

Optimum-How to set only certain user can backup or and restore database?

[Version 1]

Hazel

[11-10-2017]

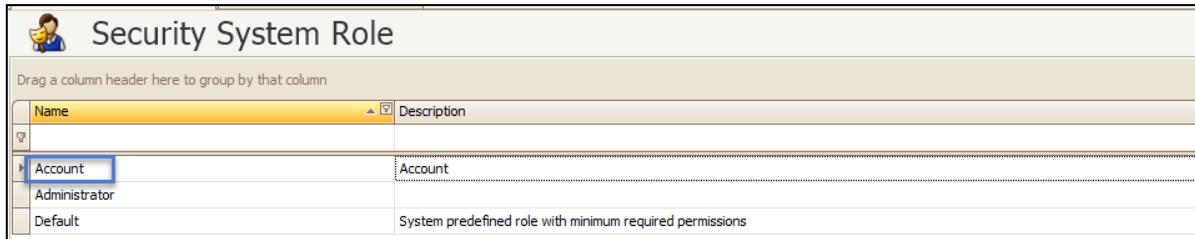

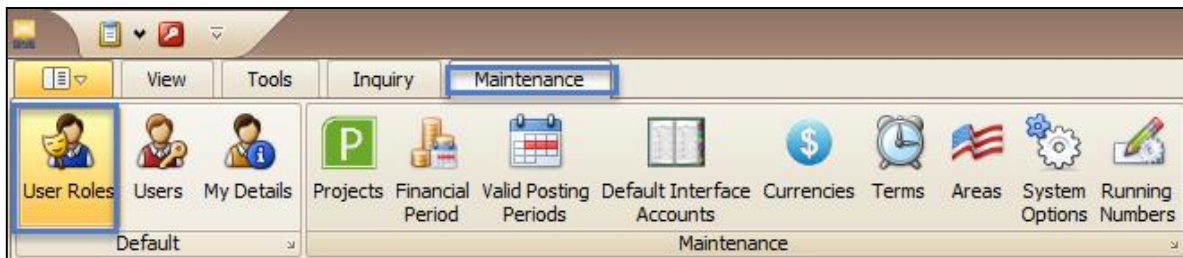

SCENARIO

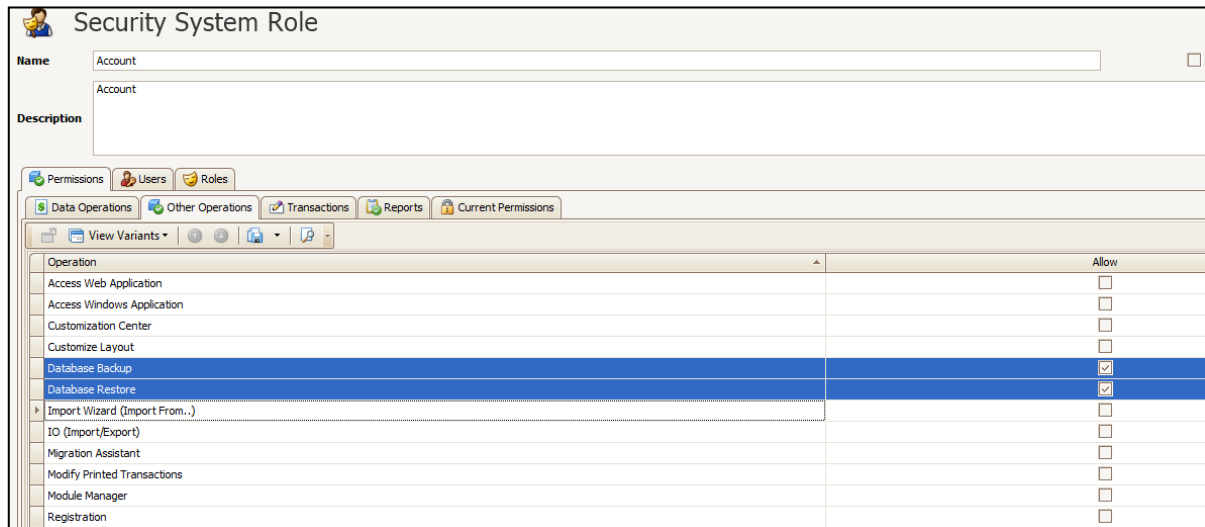

Management wish to set only certain user (Superiors) can backup or restore database. Other staffs are not given permission to do this due to company privacy policy.

SOLUTION

1. Login database by using user granted with administrative access right
2. Go to Maintenance > User Roles

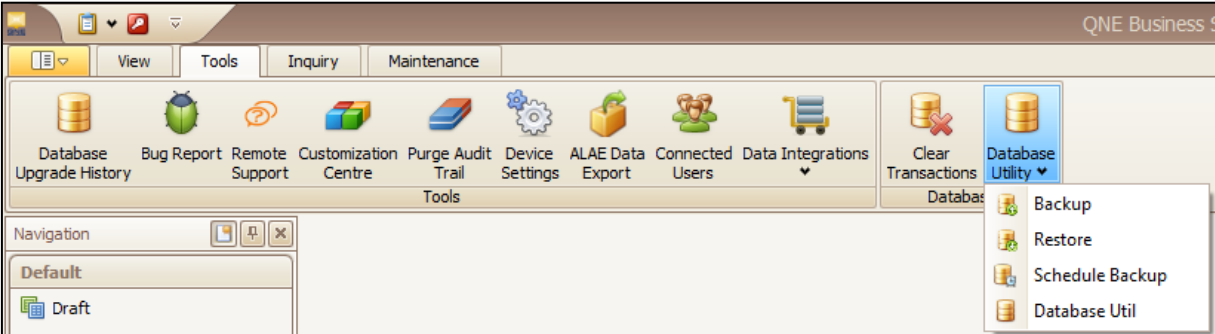

3. Double click on that role
*example: Account
4. Tick for "Database Backup" and "Database restore" > Save

	QNE TIPS	
	Product : QNE Optimum	Version: 1.00
	Doc No : 1	Page No: 3 of 3

Result as below:

*User able to backup / restore

If uncheck “Database Backup” and “Database restore”, result as below:

*Backup and Restore button has been hidden.
