Creative Thinking Memory Analytical Morality Academic

You think outside the box. A flexible thinker, you have no problem coming up with a plan B. You can always work yourself out of a jam, thanks to your quick mind. Strategizing is a snap for you, and you can make creative decisions without much thought.

## Let Curiosity Reign

Thrively recommends thousands of enriching online activities to students based on their strengths and interests. In as little as 20 minutes, students deepen their understanding of the topics that they love most. Students write journal entries to demonstrate their personal growth.

### Start With Strengths And Interests

For students aged 8 years old +, start with the Thrively Strength Assessment and Interest Profiler. The Thrively Strength Assessment is built from the ground up for students and measures 23 strength areas. Our Interest Profiler connects over 200 categories to potential career pathways and a library of content targeted to exploration of personal interests.

## Recognize and Celebrate Action

Students set goals, track accomplishments and document their progress through the self directed platform in Thrively's Digital Portfolio. It's the perfect system to capture a student's exploration and discovery and recognize a student for their effort. And each year's Digital Portfolio sets a starting point for next year's actions!
