These conferences are led by faculty initiatives under the aegis of the various research centres. Knowledge creation through dialogue and discourse has been the most fundamental source of academic inspiration throughout history. Joint conferences, symposia and workshops enable researchers, faculty and even students of JGLS to come together and discuss wide-ranging topics on a decided theme. This not only helps to build a strong multi-jurisdictional or inter-institutional dialogue, but also enables critical perspectives to develop from the 'meeting of minds.' JGLS has been mindful of the benefits that such exercises in knowledge creation bring, and has therefore partnered with several law schools around the world to produce an intellectually stimulating environment for research. JGLS is also conscious that the conferences should not merely act as a discursive event, but should translate into some form of publication or research project, so as to disseminate the research that the conference explores.

This experience gives students a better sense of what it means to be a global citizen. In addition, many employers value such exposure, which increases the students' employability and job prospects. In some cases, credits earned during the exchange semester may count towards an LL.M. degree pursued after graduation at the same institution. JGLS offers Jindal-Oxford Summer School in International Law and Global Governance (JOSS) as a three-week intensive residential program every year. The Summer School provides students with the opportunity to be taught by some of the world's leading experts in International Law and Global Governance and experience the unique Oxford tutorial system of learning. Students reside and study at the beautiful Somerville College, University of Oxford. JGLS also offers the Harvard Summer School on Human Rights and Development for its students who get an opportunity to study for three weeks at Harvard University.

EBS Law Summer is another important initiative for JGLS students suited to all levels of expertise in EU Law. Students may choose from 6 different electives, each dealing with detailed questions of European Business and Commercial Law. JGLS students are also eligible to participate in the Law Schools Global League summer school, hosted in a different country and on a different theme each year. Over the past few years this programme has been hosted by law schools in destinations as diverse as Lisbon, Istanbul, Cape Town and Chicago. In addition, during the winter break, JGLS student can travel to Australia to participate in short-term programmes organized by the law schools of the University of Melbourne and Murdoch University.

## International Higher Education Opportunities

JGLS has inked historic Memoranda of Understandings (MoUs) with prominent American universities to establish double-degree programmes. Through these programmes, students will be able to earn an LL.B. (or a B.A./B.B.A.LL.B.) from JGLS and a J.D. from the partner American University, in as much as two years less time than it would otherwise take, if they were to pursue these degrees sequentially. This reduction of two years does not in any way affect the rigor of the course, and students get two separate degrees of LL.B. and J.D. in four years (and B.A./B.B.A.LL.B. and J.D. in six years). This is done through extended exchange frameworks and credit transfers. The three universities with which we currently have this arrangement are: Cornell University, Indiana University Bloomington, Maurer School of Law and University of Arizona, James E. Rogers College of Law. Both these institutions offer generous scholarships to JGLS students in the past.

## National and International Internships

The Career Development & Placement Division (CDPD) at JGLS requires and assists students in pursuing at least one 4-week internship during each of their term-break during summer and winter. Such internships are pursued by our students in a variety of organizations and institutions both within and outside the justice administration system. The internship program at JGLS is designed and administered with a vision of broadening the horizon of career opportunities that students are able to seek post completion of their legal education, ensuring that all the students can leverage on the internship program towards fulfilling their diverse career aspirations. Students are guided from their first day at the law school to understand the kind of internships they should be working towards and hand-holding is provided in understanding nuts and bolts of securing and succeeding in such internships.

The CDPD also supports JGLS students in securing internships in their home towns and various cities around India through large database of recruiter contacts regularly maintained to ensure availability of diverse internships to cater to each student's specific needs and requirements. JGLS students also receive mentorship in building their recruiter contacts and developing necessary soft and hard skills by becoming student representatives at CDPD, thereby gaining an edge in furthering their career objectives.

These programs are run by CDPD throughout the year to benefit students at different stages of their law school, starting from the first year, up to providing training and career opportunities to the JGLS alumni. The CDPD at JGLS also runs a robust career mentoring and counselling program that comprises of JGLS faculty members from various walks of practice, helping students in appreciating different career paths and choosing the right one for them. JGLS has entered into multiple MoUs and collaborations facilitate internships and placements for JGLS students and graduates. JGLS also has extensive ties within government, businesses, and civil society, which are used to assist in placing our students and graduates. Whatever one's plans are after graduation our Career Development Services is there to help. The JGLS graduates have opted for diverse careers in organizations ranging from law firms, corporates, senior counsels, think-tanks, start-ups, and public policy organizations, among others. A large number of students also chose to pursue higher studies abroad for which many partner universities of JGLS offered generous scholarships to the students. An interesting new trend among the career choices was a few students' decision to launch or join start-ups in the FMCG sector.

JGLS Women's Law Society (JWLS) was formed in 2010 to initiate conversation on the issue of gender, law and society. JGLS Sports Society (JSS) has facilitated the participation of students in various intra and inter-college tournaments. The Society has successfully organized its inter-college sporting festival (the Intra-Murals) for many successive years on campus. JGU Literary and Fine Arts Society (JLFAS) is a student initiative which has organized academic events such as the Book Club, Wall Magazine, The Flagpole (college Magazine currently under production), Animus Maximus (the Annual Literary festival) and several panel discussions by distinguished guest speakers. JGU Social Service Society (JSSS) has organized literary camps in various locations around Sonipat including a routine weekly visit to 'Rai Bal Gram' every Friday and Saturday for two hours to assist the children with their homework and extra-curricular activities. The Society has also organized Blood Donation Camps in association with The Rotary Club, Sonipat.

## Cultural Festivals

In continuance to JGU's persistent efforts towards the wholesome development of every individual, the student body organizes a grand cultural fest, 'Biswamil', every year. 'Biswamil' is a colloquial term for the 20th milestone, signifying location of the University, which is 20 miles from the capital city of New Delhi. Every University has a distinctive cultural setting, and our location on the outskirts of Delhi puts us in a microcosm of Indian rural life, with its rustic charm and local flavor.
