

KUMBALATHU SANKUPILLAI MEMORIAL DEVASWOM BOARD COLLEGE

(Re-accredited with 'A' Grade by NAAC)
SASTHAMCOTTA, KOLLAM District, KERALA

CRITERION 2

2.5.2. Examination related grievance redressal mechanism

Examination Related Grievance Redressal mechanism

The complaints of the students related to the continuous internal evaluation will be addressed by the grievance redressal system functioning in the college. The entire process is decentralised and different bodies take part in the transparent, time bound and efficient mode of addressing the grievances raised by the students.

CLMC

Continuous evaluation is done in a systematic and monitored manner by the CLMC. CLMC together with the IQAC prepares the academic calendar in unison with the academic calendar published by the University. The internal examination time table is prepared well in advance and is intimated to the departments. The departments are directed to display the time table as well as the seating arrangements in their respective notice board. The attendance of the students is recorded by the respective departments. Re tests were conducted on the basis of genuineness. The result of examination is published in a time bound manner. Answer sheets of test papers are given to the students so that they can voice any grievances related to the internal exams to the Department Level Monitoring Committee through their tutor. The committee can consider all the complaints not redressed by DLMC. While considering the complaint, the College union Chairman was included as an invitee in the CLMC.

DLMC

The DLMC under the coordination of the head of the department addresses the internal exam related grievances. The DLMC takes steps to re assess the learner's performance and revaluation is done, if found genuine and necessary. In case the learner is not satisfied at this level, they can bring up the matter to the CLMC.

Tutor

The students can raise their complaints related to internal evaluation at the primary level with their tutor. Tutor may report the issue to DLMC and revaluation is done by the tutor. In addition to internal examination Assignments/ seminars are also given as part of the continuous evaluation, by the tutor. The assignments are returned within 15 days to the learner. Complaints if any can also be reported to DLMC

Mentor

Apart from the tutor, a mentor is also assigned to students for discussing any grievances and issues. The mentoring system ensures that students be the Bindividual hardles addressed at the department level, thereby enabling him her the mentor assesses the lands of Parties through interactive sessions and addresses their grevances and issues accordingly COLLEGE

ULMC

Any grievances related to university examination or that cannot be settled by the CLMC can be raised before the university level monitoring committee. The complaint if any, can be forwarded through the Principal to the ULMC. ULMC acts as an appellate committee. Any complaint not redressed by CLMC can be examined and settled by ULMC

GRIEVANCE REDRESSAL & COUNSELLING CELL (GRCC)

The Grievance Redressal and Counselling Cell (GRCC) of the college is a forum that addresses genuine problems /complaints of students mainly and those of other stakeholders of the institution too. Besides, the Cell also takes up matters of counselling when required.

The GRCC has been constituted with the college Principal as Ex -officio Chairman and 6 members, duly considered from the Language, Science, Humanities and Commerce fraternities of the college.

The GRCC for the academic year 2020 -21 includes:-

- 1. Dr. K.S.Anil Kumar, Principal (Chairman)
- 2. Dr. Sushil Kumar.R, Asso.Prof of English (Convener)
- 3. Dr. Beena .B , Asso.Prof of Chemistry (Member)
- 4. Dr.Mini Chandran , Asso. Prof of Zoology (Member)
- 5. Dr. Madhu .T, Asst .Prof of Malayalam (Member)
- 6. Dr.Ajesh.S.R, Asst.Prof of Commerce (Member)
- 7. Prof.Sreekala.M, Asst Prof of Economics (Member)

This 'student-friendly' forum strives to maintain a conducive and unbiased environment in the campus, focusing on academic and non -academic matters. The Cell shall redress grievances at the individual level / class level / college level. The regulations for the same are being drafted and will be published soon; following the UGC Regulations of 2018. Students are requested to note that filing a complaint is serious and hence they are to use the power in a responsible manner. At the same time, the college assures students that once a complaint is made, it will be treated with sensitively and confidentiality. filing The provision complaints will online -facilitated. for be The CLMC and the Tutorial Wing of the college will also have an integral role in the functioning of the Cell.

PRINCIPAL K.S.M.D.B COLLEGE SASTHAMCOTTA

Grievance Redressal and Counselling Cell

Grievance Redressal Policy

"What more can a higher education institution cultivate than a congenial atmosphere for young minds to evolve and cut out a firm personality that caters to needs and demands of a civic society in its course of development!"

Keeping with this idea, the Grievance Redressal and Counselling Cell (GRCC) of the college functions in such a way that every student is groomed the right way towards qualitative enrichment. The Cell formulates a policy that encapsulates this. KSMDB College is a student- friendly institution that leaves no stone unturned for nourishing the academic experience of students here.

The Grievance Redressal Cell is a forum that includes 7 members, including the Principal as

Ex- officio member. Members are selected giving due emphasis to seniority and equal gender representation.

