Message from the Chairperson

R.D. Engineering College Technical Campus was founded on motto of excellence in technical education. It provides strong foundation and congenial environment to its students to grow into successful professionals with sound technical knowledge. In the present competitive global scenario, we provide cutting edge to our students through knowledge, latest technical skills, innovations, International collaboration with Universities and creative leadership with the support of highly qualified faculty. Our Institution has added new dimensions to the latest technology learning by establishing 'Innovation Centres' in Technical Campus premises in collaborations with the leading industries. The Final year Engineering students are selected by companies associated with innovation centres. While working on live projects of the companies, the students would become familiar with the latest cutting edge technology being used in Industries. This would facilitate, based on their perfothey pass out from the College. Further, this would also improve their employability in other Companies. RDEC Technial campus is committed to provide to our students a right platform to secure a rewarding employment on graduation. I conclude with the message that I welcome you to our Technical Campus and experience the difference.

Message from the Director

The seed of the college was sown in 2006 by the founding members of the RDET & nourished by the dedicated faculty and staff with the sole aim to grow & develop it into a strong value based college in the field of Technical Education. We at RDEC firmly believe in cuboid Model of development & growth, with three planes as support, capabilities and motivation, we have the infrastructure, vision & strong will to make use of student's potential. For this, we have a well thought out plan to achieve our objectives of providing quality education to meet the needs of industry, corporate & society as a whole. The college is focused to achieve this by inculcating skills of self reading, analysis, organizing seminars & taking part in group discussions.

For overall development of our students, we have many innovative personality development oriented activities, which will help them face technical challenges. Dir. RDEC interview at AKTU Noida visit Url: <https://youtu.be/pAR0y1ZmVZ4>

I wish the students of the college a bright & prosperous future.

ABOUT US

R. D. Engineering College Technical Campus, Ghaziabad was established in 2006 by Rameshwar Dayal Educational Trust affiliated to Dr. APJ Abdul Kalam Technical University, Lucknow and is approved by the All India Council for Technical Education (AICTE), Ministry of HRD, Government of India. It is a self financed professional Technical Campus, which is located in scenic lush green eco-friendly surroundings and is spread over an area of 15 acres. It is strategically located on Delhi—Meerut road (NH—58) Duhai, Ghaziabad. With the pious aim to enable our students grow into successful professionals in their chosen field of career, we strive to impart excellent technical education matching with the latest trends in global industrial and business requirements.

Learning at R. D. Engineering College Technical Campus is a transformative experience that combines intellectual growth with sound practical knowledge. This unique feat is achieved by inducting highly qualified, experienced and dedicated faculty of which senior faculty members are former Professors or alumni of IITs / IISc. Institute also conducts personality development programs to develop student's all round personality & their inherent talent. In order to increase their employability, job oriented training programs are conducted in house regularly **free of cost** for all students. The Institutes have well developed departmental laboratories, excellent computing facilities (more than 800 branded computers) with 35Mbps plus 20 Mbps high speed wireless internet access and a rich library with over 37,550 books and National / International Journals/ e-journals. In campus separate hostels for 400 boys and 200 girls are available. Other facilities available in the campus includes hygienic mess and cafeteria, Wi-fi campus, round the clock power backup, RO water plant, a modern GYM, medical facilities (including a tie-up with Yashoda super speciality hospital and research centre) etc. It has been consistently maintaining excellent academic results and placements. It ranks 4th in Ghaziabad & 15th in U.P. Engineering Institutes of AKTU (Formerly UPTU, Lucknow.)

Vision

"To create an ambience in which new ideas, research and Development flourish, out of which the leaders and innovators of tomorrow will emerge."

Mission

"To impart knowledge in the fields of technology, management, and other allied areas that will serve the country and the world in times to come."

APPRECIATION LETTER BY HON'BLE VICE CHANCELLOR

Prof. S.K. Kak
Vice Chancellor

No. MTU/Noida/VCO/2013

It is a pleasure to attend the function for "Inauguration of Innovation Centers" at your Institute, R.D. Engineering College, Ghaziabad and I was delighted to see the level of Technology and infrastructural facilities along with the quality live projects of the Companies that are being undertaken in collaboration with different companies to provide training by involving latest cutting edge technology prevalent in the industries.

