# Welcome To The World Of SMS

(NAAC A+ Accredited Institute)

Sensing the ever-growing need for competent and highly trained professionals endowed with rich business acumen, skills and aptitude to operate in the highly complex and fast-changing economic and industrial environment, the SMS Society, a philanthropic social organization, registered under the Societies Registration Act, 1860, established an autonomous nonprofit educational center, School of Management Sciences (SMS), Lucknow.

School of Management Sciences (SMS) Lucknow has achieved a momentous milestone by obtaining an A+ accreditation from the National Assessment and Accreditation Council (NAAC) with a CGPA of 3.45 which is an incredible and outstanding accomplishment.

This remarkable achievement not only places SMS Lucknow as the second-highest rated institution among 756 AKTU affiliated Engineering and Management Institutions but also positions it as the third highest-rated institution amongst all colleges in Uttar Pradesh. Moreover, the institution has risen to an impressive rank being among Top 10 colleges and universities in the state, reaffirming its status as a premier educational institution.

# Institute Industry Interface

Interaction between the institute and the industry is seen as the platform for showcasing best practices, latest technological advancements and their implementation and impact on the industry. The main objective and importance of this interface is to integrate industrial training and other inputs from the industry with the teaching- learning processes, interaction is necessary as it develops students' awareness on job functions in the industry, attitudes to adapt to industrial environment, proper practical and relevant knowledge, skills and competencies in preparation to becoming self employed. Industry expectations are also echoed through sound interaction, particularly the requirements from new recruits who are expected to be orientated to industrial disciplines, job descriptions within the workplace and with industrial practices.

## Preparing For Corporate World

Keeping in view the current employability scenario of Engineering and Management students, we at SMS Lucknow have developed a course curriculum titled Employability Enhancement Programme (EEP). This programme is spread over the all semesters and aims to reduce the important skill gaps as required by the prospective employees. A full-fledged course curriculum for EEP has been designed focusing on the Industry requirements.

- Technical Knowledge / Business Awareness
- Spoken English / Communication Skills
- Dressing Sense / Appearance
- Body Language
- Positive and Constructive Attitude
- Resume Preparation
- Group Discussions
- Personal Interviews
- Effective Presentations

We have also collaborated with organizations like IBM and other specialized training providers to impart training to our students on latest technologies like Cloud computing, .NET, Solid Works, CNC machine Training etc. The overall focus of EEP is on the holistic development of a student's personality to make him/her suitable for industrial/corporate roles. To attain this objective the dedicated faculty and staff of SMS, Lucknow have left no stone unturned.

# MOU's with Industry & Professional organizations

## Alliances for Value Added Courses

Keeping in view of Industry requirements, SMS Lucknow has collaborated with some unique value added courses as a better career option, which will not only enhance students knowledge but will also build their technical skills and learning. Some of the major courses are as under:

### CISCO Networking Academy @ SMS Lucknow

CISCO is worldwide leader in networking for the Internet. Cisco Systems shipped its first product in 1986 and is now a multi-national corporation, with over 35,000 employees in more than 115 countries. Today, Cisco solutions are the networking foundations for service providers, small to medium business and enterprise customers which includes corporations, government agencies, utilities and educational institutions.

Cisco's networking solutions connect people, computing devices and computer networks, allowing people to access or transfer information without regard to differences in time, place or type of computer system. So as you explore the possibilities for your business, start at the beginning. Cisco Systems built the Internet so we know exactly what it takes to get your business online. Take advantage of our experience and knowledge to get the Internet working effectively for your business. CISCO provides wide range of networking certifications that includes CCENT, CCNA, CCNP, CCIE etc.

### Authorised Exam Centre

To help students of higher education to learn English and prove their skills to the world, SMS Lucknow has become an Authorised Exam Centre for Cambridge Assessment English.

### Microsoft Visual Team Services

Microsoft Visual Studio Team Services (VSTS) is a new cloud-based offering which helps the project teams to take care of all the aspects of the process for software development. Visual Studio Team Services (VSTS) is an online hosted service from Microsoft. The best part of VSTS is that you don't need to install anything, you can either go for a pay-as-you-use or the free 5-user license via the visual studio website. VSTS is now renamed as Azure DevOps!

### Comptia Learning Center

The Computing Technology Industry Association (CompTIA) is a not-for-profit association which offers a wide range of professional certifications for the IT industry. The organization's motto is 'Advancing the global IT industry' and they strive to give the best. Their range of courses are widely acclaimed which include CompTIA A+, CDIA+ Linux+, Network+, Project+, Security+, Server+, Strata. These give a leading edge for IT professionals in their career.

### ETS Testing Center

Educational Testing Service (ETS), founded in 1947, is the world's largest private nonprofit educational testing and assessment organization. ETS develops various standardized tests primarily in the United States for K-12 and higher education, and it also administers international tests including the TOEFL (Test of English as a Foreign Language), TOEIC (Test of English for International Communication), Graduate Record Examination (GRE) General and Subject Tests, HiSET and The Praxis test Series - in more than 180 countries, and at over 9,000 locations worldwide. Many of the assessments it develops are associated with entry to US tertiary (undergraduate) and quaternary education (graduate) institutions, but it also develops K-12 statewide assessments used for accountability testing in many states, including California, Texas, Tennessee, and Virginia. In total, ETS annually administers 20 million exams in the U.S. and in 180 other countries.

### Pearson Test Centre

Pearson Test for English (PTE) is a world-leading provider of secure English language tests. It provides secure English language testing for study applications worldwide, and for visa applications for work and migration in Australia, the UK, and New Zealand.
