FROM THE PEN OF THE **PRESIDENT**

Satish Chandra Sanwalka
President, R.S.D. College Trust
& Management Society

Welcome to the new exciting year of learning, unlearning and relearning at our Ram Sukh Das College, Ferozpur. The college staff is ready for an exciting academic session, ready to inculcate among students new ideas, novel thoughts and noble practices.

All we need now is the joy and energy of your ward to make this year electrifying and complete! Our mission is to bring out the best in every child; to make every student realize the potential inherent in him/her. The thrust will be to help in blossoming of individuals who are an asset to the society.

In an age, where data, artificial intelligence, and information technology are constantly scripting our life, the general debate in Indian education has centered around its increasingly instrumental and utilitarian role. In such scenario, the role of human agency must be asserted more rigorously than ever. Of course, it is a part of education to prepare students for employment; still, the greatest gift education can confer on students is the opportunity to contribute more effectively to their society, both spiritually and intellectually. Hence, the college aims to create social beings who are more than consumers- the ones who can engage with this world in a critical manner. Therefore, the college ensures that students are educated to think critically and act ethically with social consciousness. This will also ensure that they appreciate the value of engaging with ideas they find objectionable, trying through reason to change another's mind, while always being open to changing their own.

At the same time, we must also acknowledge that in a world that is changing with every nano second, it is imperative to be psychologically ready to refashion oneself. For that, students as well as teachers need to come out of their comfort zone and be ready to undertake the life long journey of learning. Gone are the days of certitude and fixities. Welcome to the world of uncertainties, change and unpredictability. This world also offers a plethora of opportunities; and the committed and the enterprising will thrive in this world.

I firmly believe that our R.S.D. College is more than just a place to learn. It gives you a chance to grow by equipping with everything you need to achieve excellence. At R.S.D. College we ensure, students get the best start to their future career to become smart and careful citizens of our glorious country, India.

I wish all the students a grand success in their career and prosperity in their future life.

**Secretary, R.S.D. College Trust

Illustrious Ram Sukh Das College, which started as long cherished dream of Revered Lala Ram Sukh Das Ji, my Great Grandfather, in 1921, steps into its new year of excellence in providing quality education in remote border belt. It was his divine vision to educate the young minds to get the best of their potential to serve the society with competence, compassion and conviction. My heart is filled with gratitude to the elders of the Sanwalka family who built this temple of learning which has transformed innumerable lives since its inception.

Ram Sukh Das College is a versatile institution committed to shape the positive minds to make them self-reliant in all spheres of life. The institution supports holistic development of the students in order to make them able to cope up with future challenges in life. It practices innovative and effective strategies to encourage students towards education and skills. To make teaching learning process more comprehensive and learning oriented, the college adopts updated methods according to the syllabus in hand. This institution has been renewing and adapting its curriculum and methodology in consonance with the changing needs of the society and demand of the students. It has been keeping pace with the technological advancement especially in the field of information and communication technology and skill based education in order to offer an integral formation.

Assuaging the demand of the global world, we at the college are carving progressive individuals who will contribute towards the development of the nation in different ways. At Ram Sukh Das College, we have a facilitating and nurturing environment which encourages the students towards self-realization while getting goal oriented formal education. FROM THE PEN OF THE PRINCIPAL

Dr. Daljit Singh
Principal (Offg.)

A very warm welcome to R.S.D.College, Ferozpur City.

It is both heartening and perplexing to look back at the year just gone by and look forward to the session that is knocking at the door. It is heartening to see the college adapting to the massive changes taking place in the world of education while staying true to the vision of its founding fathers. At the same time, it is perplexing to see these changes unfolding themselves, posing new challenges everyday.

Significant improvement in grade in the second cycle of NAAC Accreditation, ongoing implementation of NEP, sports meet, convocation, interaction with alumni, MOUs with different institutions, industry and hospitals, the rigorous consistency shown by the college in youth festival and other extra-mural activities have been the hallmark of college's transformation in the last few years. But a lot remains to be done. The massive changes in the world around us have asked some really tough but equally indispensable questions. The world of education needs to be ready to embrace the world fashioned by artificial intelligence and nano technology.

