## **Finding a Person Guilty**

Most incidents arriving at our higher court finding guilty involves the interpretation of the law which means the meaning of the law. The reason is that Fisher Bell is ambiguous, a large or parliamentary lawyer made a mistake in drafting (Inco Europe v First Choice Distribution), or technology was replaced (Royal Nursing School v. Department of Health) Varies. Over the years, the court has developed three rules to solve these problems, text, gold and mischief rules.

Payment permission system punishes people - not due to crime or traffic violation, it is due to unpaid debts. Normally, the state court orders a person to pay a penalty or other fine and other administrative court fees and expenses, if a person judges it is guilty of a crime or traffic violation. If the person does not pay within the deadline, the court or automobile organization may punish him / her by stopping the driver's license until he pays the full amount or until making another payment arrangement to the court I will.

Driven by the US dollar to analyze the suspension of the latest driver's license

What happens if I accidentally transfer coins to my wrong wallet? What happens if I lose my Wallet key? What happens if the coin in the wallet dies? What if the court decides that they need to return the perpetrator and coins that they illegally obtained from others? You will drift. Distributed power means that transactions can not be undone or forced. All transactions must be done voluntarily. Some of them can be solved with additional block chain support. I will take the intention of the block chain as an example. However, increasing the complexity of each corner and solving the situation seven values will diminish and ultimately will be similar to the current Fiat currency system. If not resolved these corner cases may destroy people's lives.

The two main types of jury in Texas have different roles. Whether to formally condemn the suspect is judged by a large and correct jury. When someone is prosecuted, the jury is responsible for finding someone guilty or innocent. The companion's jurisdiction is guaranteed to be correct. However, the criminal justice system is not perfect. In order to prove that a person convicted in each case is innocent, more than 300 cases were reversed using DNA evidence. Since the Texas State Assembly has

done a lot of work at the committee, these committees are often referred to as "the Tribunal". Some of these committees exist during the conference, others tentatively have other committees considering specific policies within a limited time period.
