference has been mentioned in our constitution. CFC suggests that these have to be followed by the organizers.

DISCUSSION

Dr Rashmi- It is good proposal but it should be with mycologist. Dr Soumya- What are financial implications.

Dr Manjunath- The EC will decide about organizing committee and they will arrange for it.

The proposal was passed with above modifications. Dr Soumya proposed and Dr Mukadam seconded.

Proposal: It is proposed that Editor-in-Chief of IJDVL to be awarded Complementary registration, airfare and accommodation to attend DERMACON every year.

How will it help IADVL?

IJDVL is the flagship journal of IADVL with great standing and truly reflects Indian Dermatology globally. Being EIC is a coveted, honorary position and involves diligent and continuous hard work without a break for 3 years. In our opinion, admission of this proposal would reflect very highly on IADVL EC.

Do you think this needs referral to any specific committee? No

Constitution Committee Opinion: The proposal is a biased one. This privilege cannot be extended to one editor only and not only to Editors. If agreed to, then many other important positions in IADVL will also have to be given this privilege including Editors of textbooks, Academy Chairperson and Convener, Coordinator of SIGs and so on. If IADVL and EC is willing to allow privileges for many such

important positions, then proposal can be taken up for discussion.

CFC Opinion: Agreed.

Registration and accommodation can be done by Org Committee and travel to be reimbursed by IADVL. This can be extended to editors of IDOJ and IJGPD.

DISCUSSION

Dr Parikh –Why not for other editors?

CFC agrees for all three. Dr Shymanta- Can we extend it for other committees?

Branch, or National level must be contested by a member holding NMC recognized degree or diploma only. No other degree/ diploma which is not yet recognized should be allowed to contest or hold any

official post or position in any of the IADVL EC or events like conferences or CMEs.

How will it help IADVL?

Considering the recent NMC guidelines for practice in any field of medicine, we must follow the same and as the guidelines prohibit a person to practice the saidbranch of medicine if the degree/diploma is not recognized by NMC hence the person cannot be labelled as qualified practitioner in that field. So the person is not qualified to lead any official position in the field.

It will help IADVL to follow the guidelines tabled by NMC which eventually isrequired as per the law of the land.

Do you think this needs referral to any specific committee?

Constitution committee Opinion: Opinion: This is an important matter and needs to be taken up for discussion. The Constitution Committee agrees with the first part of the proposal regarding NMC approved degree. As of now this is what the constitution says-

The eligibility criteria for becoming a life member of the Association shall be a postgraduate qualification in the specialty (i.e. a diploma or a degree in Dermatology or Dermatology, Venereology and Leprosy) from a medical college affiliated to and awarded by an Indian University or an institution recognized by the Medical Council of India (MCI)/National Medical Commission (NMC) or an equivalent organization of the Government of India; or a degree or diploma granted by an Indian University or Institution and recognized by the respective State Medical Council (after submission of proof of recognition); or a Diplomate in Dermatology or Dermatology and Venereology of the National Board of Medical Examinations, New Delhi. Others with foreign degrees or diplomas or equivalent qualifications should have their qualifications recognized by the MCI)/ National Medical Commission (NMC) or an equivalent organization of the Government of India to become eligible. However, in the states of Andhra Pradesh, Tamil Nadu and Puducherry (where presently only a combined degree or diploma in Dermatology, Venereology and Leprosy is awarded), those who had acquired a postgraduate

qualification (a degree or a diploma) in the specialties of Dermatology or Venereology or Leprosy will continue to be eligible.

However, for conferences and CME's there is no such phrase in the constitution. It is suggested that this would be too restrictive to the non-life members and "events like conferences and CME's" need to be more well defined.

DISCUSSION-

Dr Koushik- Cannot be passed.

Dr Rajesh- Cannot do it. Dr Vinay- Can we go for future guideline? Dr Putta- Amend constitution and make it prospective. Dr Mukadam- We cannot differentiate between 2 life members and divide our association. Dr Rajiv you cannot take out right of LM. Dr Dinesh- Can MBBS Life Member contest for president? Dr Arijit Condo=Yes Dr Koushik=yes

Dr Dinesh asked-shall we give ALM to CPS members.

Dr Vijay Zavar-The referendum was only for Life membership of CPS members.The Mumbai GBM has permitted for all other benefits to CPS.

Dr Dinesh asked - what is member in good standing?

Dr Koushik-We need to define it; we do not have yearly membership, other the member not paying fees cannot be in good standing.

Dr Rajiv- Eg the dues not paid; accounts not submitted etc.\Dr Dines: The Ethics Committee opinion will be taken in matters pertaining to letter of good standing to this henceforth.

The CC agreed for prospective implementation and for further discussion in the upcoming AGBM.

Dr Radhakrishnan proposed and Dr Archana seconded.

Proposal: We Propose to IADVL to let a PIL against the rampant practice of Dermatology by Dentists and other non-medical people under the guise of beauty procedures, which are in fact medical grade procedures. Also, to stop the crash courses with certificate on which are being

conducted as cosmetology courses where medical procedures done by Dermatologists are being taught to non-medical, unqualified people and creating Quackery in the field of Dermatology.

How will it help IADVL?

It is the need of the hour for all Dermatologists, to save their speciality from being encroached upon, protecting us as well as the General Public from the harmful reaches of Quackery, which as of now seems to have no control in spread. Public think that Dermatologists only treat skin rash, while only a Cosmetologist is qualified to do all aesthetic Procedures. This needs to be busted and harmony returned to the field of Dermatology.

Do you think this needs referral to any specific committee? Need to refer to the Legal Cell for further processing.

