MEP/Q7201: Security Supervisor

Brief Job Description

A Security Supervisor in the Private Security Sector is the first executive, who apart from his own duties has operational and administrative responsibilities towards a security unit comprising of 6-15 unarmed and armed security guards. They take over a shift, organize guarding duties as per organizational procedure and instructions from superiors, deploy manpower and resources optimally, allot duties to individuals and supervise their work. Supervisors also carry out security documentation, report security incidents to designated superior and agencies like police, fire and medical as the case may be.

Personal Attributes

Security Supervisors should be physically fit, mentally alert, educated and capable of handling subordinates. They should possess good communication skills. A supervisor should be able to set personal examples and motivate his/ her security unit. In emergencies, a supervisor should take initiative and get assistance from other agencies to control the situation.

MEP/N7105: Carry out screening and search activities to maintain security

Description

This unit deals in detail with the requirement for carrying out screening and search of people, baggage and vehicle at assigned premises, manually or assisted by provided equipment in line with organisational procedures and guidelines.

Scope

This unit/task covers the following:

- Prepare for screening and search activities
- Carry out screening and search on people and material passing through the area of control
- Carry out screening and search on vehicles passing through the area of control
- Use screening and search equipment

Elements and Performance Criteria

Prepare for screening and search activities

To be competent, the user/individual on the job must be able to:

- PC1.** screen and search people/ vehicle/ material seeking to enter/ exit from the premises as per relevant organisational procedures Organizational Procedure: on search and screening, in case of refusal from visitor to undergo search, on people's right to privacy and gender sensitivity during search
- PC2.** organise queues to manage people at the screening and search point effectively
- PC3.** respond effectively, within limits of authority and as per organisational procedures, to situations arising during screening and search
- PC4.** carry out screening and search operations manually or with equipment, efficiently, minimising risks and as per organisational procedures
- PC5.** report irregularities to superior in a timely, accurate and effective manner with necessary relevant details
- PC6.** maintain personal safety during screening and search operations

Carry out screening and search on people and material passing through the area of control

To be competent, the user/individual on the job must be able to:

- PC7.** carry out assigned tasks and perform duties ensuring persons' right to dignity, privacy and gender/ religious/ cultural sensitivity are respected at all times
- PC8.** segregate and isolate person or persons violating laid down procedures safely and effectively, with minimum disturbance
- PC9.** segregate and isolate material containing prohibited/ unauthorised items
Prohibited items: Weapons; firearms; ammunition; explosive; firecrackers; inflammable materials and gases, any other item that is prohibited by the Unauthorised items: organisations property, any other item specified by the organisation government or organisation

Carry out screening and search on vehicles passing through the area of control

To be competent, the user/individual on the job must be able to:

PC10. carry out screening and search operations using provided equipment as per laid down procedures
Screening and search equipment: metal detectors handheld, doorframe (stationery and portable); scanners body, baggage/ cargo and vehicle, under vehicle inspection mirror; any other equipment provided by organisation

PC11. carry out physical search of vehicle as per laid down procedures

PC12. segregate and isolate suspected vehicle for detailed search

Use screening and search equipment

To be competent, the user/individual on the job must be able to:

PC13. operate provided equipment in line with organisations instructions

PC14. report malfunctioning of equipment to superior in a timely manner, providing relevant detail, using laid down procedures

PC15. spot attempts of people trying to defeat the process/ equipment each time, avoiding possible distractions

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

KU1. organisational instructions and procedures for screening and search

KU2. organisations reporting procedure relevant to own duty and responsibilities

KU3. nature and types of unauthorised/ prohibited items in the organisation

KU4. sources of authorised information regarding persons exempted from search and categories of such people in the organisation

KU5. nature and actions of expected response in case of specific security situations

KU6. capabilities and limitations of screening and search equipment

KU7. common faults occurring in the screening and search equipment

KU8. signals emanating from equipment, their correct interpretation and relevant required response

KU9. items that cannot be put through screening and search equipment

KU10. procedure for checking the vehicle in a systematic manner

KU11. common methods and techniques adopted by people to defeat the screening and search equipment

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** document instructions and task lists
Task List: Team composition, Details of vehicle(s) and consignment, Route; alternate routes; halts; traffic conditions, Contact details of concerned agencies, Timings, Threat/risks involved, Reporting procedure

Direct and control parking in designated areas

To be competent, the user/individual on the job must be able to:

- PC1.** identify different types of parking areas and all entry and exit routes to available parking areas
Parking Areas: open parking; covered parking, multi-level car parking assisted by car parking technology
- PC2.** check prevailing conditions within the parking areas that impact operations, safety and security, and list anticipated consequences of these
Parking Conditions: surface and traffic conditions, visibility and lighting
- PC3.** ensure correct positioning of signage for guiding drivers
- PC4.** guide drivers to the available parking areas correctly
- PC5.** use protective gear at all times while carrying out parking duties as per company provision and guidelines
- PC6.** ensure drivers leave the area after parking as per laid down instructions

Deal with irregularities in parking areas

To be competent, the user/individual on the job must be able to:

- PC7.** identify and respond to irregular situations in accordance with organisations procedures and guidelines
Irregular situations: traffic congestion; accidents, vehicles violating instructions, unsecured vehicles; wrongly parked vehicles; vehicle alarms; abandoned vehicles; vehicle on fire; children and animals left in the vehicles; vehicles/ persons carrying prohibited items, person/s likely to misuse parking area for prohibited activity; persons behaving suspiciously/ aggressively
- PC8.** call for timely assistance from relevant personnel and take preventive steps to minimise risks and damage
Relevant Personnel: security team, sub-unit and superiors
- PC9.** report irregular situations immediately to superior with all necessary details

