PROGRAMMES FOR ADVANCED AND SLOW LEARNERS

INDUCTION PROGRAMME

<https://ksmdbc.ac.in/wp-content/uploads/2022/07/INDUCTION-PROGRAM-KSM-DBC.pdf>

Induction programme is organised soon after the completion of the admission process. The Principal, and the faculty members and tutor address the students and the parents during this session, wherein they are given an overall awareness and knowledge of the choice based semester system followed by the university for undergraduate programmes. They are familiarised with the mode of evaluation and assessment comprising external examination conducted by the university at the end of each semester and the continuous assessment and evaluation process and its various components of test paper, attendance and seminars or assignment. The various components are designed to ensure that the learner can cope with any form of assessment, along with gaining experience in seminar presentations, which will help him/ her in advanced academic endeavours.

LEARNING LEVEL ASSESSMENT

WWS ACTIVITY REPORT 2018-19

Walk With a Scholar (WWS) programme is a new initiative by Higher Education Department, Government of Kerala envisaged to raise the standard of Higher Education Sector to a world-class level. It is proposed to arrange specialized mentoring programmes for students in the undergraduate courses. This scheme introduces the idea of mentoring and builds on the concept of a *mentor as a guide and friend*. Mentoring is a process where a mentor having greater experience and wisdom guides the mentees to develop both personally and professionally. The WWS scheme aims at giving necessary orientation to needy students, to prepare themselves for employment and give them necessary guidance, motivation and mental support to identify appropriate areas of higher study as well as employment.

The activities for the academic year were planned and charted. Ten members of the permanent teaching faculty were selected as mentors for the sixty students based on their willingness to perform the task. Each internal mentor has to mentor any 6 of these students based on their choice. A list of internal mentors and the students allotted to them are enclosed. Smt Maya P.K Assistant Professor in Economics was appointed as the co-ordinator on 16th January 2019 when Mr Doney Kurian, Assistant Professor in Mathematics the co-ordinator was in a position to take up another employment.

Difficulties encountered

1. Unavailability & uncertainty of funds for conducting the scheme throughout the year.
2. Absence of students in the external mentoring classes on Saturdays as they prefer special classes, NCC and NSS programmes, Tuition etc.

Observations and Suggestions for improvement

1. Distribution of funds at the opening of the Academic year will increase the efficiency of the Scheme.
2. Guidelines for conducting internal mentoring is mandatory
5. Orientation programmes for internal mentors conducted by the new initiative team will be highly beneficial

ACTIVITY REPORT 2019-20

Walk With a Scholar (WWS) scheme has been designed to arrange specialised mentoring programmes for students in Under Graduate Programmes in Arts, Science and Commerce Streams. The scheme originally introduced the idea of mentoring, building on the concept of mentor as a “**Guide and Friend**”.

One of the most prominent themes in WWS is to develop students into Scholars. WWS aims to nurture a scholarly attitude among selected bright college students in all disciplines provide them with learning opportunities to help sharpen their academic and critical thinking skills, help them confidently pursue their personal and academic goals, and guide them to develop socially responsible citizens. The programme’s emphasis is on nurturing bright students to transform into scholars in their respective disciplines in socially useful ways.

With these ideas, the WWS Scheme hopes to provide students with opportunities for learning to achieve the following main outcomes

1. Academic Excellence

PRINCIPAL
K.S.M.D.B COLLEGE
SASTHAMCOTTA

2. Personal Growth

3. Social Orientation

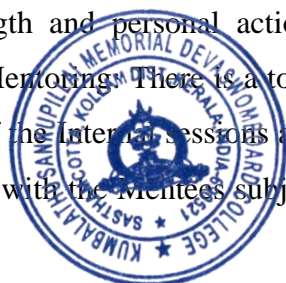

The activities for the academic year 2019-20 were planned and charted. WWS Co-ordinators meeting in connection with the Guidelines of 1st year WWS Programme held at Loyola College Sreekaryam on 21.08.2019. Since the scheme recommends that the scholars and internal mentors be from the same department, the College council held on 27th August 2019 identified five departments that will participate in the 1st year WWS programme. College Council selected the following departments: Two departments from Science Batch Two from Language Batch and One from Social science- Chemistry and polymer chemistry, Botany, History, Sanskrit, and Hindi. 5 Permanent teaching faculties are selected from these departments as Internal Mentors.