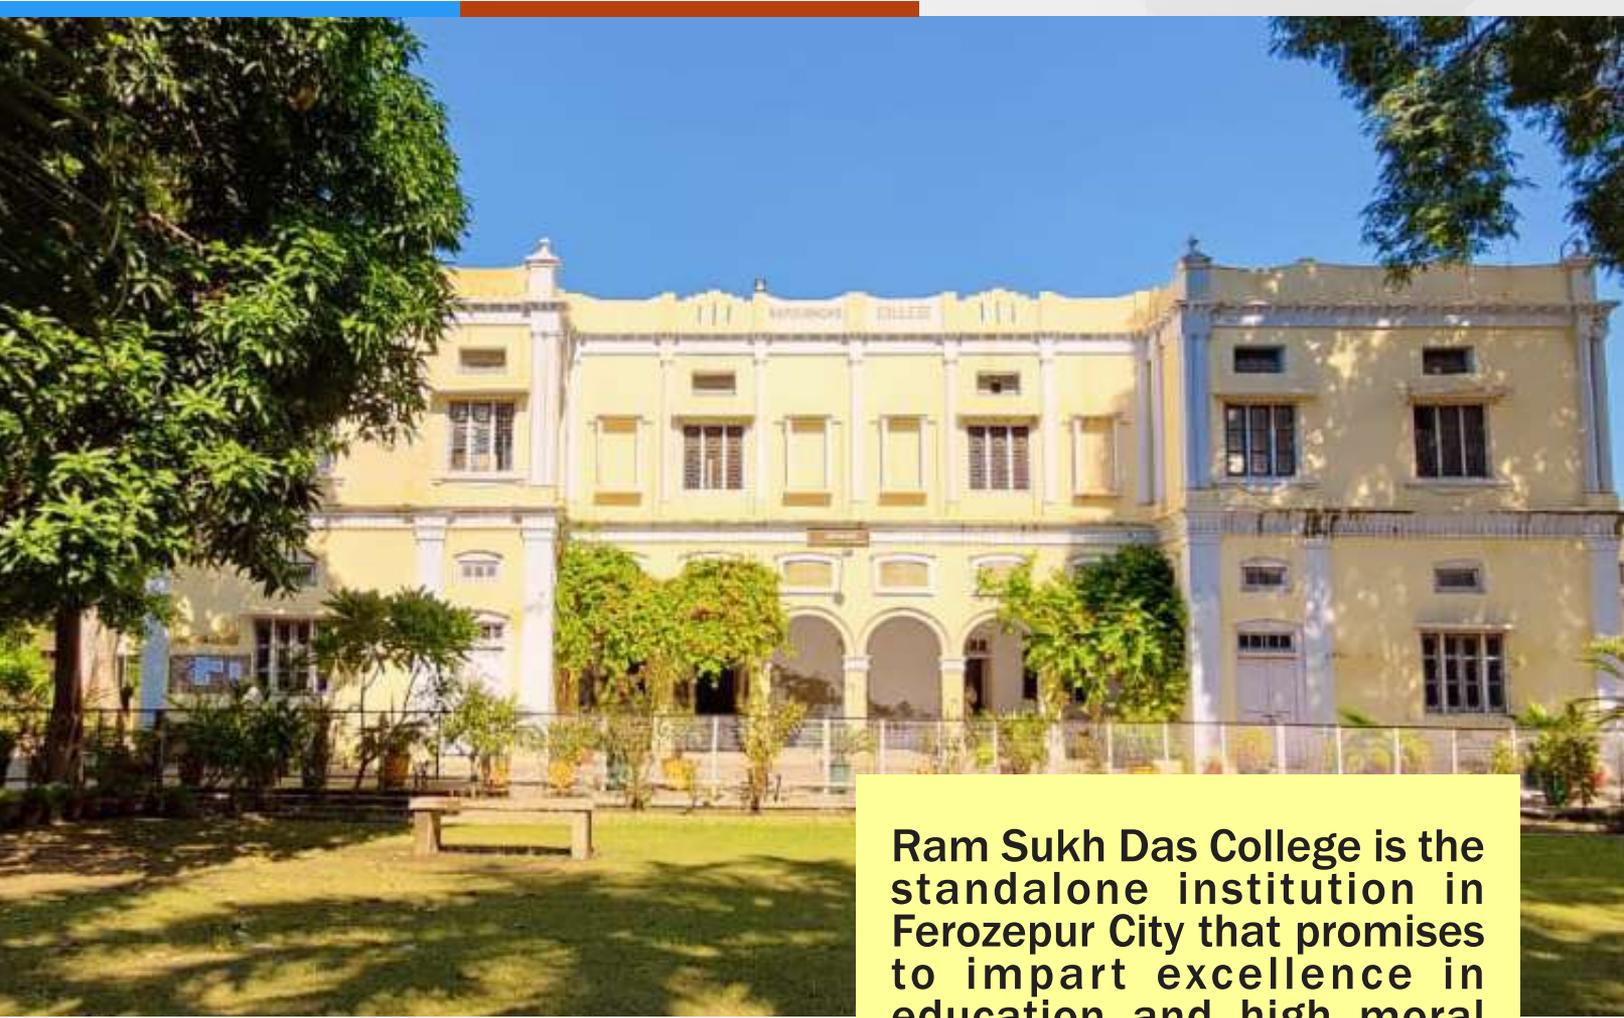

In such an age, the role of education is definitely not limited to giving and grasping knowledge and theory. The true goal of education transcends much beyond just awarding degree and certificate to the students. The quest of education is knowledge, humanity, culture, wisdom and sharpness. Therefore, R. S. D. College not only focuses on the theoretical curriculum, but also helps in the development of a student's personality, extra-curricular activities and over all perspective. That is why, cultural activities, tours and excursions, quiz, group discussions, brain storming sessions, lab experiments, placement drives, yoga, sports and a plethora of other activities are part and parcel of academic calendar of the college. In addition to this, eminent personalities are invited from all walks of life to address our students and expose them to new ideas and thoughts. All this is made possible by highly qualified, dynamic and multi-talented faculty, non teaching staff and my students.

I urge the parents to take an active part in the development of the students by interacting with our teachers regularly. Your continuous inputs will provide priceless information to our teachers that can go a long way in the improvement of the teaching-learning process in the college. We have to continue to move ahead for producing and maintaining the best.

Last but not the least, I once again urge my students to be lifelong seekers and have the openness to continue to adapt to the changes around them while staying rooted.