Monitor hazards and conditions of parking areas

To be competent, the user/individual on the job must be able to:

- PC10.** report hazards and defects to superior as per organisational procedure Hazards and defects: missing/ damaged lighting; signage and defaced markings, defective access control barrier/ equipment, electrical short circuits; power failure; spillages of fuels/ liquids and dangerous surfaces
- PC11.** respond as per organisational procedure on spotting hazards, and parking conditions that may increase risks
- PC12.** ensure own safety at work at all times

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** organisational procedures on parking
- KU2.** incident reporting procedure in the organisation
- KU3.** layout and traffic plan of the parking areas Layout and traffic plan: traffic plan - entry/exit; search & screening points; ticketing; routes; waiting areas; traffic flow; alternate and emergency routes, parking - parking areas with capacity
- KU4.** suitability of prevailing conditions for parking
- KU5.** traffic control and protective gear
- KU6.** traffic signals, signage and markings
- KU7.** irregular situations arising during parking
- KU8.** procedures for dealing with irregular situations
- KU9.** Category of vehicles: private/ commercial - cars; jeeps; SUVs; vans; goods vehicles, two/ three wheelers
- KU10.** use of all kinds of equipment used in vehicle parking operations Equipment: Barriers; personnel & vehicle search; lighting and alarms and sensors, screening & access control, card readers; ticketing & revenue collection machines

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** document instructions and task lists
Task List: Team composition, Details of vehicle(s) and consignment, Route; alternate routes; halts; traffic conditions, Contact details of concerned agencies, Timings, Threat/risks involved, Reporting procedure
- GS2.** document activities in chronological order
- GS3.** prepare security passes
- GS4.** record visitor and vehicle arrival and departure
- GS5.** write at least in one vernacular language
- GS6.** read and assimilate organizational procedures and instructions, as applicable
- GS7.** read identity papers and passes
- GS8.** read signages and notices
- GS9.** recognize badges of rank
- GS10.** speak clearly and emphatically
- GS11.** comprehend instructions and ask relevant queries
- GS12.** give clear instructions to co-workers, if required
- GS13.** reply to queries from visitors and guide them
- GS14.** ask questions from visitors
- GS15.** raise alarm/make announcement/speak over phone/radio
- GS16.** take decisions pertaining to security and emergency situations endangering life & property and health & safety
- GS17.** report on time and take briefing
- GS18.** plan and organize assigned task
- GS19.** leave guard post once relieved
- GS20.** manage relationships with visitors and stakeholders
- GS21.** think through the problem, evaluate the possible solution(s) and adopt the best possible solution(s)
- GS22.** identify potential risk and threats and take suitable actions
- GS23.** observe people, activities and movements keenly

MEP/N7108: Maintain health and safety

Description

This unit deals with maintaining personal health & hygiene and following basic workplace safety requirements while performing security tasks.

Scope

This unit/task covers the following:

- Maintaining a safe work area
- Maintain good personal health, hygiene and habits
- Respond to fire accidents
- Deal with medical emergencies

Elements and Performance Criteria

Maintain a safe work area

To be competent, the user/individual on the job must be able to:

- PC1.** carry out tasks to ensure safety of workplace in line with organisational procedures and within limits of authority
- PC2.** keep emergency and escape routes free from obstructions, where violation is not addressable within limits of own authority, report violation to appropriate authority in a timely manner
- PC3.** wear personal safety gear and clothing as per organisational procedure
- PC4.** check violators of defined safety and security instructions and report violations
- PC5.** report to superiors and emergency service organisations for assistance in the event of emergencies Services and Organization: Security team and sub-unit; police and emergency services

Maintain good personal health, hygiene and habits

To be competent, the user/individual on the job must be able to:

- PC6.** perform physical exercises and activities (commensurate with age) regularly
- PC7.** maintain good personal hygiene and habits as per organisational and professional standards
- PC8.** maintain own professional standards at work by avoiding alcohol, tobacco, drugs and other intoxicants
- PC9.** follow good and safe practices of personal behaviour to guard against sexually transmitted diseases and HIV

Respond to fire accidents

To be competent, the user/individual on the job must be able to:

- PC10.** identify and report fire hazards in a timely and accurate manner
- PC11.** carry out fire-fighting in line with organisational training and procedures
- PC12.** report fire incidents to superiors and emergency service organisations in a timely and effective manner as per organisation procedures

PC13. carry out evacuation of casualty and premises tasks as per organisational procedures, within limits of authority

Deal with medical emergencies

To be competent, the user/individual on the job must be able to:

PC14. provide first-aid as relevant to the affliction, condition of the victim and as per laid down standards and procedures, using available basic first-aid equipment correctly

