You think outside the box. A flexible thinker, you have no problem coming with a plan B. You can always work yourself out of a jam, thanks to your quick mind. Strategizing is a snap for you, and you...

Start With Strengths And Interests

Each student starts with the Thrively Strength Assessment and Interest Profiler. The Thrively Strength Assessment is built from the ground up for students and measures 23 strength areas. Our Interest Profiler connects over 200 categories to potential career pathways and a library of content targeted to exploration of personal interests.

Exploration Drives Engagement

Students research interests and potential career pathways to build a vision for their future. Activity Recommendations provide students with a range of next steps to take action to deepen their knowledge of options. Exploration and discovery is an engaging and authentic process driven by the strengths and interests of each student.

Experience Real-World Impact

Thrively has partnered with thought leaders in education to create authentic, collaborative learning experiences where students solve real-world problems. Students learn research and data-analysis while helping Madisano's Gelato Company introduce a new flavor; they develop presentation skills while solving a UN Sustainable Development Goals; students create a new social enterprise working with a CNBC contributor.

Build Skills With Courses and Lessons

Access hours of online courses and lessons to ensure ALL students have the knowledge and skills to be successful: Career Exploration, Study Skills, Time Management, Financial Aid, SMART Goals, A-G Requirements, Post Secondary Options, Financial Literacy, Entrepreneurship, Social Enterprises and more!

Engage The Community Around Student Success

Form student groups and add community resources to help support relevant student activities. Encourage Parents to support projects that leverage local resources. Use Thrively's Activity Recommendations to build awareness about these local resources and connected learning opportunities.

Recognize and Celebrate Action

Students set goals, track accomplishments and document their progress through the self directed platform in Thrively's Digital Portfolio. It's the perfect system to capture a student's exploration and discovery and recognize a student for their effort. And each year's Digital Portfolio sets a starting point for next year's actions!