Legal cell opinion : Asking NMC to give a directive as to who can and who cannot practice Dermatology Procedures, as well as against such training Institutes, where such courses are being taught.

NMC can only lay down criteria of eligibility to perform dermato-surgical procedures for allopathic doctors. It has no jurisdiction over Dental/ Maxillofacial surgeons who come under DCI and non-allopathic medical practitioners and non-medical practitioners.

IADVL will have to exhaust the options (such as representing/complaining to appropriate authorities and with no response or no satisfactory response from them) before invoking the extraordinary jurisdiction of the High

Court/Supreme Court.

The petition will have to be drafted to demonstrate 'public interest' as opposed to 'private interest litigation' as this is the ground of failure of PIL in a number of cases.

Dermatology procedures to be listed and made and forwarded to NMC saying these have to performed compulsarily by Dermatologist .

If anyone else found performing procedure apart from Dermatologist, notice, fine and legal action to be imposed Our letter should impress upon the NMC that our concern is that gullible people are being cheated by half-baked "doctors" and they spend a lot of money and eventually they have to seek out treatment from the genuine dermatologists again.

So we need to emphasise the fact that the gullible public needs to be protected by professional doctors bodies. It is the responsibility of NMC and IADVL and professional bodies to let the public be aware as to who can perform what procedures on the skin. Likewise IADVL should coax NMC to prepare the same list for Dentists, Maxillofacial surgeons, ENT surgeons etc. so that it is clearly laid out that no dermatology procedures are carried out by specialists from other fields

Proposal: Numerous Conferences and workshops are conducted by IADVL Members, which are not under the purview of IADVL. The persons allowed to a end these conferences also happen to be non IADVL members, Non Dermatologists, Non Medicos like Dentists and Lay people who want to pursue Cosmetology Course. Hence, to stop such activities, we propose that the organizing team must include one State EC member of IADVL as an observer, and the Attendance sheets to be checked by them, followed by submission of such attendance details to the concerned State Branch as well as the National IADVL. This is to make sure that only IADVL members and Dermatologists attend these meetings.

How will it help IADVL?

This is because most of the Prominent & senior IADVL members conduct conferences and workshop under their own Banner. There is no tracking method in such conferences so as to verify the delegates whether they are IADVL members or Dermatologists. This will help to prevent spread of Quackery, especially from Dermatologists to outsiders.

Do you think this needs referral to any specific committee? No.

Legal cell opinion:

The said procedure to prevent non-dermatologists from attending conferences organized by IADVL members appears cumbersome and difficult to implement. What is the use in scrutinizing attendance sheet after the conference? Different approach may be considered to achieve the goal.

In Events organised by IADVL members under a banner other than that of IADVL, IADVL would legally and administratively not have any control such as having an IADVL nominee as an observer.

It may, however, issue explanatory notice to involved members especially if found indulging in organising and being a part of meets where non-dermatologists are involved.

Requests may be made to panelists involving in aesthetic conferences, where it is found that IADVL members are responsible for teaching and training non dermatologists / non IADVL members, to strictly refrain from such actions. Noncompliance may lead to further action from IADVL towards such members.

(Any activities ranging from CME to hands on workshop should be approved by IADVL and then only executed.

So training of non dermat can be curbed. Ideal to introduce and train PG students with 3 month of dermatosurgery and 3 months of aesthetic dermatology training in their curriculum along with 2.5 year of clinical dermatology).

DISCUSSION:

Dr Kaleeswaran we came to know non dermatologist as a faculty in conferences Dr Zawar- its moral obligation on organizing committee. Dr Putta-Individual member should abide by our constitution.

The proposal is rejected.

Proposal: At present, for any IADVL programme, the pharmaceutical companies compel the office bearers/ local organizers to sign unipartite agreements for disbursement of funds towards sponsorship. In majority of the cases, such agreements contain clause(s) which are unacceptable for the association andthey do not bear signatures and seal of the concerned company executive(s). Starting from the covid era, many of the companies have also started collecting such signatures on agreements electronically, without providing any physical/electronic copy to IADVL officials for our office records. They also demand for the original payment invoice to be submitted before they release such payment and GST accrued therein, making us liable for advance/ double GST payment and difficulties arise during our account audit. Also at present no interest/ punitive measures are in place for pharmaceutical companies failing to complete the payment within due me but on the other hand, due to nefarious clauses in their agreement, IADVL is liable for a full refund of the sponsorship amount due to exigencies. Therefore, we propose that a uniform and bipartite MOU to be in place between IADVL and pharma partners, taking in consideration, all of the above points. How will it help IADVL? To maintain financial transparency and avoid undue legal hassles in case of unpleasant circumstances. Do you think this needs referral to any specific committee? Yes, Legal cell, Constitution committee

SOP committee and Finance committee

Legal Cell :

Constitution Committee Opinion: The Constitution committee has presently no role for opinion in this proposal. There is an existing MoU format. Based on discussion on above proposal in CC, the SOP Committee can formulate SOP for the MoU which if approved in the CC can be incorporated in constitution after a legal opinion.

CFC Opinion: Agreed. The proposed MOU to be sent to IADVL auditor for professional opinion.

Can be considered by a committee appointed by IADVL EC. Avoid pharma companies who make their product advertisement in TV ads. Any agreement with the pharmaceutical company should be in compliance of clause 6.8 of the Code of Medical Ethics 2002.

DISCUSSION

Dr Manjunath- What is practicability?

Dr Kingshuk -Sometimes pharma do not sign MOU Dr Sheetal- Should be sent to pharma liaison committee.

Dr Dinesh-Yes we will send it to Industry liaison and SOP committees. The proposal was accepted. Dr Mukadam proposed Dr Laha seconded.

