

Computer science Class 3
Chapter 1 (How Computer Works)

A) Fill in the blanks

- 1) Input
- 2) Output
- 3) IPO
- 4) CPU
- 5) Visual

B) Write True or False

- 1) False
- 2) False
- 3) False
- 4) True
- 5) False

C) Choose the correct option

- 1) All of these
- 2) Keyboard
- 3) CPU
- 4) Select object on the monitor
- 5) Hard copy

D) Descriptive Type Questions ; Answers

- 1) Computer needs Input device, Processing device and Output device for IPO cycle.
