Success Story

30% Plus Year-on-Year Growth for 3 Years Using OnPrintShop's Specially Customized Web-to-Print Solution & Working as True IT Partners

For 16+ years, PrintPPS has been North America's premier manufacturer of custom stationery products.

For over 3 years, I have worked closely with OnPrintShop's team of professionals. They have a unique way of taking my conceptual ideas and turn them into software functionality.

The Challenge

- Establishing platform to manage order centrally & across 4 manufacturing facility
- Create Online Store showcasing their wide range of products, offering end-clients easy order/reorder
- Finding an IT partner who can accommodate current needs & support customizations

The Solution

- Highly Customized solution as per unique product range, dynamic price
- Consistent upgrades, delivering enhancing solution with latest technology keeping ahead of competition
- Working as their IT Partner understanding conceptual ideas and turn them into software functionality

Result in Numbers

Annualized Sales

increase
for 3 years consecutively

Number of Proof Exchange

reduction
Proof, rectify & order are done online

Number of Orders

increase
due to solution upgrades