Proposal 19

Title of Proposal: IADVL policy position on industry sponsorship of quackery.

5. Dr. Soumyajit Roy Chowdhury (LM/WB/7553)

Is any one of the above, member of CC? Yes Is it related to administrative/policy/constitutional (select one):

OR We are not able to classify and accept EC's view:

If constitutional – will it replace existing clause? Or modify? Give detail of the clause – page no. and clause no.:

Proposal: As a part of our *ZERO TOLERANCE POLICY AGAINST QUACKERY IN DERMATOLOGY no

pharmaceutical company should offer any affiliation/support towards registration/participation in any programme sponsored by industry or organized by IADVL in any form for any person who is NOT a member of IADVL/ not in possession of a NMC/ SMC recognized post graduate qualification in Dermatology. Any violation of this policy, as and when identified will warrant strict actions including temporary/ permanent blacklisting from IADVL or as deemed appropriate by the executives.

How will it help IADVL? IADVL, thorough implementation of this proposal will send a strong message to all stakeholders to discourage association with all persons, practicing Dermatology without possession of a valid qualification/ license to do so.

Do you think this needs referral to any specific committee? No DISCUSSION

Dr Koushik-We have to have zero tolerance policy for quackery. Any violation in this should have strict actions

Dr Mukadam- Some Pharma hold their CME with our official CME/conferences Dr Koushik _It is mentioned that CMEs organized by IADVL or Pharma.

Dr Rashmi- For this, you should be flexible and give data to pharma to know who is member and who is not.

Dr Manjunath- First time we can issue warning.

The proposal was passed Dr Rajesh Buddhadeo proposed and Dr Rajiv Sharma seconded.

Proposal 20

Title : IADVL Academy – creation of new posts in Academy – Joint Conveners (two) & Academy members (increase to 15, at present there are 12)

Proposed by: Dr Lalit K Gupta: LM/R/1800 Seconded by:

Dr Rashmi Jindal, LM/UP&UK/6260 Dr Vijay Zavar, LM/M/942 Dr Manjunath Shenoy, LM/KN/2878 Dr Bhumesht Kumar K, LM/TS/3891 Dr Kavitha SB, LM/TS/3892

Dr Sunil Dogra, LM/P/3954 Dr Nilay K Das, LM/WB/3533

Is any one of the above, member of CC?: Yes Is it related to administrative/policy/constitutional (select one): Constitution If constitutional – will it replace existing clause? Or modify? Give detail of the clause – page no. and clause no.: This will need a modification in the constitution (Page 61)

Proposal

IADVL Academy was formed in the year 2006, at that time there were only 6 SIGs and limited working domain. Over the last 16 years, functioning of IADVL Academy has increased tremendously and it has evolved as a very active and vibrant academic wing of IADVL as an organization. This has been possible with the constant support and mentoring by past and current National IADVL EC for IADVL Academy.

Now there are 16 SIGs and focussed task forces each year having academic activities including physical CMEs or workshops/ webinars almost every week. Apart from SIGs

IADVL Academy is involved in managing IADVL research grants (A total of 50 lakh each year), observerships (National and international), scholarships (national and international), textbooks, guidelines, DERMACON and MIDDERMACON scientific sessions, newsletters, online training modules, post-graduate activities (conducting PGCON, PGPDT, PG thesis research Grant, PG thesis based award paper sessions), IADVL digital Academy platform etc.

It is becoming extremely difficult to function with the existing strength of core IADVL Academy members. Near 20 SIGs and task forces coordination and handling new and past research grant proposals / projects (more than 100 on average), PG activities, online training modules, scholarships are becoming humanely difficult for 2 assigned academy members. All academy members have their respective professional and personal commitments too and it is a challenge to keep pace with ever increasing Academy workload and meet deadlines for its smooth functioning.

The IADVL Academy convener has the responsibility to coordinate all activities and meet the deadlines. In addition, a bank account is also managed by the convener and funds are transferred for research grants (approx. 20 lakh/ year), scholarships (40 lakh approx./ year), observerships (15 lakh approx./year). Further for some SIG activities also funds are to be transferred.

Hence a strong need is felt to create five new posts in IADVL Academy. Three additional academy members and two joint/ co-conveners

Name of posts: Joint convener / Co-convener

Number of posts: 2 Duration of tenure: 2 years

Eligibility: Post MD 10 Years - Experience of working in IADVL Academy as Member or SIG coordinator/convener.

Duties & responsibilities: Joint conveners are supposed to be active, diligent and experienced team members who can devote sufficient time on daily basis and provide their expert inputs for smooth functioning of academy – working responsibilities as assigned by Chairperson/convener IADVL academy.

Selection: By application – Selection Panel of – President IADVL (Current, elect & immediate past), Secretary General IADVL, Chairperson IADVL Academy, Convener IADVL Academy - (current & elect)

Name of posts: Academy members (3) – as per current

selec on protocol How will it help IADVL?

It will help improve the functioning of IADVL Academy.

Do you think this needs referral to any specific committee?

Constitution committee & SOP committee

Constitution Committee Opinion: It is agreed that Academy workload has increased. So, appointing 2 joint conveners is a good proposal. However, the Academy task force had looked into this matter in 2021 and suggested that 12 members are adequate. So, increase in members is not advised at this juncture. The matter may however be taken up for discussion in the CC.

DISCUSSION

Dr Zavar, president, said yes the workload for academy has increased. Dr Rashmi Sakar- Is there any financial implication? Dr Rashmi Jindal- No madam There is no implication.