The GRCC has as its function the task of addressing grievances of students and staff. It also discharges Counselling(internal as well as external, if required) responsibility. Chief Functions of the Cell

- 1) Academic grievance- Addressing issues raised by students on academic matters eg. faculty skill in teaching effectively, evaluation etc.
- 2) Irregularities in administrative support
- 3) Discrimination on the basis of caste, religion, gender etc.
- 4) Lack of facilities for students(especially for online learning)
- 5) Student conflict
- 6) Staff grievances

The tenure of a committee is two years.

 In addition to this individual and group Counselling sessions are conducted, if required, for the students. External experts are hired for the case, if needed.

The students can submit their grievances through a customised link given in the college website under online services: https://ksmdbc.ac.in/online-services/

	Summary of the discussion from the tutorial session	Major grievances you want to highlight	Any other points you want to mention
	40 out of 69 students participated in this tutorial session.	,	
	Students actively and honestly gave opinion about the online classes. Majority of the students are unhappy about		
	the fact that they are not able to come to college and attend the regular classes, but at the same time as the		
	only option they are now feeling comfortable with the		
12	online classes.	* Majority of the students are having network issues.	Nil
	Students were very enthusiastic to voice their opinion		
	regarding online classes. They unanimously expressed		
	the view that the classes are useful but commented on the monotony of the schedule from 8:30 AM to 1:30 PM which		
	is creating stress, boredom and leave them exhausted to	Duration of such succious should be undered	
	pursue any other activity for the rest of the day. They enquired whether it is possible to include co-curricular	Duration of each session should be reduced. Network issues.	
40	activities also within the 8:30 to 1:30 schedule as in	Health issues like headache, eye strain, back pain etc.	
13	college. All 22 students participated in the discussion. Through the google form and one tutorial session by Dr	Lack of time to charge phone due to continuous classes.	
	Arunshanoj, we collected the data from the students.		
	Students are not satisfied with this online sessions. Network problem downloading google meet and classroom	1. Low network coverage-94.3%	
	leads to no space in mobile phone and financial problem	2.Physical health problem-9.2%	
	to data recharge etc are main items for their discussions.Students all opined that all classes are good	Lack of Proper device-4.6% A.Recharging is not possible due to lockdown-25%	Financial problem is major problem of this students.
	but technical issues need to be addressed, only one	5.No proper attention due to continuous classes-41%	There are only two faculty now teaching these students so
14	student have laptop all others are using mobile phones to join the class.	Lack of knowledge to opearte online platforms-3.4%	in every day they got one hour free. So duration of class is not a major problem in this group.
	S 5 Zoology tutorial session was conducted on 4/8/2020		
	and discussed about the grievance of online classes. All students (47) actively participated in the session. Main		
	issue raised by the students was concerning their health.		
	93% of the students reported network issues. All the students own either laptop or smart phones. 38% of the		
	students were found to be facing financial problems		
	regarding data recharge. 85% suggested to reduce class hours. On a total, 57% were of the opinion that online		
	classes are good and remaining 43% said that it is		
	satisfactory. 6% of the students suggested to record and

	number of classes per day. Most teachers continued their		
	lecture session even after scheduled time while some of them only leaves when students informed about the		
	upcoming class. So, they couldn't punctually join the next		
	class. The last hour lecture by some teachers got		
	extended even after 1.30 PM. Two students complained		
	that their open course classes are always taken from		
	8.30 AM to 9.30 AM. Some open courses start only at 9.00 AM instead of 8.30 AM, it brought large		

So they requested to reduce the class hours from 5 hours to 3 hrs if possible.

29 Health and Net Work problem

After listening to the issues in the online teaching system, most of the students arise the problem of poor net connectivity. Power failure due to bad weather conditions, serious leath tissues, duration of the class (8.30 to 1.30) etc

1	Summary of the discussion from the tutorial session	Major grievances you want to highlight		Any other points you want to mention
*Most of the students protested on the duration and number of classes per day, teachers continued their lecture session even after scheduled time while some of only leaves when students informed about the upcoming class. So, they couldn't punctually join the next class. The last hour lecture by some teachers got extend after 1.30 PM. Two students complained that their open course classes are alw from 8.30 AM to 9.30 AM. Some open courses start only at 9.00 AM instead of 8 it brought large inconvenience to them. They also requested to reduce the numb classes per day from 5 to 3. *Students didn't have prescribed text books with them. Most of the teachers shat in pdf through WhatsApp. Some teachers told them to take screen shots of their point presentations during streaming and prepare their own notes. Continuous uphone for writing notes and assignments after class time increases their health is and mental stress. *About 14 students complained about various health issues caused by online classhich includes severe head ache, eye sight problem, shoulder pain, ear pain, ba etc. One student said he is facing some mental depression and sleeplessness di continuous usage of mobile phones. *About 15 students didn't have proper network coverage in their residential areas many days, they were unable to join the class within first 5 minutes and couldn't the lectures properly. When a student informed this inconvenience to a teacher, concerned teacher scolded him. Same complaint was also aroused by a student organic Chemistry Reactions and derivations under physical chemistry topic, proper of the teachers are finishing their topics so quickly, that the students coul follow well. **Continuous mobile usage quickly drains away the mobile battery charge and he many of them attend the online classes by charging their mobile phones. They a much anxious about such usage.		d even /s taken 30 AM, or of notes sower age of sues k pain e to the So ollow ne eight ine eight	ssues,