A total of 6 bright students are selected from each department and allotted concerned mentors. Now we have 15 Internal mentors - Five Internal mentors for 3rd Year Degree Batch Five Internal mentors for 2nd Year and Five Internal mentors for 1st Years having 90 scholars(6 mentees /one Internal Mentor). A list of internal mentors and the students allotted to them are enclosed. Two of our Internal Mentors got an opportunity to attend 2 day Master mentors training workshop on 29th August 2019. smt Maya P.K Assistant Professor in Economics was appointed as the co-ordinator, WWS 2019-20.

Internal Mentoring

Mentoring sessions were held at least once every month according to the convenience of the mentees and the mentors. The sessions included lectures, discussions and activities. Mentors assigned homework to their concerned mentees. All mentees have kept a diary for writing their achievements about each Internal and external session. After the sessions mentors take the feedback.

- I Year Internal Mentoring: There is a total of 10 Internal Mentoring sessions for I year. The components of the I year Internal sessions are- know your scholar, Philosophy of discipline, self-directed learning, critical thinking and interdisciplinary, Identifying personal strength and personal action plan, Book review and SWOT analysis. II Year Internal Mentoring: There is a total of 7 Internal Mentoring sessions for II Year. Components of the Internal sessions are the Basis of research, Discussing a journal article concerned with the mentees subject, Higher education opportunities,

PRINCIPAL
K.S.M.D.B COLLEGE
SASTHAMCOTTA

Review of personal development plan etc. Though the mentees subjects are different from mentors it shows difficult to manage the components of internal mentoring.

- III Year Internal Mentoring: In the third year there are only 6 Internal Mentoring sessions for III Year. Components of the Internal sessions are preparing CV/Biodata, Interview preparation skills, presentation of the personal development plan and conducting a mock interview with all scholars.

External Mentoring

A panel of external mentors has been prepared in consultation with the mentees and internal mentors. Eminent personalities who made remarkable contributions in their fields have been included in the panel. We have tried our best to include all components of external mentoring sessions as per Guidelines. Only those experts who have conducted mentoring classes elsewhere and Experts from KSM DB College who have excellent feedback were invited for this programme. The class were arranged according to the convenience of the mentees. The mentoring programmes were conducted on Saturdays/ Sundays/Holidays to ensure that the mentees will not miss out on their regular classes. The feedback from the students reveals that they are highly benefitted from these external mentoring sessions. The External Mentoring sessions started in October 2019.

There is a total of 18 External Mentoring sessions conducted for I years. The components of each session are Review of Academic Book: To review Book, Coordinator Purchased Books “Wings of Fire” for each mentee as per External Mentor’s suggestion and he dictated each mentees performance. Other components are- Essential aspects of Research, SWOT analysis, Goal setting; Meet two experts through Interactions, Arts and self-development and understanding Constitution and democratic values. There are 7 External Mentoring sessions conducted for II years. The components of each session are Review journal article- here also Book “Wings of fire provided for review Book, Learn a soft skill and presentation skills, Gender sensitization and Environment Sensitisation. To know students gender sensitisation our second year mentees prepared a questionnaire and conducted a survey and prepared a report regarding the Topic. For Know Environment

ASAP (ADDITIONAL SKILL ACQUISITION PROGRAMME)

**ADDITIONAL
SKILL ACQUISITION
PROGRAMME**

Additional Skill Acquisition Programme (ASAP), a joint initiative of General and Higher Education Departments, was launched with an objective to impart quality skill education to the higher secondary / undergraduate students alongside their regular curriculum. ASAP trainees shall undergo a mandatory soft skill training programme of 180 hours. The module includes 100 hrs of Communication module and basic IT module of 80 hours. Foundation module helps students improve their presentation skills, rise their confidence level, groom them to be a better individual by inculcating moral values etc. Skill course training of 120 – 250 hrs is carried out at various Skill Development Centres across the State. Regular mode of training delivers soft skill and industrial skill training to the students. A maximum of 35 students can be enrolled from the institution every year. Training is timed as prior to or after the regular class schedules to suit the convenience of the institution, students and the professional trainer appointed by the ASAP.