I was also very pleased to see the involvement of several Senior Executives of the participating Companies of the Innovation Centers such as Head, University Programs, Google; Country Head D-Link, Director, Creative Robotics; Chief Technical Officer as well as Vice-President, HR, R Systems; CEO, Zventech Ltd., Training Officer, Date-64 etc. The discussion with Senior Executives regarding live projects of the Companies and training being offered to the students was also very stimulating. I must congratulate you and the management of RD Engineering College for taking up such a remarkable initiative which can become an excellent example of the Institute-Industry participation for the benefit of all three stake holders, viz. students, Institute and the Industry. The knowledge thus gained coupled with the exposure to Corporate Culture, would enable the outgoing students to compete at global level as well as may be it would drive some of them to become entrepreneur.

I have great admiration for you and your efforts and wish that these activities should be continued and diversified to include additional newer areas. The facilities provided to the students at the Innovation Centers with no additional costs to the students are highly encouraging for the whole technical education in the State. The success of your initiative can lead to a new dimension to innovative curricula frame work in Engineering & Technical teaching Programs. With best wishes,

(Prof. S.K. Kak)

APPRECIATION LETTER BY PRINCIPAL TECHNOLOGIST -NASA (USA)

Kumar Krishen
Ph.D, Fellow, SDPS

Dear Sh. Rakesh Sharma

I Thank you for making my stay comfortable in your esteemed college which is spread over scenic lush green surroundings. I Highly appreciate the RD Engineering college, which like a banyan tree provides strong foundation and congenial environment to its students to grow into successful professionals. My interaction with the students and the faculty of the college during the seminar followed by workshop was thrilling. It is admirable that the wealth consisting of disciplined and motivated students and dedicated faculty/staff created by the college is a rich treasure. The thirst of the students/faculty for learning and understanding new dimensions of science and technology makes a strong foundation for the academic excellence of your college. While I appreciate the college for its dedicated efforts to implement innovative teaching and learning techniques for enhancing its academic performance, it will be commendable if your college continues its dedicated efforts for creating top professionals, bubbling with knowledge, values and skills, for contribution to the global pool of professionals.

With Best Wishes and regards

Your's Sincerely

Sir, It's been a great experience to be a part of the congregation of RDEC, an exceptional outshining in their life's most demanding endeavors. This overwhelming success of the college has been due to your approach towards knowledge driven education, technology based infrastructure and stimulating and responsive programs tailored to meet industry requirement.

On the basis of my little interaction with the students and teachers, this college seems to be quite rich in all technological and infrastructural facilities along with quality teaching supported by live project demonstration and training involving latest cutting edge technology-the core of industry in the present time.

In support of all these remarkable achievements I was very much pleased to know that you have a very strong base of industry worthy students, who are proving themselves through their knowledge coupled with corporate culture exposure that they are none less than an entrepreneur in the time to come.

I admire your continued efforts, strong will power to compete at all levels and above all your capability to en-cash the right demand of time, opportunities and available resources. The RDEC is a well knitted group, administratively managed by professionals and academically by distinguished people with proven scientific contributions and huge international exposure to Science & technology may this be continued and go beyond the shell to enrich other areas of frontier technology, the society is looking for.
Best wishes.

R.D. ENGINEERING COLLEGE certified by UNITED STATES BOARD FOR EDUCATION STANDARDIZATION (USBES) for meeting global standard of education.

Why R. D. Engineering College is

different from other AKTU Engg. Colleges ?