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** organizations procedure relating to safety in the workplace
- KU2.** details of emergency exit, floor plans, alarm, signage and other safety equipment Devices and Safety Gears: Sensors & alarms, communication equipment, firefighting equipment, personal safety gears, ladders, chutes, ropes and emergency lighting
- KU3.** reporting procedure for incidents and emergencies
- KU4.** details of local emergency services where deployed Details: Location and contact details of local hospitals, ambulance services, police station, head office, control room, etc
- KU5.** organizations procedure/ guidelines relating to fire safety
- KU6.** reporting procedure for fire incidents in the organisation
- KU7.** details of evacuation equipment in the organisation
- KU8.** reporting procedure in case of medical emergencies in the organisation
- KU9.** various risks and hazards in the workplace Hazards and Risks: Fire, Electric short circuit; electric shock and electrocution, Medical emergency, Inflammable & toxic liquid/ gases, Accidents, Flooding, Oil and lubricant spills in the premises, Malfunctioning elevators; escalators; staircase and ladders, Ventilation and suffocation, Improper use of safety gear and non-adherence to safety norms, Hygiene and sanitation
- KU10.** personal safety equipment and clothing to be used at the workplace
- KU11.** identify various safety signage and warnings
- KU12.** importance of training and mock drills
- KU13.** importance of sound health, hygiene and good habits
- KU14.** the importance and requirements of maintaining physical fitness, personal hygiene and good habits
- KU15.** ill-effects of alcohol, tobacco and drugs
- KU16.** the need to safeguard against sexually transmitted diseases and HIV
- KU17.** types of fire
- KU18.** causes of fire
- KU19.** fire alarms
- KU20.** types of fire-fighting equipment and relevant details
- KU21.** fire-fighting procedure
- KU22.** personal safety equipment and clothing to be used
- KU23.** first-aid
- KU24.** elements of effective communication and its importance

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1. document instructions and task lists
Task List: Team composition, Detail of vehicle(s) and consignment, Route; alternate routes; halts; traffic conditions, Contact details of concerned agencies, Timings, Threat/risks involved, Reporting procedure

- PC3.** extract relevant information from the shift report received from outgoing supervisor
- PC4.** take attendance of personnel and report about deficiency, if any
- PC5.** identify manpower and equipment resources available and required for security operations at the assigned premises/area of responsibility
- PC6.** prepare plan for manpower and equipment deployment as per the operational requirement and site instructions
Site Instruction: Site layout - perimeter, details of entry, exit and emergency exits; work shifts; guard posts, deployment of security and surveillance equipment; patrolling and number of personnel needed for security duties
- PC7.** report suitability of personnel and equipment provided for specific tasks
- PC8.** assign and earmark available security personnel to cater for anticipated threat/ risks and provide necessary instructions
- PC9.** prepare duty roster for the shift as per deployment plan
- PC10.** assign tasks to team members, such that all operational activities are covered and as per the capabilities of the team members
- PC11.** carry out temporary modifications to site instructions to cover deficiencies in personnel/ equipment
- PC12.** issue security and safety equipment to team members, as per deployment plan
- PC13.** deploy personnel and equipment as per deployment plan
- PC14.** organise manpower and resources for collection of intelligence and information
- PC15.** monitor deployment and functioning of security team members, using various techniques, to ensure that they are functioning as per site instructions and

- PC16.** check for proper functioning of equipment and report in case of any malfunctioning
- PC17.** maintain key-control and movement control to the assigned premises as per site instructions
- PC18.** liaise with fire, maintenance and control room personnel Liaise: Inform about the incident; provide details about location, people involved, course of events, etc; assign manpower to provide assistance; complete necessary documentation and other formalities; support by performing necessary tasks within limits of authority; etc.
- PC19.** record and report status and issues related to personnel and equipment as per organisational standards
- PC20.** prepare and share report on achievement of performance standards of personnel to the authorized personnel
- PC21.** identify training requirements of team members relevant to assigned work in performing the work they are deployed at and report to relevant department
- PC22.** carry out on-the-job-training for personnel on the training requirements identified
- PC23.** maintain security documents in line with site instructions Security Documents: Muster roll, shift report, duty roster, incident and complaint report forms; personnel, vehicle and material movement control documents; keys control register; training register, mock drill and other required registers
- PC24.** carry out checks to assess operational effectiveness of security unit Assessment of Operational Effectiveness: Thorough pre-shift briefing and checking, surprise checks, patrolling, mock-drills and rehearsals
- PC25.** take proactive measures against possible threat/ risks to the security unit deployment Proactive measures: inform relevant people; put in controls and checks to avoid the possibility of threat/risk getting materialised; report the possible threat/risk to management alongwith suggestions for preventive measures; etc.
- PC26.** observe and report about the standard of response of security personnel and stakeholders
- PC27.** communicate with superiors/ team members and other stakeholders as per organizational protocol
- PC28.** maintain own grooming and behaviour in line with organisational and professional standards
- PC29.** prepare comprehensive shift report covering all relevant details and handover to the reliever

Deal with emergencies

To be competent, the user/individual on the job must be able to:

- PC30.** identify risk and hazards specific to the assigned premises
- PC31.** seek support from stakeholders and other departments following established protocol
- PC32.** perform responsibilities as assigned as part of organisations response team Responsibilities: Advising personnel in the area of any potential threat, inactivate potential sources or fire, restrict access to the incident scene and surrounding area, take any other steps necessary to minimize any threat to health and safety, identify and isolate source to minimize product loss; coordinate further response actions with response team and local personnel; etc.
- PC33.** select and nominate an on-site emergency team as required for the assigned premises matching requirements and capabilities
- PC34.** carry out mock-drills as per instructions for fire alarm and evacuation
- PC35.** carry out rehearsals with the team on various emergency scenarios
- PC36.** report to designated superior and other agencies during an emergency promptly and accurately
- PC37.** secure key assets on priority at the time of an emergency