Annual Report 2016-17

In the academic year 2016-17 there were 32 students joined the ASAP. Most of the students were regular in the training. The FM classes were conducted regularly prior to the regular class i.e., 8.00 to 9.00. The students of the current batch opted Animator course as the skill course. The skill training was provided by Vismaya Max at Karunagappally. Due to some unforeseen problems, we were only able to start the skill courses after the month of October. Sreekala M., Assistant Professor, Department of Economics was the ASAP Coordinator till 8th August, 2017. On 9th August, the charge was handed over to Dr. Susmi Sabu, Assistant Professor, Department of Sanskrit.

The Orientation of ASAP was conducted on 16-11-2017 Thursday AN by the Programme manager Lekshmipriya R.K. at the Seminar hall. The Principal and the coordinator were present. 26 students were selected and among them 22 students were enrolled to ASAP. Two students, who belong to the APL General category - Jomy Sara John (I BA Malayalam) and Rishikesh Ravikumar (I B.Sc. Botany)- were considered for fee concession by the Hon'ble District Collector.

As per the decision of the CEO and training division, the current year's courses were limited to Foundation course and there were no Skill batches allotted to DB college. The classes were commenced on 20th June 2018. On 26th November, a Quiz competition 'Mega Quiz 2K18' based on Indian constitution was conducted by the ASAPians at the Digital Seminar Hall as part of the National Constitution Day Celebrations. The team of two students from the Department of English had won first prize. The Principal Dr. K Beena distributed awards to the winners. The FM classes and APTIS exams were completed in the stipulated time.

National Programme on Technology Enhanced Learning (NPTEL)

National Programme on Technology Enhanced Learning (NPTEL) is a project of MHRD initiated by seven Indian Institutes of Technology (Bombay, Delhi, Kanpur, Kharagpur, Madras, Guwahati and Roorkee) along with the Indian Institute of Science, Bangalore in 2003, to provide quality education to anyone interested in learning from the IITs. The main goal was to create web and video courses in all major branches of engineering and physical sciences at the undergraduate and postgraduate levels and management courses at the postgraduate level. NPTEL provides Online Certification Courses through an online portal with 4 to 8 or 12-week online courses, typically on topics relevant to students in all years of higher education along with basic core courses in sciences and humanities with exposure to relevant tools and technologies. NPTEL provides FDP courses also. The significance of Local Chapter in an institution is to develop a local link between students/faculty in the institution and SWAYAM-NPTEL. Once an institution becomes a SWAYAM Local Chapter, they will be able to better facilitate the MOOC adoption of the students as the portal provides sufficient features for allowing monitoring of learner progress to the faculty and SWAYAM coordinator (or Single Point of Contact) within the institution. Recently our college has been established as Local SWAYAM-NPTEL chapter co-ordinated by IIT Madras with ID (LC ID) 4027 and Dr.Shemeena Basheer N, Assistant Professor, Department of Physics has been selected as the single point of contact (SPOC). Following are details relating to activities under the programme -

CHEMISTRY BEHIND -THE DISINFECTING AGENTS FOR CORONAVIRUS

Coronavirus are made up of RNA and proteins that are surrounded by a protective Fatty layer(lipids) which are easily pulled apart by soaps and alcohols.

