Qualification Pack

ASC/N9720: Drop the customer safely using the quickest route

Description

This OS unit is about the individual driving safely and dropping the passengers by taking the quickest route

Scope

This unit/ task covers the following:

- driving safely to ensure passengers and public safety
- picking and dropping the passenger safely using the quickest
- traffic regulations to be followed
- conduct with passengers and public

Elements and Performance Criteria

Conformance to standard driving practices

To be competent, the user/individual on the job must be able to:

- PC1..** confirm all checks have been carried out for road worthiness of the vehicle.
- PC2.** confirm all papers and documents including driving license, vehicle documents etc are available and valid
- PC3.** start the vehicle and before moving re confirm all gauges are functioning and in built navigation system if available.
- PC4..** after starting, but within few meters of moving- to check the brakes.
- PC5..** change gear smoothly and in good time; coordinate the change of gears with steering control and acceleration
- PC6.** use the accelerator, steering control and brakes correctly to regulate speed and bring the vehicle to a stop safely
- PC7.** coordinate the operation of all controls to manoeuvre the vehicle safely and responsibly in all weather and road conditions in forward gear. In reverse gear to take help of assistant
- PC8..** use the windows, wipers, demisters and climate and ventilation controls so that you can see clearly
- PC9..** monitor and respond correctly to gauges, warning lights and other aids when driving
- PC10..** in case of any malfunctioning or breakdown, to immediately attend to the problem by : - stopping the vehicle at a safe place -carrying out a quick diagnostic check -carrying out minor adjustments or temporary repairs if possible -asking for help in case of major problems by accurately reporting the exact nature of problem so that adequate help is made available -at all times while driving to practice good driving habits of gear change, acceleration and braking to ensure obtaining maximum fuel efficiency.
- PC11.** check the working of in-built GPS system if fitted.

Picking and dropping passengers

To be competent, the user/individual on the job must be able to:

- PC12..** load the passengers luggage (if any) in the boot of the vehicle
- PC13..** offer help for boarding to elderly or differently abled customers

Qualification Pack

- PC14..** start the engine, wear seat belt, ensure that front row passenger also wearsthebelt. Also ensure that all doors are locked; child locks as needed.
- PC15..** check with the passenger about his destination / schedule if not informed in advance
- PC16.** select the destination route of the passenger considering the traffic condition and distance
- PC17..** start and adjust air conditioning and ventilation as per customer requirement.
- PC18.** tune in to radio station channels as per customer/owner choice
- PC19.** drive through the selected route without violating any traffic norms
- PC20..** If unsure about the route stop and ask for directions from locals
- PC21.** avoid unnecessary honking and avoid using high beam lights in city
- PC22..** Enroute, pay toll charges if any
- PC23.** do not use mobile phone while driving
- PC24.** do not indulge in unnecessary talk with customer and specially avoid topics involving sensitive issues.
- PC25.** on reaching the destination stop the vehicle and help customers in deboardingsafely taking special care in case of elderly and differently abled
- PC26..** unload the luggage from the boot of vehicle and keep it inside the house as expected
- PC27..** wish the customer appropriately before parting

Conformance to traffic regulation

To be competent, the user/individual on the job must be able to:

- PC28..** Conformance to state specific traffic regulations such as changing lanes safely at appropriate speed and observing traffic conditions overtake other road users legally, safely and by using correct signaling at all times observe the speed and distance in relation to vehicles ahead, behind and on the sides and maintain a safe distance from other vehicles. signal your intentions correctly to other road users within a safe, systematic routine respond appropriately to all permanent and temporary traffic signals, signs and road markings as well as hand signals of traffic policeman. use indicators and arm signals to signal intentions as per the traffic requirements Use the parking light when stationary, where needed select a safe, legal and convenient place to stop; secure the vehicle safely on gradients using hand brakes and wheel choke check for oncoming cyclists, pedestrians and other traffic before opening your door remain calm and composed during difficult situations like traffic jam, accidents and strictly avoid any feud with fellow commuters and other public

General conduct on the road

To be competent, the user/individual on the job must be able to:

- PC29.** give preference and right of road usage to children, elderly and differently abled. Comply with any related rules, regulations and practices for handling general public issues as well as show consideration towards stray animals

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** policies on safe driving practices; system and processes to ensure safe driving
- KU2.** reporting structure
- KU3.** procedure to be followed for multiple activities in the schedule, clashes,emergency etc.

Qualification Pack

- KU4.** safe driving techniques such as avoid over speeding and follow prescribed limits maintain safe distance from other vehicles avoid pot holes, stones, other strewn objects in case of bridges and underpasses, observe and avoid driving when water level is above danger mark observe movement of pedestrians to avoid collision observe movement of stray animals to avoid collision
- KU5.** alternate routes in case of natural calamity, road construction work etc.
- KU6.** troubleshooting techniques in the event of technical problems like wheel changing by using jack
- KU7.** traffic regulations
- KU8.** elements of good driving habits for obtaining fuel efficiency :avoid clutch ridingavoid frequent changing of gearsavoid frequent brakingavoid over speedingavoid idling of engine beyond reasonable limitavoid high idling speed setting in engineensure there is no brake bindingobtain right grade of fuel from authorized outlets onlyensure correct quantity of fuel received as per bill