- PC38.** organise evacuation of the premises as per organizational procedure established
- PC39.** ensure on-site reception, briefing and guidance for fire fighters, rescue workers and medical teams
- PC40.** ensure first aid and evacuation within available means and as per established standards
- PC41.** cordon off scene of crime/ incident as per established protocol
- PC42.** liaise with police in investigation Liaise: File complaint about the incident; provide details about location, people involved, course of events, etc; assign manpower to provide assistance; complete necessary documentation and other formalities; support by performing necessary tasks within limits of authority; etc.
- PC43.** record and report incidents as per organizational process
- PC44.** lodge complaint of incident with the police and get first information report

Carry out administration and welfare of personnel

To be competent, the user/individual on the job must be able to:

- PC45.** maintain information about team members with respect to personal details, training needs, leave, overtime, complaints and welfare-related issues
- PC46.** identify concerns/ grievances of team members and take measures to address the same in line with organisational protocol
- PC47.** record, report and follow-up for resolution of HR/ administration-related problems of team members with the relevant personnel from the respective functions
- PC48.** identify recurring grievances or grievances that have an organisational impact and intimate management
- PC49.** display fair and impartial practices during performance of duties
- PC50.** take measures to ensure health and safety of team members in workplace
- PC51.** identify high performers in the team using established performance parameter

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** security plan and site instructions
- KU2.** details of personnel and equipment available at the assigned premises
- KU3.** organisational standards of performance and methods of monitoring
- KU4.** organisational procedure for allocation of responsibilities and monitoring
- KU5.** channel of reporting and communication with stakeholders
- KU6.** contact details of emergency services
- KU7.** duties specific to fresh inductees and on-the-job-training personnel that can be allocated as per organisational protocol
- KU8.** organisation procedures for organising pre-induction training
- KU9.** organizational performance management system and compensation/ incentive structure
- KU10.** organisational procedure and practices related to on-the-job-training
- KU11.** organizational protocol for resolution of concerns/ grievances
- KU12.** security documentation formats and procedure in the organisation
- KU13.** organisations reporting procedure

- KU14.** organizations expectations on grooming, conduct and performance
- KU15.** organization procedure for checking and reporting hazards, risks, employee concerns, work related concerns
- KU16.** suitability of provided personnel with respect to the work involved
- KU17.** deployment and re-allocation procedures relating to manpower
- KU18.** use of communication equipment and security equipment for various security related tasks
- KU19.** firearms safety aspects safe Handling of Firearms: Ensure an armed security guard, if provided with the detail observes laid down safety and security norms with regard to handling of firearms
- KU20.** basic testing and functionality checks for available security equipment Faults/ Malfunctions in Equipment: Alarms, non-functioning of equipment, errors and erratic output
- KU21.** communication channel for reporting incidents
- KU22.** knowledge of operating a computer and common applications like word processor, spreadsheets, sending and receiving email, browsing the internet Operating: Switching a computer on and off, accessing, moving, creating and deleting files and folders, etc.
- KU23.** key concepts of leadership and supervision Leadership and Supervision: Welfare, training and motivation, leading by personal example, impartiality, honest reporting and punctuality
- KU24.** importance of motivation through personal example and involvement

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** document instructions and task lists
- GS2.** write reports to superiors and other stakeholders
- GS3.** write in English and at least in one vernacular language
- GS4.** read and assimilate organizational procedures and instructions, as applicable
- GS5.** read identity papers and passes
- GS6.** read signages and notices
- GS7.** recognize badges of rank
- GS8.** speak clearly and emphatically
- GS9.** comprehend instructions and ask relevant queries
- GS10.** give clear instructions to team members
- GS11.** reply to queries from visitors and guide them
- GS12.** ask questions from visitors
- GS13.** raise alarm/ make announcement/ speak over phone/ radio
- GS14.** take decisions pertaining to security and emergency situations endangering life & property and health & safety Plan and Organize The user/individual on the job needs to know and understand how to:
- GS15.** report on time and take briefing
- GS16.** plan and organize assigned task
- GS17.** depute subordinates to work
- GS18.** leave site once relieved

- GS19.** manage relationships with visitors and stakeholders
- GS20.** think through the problem, evaluate the possible solution(s) and adopt a best possible solution(s)
- GS21.** identify potential risk and threats and take suitable actions
- GS22.** observe people, activities and movements keenly
- GS23.** analyze and evaluate information gathered from observation and experience, and take appropriate action

MEP/N7202: Carry out job-specific security duties

Description

This unit deals in detail with carrying out job-specific security duties as per the specified standards.

Scope

This unit/task covers the following:

- Carry out front office duty
- Control entry and exit of materials
- Carry out key management

Elements and Performance Criteria

Carry out front office duty

To be competent, the user/individual on the job must be able to:

- PC1.** check authorization of visitors for entry/ visit to premises as per organisational procedures with regard to reception protocol
- PC2.** ensure that visitors to the premises are attended to promptly and appropriately. Appropriately: Provide access and guidance as per type of visitor and their purpose of visit; deal in a professional manner
- PC3.** communicate with visitors in professional manner as per organizational protocol
- PC4.** communicate over telephone in professional manner as per organizational protocol
- PC5.** answer queries about the organization promptly and within own limits of authority
- PC6.** direct visitors/ escort visitors to designated authority as per their purpose of visit
- PC7.** receive postal mail and couriers as per organisational protocol
- PC8.** respond in case of delivery of suspicious mail/ package as per established process Suspicious mail/package: potential IED device; wrongly addressed; without any sender information; suspicious place of origin, without stamp of postal authority etc.
- PC9.** deal with irregular situations arising at front office Irregular situations: irate visitor; unauthorised entry or exit; accident; unidentified personnel; improper identification documentation or permit/pass; front office personnel unable to attend to duties; etc.
- PC10.** take preventive actions to avoid irregular situations and seek assistance from relevant personnel for the same as per organizational protocol
- PC11.** maintain personal safety and safety of others while performing front office duties
- PC12.** prepare passes/ permits for visitors in approved templates as per organizational guidelines
- PC13.** maintain basic security function-related documents accurately National Occupational Standard
- PC14.** report to designated superior as per procedure