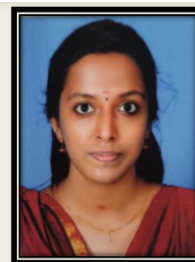

HOW SOAP AND SANITIZERS WORK AGAINST SARS CoV 2

Soaps are surface active agents which disrupts the lipid layer and leaves out contents to the environment and it destroys the fragile RNA.

The hand sanitizers that we use, contains certain % of water and alcohol which disrupts the lipid layer and denatures the protein. This causes for the loss of their specific shape and make the virus ineffective.

Glycerin, a humectant which is added to soaps and sanitizers to counteract the side effect on our skin such as drying out of skin.

Bleach another disinfectant which is a strong oxidising agent. It causes for the denaturation of protein of the virus which stops virus from working.

Humanity and secularism in Contemporary India

Sumayya L

I Sem. BA Political Science

Abstract

Humanity and secularism are very much discussed in the modern world. Where secularism is lost, humanity disappears. The way in which religious laws become political laws can be seen in India today. It has been seen in the northern Indian states for the last few days. The last few days have also seen evidence that religion has infiltrated even the educational institutions. This paper also introduces a solution to overcome this.

POLYMER PROCESSING

Presented by : Sreelekshmi S

56 BSc Chemistry

KSMDBC

Abstract of the presentation:

The application of polymers in day to day life. How the polymers are converted to desired form as per our need. There is where polymer processing is of prime importance, these are the various engineering techniques used for producing polymers of desired shape and size

Various polymer processing techniques available are :

Casting is a process in which liquid polymer is transferred to mould, moulded material is cooled to solidify. Compression moulding is used to produce articles from thermosetting materials

Injection Moulding is suitable to produce articles from thermoplastic materials. Extrusion moulding: cheapest technique which is used to produce films, filaments etc. Thermoforming is used for fabricating three dimensional articles from plastic sheets.

Abstract

Every three seconds, the world loses enough forests that could cover a football pitch and over the last decade, we have ruined half of our wetlands. On the other side when we think about technology, the first thing that leaps to mind may be the devices that most of us carry with us and use every single day. Smartphones, tablets, and laptops have revolutionized the way we live.

But when we look at the entire life cycle of our technological devices, it is easy to see why these electronic marvels are also a huge problem for our environment. The concept of environmental technology could save our planet from the harm that has been done. Green computing is the environmentally responsible and eco-friendly use of computers and their resources. In broader terms, it is also defined as the study of designing, engineering, manufacturing, using and disposing of computing devices in a way that reduces their environmental impact.

Changing food habits

Abstract

Food holds utmost importance in everyone's lives. Not just as a basic necessity for survival, it holds a cultural, social and sentimental significance in some communities. The traditions and rituals attached to meals and cuisines for some societies date back to ancient history. For many people, their meals are grand and have certain rules and principles attached to them. Some communities do not have their meals unless the entire family is present. Some others believe in taking the courses of a meal in a particular order. Food forms an integral part of culture and social richness of people. It also symbolizes social status and position for some people. People judge others on the basis of the food served to them, the order it is served in, the way they are presented and even the amount it is served in. Table manners and food habits hold utmost importance in some societies and their disobedience is taken as offensive and disrespectful. Some cuisines are an identity to their place of origin and the world often comes to know these places due to the food that travels all over the world. Today many food habits, traditions and manners have been changed due to various reasons. Due to globalization, cuisines have been altered and recipes have been modified to suit the various tastes. Due to the fast modern life and growing trend of nuclear families, many table manners have been ignored and eliminated from our lives. The trend of junk food and instant fast food has suppressed the concept of complete and balanced nutrition. Adulteration of food items has degraded the quality of food found these days.