The proposal was passed Dr Putta Shrinivas and seconded by Dr Marfatia

OTHER PROPOSAL WITH PERMISSION OF CHAIR

Dr Putta Shrinivas- Can CC meeting be held near airport? Yes The CC agreed. Proposed by Dr Rashmikant and Seconded by Dr Rajesh Budhadeo.

Dr Manjunath -Can we have Pharma CME in the evening with CC meeting

Dr Rajesh Varma- No both should be separate. IADVL is big organisation. Concentrate on our CC agenda. CC rejected the idea of Pharma cme with CC.

IADVL ELECTION 2023 UPDATE:

DR. RAMESH BHAT, ELECTION OFFICER

He informed about candidates and cities bidding for conferences The candidates Dr Rashmikant Shah, Dr Mukadam, Dr Aseem Sharma, had objections against them so their names are withheld. We have taken legal opinion also. The matter is to arbitration committee. Once they report their names can be included.

Dr Ramesh Bhat asked CC about bid b Madhya Pradesh. The MP branch is not registered with registrar and also doesnot have pan card . But the city branch is registered and has pan card. Our constitution says state branch. Objections from Bangalore and Orissa has come. We want to submit this to constitution.

Dr Bhavesh- We are at final stages of registration. We are in due process. I do not find any logic in objection now. Dr Ramesh Bhat- Objection can be raised at any point.

Dr Ramesh- The state registration point is not in the constitution.

Dr Manjunath stressed the importance of registering the association and submitting required documents by secretary. Dr Putta Shrinivas and Dr Rajesh Verma read the constitution.

Dr Bhavesh-we came to know about rules now

Dr Ramesh- we need to add this in constitution. Also, in the official form. Dr Bhavesh- as it was not mentioned we did not know

Dr Satyadarshi also objected for MP bidding.

Dr Ramesh- It is a legal matter as the branch is not registered in society registrar. Dr Rajiv Sharma –Rule will be applied prospectively and not retrospectively.

Dr Rajesh Verma-They [MP branch] have done as per understanding of constitution. The constitution does not talk about society registration or pan card. Let them contest. The next time renewal of registration of branches has to be attached with application form.

Dr Ramesh- Next year add this proposal by EC and present in AGBM.Can we give them time till 31 August 2023.

Dr Satyadarshi –They can contest next time

Dr Ramesh –If the MP branch does not submit required documents till 31st August 2023, then they will withdraw bid or automatically get cancelled

The CC agreed to it Dr Rajesh Buddhadeo proposed and Dr Sacchidanand seconded. BRIEF ADDRESS BY PRESIDENT-ELECT CANDIDATES

Dr Sanjeev Vaishampayan, Dr Rajeev Sharma and Dr Rashmikant Shah presented their vision for IADVL.

DISCUSSION ON WCD 2031 BIDDING COMMITTEE- DR RAMESH BHAT, DR DINESH KUMAR DEVARAJ

Dr Ramesh Bhat presented. He informed that 2027 WCD is in Mexico, Guadalajara. For 2031, Probably Dubai and Munich are also bidding. We won't have much finance for IADVL. The registration will be in Dollars. So CA informed we need Govt permission for accepting dollars. Approx.

budget for bidding will be 25 lakh/year. Ambassadors have to involve Singapore WCD budget was 125 crores. We have to sacrifice that year DERMACON. For that we need constitutional amendments. We need support from SAARC and Asian countries. We need at least 50% votes. Last 2 times we failed. 2027 DERMACON international city to bid for WCD. We will have to put separate application for that bidding city, saying it will bid for WCD. This needs approval in CC and AGBM. Bidding committee has to be separate. Then it will have to bid for 2035 also if needed. Dr Ramesh had talks with south Korea, Indonesia and Vietnam.

Dr Zawar-This was precisely the point why we were agreeing for sister society meetings. Dr Ramesh- Shall we go ahead? We will put it in AGBM also.

The CC agreed Dr Yogesh Marfatia proposed and Dr Putta Shrinivas seconded.

Dr Zawar appreciated efforts by the committee. Dr Ramesh Bhat said he has already started sensitizing other countries.

Dr Satyadarshi Patnaik brought to notice about non availability of some products in Govt institutes. Dr Zawar-Told that the point is taken and he will sensitize industry liason committee to do the best possible for the availability.

DISCUSSION ON IADVL TEXTBOOK PUBLISHER

Dr Sacchidanand informed that the MOU is perpetual. We think Bhalani will not be able to handle international sale.

Dr Rashmi- We can ask for NOC from Bhalani. There are copyright issues and legal side is also to be looked for. There are copyright lawyers.

Dr Zawar informed house that he is getting phone calls from Bhalani. He is insisting for the publishing. He also talking in legal terms like his NOC is required for the change of publisher. Dr Rashmi- Try to solve this amicably. We can offer him other book by IADVL. Dr Sacchidanand said changing name of book can be one option. It will need other title, photos etc.

After this the Vote of thanks given by I Secretary General Dr Dinesh Kumar Devaraj, This was followed by National anthem. The group photograph was taken and meeting ended.

1. SIG RECALCITRANT DERMATOPHYTOSIS CME, NOIDA 27th August 2023:

Dr Shitiz Goel had organised a CME on Dermatophytosis under the aegis of IADVL Academy and SIG Recalcitrant Dermatophytosis along with the Department of Dermatology, Venerology and Leprosy, Sharda Hospital, Greater Noida on 27th August, 2023. The CME was focused on resistance mechanisms in Dermatophytosis with genomic insights and diagnosis of dermatophytosis. Dr. Kabir Sardana, Dr. Ananta Khurana, Dr. Sunil Ghate and Dr. Tarun Mittal discussed on difficult to treat dermatophytosis in the panel discussion. The event was attended by various local and national dermatologists and postgraduate students.

