    (i)   How much money does each family get?

    (ii)   How much money is left?

  Q10. Find the prime factorization of 48 by factor tree method.

CLASS-4   ENGLISH

1. **Read the following passage carefully :**

One of the greatest inventors of all times, Thomas Ava Edison was born in 1847 in a small town in Ohio, USA. His teachers thought he was a slow learner, so his mother taught him herself, inspiring his interest in science. 1869, after moving to New York , he improved a machine called 'ticker'. It was relaying information about the stock market.

Edison invented many things that changed the world . Electric lighting, sound recording and an early form of moving pictures were among these. Perhaps Edison's most important invention was the electric light bulb. It took him thousands of experiments before he succeeded. Edison worked extremely hard and would spend days, months or even years experimenting in order to make something work . He often slept on his worktables, so that he could start work again first thing in the morning.

Now answer the following questions:

a.Who was Thomas Alva Edison?

_____

b.When and where was Edison born?

_____

c. Mention any two inventions of Edison.

_____

_____