- 1 Our session for first year starts in the first week of July every year, whereas other colleges start their first year session in the last week of August. This gives our students two months advantage to bridge the gap between 10+2 & B.Tech.
- 2 To keep the students regular in studies we take test on every Monday as internal assessment test. It helps us to monitor performance of students regularly. If any student is not performing satisfactorily, he/she is required to attend compulsory classes **FREE OF COST** in evening at college campus.
- 3 We provide regular soft skill training from 2nd year onwards to each and every student by specialized external PDP trainers. The emphasis is on Aptitude and Communication skills, written test, group discussion & personal interviews.
- 4 170 students of Civil and Mechanical III year benefited from these training programs and appeared for **Online Global Certification Test conducted by Autodesk (USA)** And all the students cracked this examination. More than 150 students secured above 80% marks, a tremendous achievement as per industry standards.
- 5 **TO** bridge the gap between university curriculum & industry requirement, we are providing **FREE OF COST IN HOUSE TRAINING** programs by industrial experts in addition to the academics. Following training programs starts from 2nd year onwards:
Technical Training:-CS/IT/MCA:-Java, DotNet, CRM, PHP, IOT Python RedHat Linux, Objective C, Mobile Programming (Android, IOS, Windows), Hadoop/Bigdata. **ME:-** CAD/CAM, Robotics, Auto CAD, Solid Works, ANsys, C Language
Civil:- Auto CAD, Stadd-Pro, Prime-Vera, MS Project, PMP, C Language **ECE:-** Embedded Systems, PLC/SCADA, Industrial Automation, LTE, Robotics, MATLAB, C Language
- 6 For placement of our students, the college has established 'INDUSTRIAL TRAINING & CORPORATE RESOURCE CENTRE' within college campus in association with the leading companies. --**This facility is only one of its kind.**
- 7 RDEC has Training Centre for SSB for selection in ARMY/Navy/IAF. An infrastructure for obstacle Course of Armed Forces standard has been developed in college campus in which students are being regularly trained by the senior Air Force officers who have been themselves member of Service Selection Board for over a decade. It is the only college in India to provide such a facility.
- 8 Gate preparation for PSU, Govt. Job, M.Tech from 3rd year onwards for all branches.
- 9 Internship for CS/IT/ET/MCA/ME/CIVIL in collaboration with NASSCOM, ARICENT, NSDC, CENTUM, ARMY BASED WORKSHOP, MOTHERSUN SUMI, L&T & AIRTEL.
- 10 International Collaboration with University of Riverside, CA, USA & recognized under section 2(f) of the UGC ACT, 1956.
- 11 Awarded certificate of Accreditation by International Accreditation Organization, USA (IAO).
- 12 Partner of RedHat Linux/Cisco/ Microsoft IT Academy.
- 13 Awarded International Standard EN ISO 10002:2004 certification & An ISO 9001-2008 certified institute.
- 14 56 students qualified in GATE in 2019

- 28 Chronicle Magazine awarded **A++ Rating** in All India Engineering Survey 2013 & declared RDEC among Top 10 Colleges in terms of faculty as well as infrastructure.

Excellent Placements

- 29 Azmat Naseem B.Tech (Civil) student of R.D. Engineering College qualified as AKTU's 1st LADY OFFICER for INDIAN AIR FORCE in 2019
- 30 In the recent campus placement renowned companies like IBM, Novinvent, Punj Lloyd, TCS, Sugal & Damani Ericsson India, NIIT, Hero Motors, HCL, AON Hewitt, Methodex, Optimus, Caparo Maruti, Sunbeam Auto Pvt. Ltd. Goldplus, Mobiloite, JBMI, E-Bix, Everest, Binary Semantics, Amazon, Aegon Life, Cognizant Services, Parametrique Velocis, Infogain, Successive Technology etc. selected a large number of students.
The remarkable achievement of RDEC is that some of these companies recruited first time outside IIT/NIT
- 31 85% students were placed through campus placement in all the previous year.
- 32 Highest pkg. of 18 Lacs in B.Tech. CSE 2019
- 33 Students selected through ITCRC for onsite project at Malaysia on Pkg. of Rs. 10 Lacs by Zventech.
- 34 Highest pkg. of 12 Lacs in MBA.
- 35 Campus placement in Indian Army/Navy/Air force.

Award to Meritorious students every year

- 36 One motivational policy of RDEC is of giving Cash Awards of Rs 1000/- on every increase in %age above 75% marks to its students every year since 2006 onwards. Awarded amount of Rs 1.77 Lacs to 56 students in 2014, Rs 5.72 Lacs to 162 students in 2015 Awarded amount of Rs 10.67 Lacs to 225 students in 2016, Rs 14.87 Lacs to 274 students in 2017. Awarded amount of Rs. 17.56 Lacs to 310 students in 2018. Hence-(1) Awarded amount increased by 1000% in last 3 years. (2) No. of students above 75% marks increased by 540% in last 4 years. **it clearly reflects upon the manifold improvement in the academic performance year after year to which RDEC is committed.**
- 37 **DEEPAK KUMAR** of B.Tech 1st Year Topped AKTU with 95.22% marks in 2018. **His full fees waived off for all 04 years.**
- 38 Since Last three years AKTU TOPPERS in B.Tech 1st year from RDEC-- Abhishek Sharma in 2019, Deepak Kumar in 2018, Anupam in 2017. **Their full fees waived off for all 04 years.**

Pushplata Memorial Cash Award to Meritorious students since 2006 onwards

One of our motivational policy of RDEC is of giving Cash Awards of Rs 1000/- on every increase in %age above 75% marks to its students every year since 2006 onwards. Dr. Alok Prakash Mittal, Member Secretary AICTE New Delhi, has highly appreciated the cash award policy and visited the college & distributed cheques among the students.