Control entry and exit of materials

To be competent, the user/individual on the job must be able to:

- PC15.** control material movement as per organizational procedures Material - Raw material & finished goods; supplies from vendors; machinery, samples, scrap and organisations property

PC16. check authorization for material and vehicle & personnel entry or exit to/from premises

PC17. work within the limits of responsibility

PC18. prepare various documentation related to material movement Documents - Gate pass (returnable and non-returnable), invoice, purchase order, delivery challan, any other authorisation regarding movement of stores and machinery

PC19. record and report irregularities to superior promptly

Carry out key management

To be competent, the user/individual on the job must be able to:

PC20. check authorization of personnel drawing or depositing key(s) as per organizational procedure

PC21. ensure original and duplicate keys are stored as per organizational procedure

PC22. follow appropriate key labeling system as per organizational procedure

PC23. carry out key issue and deposit documentation accurately Documents - Keys drawing and deposit ledger, key handling authorisation, lock and key inventory, incident reporting ledger

PC24. ensure security of key panels by implementing approved processes for the same

PC25. record and report irregular situations with regard to key management promptly Irregular Situations - Loss of keys, late deposit of keys, copying of keys, damage to keys, expiry of authorisation to draw/ deposit keys, tampering with key holding panels

Supervise security unit operations

To be competent, the user/individual on the job must be able to:

PC26. observe and report about the standard of response of security personnel and stakeholders

PC27. communicate with superiors/ team members and other stakeholders as per organizational protocol

PC28. maintain own grooming and behaviour in line with organisational and professional standards

PC29. prepare comprehensive shift report covering all relevant details and handover to the reliever

Deal with emergencies

To be competent, the user/individual on the job must be able to:

PC30. identify risk and hazards specific to the assigned premises

PC31. seek support from stakeholders and other departments following established protocol

PC32. perform responsibilities as assigned as part of organisations response team Responsibilities: Advising personnel in the area of any potential threat, inactivate potential sources or fire, restrict access to the incident scene and surrounding area, take any other steps necessary to minimize any threat to health and safety, identify and isolate source to minimize product loss; coordinate further response actions with response team and local personnel; etc.

PC33. select and nominate an on-site emergency team as required for the assigned premises matching requirements and capabilities

PC34. carry out mock-drills as per instructions for fire alarm and evacuation

PC35. carry out rehearsals with the team on various emergency scenarios

PC36. report to designated superior and other agencies during an emergency promptly and accurately

PC37. secure key assets on priority at the time of an emergency

PC38. organise evacuation of the premises as per organizational procedure established

- PC39.** ensure on-site reception, briefing and guidance for fire fighters, rescue workers and medical teams
- PC40.** ensure first aid and evacuation within available means and as per established standards
- PC41.** cordon off scene of crime/ incident as per established protocol
- PC42.** liaise with police in investigation Liaise: File complaint about the incident; provide details about location, people involved, course of events, etc; assign manpower to provide assistance; complete necessary documentation and other formalities; support by performing necessary tasks within limits of authority; etc.
- PC43.** record and report incidents as per organizational process
- PC44.** lodge complaint of incident with the police and get first information report

Carry out administration and welfare of personnel

To be competent, the user/individual on the job must be able to:

- PC45.** maintain information about team members with respect to personal details, training needs, leave, overtime, complaints and welfare-related issues
- PC46.** identify concerns/ grievances of team members and take measures to address the same in line with organisational protocol
- PC47.** record, report and follow-up for resolution of HR/ administration-related problems of team members with the relevant personnel from the respective functions
- PC48.** identify recurring grievances or grievances that have an organisational impact and intimate management
- PC49.** display fair and impartial practices during performance of duties
- PC50.** take measures to ensure health and safety of team members in workplace
- PC51.** identify high performers in the team using established performance parameter

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** organisational procedures related to visitors, material and keys management
- KU2.** answer to frequently asked questions about the organisation
- KU3.** organisations reporting procedure and designated superior Authorities for Reporting: Designated superior
- KU4.** material seeking entry/ exit
- KU5.** areas within the premises having restricted/ controlled entry
- KU6.** unauthorised/ prohibited items as per organisation
- KU7.** Organizational procedure for receipt of postal mail and couriers Postal Mail and Couriers: Letters; parcels; Fax messages and suspicious packages, Delivery of suspicious package/ parcel(s) through mail/ courier
- KU8.** action to be taken in case of delivery of suspicious package as per organizational process
- KU9.** method of securing and storing letters and packages after office hours
- KU10.** basic operating knowledge of security equipments in front office/ entry/ exit points
- KU11.** basic operating knowledge of provided communication equipment
- KU12.** basic operating knowledge of computers

- KU13.** procedure for carrying out operations manually
- KU14.** indications regarding suspicious mails and packages
- KU15.** procedure for dealing with irregular situations Irregular Situations: Identification documents; passes and permits - lost; expired; defaced; forged and unauthorised, Surreptitious entry; impersonation; forced entry; tailing and aggressive behaviour, Visitors Management
- KU16.** types of identity/ authorisation documents carried by people and vehicle Personal Identification and Authorisation Documents: Employee identity card, temporary identity card, entry permit and visitors pass, vehicle registration number