	As per the instruction of the principal, an online discussion with students of S3 P.G was arranged on 03.08.2020 to have their feedback on online classes. They are quite ok with the online classes. They have no connection issues or health problems. The only problem they pointed out is that due to the lack of faculty members, they don't get proper classes for two papers-Functional and Graph theory, so they asked if there is an option to arrange these classes for them.	Lack of faculty members		parding insufficient faculty members should
	As per the instruction of the principal, an online Tutorial session for students of S5 U.G was arranged on 04.08.2020 to have their feedback on online classes. The S5 students complained that they are getting only two hour classes per day due to the lack of faculty members in the Department. They asked to take necessary action in this regard. Some students can't hear the class continuously due to Network issues. Some students requested to give notes in advance before the class	They are not getting enough classes due to insufficient number of faculty members		
	As per the instruction of the principal, an online Tutorial session for students of S3 U.G was conducted on 06.08.2020 to have their feedback on online classes. They can't concentrate on continuous classes for up to 5 hours. They should also use mobile phones for writing down the notes as well. Some of the teachers engage classes for more than half an hour. Some students can't hear the class continuously due to			

1 Summary of the discussion from the tutorial session	Major grievances you want to highlight	Any other points you want to mention
The tutorial session of S5 BSc Chemistry was conducted on 3/08/20220 & 4/08/2020. All students participated in the tutorial session. All students responded that the online classes were satisfactory. After that, they discussed the issues they face in online classes. One student mentioned about the financial difficulty for data recharge. Nine Students in the class reported poor network coverage. Most students commented that number of classes should be limited to three per day and that the duration of each class should be one hour. 85 % of students reported problems with headache, ear problem and back pain as they had to spend a lot of time in online classes. Fifth sem BA Tutorial meeting scheduled on 06.08.2020 at 9.30 am. Only 50 percent of students attended the tutorial meeting. Separate google form created and send it to the whats up group of students to collect information of absentee students. All students unanimously said that online classes are creating various problems to them.	Health problems and duration of class When the state of	Any other points you want to mention Its needs to give interval time between classes. Majority of students are absents due to various reasons. Time socketule (3.3 to 1.30) and continuous class without interval is not preferable for students.
Out of the 78 students only 54 have access to Laptop or Smartphone. The Responses 22 are mainly from the 51 students having ICT facilities and attend classes.	All the students is verification of the data package is a sum in portage concern.	The last ie of students who lacked IC levice is to be addressed.

Major grievances you want to highlight

About the duration of classes and severe health problem especially eye problem, back pain, head ache Synchronous method of teaching is consuming a lot of data. Most of the students face Network related problems. Some regular

students are anxious that they are not able attend the class continuously due to Network issues Included in the uploaded file as remarks

Network problem

Poor network coverage, Battery charge loss and heat generation due to continuous classes.

Network problem, Lack of proper device, Data recharging problem, Class Time

Both the students and teachers are not at all motivated.

1. The duration of class time may be reduced

2. Battery charging time of minimum 30 minutes may be for this purpose, online class time may be rescheduled

Two paper portions are still pending due to shortage of teachers.

nr class. PRINCIPAL
K.S.M.D.B COLLEGE
SASTHAMCOTTA

I think it is better to avoid 5 hour (8.30 to 1.30)per day. Setting Only 3 hour per day can reduce certain grievances. Teachers are not able to complete the class with in 20 minutes. Hours may be rescheduled as 8.30-10am, 10 am-11.30, 11.30am-12.30.

Recorded sessions on You Tube will also beneficial to the students.

Using new facilities of google classroom is also recommended.

Financial problem is major problem of this students. There are only two faculty now teaching these students so in every day t hey got

one hour free. So duration of class is not a major problem in this group.

Delay in timely communication of Link to classes resulted in many students failing to attend classes. Students feel that for some

subjects, posting of recorded videos instead of live classes make it very difficult for them to follow.

To retain the charge of mobile battery, they reduce the brightness of the screen, which lead to Eye ache & Eye watering; very serious

problem. Except two, all are using mobile phone.

The issue regarding insufficient faculty members should be addressed

Blended learning System (Both Synchronous and Asynchronous learning methods) for each and every topic covered in the online

sessions to rectify poor net connectivity.

Its needs to give interval time between classes. Majority of students are absents due to various reasons. Time schedule (8.30 to 1.30)

and continuous class without interval is not preferable for students.

The issue of students who lacked ICT device is to be addressed.

Grievance boxes are placed near principal's office and examination wing for students to raise their concerns
