The college is located outside the Jalandhar city on a highway which makes the reach a bit difficult. Amritsar is a great place at one hour's drive to visit. Golden Temple is the prime attraction. The weather in Jalandhar is extreme in both summer as well as winter.

My college reviews

Admission -

I was interested in pursuing an MBA program from this college as all my graduating seniors completed their MBA degree from this college and are placed in good companies. Hence, I took the CAT entrance and submitted all my academic documents as the final admission was based on CAT scores.

Placement -

9 /10

Here, we were given the option to enroll for the placement. As all of us were interested in getting placed in a good organization, we were given proper training through seminars and workshops. Also, the campus held this campus placement drives where many companies were invited like DELL, HP, ICICI Bank as well as IBM for the recruitment process and hired many of my classmates.

The college days

Admission -

For applying for an MBA I had to appeared in CAT entrance. In which I scored 73 percentile, luckily the admission process involved the CAT scores and the graduation marks in which I was qualifying both the domain. Thus, I got into this college.

Placement -

9 /10

The placement and interview session was given the proper privilege as the main motive was to get into a good organization. Also, there were training and mock interview sessions to foster professionalism within all of us during the final year. Companies like HCL, IBIBO as well as ICICI bank visited the premise and hired

approximately 60 percent of my classmates.