My best wishes to the new students entering R.S.D. College.

COLLEGE PROFILE

Ram Sukh Das College is the standalone institution in Ferozpur City that promises to impart excellence in education and high moral upbringing.

Founded in 1921 as a result of the cherished dream of Late Lala Ram Sukh Das ji, who kept apart Rs.50,000 for this purpose, the college has proven to be one of its own kind in the area for its excellence. The whole family of the founding member contributed in terms of land and building, to translate Ram Sukh Das ji's dream into reality. The legacy was carried forward by his illustrious son Late Lala Gowardhan Das ji, an eminent lawyer and philanthropist of the town who finally gave a material mould to the dream of his father.

The College, one of the oldest in the state, is governed by Ram Sukh Das College Trust and Management Society. Late Rai Sahib Lala Gowardhan Das ji became its Founder President and he worked diligently as president till his sad demise in 1959. For forty years, he worked ceaselessly for the welfare and development of this institution with single minded-devotion, untiring zeal and enthusiasm. After his sad demise, his eldest son Sh. Kulbhushan Sanwalka, Advocate, became the President and served this institution for more than three decades till his untimely death in 1992. His whole hearted devotion and ceaseless work made R.S.D. College one of the top institutions in the state. Sh. Satish Chandra Sanwalka, a dynamic business magnate took over as President of the college management committee to fill the void created by the death of Sh. Kulbhushan Sanwalka ji.

