LFS/MCr-0003 : Retail Chemist Prescription Audit

Description

The professional with Retail Chemist Prescription Audit will be able to gain knowledge and skills needed to excel in promoting pharmaceutical products to retail pharmacies, ensuring accurate sales reporting, and maintaining pharmacovigilance standards. This comprehensive micro credential covers essential areas such as understanding the retail pharmacy landscape, developing effective communication strategies, analyzing sales data for insights, and implementing pharmacovigilance processes. Participants will gain expertise in building relationships with pharmacy professionals, generating meaningful sales reports, and recognizing and reporting adverse drug reactions.