Some take home points of the event included :

- Resistance develops due to sub-therapeutic levels of drugs in the dermatophyte, which facilitates accumulation of mechanisms of drug resistance.
- The evolutionary change in species over last decade, with shift of pathogenic Dermatophyte from earlier *T. Rubrum* to present forms i.e *Trichophyton mentagrophytes/ interdigitale*.
- Discussion about different laboratory tests which can be done in case of dermatophytosis like – KOH mount, fungal culture on Sabouraud's dextrose agar, Wood's lamp, trichophyton test, histopathology and PCR with emphasis given on new emerging technique like MALDI-TOF which allows rapid identification of organism and helps in maintaining fungal taxonomy regularly updated.
- Evidence based analysis of therapeutic role of systemic antifungals used in dermatophytic infections.
- Clinical cases and experience with Recalcitrant Dermatophytosis were discussed.

An enlightening session followed the lectures in the form of a panel discussion which had eminent speakers from all over the country.

IADVL ACADEMY REPORT

July 16th to December 15th 2023

Dr. Lalith Gupta
Chairperson

Dr. Rashmi Jindal
Convener

Third quarter of the year by IADVL Academy was academically enriching and fruitful. IADVL Academy and the special interest groups conducted multiple CMEs, both digital and physical, across India in association with IADVL State branches for the benefit of its members. Applications were invited for Dr B.V. Satyanarayana best thesis award 2022, IADVL best researcher award and International dermatopathology observership. Confidential evaluation of SIG functioning, and monitoring of e-library usage were regularly performed.

Applications were also invited for IADVL Academy members (9 vacancies) and joint conveners (two). Seven SIGs will complete their tenure in 2024 and applications were called for SIG Coordinator, convener and members. The evaluations for both of these are under process.

IADVL Observerships and IADVL Training program

IADVL Observerships 2023 offered observership courses in different specializations under the able guidance of course directors. Various courses offered were LASERS, Aesthetic dermatology, Dermato-pathology, Dermatosurgery, Phototherapy, Trichology, Hair transplant, Urticaria, HIV medicine, Leprosy, Pediatric dermatology and Dermoscopy. In the second half of session, 47 observers (05 in above 35 years and 42 candidates below 35 years category) have completed their observership. Stipend (less than 35 years) has been released for 33 candidates, course completion certificates have been issued 38 observers after receiving a feedback from the observers and their course directors.

Announcement for application to the new observership centers and course directors was released in April 2023 and 5 new centers have been added after the selection process and evaluation. Announcement of observership courses for 2024 was done on 13th November 2023 and the applications from observers received are under evaluation. Total number of centers is 33 with 99 seats available for less than 35 years and 32 for above 35 years of age. A total of 225 applications have been received. The result will be announced during DERMACON 2024.

Engaged members in updating and addressing medicolegal awareness on various topics such as Consumer Protection Act (CPA), Professional Indemnity, medical record keeping, social media conduct and clinical handling from a litigious perspective. Our Chair, Dr. Subodh Sirur, is actively involved in various ongoing medicolegal academic activities as a senior expert member with many decades of expertise on the subject.
- Continuous efforts have been on, to build concerted efforts with other committees. We have collaborated with Ethics committee, on opinions needing joint and expert advice such as drawing guidelines for social media ethics and etiquettes, and NMC draft guideline interpretation queries from IADVL members. A zoom meeting arranged by Media cell along with Ethics Committee saw Dr. Subodh Sirur clear doubts and answer member queries (Oct 20)
- Further collaborative efforts with Anti-Quackery Committee have been made, in defining quackery and ways to address it (A paper is currently being submitted to one of the journals, along with members of anti-quackery committee).
- The Legal Cell has also opined on matters relating to IADVL vision and activities: Strengthening the IADVL Brand Image.
- Legal Cell has also made efforts to clear misconceptions on professional indemnity, and to increase awareness on DVL welfare trust.
- Working on IADVL Scope of activity for legal firm/management to build a more robust legal team to handle matters, in coming year.
- Active efforts are on to bring out a Handbook on Medicolegal aspects in Dermatology soon. This will cover all basic and relevant matters pertaining to law and the subject, and a guide for students as well as practitioners.

More efforts are on for DERMACON 2024 legal cell session focussing on dermatology and medicolegal aspects to bridge the knowledge gap between judicial system and medicine.

DERMATOLOGY EDUCATION TASK

16th July 2023 to 15th December 2023

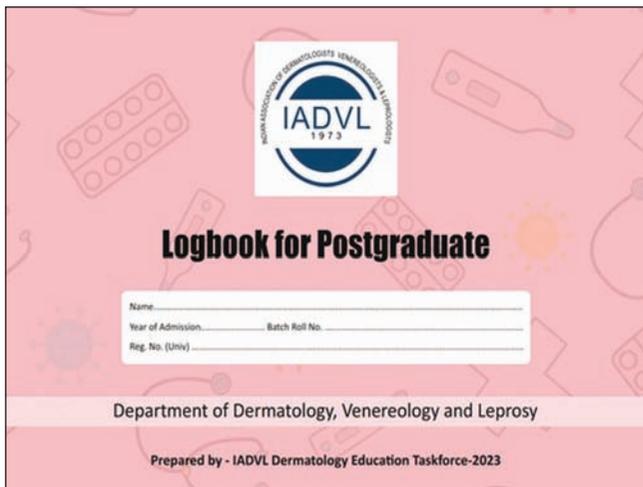

Dr. Deepika Pandhi
Chairperson

Postgraduates

Uniform Postgraduate Logbook

A sub-committee within the taskforce was formed including those members who volunteered for the activity. This consisted of Dr Deepika Pandhi, Dr Nilay Kanti Das, Dr Malathi Munisamy, Dr Bhabani Singh, Dr Anuradha Bishnoi and Dr Dipankar De. They drafted a uniform logbook and the same was finalized and the formatted logbook PDF was circulated to IADVL groups by WhatsApp after IADVL EC approval. Members of IADVL, the users, can modify the content of the logbook as per local requirements.