SCHOLAR SUPPORT PROGRAMME (SSP)

Scholar Support Programme (SSP) is a part of the of the 'New Initiatives in Higher Education' instituted by the Department of Higher Education, Government of Kerala with a view to impart personalized additional support to needy students through tutorials, study materials, additional lectures, question banks and interactive sessions, The Directorate of Collegiate Education is responsible for implementing the programme. Funds are allotted to colleges for the implementation of the programme. It follows the guidelines provided by the Department of Higher Education. Students who have scored less than 60% aggregate marks in the qualifying examination and those who need some additional support in identified subjects alone are to be included in the programme. In the event of difficulty in identifying such students, students having the lowest percentage of marks in the qualifying examination from among the applicants may be selected. The college council is the governing committee for monitoring and assuring the proper implementation of the programme through periodic assessment on the progress and improvement. The selection of

the subjects under this scheme is opted annually by the analysis of the results of the college in the previous year. A governing committee monitors the activities and implementation of the programme and performs periodical assessment to evaluate and suggest measures to improve its effectiveness.

REPORT ON SCHOLAR SUPPORT PROGRAMME (SSP), 2016-17.

Our college had given willingness to introduce Scholar Support Programme in the academic year 2016-17. For this **Dr.PreethaG.Prasad** was entrusted with the duties of the **Coordinator**. The Coordinator attended the Two day Capacity Building Workshop for the Coordinators of SSP held at Layola Extension Services, Loyola College of Social Sciences. It was very helpful for us for the effective institution of the programme.

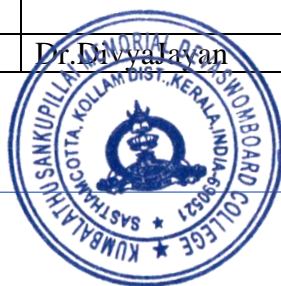

The departments selected by the college council for the SSP programme were:

1. Department of Sanskrit
2. Department of Hindi
3. Department of Chemistry
4. Department of History

The details of the faculty members and the paper selected are given in Table 1. The list of selected students are exhibited in Table 2.

The resource persons conducted periodical tests and assignments and given back to the students after correction. They assessed the progress of the students accordingly. All the resource persons the two page activity report and faculty diary in the prescribed format on completion of the sessions. The study materials suggested by the faculty members along with those prepared by the Department of Higher Education to the students. A list of suggested text books were handed over to the coordinator from certain departments which were procured through outside book stalls. The amount remained after all these were evaluated and utilised completely for the purchase of text books as study materials. **Text books worth sum of Rs.39,631.00 (Rupees thirty nine six hundred and thirty one Only) were procured under this scheme and included in the Stock.** It was dispersed to the respective departments for effective use by the students.

ANALYSIS OF FEED BACK OF FACULTY MEMBERS

The feed back were collected from the resource persons of the SSP 16-17 in the prescribed format. The important suggestions include the allotment of more sessions for the paper as the students selected were slow learners and weak, implementation of more external mentoring sessions on each semester by experts to improve the level of confidence and positive attitude in these children. In certain disciplines where there were no text books available, the study materials were also prepared as bound volume and included in the stock as study materials.

EXTERNAL MENTORING CLASSES

The external mentoring sessions were engaged by **Ms. Maya Susan Jacob, Consulting Psychologist, Girideepam group of Institutions, Kottayam on 18th February, 2017. Three sessions of one hour duration each were handled on topics .** The teachers were allowed only for one session after which there sessions were completely dedicated for the selected students of SSP. The general feed back about the sessions showed that the students were impressed. They expressed their heart felt feeling that sessions like this should be extended to their parents. Then only it will be completely beneficial. The students were motivated well and they were freely and actively interacting with the resource person. A two hour mentoring session was handled by **Dr. R. Sasiil Kumar, Associate Professor, Department of English, D. B. College, Sasthamcotta.** He concentrated on **Effective communication and Career Perspectives to the students.** It was on 04th March, 2017.