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** document instructions and task lists
- GS2.** document activities in a chronological order
- GS3.** prepare security passes
- GS4.** record visitor and vehicle arrival and departure and prepare passes
- GS5.** write in English and at least in one vernacular language
- GS6.** read and assimilate organizational procedures and instructions, as applicable
- GS7.** read identity papers and passes
- GS8.** read signages and notices
- GS9.** recognize badges of rank
- GS10.** speak clearly and emphatically
- GS11.** comprehend instructions and ask relevant queries
- GS12.** give clear instructions to co-workers, if required
- GS13.** reply to queries from visitors and guide them
- GS14.** ask questions from visitors
- GS15.** raise alarm/ make announcement/ speak over phone/ radio
- GS16.** take decisions pertaining to security and emergency situations endangering life & property and health & safety
- GS17.** report on time and take briefing
- GS18.** plan and organize assigned task
- GS19.** depute subordinates to work
- GS20.** leave site once relieved
- GS21.** manage relationships with visitors and stakeholders
- GS22.** think through the problem, evaluate the possible solution(s) and adopt a best possible solution(s)
- GS23.** identify potential risk and threats and take suitable actions
- GS24.** observe people, activities and movements keenly
- GS25.** analyze and evaluate information gathered from observation and experience, and take appropriate action

MEP/N7203: Process lost and found property

Description

This unit deals in detail with how security personnel deal with lost and found property as per the specified standards.

Elements and Performance Criteria

Process lost property

To be competent, the user/individual on the job must be able to:

- PC1.** obtain information or report of lost property directly from complainant or superiors
- PC2.** record details of lost property as per organisations procedures and guidelines
- PC3.** seek additional information, on lost property, from complainant if required Additional Information: Details surfacing after investigation, relevant details not provided by the claimant
- PC4.** inform superior, on lost property complaints, as per procedure and timelines
- PC5.** take approved action, within area of responsibility to recover lost property as per organisational procedure
- PC6.** handle and store information relating to lost property confidentially and as per organisational procedures

Process found property

To be competent, the user/individual on the job must be able to:

- PC7.** receive found property and handle it in line with organisations policies and procedures
- PC8.** record details of found property as per organisations procedures and guidelines
- PC9.** inform superior, about found property, as per procedure and timelines
- PC10.** identify and contact, where possible, the owner of the property
- PC11.** establish the identity of the claimant to the found property Identity of claimant: to be supported by valid identity documentation
- PC12.** seek additional information as required to establish ownership Additional information: Details about the found property, location where it was lost, day/time when it was lost, ownership proof if the property is very valuable, etc.
- PC13.** release the found property to the owner, based on organisational norms
- PC14.** store, retrieve and update information relating to found property confidentially and as per organisational procedure

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** organisation's procedures and any other specific instructions for dealing with lost property
- KU2.** the limits of role/ responsibility to deal with lost/ found property
- KU3.** reporting and processing process regarding found property
- KU4.** process of organising immediate search to recover lost property

- KU5.** necessary documentation for recording information on a lost/ found property Documentation: Complaint from complainant, Details of incident, Details of property, Archive/ footage from surveillance systems, Lost & found ledger, Receipt obtained from claimant
- KU6.** list of valid identification proof documents relating to claimants of found property
- KU7.** use of CCTV footage to reconstruct events
- KU8.** process of maintaining confidentiality of the information
- KU9.** method of handling found property

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** document instructions and task lists
- GS2.** record details of lost and found property as per organisational procedure irrelevant template
- GS3.** write in English and at least in one vernacular language
- GS4.** read and assimilate organizational procedures and instructions, as applicable
- GS5.** read identity papers and authorizations
- GS6.** read signages and notices
- GS7.** recognize badges of rank
- GS8.** speak clearly and emphatically
- GS9.** comprehend instructions and ask relevant queries
- GS10.** give clear instructions to co-workers, if required
- GS11.** reply to queries from visitors and guide them
- GS12.** ask questions from visitors
- GS13.** raise alarm/ make announcement/ speak over phone/ radio
- GS14.** take decisions pertaining to security and emergency situations endangering life & property and health & safety
- GS15.** report on time and take briefing
- GS16.** plan and organize assigned task
- GS17.** depute subordinates to work
- GS18.** leave site once relieved
- GS19.** manage relationships with visitors and stakeholders
- GS20.** think through the problem, evaluate the possible solution(s) and adopt a best possible solution(s)
- GS21.** identify potential risk and threats and take suitable actions
- GS22.** observe people, activities and movements keenly
- GS23.** analyze and evaluate information gathered from observation and experience, and take appropriate action

MEP/N7204: Supervise security escort duties

Description

This unit deals in detail with organizing of security escort duties as per the specified standards.