eTraining video modules

The taskforce is developing 6 training video modules with a focus on teaching and learning methodology and evaluation relevant for dermatology postgraduates, dermatology teachers and also practitioners. Taskforce members as well as eminent members of IADVL from

Dr. Dipankar De
Convenor

Jawaharlal Institute of Postgraduate Medical Education and Research, Puducherry; Yenepoya Medical College, Mangalore; Postgraduate Institute of Medical Education and Research, Chandigarh; All India Institute of Medical Sciences, Delhi; University College of medical Sciences, Delhi and Armed Forces Medical College, Pune are developing the videos. Content of some of these videos are finalized and recording is expected to be completed by January, 2024. This activity is being undertaken after EC approval and with educational grant from Sun Pharmaceuticals Limited and technical support from 6 Sigma.

Drafting communications to National Medical Commission

The National Medical Commission circulated draft Post Graduate Medical Education Regulations- 2023 (MER) and Draft Minimum Standard of Requirements for Post Graduate Courses- 2023 (MSR- 23) for comments. These draft NMC regulations were discussed by the members of the IADVL Dermatology Education Taskforce and broadly by the members of IADVL in different official IADVL WhatsApp groups. The comments by members were consolidated and responses were sent to National Medical Commission after the IADVL EC approval.

MENTORSHIP COMMITTEE

16th July 2023 to 15th December 2023

Dr Shyamanta Barua
Chairperson

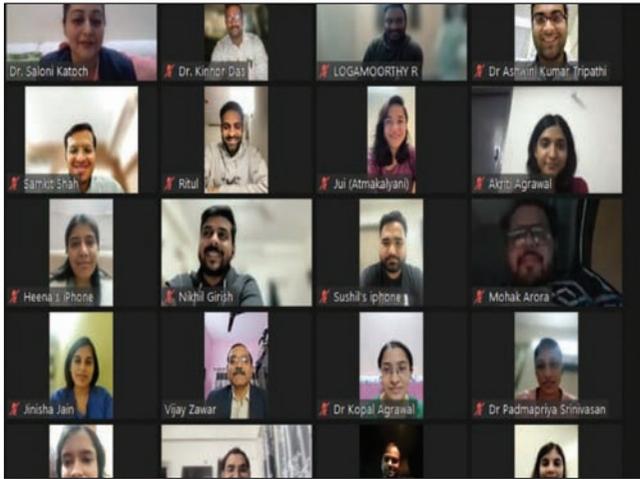

Dr Saloni Katoch
Convenor

Guruderma, An IADVL virtual Mentorship program continued successfully throughout 2023 with senior Gurus guiding and imparting knowledge to their mentees. After online orientation and sensitisation meets, 15 mentors and 34 mentees began their journey with the GuruDerma program.

The online sessions between the mentor and their mentees commenced by July end. Co-ordinators from the IADVL Mentorship committee were also assigned to the mentor-mentee groups for troubleshooting and smooth execution of the virtual sessions. After completion of the scheduled six sessions, certificates were dispatched via email to the mentor mentee groups. Many mentees are also in the process of publishing articles under their mentors guidance. Out of the 15 mentors and 34 mentees, 14 mentors and 32 mentees have completed the program successfully this year.

A specially curated Leadership Masterclass was also organised for the mentees of the GuruDerma program in December & January, to promote and encourage future leaders. This specially curated masterclass comprised of three sessions with topics covering various aspects of being a leader like medical leadership, strategic management, conflict resolution, future leadership, emotional intelligence, burnout management, effective communication, teamwork, international roles, work-life balance etc. Our faculty included esteemed three Presidents of IADVL (Dr. Vijay Zavar (2023), Dr. Rashmi Sarkar (2022) and Dr. Manjunath Shenoy (2024)) who with their experience and expertise enriched and enlightened the young and tenacious minds of our mentees. Certificates were also awarded for this masterclass on completion of the three session module.

We have received a lot of positive feedback from the mentors and the mentees and hope that this initiative will continue to empower and guide dermatologists across the country in the future as well. Many mentees and mentors have also decided to meet up in person, cementing the bonds that this Guru-Shishya initiative has kindled.

SOP COMMITTEE

16th July 2023 to 15th December 2023

Dr Neeraj Pandey
Chairperson

Dr Rajyalaxmi Konathan
Convenor

The members: Dr Kavitha Athota, Dr Pradhyumna Vaidya, Dr Debdeep Mitra, Dr Yasmeen Jabeen Bhat, Dr Ajay Chopra, Dr Manavi, Dr Chitralka Keisham.

We had meeting on Zoom platform with Dr Vijay Zavar sir President IADVL, Dr Dinesh kumar Devaraj Hon. Secretary General, IADVL, Dr Shashikumar BM, EC coordinator, Dr Neeraj Pandey Chairperson SOP committee IADVL 2023, Dr Rajyalaxmi Konathan Convenor SOP committee and all members of SOP committee.

We had discussed in mid year CC Meeting all the aspects related to SOP committee and updated in the SOP.