DEVASWOM BOARD COLLEGE, SASTHAMCOTTA
REPORT ON SCHOLAR SUPPORT PROGRAMME (SSP), 2018-19.**

Our college was selected to introduce Scholar Support Programme in the academic year 2018-19. For this **Dr.PreethaG.Prasad** was entrusted with the duties of the **Coordinator**. She had attended the Meeting of the Coordinators of SSP held at Layola Extension Services, Loyola College of Social Sciences on 12/09/2018. It was very helpful for us for the effective institution of the programme. The College Level Monitoring Committee (CLMC) was constituted with the following members:

- | | | |
|----|----------------------|--|
| 1. | Dr. K. Beena | Principal |
| 2. | Dr.V. Jayasree | Coordinator, IQAC |
| 3. | Dr.Preetha G. Prasad | Assistant Professor, Department of Chemistry |
| 4. | Ms.S. Parvathy | Assistant Professor, Department |

8.	Ms. Anaswara	I Semester B.A.Political Science	Student Coordinator

The CLMC meetings were organized periodically to assess the progress and to suggest measures for the smooth conduct of the programme. The departments selected by the college council for the SSP programme were:

- | | |
|------------------------------------|--|
| 1. Department of English | 3. Department of Chemistry and Polymer Chemistry |
| 2. Department of Political Science | 4. Department of Mathematics |
| 5. Department of Economics | |

The details of the faculty members and the paper selected are given in Table 1. The list of selected students are exhibited in Table 2. The internal mentoring classes were started for the first semester and were concluded by 03/12/2018. The internal mentoring classes on Life Skills Level I were started by 29th December 2018. All the 32 sessions were engaged by the resource person Mr. Akhil Raj, Skill Development Executive, Additional Skill Acquisition Programme, Government of Kerala as per the schedule exhibited in Table 3. The four classes on Learning skills were handed by Dr.SajithS.J.Sasi, Assistant Professor, Department of Hindi, Sree Narayana College, Kollam on 02/02/2019. The 24 sessions of IT were engaged by Mr. Aman Hakkim, Computer Programmer, IHRD College, Kundara as per the schedule exhibited in Table 3. The student participation was not so encouraging in all the external mentoring sessions.

REPORT ON SCHOLAR SUPPORT PROGRAMME (SSP), 2019-20.**

Our college was selected to introduce Scholar Support Programme in the academic year 2019-20. For this **Dr.PreethaG.Prasad** was entrusted with the duties of the **Coordinator**. She had attended the Meeting of the Coordinators of SSP held at Layola Extension Services, Loyola College of Social Sciences on 09/08/2019. It was very helpful for us for the effective institution of the programme. The College Level Monitoring Committee (CLMC) was constituted with the following members:

1.	Dr. C. Unnikrishna Pillai	Principal	Secretary
2.	Dr.V. Jayasree	Coordinator, IQAC	Member
3.	Dr.Preetha G. Prasad	Assistant Professor, Department of Chemistry	Coordinator
4.	Ms.S. Parvathy	Assistant Professor, Department of English	Member
5.	Dr.Santhi Jose	Assistant Professor, Department of History	Member
6.	Dr. S. Jayanthy	Assistant Professor, Department of Sanskrit	Member
7.	Ms. Aparna	I year B.Sc. Polymer Chemistry Student	Student Coordinator

The CLMC meetings were organized periodically to assess the progress and to suggest measures for the smooth conduct of the programme. The departments selected by the college council held on 28th June 2019 for the SSP programme were:

For II year:

1. Department of English
2. Department of History

3. Department of Political Science
4. Department of Mathematics

For I year:

1. Department of English
2. Department of History
3. Department of Chemistry and Polymer Chemistry

REMEDIAL TEACHING PROGRAMME

PRINCIPAL
K.S.M.D.B COLLEGE
SASTHAMCOTTA

The students identified as slow learners, based on the learning level assessment policy are given additional and remedial sessions. Remedial programme monitored by the departments helps to support slow learners to be on par with their peers.

PEER TEACHING

As part of developing the teaching skills of PG students as well as boosting their soft skills, Peer teaching is carried out by all the PG departments. This gives opportunities to those students who are interested in taking classes for their peers. From 2016-17 onwards, Peer teaching sessions have been extended to Final year students, due to their keen interest in the process. They take classes for First and Second year degree students.
