Why OnPrintShop?

▰ **Simple, Flexible & Affordable :** OnPrintShop is an online integrated multilingual solution for SME print service providers to take their unique business model online and offer personalized experience to retail and corporate clients.

▰ **License (Ownership Model) & Subscription W2P :** We offer standard w2p solution to customers on subscription and license (ownership model with one-time cost) in which high-end customizations are possible.

▰ **Automate Ordering & Operations with XML :** We offer automation with your existing workflow or other software using XML workflow integration. You can increase your sales without increasing your operation costs.

▰ **Tailor-made Custom Solution for SME Printers :** Being an IT company our strength is in developing customizations that fit your unique business strategies for B2C and B2B clients.

▰ **Personalized Service & Customer Support :** We offer personalized service and steady technical support to customers for uninterrupted online business. We also consistently upgrade our solution with new features and enhancements.

▰ **Store Setup & Interactive Training :** As part of our setup cost we help you with product & content setup to quickly start online business. We also offer personalized interactive training to optimize storefront.

▰ **Migration from Subscription to License :** We offer flexibility to start with subscription solution for your current needs and later on migrate to licensed solution depending on your business growth, requirements, and strategy.

Our Global Customers & Reseller Partners

"Overall OnPrintShop has been great solution to get our print shop to be able to sell online & we are very happy with it. Getting up and running was very simple compared to other products we looked at."

- Chris S - PrintWatkins.com, USA

"After considering many product offerings, we decided to go with OnPrintShop. We were able to develop a customized trade print solution at a price that could be afforded. I am looking forward to developing the solution further."

- Stephen Bardwell - Salty Print, South Africa

"Since we upgraded our solution, we have seen a 40% increase in the number of orders. This is due to the changes you made to the solution. The revised order feature is great."

- Dave Gaulden - Personalized Paper Manufacturing Group, USA