We had meeting with the EC, Constitution committee chairperson Dr Rajesh Verma, Convenor Dr Biju Vasudevan, Chairperson SOP committee, Dr Neeraj Pandey and Convenor SOP committee, Dr Rajyalaxmi and the advisors to discuss on updating constitution. EC had asked the SOP committee members to contribute in an important update work of the IADVL Constitution in coordination with the Constitution Committee which required dedicated work in a short span of time. We rose to the occasion and assigned Dr Kavitha Athota and Dr Debdeep Mitra to do the needful which was accomplished within given time. We thank both the members for their dedicated work.

ANTIQUACKERY COMMITTEE (AQC)

16th July 2023 to 15th December 2023

Dr. Jagadish P
Chairperson

Dr. Dipali Rathod
Convenor

- A total of 69 complaints have been received by AQC via the official mail id and action has been initiated against them. The complaints are from these parts of India - Maharashtra- 22, Telangana-10, Karnataka- 8, Gujarat-6, Delhi-6, Assam-5, Tamil Nadu-3, Odisha-3, Kerala-2, Haryana-1, Jammu & Kashmir-1, Puducherry-1, and Rajasthan-1
- Meeting with the AQC members was conducted on 13/12/2023 which was also attended by the AQC chairperson, convenor, and legal retainer for discussing important aspects pertaining to the committee and the future plans to upscale the working pattern
- Letter to MPs to raise the issue of quackery with dermatology in India was prepared by the committee and sent to the IADVL EC, which was circulated within our members, so that they can hand over the letter personally to the concerned authority to raise awareness regarding the menace of quackery and these efforts may help in coming up with concrete solutions to tackle quackery
- Information regarding "Awareness about Quackery in Dermatology" has been sent to IADVL EC, who plan to disseminate to the public through a rally- "SKIN SAFAR"
- Notice about the degrees of a board certified "DERMATOLOGIST" has been submitted to IADVL EC for dissemination in the news-paper and social media
- Manuscript titled "A modern epidemic of dermatology quackery in India" has been submitted to Indian Dermatology Online Journal in collaboration with the IADVL legal cell
- **Proposals sent to IADVL EC-**
- AQC needs to be empowered to take unconstrained action/decision as and when needed depending on the individual case instead of waiting for next AGBM to happen and take decisions
- Fund allocation to AQC for smooth functioning of the committee as discussed in CCM 2023
- Dedicated legal advisors in each state to tackle quackery in dermatology and aesthetic dermatology
- Change of existing legal advisors / appointing new legal advisors state wise, who can dedicatedly assist us in our fight against quackery.

HQ COMMITTEE

16th July 2023 to 15th December 2023

Dr. Mukesh Girdhar
Chairperson

Dr. Chander Grover
Convenor

The HQ Committee wishes to report that in the last quarter of 2023, there has been an issue of seepage and dampness of the shared wall of IADVL HQ with property Number 313. This was due to ongoing renovation work in this neighbouring office space. Due to this, there was dampness and damage to around 50 frames of IADVL past presidents. A complaint was raised regarding this, and the owners of the neighbouring property have acknowledged the same. They have agreed to repair the damage done; however, the work has not yet started due to the persistent dampness in the shared wall, which will take some time to settle.

AWARDS COMMITTEE

Dr. Arijit Coondoo
Chairperson

Dr. Narendra Kamath Karkala
Convenor

The Awards committee has Dr Arijit Coondoo as Chairperson and Dr Narendra Kamath Karkala as Convenor.

The committee met mostly on WA chats, and consensus opinion was made leading to presentation at CC Meeting at Ghaziabad. The points were as follows -

1. Respect and pass the deliberations of past 2 years done comprehensively by Dr's Deepak Parikh and Dr. Ramesh Bhat. They also have been approved by AGBM.
2. Minor additions were done and was forwarded to EC as well Constitution, Finance Committee's for approval after deliberations.
3. Award corpus to be raised by Rs 50000/ year, ie: Rs 5 lakh over 5 years.
4. Any newer Orations/ Awards to be accommodated only in Mid- Dermacon.
5. 2 newer Awards were proposed - Dr. AK Bajaj Award for Contact dermatitis (Proposer to provide criteria for award. They are still awaited); Dr. Mohan Gharpuray and Dr. PB Joshi Award - Was proposed for Young Dermatologists. 2 names for an Award is first for IADVL and this has been forwarded to the Constitution Committee for discussion.

The same data were presented at the CC meeting, and our proposals and ideas were accepted for further discussion at the level of other higher committees.

WELFARE SCHEMES OF IADVL - BENEVOLENT FUND, ACCIDENT FUND - DVL WELFARE TRUST

IADVL WELFARE SCHEMES

IADVL is glad to introduce two welfare schemes for the benefit of IADVL members. The schemes are intended to foster goodwill among members and thereby make the association more popular and purposeful. The schemes are as below:

* **BENEVOLENT FUND**

* **PERSONAL ACCIDENT RELIEF FUND**

IADVL also has an on-going PROFESSIONAL INDEMNITY INSURANCE POLICY for financial protection against any medicolegal claims. Each of the above is to help and benefit IADVL member during any personal crisis or tragedy. Both these funds are through internal accrual while Professional Indemnity is in association with National Insurance Company limited.

JADVL BENEVOLENT FUND

IADVL Benevolent Fund is to extend solace and support to IADVL members who have undergone the misfortune of being afflicted by serious disability/prolonged illness. The disability or ailment should be due to diseases or mishaps that are not self-inflicted. The intent of the fund is to provide emotional and financial assistance and a helping hand at a critical time. The objectives of this scheme will be to provide financial support to the deserving members in the case of invalidation or in the event of their suffering any injury or physical disability or unforeseen misfortunes like prolonged sickness leading to premature retirement. The support will be extended in the form of one-time payment to a maximum of Rupees 2 lakhs per member as per set guidelines.

