## SELECTION PROCEDURE

### B.Pharm, Pharm.D & D.Pharm courses

#### **Preparation of common Merit list and Allotment of candidates:**

Admissions will be done on the basis of marks obtained by the candidates in the qualifying examinations as mentioned below.

The marks obtained by the candidates in the relevant subjects in the qualifying examination conducted by various Boards or authority of other states shall be equated with the marks obtained by the candidates in the same subjects in the qualifying examination conducted by the Director of HSE, Kerala. Marks obtained by the candidates under various streams of examinations such as HSE in Kerala/CBSE/ICSE etc. will be subject to the process of normalization.

Explanation: Under the method of normalization, the highest mark obtained by students of various Boards in each subject shall be equated to the highest mark obtained by the students of the Kerala Higher Secondary examination in that subject and the relative marks obtained by other students in that subject shall be determined accordingly.

Illustration: If the highest marks secured by the student of the Kerala state HSE, in Physics is 100 and the highest mark secured by a student on any other board in the same subject is 90, both the highest marks will be considered to be equal to 100, if a student of the other board secures 60 marks in Physics when the highest mark in Physics in the same board is 90, the 60 marks will be considered to be equal to 66.67marks as arrived at below:

$$100 \times 60 / 90 = 66.66\%$$

Those candidates, who have passed the qualifying examination of any state other than Kerala, will be treated at par with those students who have passed the Higher Secondary Exam of this state. Since the normalized marks depend on the applications of a College, the index marks of an applicant may vary from college to College.