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** to communicate effectively in local language and also preferably basic spoken Hindi and basic written English
- GS2.** communicate information in a format that the passenger is able to interpret
- GS3.** behave courteously with owner & other incidental passengers .
- GS4.** seamlessly coordinate with ownerto ensure timely pickup and drop of members
- GS5.** assist other drivers who require help and take help where needed (for agencies)
- GS6.** coordinate with traffic inspectors,toll operators etc.
- GS7.** keep oneself updated with the new vehicle technologies and functionalities
- GS8.** gain knowledge/ experience from driving on of different routes and profile of passengers
- GS9.** plan and drive based on traffic and road condition using radio links/navigation aids where available
- GS10.** plan safe handling of life and materials as per the exact load being transported e.g special people groups like children,elderly,differently abled or perishable, hazardous goods
- GS11.** fitness of vehicle for safe driving
- GS12.** breakdown condition
- GS13.** accident and emergency situations and medical emergencies
- GS14.** assess the problem, evaluate the possible solution(s) and use an optimum /best possible solution(s)
- GS15.** identify immediate or temporary solutions to resolve delays and crisis situations
- GS16.** manage children, aged and differently abled individuals
- GS17.** effective tackling ofpassengers and public who may be stressed, frustrated, confused, angry or drunken
- GS18.** build passenger friendly work environment and use customer centric approach to resolve crisis
- GS19.** resolve conflict while dealing with passenger and public

Qualification Pack

GS20. how to learn from past mistakes to resolve technical and non-technical problems

Assessment Guidelines and Assessment Weightage

Assessment Guidelines

1. Criteria for assessment for each Qualification Pack will be created by the Sector Skill Council. Each Element/ Performance Criteria (PC) will be assigned marks proportional to its importance in NOS. SSC will also lay down proportion of marks for Theory and Skills Practical for each Element/ PC.
2. The assessment for the theory part will be based on knowledge bank of questions created by the SSC.
3. Assessment will be conducted for all compulsory NOS, and where applicable, on the selected elective/option NOS/set of NOS.
4. Individual assessment agencies will create unique question papers for theory part for each candidate at each examination/training center (as per assessment criteria below).
5. Individual assessment agencies will create unique evaluations for skill practical for every student at each examination/ training center based on these criteria.
6. To pass the Qualification Pack assessment, every trainee should score the Recommended Pass % aggregate for the QP.
7. In case of unsuccessful completion, the trainee may seek reassessment on the Qualification Pack.

Minimum Aggregate Passing % at QP Level : 75

(Please note: Every Trainee should score a minimum aggregate passing percentage as specified above, to successfully clear the Qualification Pack assessment.)

Glossary

| | |
|--|--|
| Sector | Sector is a conglomeration of different business operations having similar business and interests. It may also be defined as a distinct subset of the economy whose components share similar characteristics and interests. |
| Sub-sector | Sub-sector is derived from a further breakdown based on the characteristics and interests of its components. |
| Occupation | Occupation is a set of job roles, which perform similar/ related set of functions in an industry. |
| Job role | Job role defines a unique set of functions that together form a unique employment opportunity in an organisation. |
| Occupational Standards (OS) | OS specify the standards of performance an individual must achieve when carrying out a function in the workplace, together with the Knowledge and Understanding (KU) they need to meet that standard consistently. Occupational Standards are applicable both in the Indian and global contexts. |
| Performance Criteria (PC) | Performance Criteria (PC) are statements that together specify the standard of performance required when carrying out a task. |
| National Occupational Standards (NOS) | NOS are occupational standards which apply uniquely in the Indian context. |
| Qualifications Pack (QP) | QP comprises the set of OS, together with the educational, training and other criteria required to perform a job role. A QP is assigned a unique qualifications pack code. |
| Unit Code | Unit code is a unique identifier for an Occupational Standard, which is denoted by an 'N' |
| Unit Title | Unit title gives a clear overall statement about what the incumbent should be able to do. |
| Description | Description gives a short summary of the unit content. This would be helpful to anyone searching on a database to verify that this is the appropriate OS they are looking for. |
| Scope | Scope is a set of statements specifying the range of variables that an individual may have to deal with in carrying out the function which have a critical impact on quality of performance required. |

Qualification Pack

| | |
|---|--|
| Knowledge and Understanding (KU) | Knowledge and Understanding (KU) are statements which together specify the technical, generic, professional and organisational specific knowledge that an individual needs in order to perform to the required standard. |
| Organisational Context | Organisational context includes the way the organisation is structured and how it operates, including the extent of operative knowledge managers have of their relevant areas of responsibility. |
| Technical Knowledge | Technical knowledge is the specific knowledge needed to accomplish specific designated responsibilities. |
| Core Skills/ Generic Skills (GS) | Core skills or Generic Skills (GS) are a group of skills that are the key to learning and working in today's world. These skills are typically needed in any work environment in today's world. These skills are typically needed in any work environment. In the context of the OS, these include communication related skills that are applicable to most job roles. |
| Electives | Electives are NOS/set of NOS that are identified by the sector as contributive to specialization in a job role. There may be multiple electives within a QP for each specialized job role. Trainees must select at least one elective for the successful completion of a QP with Electives. |
| Options | Options are NOS/set of NOS that are identified by the sector as additional skills. There may be multiple options within a QP. It is not mandatory to select any of the options to complete a QP with Options. |