Following is the list and definition of critical illness/disability eligible for grant of Benevolent Fund:

1. Stroke resulting in paralysis: Defined as a cerebrovascular accident or incident producing neurological sequelae of a permanent nature, having lasted not less than six months.
2. Chronic renal Failure: End stage kidney failure presenting as chronic irreversible failure of both kidneys to function, as a result of which regular renal dialysis is initiated or renal transplantation carried out.
3. Major Organ Transplant: The actual undergoing of a transplant as a recipient of one of the following human organs: (a) Kidney, (b) Lung(s), (c) Liver, (d) Heart, (e) Bone marrow
4. Blindness: The total, permanent and irrecoverable loss of the sight of both eyes.
5. Major Burns: Third degree burns covering more than fifty percent (50%) of the Life Assured's body surface area
6. Amputation of limb: Amputation of one or more limbs warranted due to conditions other than accidents.
7. Any other medical conditions deemed to result in a permanent or partial disability / COVID 19 infection requiring intensive unit care

JADVL PERSONAL ACCIDENT RELIEF FUND

The personal accident relief scheme is no longer there

MODE OF DISBURSEMENT OF BENEVOLENT FUND & PERSONAL ACCIDENT RELIEF FUND

Aggrieved member can send the duly filled application form, with bills, hospital summary etc through their branch / City unit to State President/Secretary who shall forward to IADVL President/Hon. General Secretary. Upon receipt of the application an Expert Committee duly authorised by the IADVL Executive Committee headed by the President of IADVL shall evaluate and approve the same based on the merit of the case. The approved fund can be electronically transferred only in the name of the affected member whose PAN card is verified.

Mutual benefit scheme of IADVL – The DVL Welfare trust

Introduction: IADVL has launched a mutual benefit scheme coupled with professional legal protection in 2011 and named it DVL welfare trust. It is one of the important financial benefit scheme aimed at securing financial security for the family members of our association. The Executive committee of IADVL urges all its members to join this mutual benefit scheme to make it a successful initiative of IADVL. The details of this welfare scheme are as follows:

DERMATOLOGISTS VENEREOLOGISTS & LEPROLOGISTS WELFARE TRUST (DVL trust)

has been established for the benefit of members of IADVL. The trust has been registered at Vadodara. DVL Welfare Trust is by IADVL, of IADVL and for IADVL ites”.

Aims and objectives of the scheme:

- 1) To provide financial assistance to the family of a member of this scheme in the event of his/her death.
- 2) To inculcate a habit of savings among the members for their mutual benefit.
- 3) An option to provide comprehensive indemnity cover in the event of litigant situations arising out of alleged professional negligence by the members.
- 4) To educate the members, including clinic staff, to prevent any litigant situation and to guide them, how to deal with it in the event of such a situation.

Eligibility of the members: Any life member of IADVL, irrespective of age is eligible to become a Regular Member of the scheme. Family members of Life members of IADVL can also join the scheme as Beneficiary Members. Please note that separate forms need to be filled for each member of a family.

Total Amount Payable at the time of admission:

1. Admission Fees (as per age –given below).
2. Annual Membership Fees Rs. 750. (for the year 2020-2021) Increment of Rs.50/- every year.
3. Advance Fraternity Contribution (AFC) Rs.2000 (Rs Two thousand only) a minimum amount kept with DVL trust towards members future fraternity contributions.

Optional amount to be payable at admission: Member can deposit additional amount of his choice as deposit for future annual contribution. The 4% interest will be credited on deposit amount.

Details of one time Admission fees: The Admission Fees payable shall be based on age in years of the proposed member or their family member who likes to join the scheme, as follows:

a) Upto the age of 10 Years	Rs. 1,000	b) 11 of 20 Years	Rs. 1500
c) 21 of 30 Years	Rs. 2000	d) 31 of 40 Years	Rs. 3000
e) 41 of 50 Years	Rs. 4000	f) 51 of 60 Years	Rs. 5000
g) 61 of 70 Years	Rs. 7000	h) above 70 Years	Rs. 8000

Optional Legal fees for professional indemnity For life members of IADVL who volunteer to have professional legal cover, this option is available. However, they necessarily have to be members of DVL trust as well. Annual legal fee is based as per type of Dermatology practice: a) The Consultant with only office practice will have to pay Rs. 1000/- per year; (B) The consultant with practice of cosmetic, laser & other Dermato surgical procedures will have to pay Rs. 3000/- per year; to cover these procedural events or litigations. The indemnity coverage will be Rs. 7,00,000 (Rupees seven lakhs) per case and Rs. 15,00,000 (Rupees Fifteen lakhs only) aggregate per year.

Member's annual contribution: [a] Annual membership fee of Rs. 750/- (with increment of Rs. 50/- every year). and [b] Fraternity contribution Rs. 500 x N, where N = No. of Death of members) . Plus, Optional professional indemnity annual legal fees, to be paid by those members who opted for professional indemnity. Benefits for IADVL members of DVL trust: 1) Social security to family members: Note: Financial benefits will start after ONE year of joining the scheme. Nominee will get Rs. 450 x N, where N = No. of members of DVL trust. In other words, when more IADVL members join this scheme, more fraternity benefit for members families. 2). Professional legal protection, when applicable, for those members opting for it: Legal help is extended in all types of cases like civil, criminal, labour & consumer redressal fora. For Medico-legal aspect we have successfully negotiated with LegalMD Global Consulting Services Pvt. Ltd. Members can avail the services all over India.