After the completion of the second cycle, the college was accredited with B++ grade by NAAC.

There is significant improvement in overall grade but there is always a room for improvement. The College is situated outside Makhu Gate on the Mallanwala Road. The College has a beautiful campus with imposing building, lush green lawns and playground, extremely well equipped Science and Computer Laboratories, Lecture Galleries, Library and Reading Hall and Seminar/Conference Hall. The whole college campus is connected with stand-by modern generators for power backup. The college campus is completely Wi-Fi enabled. The college has constructed an airy, well lighted and spacious double storey modern library building with more than 54000 books and subscription of National Library and Information Services Infrastructure for scholarly Content (N LIST) database of INFLIBNET. The College has an air-conditioned administrative block for the benefit of the students and the staff. The college has a very experienced faculty in all streams. We are running successfully, Science (B.Sc.), Commerce (B.Com. Pass course & Honours), Humanities (B.A.) and Computer Applications (B.C.A.) at Undergraduate level and Post Graduation in English, Chemistry, Commerce*. The college has also gone a step forward in the zeal to provide excellent academic framework. The college is successfully running 4 Year integrated B.A./B.Sc. B.Ed. course. This professional and innovative educational programme lends students a degree of Bachelor of Arts or Bachelor of Science as well as Bachelors' Degree in Education in four years.

New infrastructure has been developed according to the requirements of this course. B.Voc (Software Development) and B.Voc. (Medical Lab & Molecular Diagnostic Technology), skill based and job oriented courses have brought laurels to the institution. A new computer lab and three ultra modern labs for the MLMDT course have been maintained to meet the need of these courses. Keeping in view the increasing demand of girls' security and convenience, the College Management has built a modern Girls' Hostel with updated facilities for girls coming from far-fetched areas. This is a commendable step to promote the women empowerment.

From the Founder President's Address on the Opening Ceremony (29-05-1921)

"The truest test of civilization" wrote Emerson, "is not the census, nor the size of cities, nor the crops but the kind of men the country turns out", for as was rightly remarked by Orison Morden, "Manhood is above all riches, overtops all titles, character is greater than any career. And if education, which is one of the most vital forces in the economy of every civilized country in the globe as it shapes the destinies of human children in the morning of the manhood, confines itself (as at present it does) to mere intellectual education and neglects the far superior work of evolution of high character among boys and girls, it misses the greatest feature of its vocation.

Dr. Corrivell of America who has made the study of Young man as his greatest hobby most painfully remarks, "War, pestilence and Famine combined sink into insignificance when compared with the evil habits and wicked practice of young. My most blessed Master has taught me the supreme importance of character." The college therefore keeps this fundamentally important object in the prominent front seat of its curriculum. The development of character is the important feature of the college. It will always be the concern of the college authorities to give its pupils modern and updated intellectual education and along with that evolve in them a type of noble, truly chivalrous and practically useful and serviceable humankind.

The first essential would be to provide a clean and, moral atmosphere. As beautiful flowers grow in congenial atmosphere, the same way does the delicate feelings of higher character sprout and blossom in a favourable atmosphere. The need for such an essential institution cannot be too deeply emphasized. From one border of our native land to the other, an aggressive and relentless warfare should be waged until cleaner and more wholesome atmosphere prevails among the young manhood of the nation. For, there is a contagion of virtue as well as of vice, there is a contagion of moral health as well as of sickness. The influence of the deed is more potent than that of the word. Besides providing good and efficient staff it shall also be the serious anxiety of the college authority to provide such books and periodicals which add value to the character and joy to life. Thus every effort will be made to surround the lives of young scholars with all that can elevate and ennoble them."