Sitting Left to Right: Sh. Rakesh Sharma Chairman, Dr. Alok Prakash Mittal, Member Secretary AICTE, New Delhi, Dr. Sanjeev Sharma, Director RDEC & AKTU Advisor

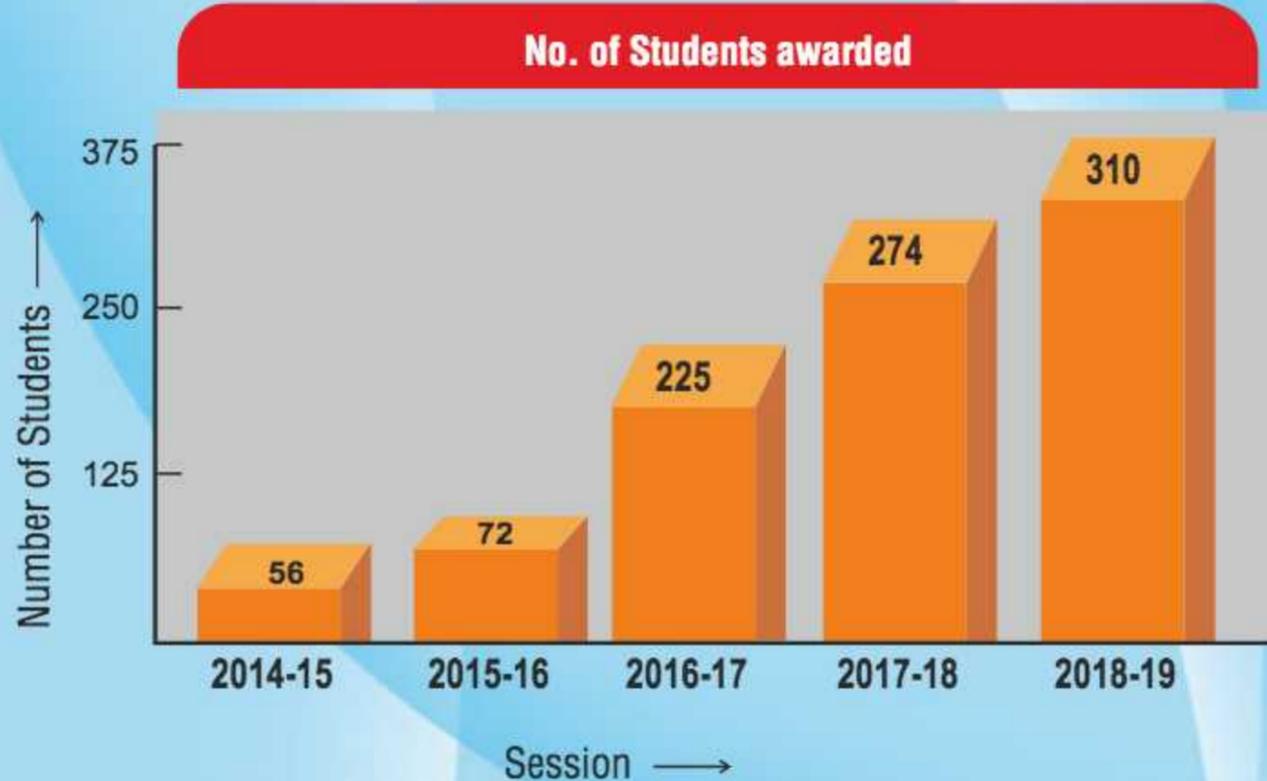

Awarded amount of Rs 1.77 Lacs to 56 students in 2014,
Awarded amount of Rs 10.67 Lacs to 225 students in 2016,
Awarded amount of Rs 17.56

Rs 5.72 Lacs to 162 students in 2015
Rs 14.87 Lacs to 274 students in 2017
Lacs to 310 students in 2018

- Hence--(1) Awarded amount increased to 1000% in last 5 years.**
(2) No. of students above 75% marks increased to 540% in last 5 years.

it clearly reflects upon the manifold improvement in the academic performance year after year to which RDEC is committed.