Elements and Performance Criteria

Supervise vehicle escort duties

To be competent, the user/individual on the job must be able to:

- PC1.** ensure that appropriate personal safety gear, equipment/ aids, documents, and weapon & ammunition are used as per organizational procedure Safety, Security Equipment and Aid: In-built safety features of the vehicle, personal protective equipment, weapon and ammunition, baton, communication equipment, fire extinguisher, torch, distress alarm, first-aid kit, route map, contact details
- PC2.** obtain all relevant duty details and task-related briefing from designated superior
- PC3.** co-ordinate with the transport supervisor/ provider for suitable vehicle(s) Coordinate: Contact transport personnel and inform about requirement of a particular type of vehicle and the timings; check the vehicle as per the requirement; follow-up and escalate with transport personnel to meet deadlines; etc.
- PC4.** co-ordinate with the driver of the vehicle Coordinate: Contact driver and inform about requirement and the importance of the impending assignment on a timely basis; provide clarification where required regarding duty details; follow-up to ensure work targets are met; etc.
- PC5.** approve driver and escort for escort duty after ensuring they follow prescribed fitness standards for the same
- PC6.** approve vehicle for escort duty after ensuring they follow prescribed fitness standards for the same
- PC7.** provide complete briefing to escort regarding escort duty and the potential threat/ risks Threat/ Risks: Road accident, vehicle breakdown, medical emergencies, potential criminal/miscreant action, fire accidents
- PC8.** maintain communication with escort as per instructions
- PC9.** respond promptly and as per organizational protocol to communication received from vehicle/escort enroute
- PC10.** record and report incidents occurring in line of duty as per organisational procedures
- PC11.** instruct escort to disengage from escalated situation before it escalates beyond control

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** escort task-related details Task-related Details: Team composition, route, halts, alternate routes, time taken, principal/ employees (male/female) being escorted
- KU2.** necessary weapon and ammunition, safety gear, equipment/ aids and their method of use
- KU3.** threat/ risks associated with vehicle escort duty

- KU4.** communication protocol with designated superior/ concerned agencies and their contact details
Concerned Agencies: Controlling headquarter/ superiors, police, ambulance service, road patrol, hospital services
- KU5.** organizational procedures for dealing with security situations
- KU6.** reporting and recording procedure and formats
- KU7.** route chart including alternate and emergency routes, halts, bottle-necks etc.
- KU8.** security and safety requirements for security escort duty

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** document instructions and task lists
- GS2.** write in English and at least in one vernacular language
- GS3.** read and assimilate organizational procedures and instructions, as applicable
- GS4.** speak clearly and emphatically
- GS5.** comprehend instructions and ask relevant queries
- GS6.** give clear briefing and instructions to escort or driver of escort vehicle
- GS7.** reply to queries from superiors and clients and guide them
- GS8.** ask questions from superiors and clients to obtain clarity over information
- GS9.** raise alarm/ make announcement/ speak over phone/ radio
- GS10.** take decisions pertaining to security and emergency situations endangering life & property and health & safety
- GS11.** report on time and take briefing
- GS12.** plan and organize assigned task
- GS13.** depute subordinates to work
- GS14.** leave site once relieved
- GS15.** manage relationships with visitors and stakeholders
- GS16.** think through the problem, evaluate the possible solution(s) and adopt a best possible solution(s)
- GS17.** identify potential risk and threats and take suitable actions
- GS18.** observe people, activities and movements keenly

MEP/N7205: Supervise access control to the assigned premises

Description

This unit deals in detail with carrying out access control to the assigned premises, manually or assisted by equipment in line with organisational procedures and guidelines.

Elements and Performance Criteria

Control entry and exit from premises

To be competent, the user/individual on the job must be able to:

- PC1.** establish identity, purpose and authorisation of different categories of people/ vehicles/ material seeking to enter or exit from the premises Category of People and Vehicles: Employee (staff, permanent, temporary, contract, support staff, intern/ apprentices and trainees); Visitors (customers, vendors, regulatory officials, union, community leaders and public); Vehicles (light, heavy & specialist vehicles of company, employees, visitors, essential & emergency services and government officials)
- PC2.** check and prevent entry to and exit of people/ vehicles/ material without valid authorisation as per organisational process
- PC3.** direct visitors to designated areas and inform concerned staff/ department
- PC4.** prepare passes/ permits for people/ vehicles entering the premises
- PC5.** collect passes/ permits from people/ vehicles exiting the premises before providing them permission to exit
- PC6.** check relevant documents for movement of goods/ materials Documents for material movement: Gate pass (returnable and nonreturnable), invoice, purchase order, delivery challan, any other authorisation regarding movement of stores and machinery
- PC7.** inform the correct department promptly on arrival of consignments
- PC8.** handle different situations faced during access control operations as per organisational procedures Situations faced during access control operations: Identification documents, passes and permits - lost, expired, defaced, forged and unauthorised Surreptitious entry, impersonation, forced entry, tailing, queue and crowd and aggressive behaviour, vehicular traffic, communication, visitors expecting/ demanding preferential treatment
- PC9.** maintain basic security registers as per instructions
- PC10.** report all irregularities to superiors promptly

Use access control equipment

To be competent, the user/individual on the job must be able to:

- PC12.** operate access control equipment in accordance with laid down procedures Access Control Equipment: Gates, bollards and barriers, Turnstile, locks, electronically operated systems - access card, biometrics and attendance recorder
- PC13.** check and report functioning/ malfunctioning of access control equipment
- PC14.** respond to signals from access control equipment as per organisational process
- PC15.** carry out access control operations manually in case of a breakdown

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** organisational procedures related to access control operations
- KU2.** organisational reporting procedure
- KU3.** people debarred entry in the organisation
- KU4.** areas within the premises having restricted/ controlled entry
- KU5.** organisational procedure for receipt of postal mail and couriers Postal Mail and Couriers: Letters; parcels; Fax messages and suspicious packages, Delivery of suspicious package/ parcel(s) through mail/ courier
- KU6.** modus operandi of people/ criminals for gaining entry/exit from the premises
- KU7.** basic knowledge of access control equipment installed in the premises
- KU8.** types of identity/ authorisation documents carried by people, vehicle and material seeking entry/ exit Personal Identification and Authorisation Documents: Employees identity card, temporary identity card, entry permit and visitors pass, vehicle registration number
- KU9.** capability and limitations of the access control equipment in use
- KU10.** common faults occurring in the access control equipment
- KU11.** procedure for carrying out access control operations manually
- KU12.** how to read and write