Letter of appreciation for Abhinav Roy, R.D. Engineering College, Ghaziabad, UP
To whom it may concern:

NovoInvent Software selected Abhinav Roy, a final year B. Tech (CSE) student of R.D. Engineering College for our fulltime internship program in August, 2015. He has been working on a fulltime basis on our iOS team since then and has been one of our top performers. He has shown a keen interest in technology and the ability to pick up new concepts rapidly. Based on his performance and contribution, we have offered him a permanent position with a CTC of Rs. 6,54,000

Through the knowledge Abhinav has gained during his time with us, he is already performing at the level of an experienced iOS Engineer, and we are looking forward to having him on our team on a permanent basis.

We are also looking forward to continuing our association with R.D. Engineering College and getting more students on our fulltime internship program from the college.

Please feel free to contact us if you have any questions.

Thank you,

Tejinder Singh

CAMPUS PLACEMENT

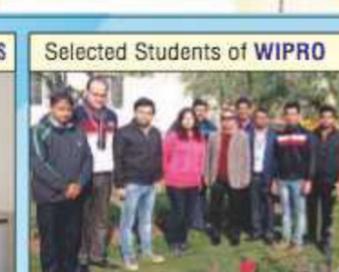

-A UNIQUE FEATURE- "TRAINING CENTRE FOR SSB FOR SELECTION IN ARMY/NAVY/IAF"

How do we train our students to get selected in the Armed Forces ?

1. Infrastructure for Obstacle Course of Armed Forces standard has been developed in college campus. Students are being regularly trained by senior Air Force officers who have been themselves member of Service Selection Board for over a decade. **It is the only college in India to provide such a facility.**

2. By regular visit of Indian Armed Forces for campus placement

SUCCESS MANTRA FOR PLACEMENT

TO bridge the gap between university curriculum & industry requirement, we are providing **FREE OF COST IN HOUSE TRAINING** programs by industrial experts in addition to the academics. Following training programs starts from 2nd year onwards:

- Soft Skill Training:-** Aptitude, Group Discussion, Personal Interview, Extempore, Communication Skill, Leadership Training, Dress sense, Protocol, Fine Dining
- Technical Training:-CS/IT/MCA:-** Java, DotNet, CRM, PHP, IOT, Python RedHat Linux, Objective C, Mobile Programming (Android, IOS, Windows), Hadoop/Bigdata.
ME:- CAD/CAM, Robotics, AutoCAD, Solid Works, ANsys, C Language
Civil:- AutoCAD, Stadd-Pro, Prime-Vera, MS Project, PMP, C Language
ECE:- Embedded Systems, PLC/SCADA, Industrial Automation, LTE, Robotics, MATLAB, C Language
- SSB Training for selection in Army/Navy/Air force.**

The performance of students in the above Soft Skill and Technical Training is regularly evaluated and monitored through the Online Examination Practice

BENEFITS OF INHOUSE TRAINING PROGRAMME

These unique facilities and programs have benefitted our students tremendously, showing striking improvement in their personality, self confidence and employability. The college can take justifiable credit for the following.

- 10 Students of B.Tech. 3rd Year CSE are placed in NOVOINVENT (US Based Company) @ pkg of 6.5 Lac in 2018.
- Android training conducted by college resulted in development of 15 Live Apps active on Google Play Store. Through this training our 60 students placed in IBM, Mobillitte, NIIT & Optimus.
- A large number of proud RDECians got campus placement in Army, Airforce & Navy and have got commissioned.
- 180 students of B.Tech.IIIRD year are doing training on PYTHON programming (A machine learning language) which will result in better placement on higher package.
- As a result of our training, students of B.Tech Civil and Mechanical Engineering qualified Online Global Certification Test Conducted by Autodesk (USA). **More than 150 students secured above 80% marks, a tremendous achievement by Industry standard.**
- NASSCOM- ARICENT TRAINING/Employability Enhancement program- Arise By Aricent** being conducted in our college by training partner **Centum Foundation-A Bharti group of Company**. Several engineering college of Delhi NCR are part of this program and we have ranked **2nd** among them.
- We have tie up with **Army Base workshops** one year paid apprenticeship conducted by Govt. agencies for students to make them competent to appear in Govt. Jobs, Defence forces, Ordnance factories, railways, PSUs for B.Tech. ME/ECE.
- The performance of students is regularly evaluated & monitored through **Studybud** Online Platform for QA, LA & VA. The key benefits of this platform are that student can view online video, lectures of soft and technical skills.