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** document instructions and task lists
- GS2.** document activities in a chronological order
- GS3.** prepare security passes
- GS4.** record visitor and vehicle arrival and departure and prepare passes
- GS5.** write in English and at least in one vernacular language
- GS6.** read and assimilate organizational procedures and instructions, as applicable
- GS7.** read identity papers and passes
- GS8.** read signages and notices
- GS9.** recognize badges of rank
- GS10.** speak clearly and emphatically
- GS11.** comprehend instructions and ask relevant queries
- GS12.** give clear instructions to co-workers, if required
- GS13.** reply to queries from visitors and guide them
- GS14.** ask questions from visitors
- GS15.** raise alarm/ make announcement/ speak over phone/ radio
- GS16.** take decisions pertaining to security and emergency situations endangering life & property and health & safety
- GS17.** report on time and take briefing
- GS18.** plan and organize assigned task

- GS19.** depute subordinates to work
- GS20.** leave site once relieved
- GS21.** manage relationships with visitors and stakeholders
- GS22.** think through the problem, evaluate the possible solution(s) and adopt a best possible solution(s)
- GS23.** identify potential risk and threats and take suitable actions
- GS24.** observe people, activities and movements keenly
- GS25.** analyze and evaluate information gathered from observation and experience, and take appropriate action

Assessment Guidelines and Assessment Weightage

Assessment Guidelines

1. Criteria for assessment for each Qualification Pack will be created by the Sector Skill Council. Each Element/ Performance Criteria (PC) will be assigned marks proportional to its importance in NOS. SSC will also lay down proportion of marks for Theory and Skills Practical for each Element/ PC.
2. The assessment for the theory part will be based on knowledge bank of questions created by the SSC.
3. Assessment will be conducted for all compulsory NOS, and where applicable, on the selected elective/option NOS/set of NOS.
4. Individual assessment agencies will create unique question papers for theory part for each candidate at each examination/training center (as per assessment criteria below).
5. Individual assessment agencies will create unique evaluations for skill practical for every student at each examination/ training center based on these criteria.
6. To pass the Qualification Pack assessment, every trainee should score the Recommended Pass % aggregate for the QP.
7. In case of unsuccessful completion, the trainee may seek reassessment on the Qualification Pack.

Minimum Aggregate Passing % at QP Level : 70

(**Please note:** Every Trainee should score a minimum aggregate passing percentage as specified above, to successfully clear the Qualification Pack assessment.)

TVET	Technical and Vocational Education and Training

Glossary

Sector	Sector is a conglomeration of different business operations having similar business and interests. It may also be defined as a distinct subset of the economy whose components share similar characteristics and interests.
Sub-sector	Sub-sector is derived from a further breakdown based on the characteristics and interests of its components.
Occupation	Occupation is a set of job roles, which perform similar/ related set of functions in an industry.
Job role	Job role defines a unique set of functions that together form a unique employment opportunity in an organisation.
Occupational Standards (OS)	OS specify the standards of performance an individual must achieve when carrying out a function in the workplace, together with the Knowledge and Understanding (KU) they need to meet that standard consistently. Occupational Standards are applicable both in the Indian and global contexts.
Performance Criteria (PC)	Performance Criteria (PC) are statements that together specify the standard of performance required when carrying out a task.
National Occupational Standards (NOS)	NOS are occupational standards which apply uniquely in the Indian context.
Qualifications Pack (QP)	QP comprises the set of OS, together with the educational, training and other criteria required to perform a job role. A QP is assigned a unique qualifications pack code.
Unit Code	Unit code is a unique identifier for an Occupational Standard, which is denoted by an 'N'
Unit Title	Unit title gives a clear overall statement about what the incumbent should be able to do.
Description	Description gives a short summary of the unit content. This would be helpful to anyone searching on a database to verify that this is the appropriate OS they are looking for.
Scope	Scope is a set of statements specifying the range of variables that an individual may have to deal with in carrying out the function which have a critical impact on quality of performance required.
Knowledge and Understanding (KU)	Knowledge and Understanding (KU) are statements which together specify the technical, generic, professional and organisational specific knowledge that an individual needs in order to perform to the required standard.

Organisational Context	Organisational context includes the way the organisation is structured and how it operates, including the extent of operative knowledge managers have of their relevant areas of responsibility.
Technical Knowledge	Technical knowledge is the specific knowledge needed to accomplish specific designated responsibilities.
Core Skills/ Generic Skills (GS)	Core skills or Generic Skills (GS) are a group of skills that are the key to learning and working in today's world. These skills are typically needed in any work environment in today's world. These skills are typically needed in any work environment. In the context of the OS, these include communication related skills that are applicable to most job roles.
Electives	Electives are NOS/set of NOS that are identified by the sector as contributive to specialization in a job role. There may be multiple electives within a QP for each specialized job role. Trainees must select at least one elective for the successful completion of a QP with Electives.
Options	Options are NOS/set of NOS that are identified by the sector as additional skills. There may be multiple options within a QP. It is not mandatory to select any of the options to complete a QP with Options.