Above training programs & learning at Innovation Centres helped our students to achieve 85% placement through Campus Drive in all the previous years.

SOME OF THE PROJECTS ACCOMPLISHED BY RDians AFTER INHOUSE TRAINING

Semi-autonomous electrical Go kart

ME-3year students made a semi-autonomous electrical GO kart which means it can be driven by both human or human less. It has a 800 watt electric motor which gets power from 4 battery and 12volt each battery connected to a controller. It can go upto 60km/hr top. For braking we have used hydraulic disk brakes for proper and instant braking. To make it semi-autonomous I-C reciever, relay and a bluetooth device is used. So can be controlled from mobile with the help of an developed application. For safety purpose we included a roll cage above the driver seat. It is developed under the guidance of Prof. Sanjay Paliwal(Dy. Director)

Google/ Apple Apps by RDECians

Rain Water Harvesting project by RDIANS.

RDEC in association with and funded by Parle group has undertaken a most emotional, devotional and socially connect, but sufficiently proven mission prog, worth of Rs 35 lakh to quench the thirst of mother earth. The programme is led by pre final and final year students of Civil and ME deptt. under the guidance of Prof. Sanjay Paliwal(Dy. Director), Prof. Yogesh Gupta and Prof.(Dr.) Pankaj Singh(Hod-Civil).

A Bluetooth Controlled Robo Car has been developed by a team of 15 students from ECE and ME under the guidance of Dr. Kumar Krishan, Principal Technologist-NASA

Water Contamination Assessment of Hindon River
The Project has been undertaken by RDEC Civil pre final year students working on water quality assessment under the guidance of Dr. Pankaj Singh (Professor & Head - Civil Engg. Dept).

Drone by Robotics Team
Drone made by Robotics Team of B.Tech first year students under guidance of Dr. Amit Gupta, Dr. Gaurav Kumar Rastogi & Mr. Harshvardhan Bisht. Highlights of the Drone are:
1. Light weight (950 gm), made from waste material.
2. Range 1200 Meter with full stability at any point.
3. Batterless assembled inhouse.
4. Equipped with GPS & CAMERA

ITCRC

For placement of our students, the college has established "INDUSTRIAL TRAINING & CORPORATE RESOURCE CENTRE" within college campus in association with the leading companies ---This facility is the only one of its kind & is totally free of cost.

A
unique concept of Cutting Edge Technology + Live Projects = **ITCRC**

The final year engineering students of RDEC selected by companies work on their live projects. This facilitates, based on their performance, the placement of students in these companies before they pass out from the college. Further, at the completion of live projects the certificates are given by the respective companies to the students relating to their training /project work.

R. D. Engineering College is the only one to provide this kind of facility to its students which enables the students in getting assured placement. The companies get ready expert technical hands, familiar with the company's product profile. As a result the students do not require any training after joining the company as they have already completed their training/ live project at college premises during the final year of B.Tech./ MBA/ MCA.

Inauguration of ITCRC(Innovation Lab) BY Prof. S.K. Kak, Vice Chancellor-MTU & Eminent Dignitaries of Industry

ITCRC for CSE/IT Branch

A powerful and dynamic environment is provided to students for live projects of the company to work with their team members in mobile application development like Android, Apple (IOS & Mac OSx) using Objective C, C++, Advance Java.

Subject: MIT Engineering Project at RDEC, Ghaziabad

Dear Sir,

This is to certify that we have agreed to open an Innovation Centre at R.D. Engineering College, Ghaziabad to provide industry experience to the admitted students. The centre is to be located in the college premises. The college is providing entire required infrastructure for the purpose. The candidates to be shortlisted will be from B.Tech 3rd year. R. Systems will try to absorb finally selected students depending on our business requirement. These students will work on Live Projects with the help of our Specialist Trainers. After successful completion of training program, all the selected candidates will get the Experience Certificate from us. We wish our relationship will give Trained Pool of candidates to the industry.

Thanks & Regards,
Prof. Prom Goswami
Head-ITRC
