INTRODUCING
TVS X
FIRST EDITION

Born of thrill, TVS X is inspired by the sheer delight of being out on the road. We have built a machine whose each part is made for the rush of adrenaline, coolest tech and dazzling looks. We have put the thrill back into electric. Now, there's never a dull moment.

WE HAVE MADE
THRILLELECTRIC.

THRILL-POWERED PERFORMANCE

RANGE
140
km

TOP SPEED
105
kmph

0-40 kmph
2.6
sec

PEAK POWER
11
kW

Experience the thrill of power-packed performance made possible with an advanced PMS motor, segment-first selectable regen, innovative energy management system, and much more.

GRAVITOPS™

Re-engineered centre of gravity that ensures stability during high speeds and cornering.

XTEALTH ○
for daily commute

XONIC ○
to max out the thrill

○ **XTRIDE**
to feel that adrenaline

3 RIDE MODES

Modes to match your appetite of thrill.

BATTERY SYSTEM

Advanced battery packs that deliver 3.8 kWh of energy and a whopping 300 A current for instant torque.

PMS MOTOR

All-new powerful PMS motor with integrated controller for sustained performance.

SELECTABLE REGEN

Segment-first selectable regen to match every riding behavior.

THRILL-INSPIRED DESIGN

Feel the thrill of futuristic design that melds form and function into a unique identity with advanced LED technology, exposed frame platform, aerodynamically sculpted body, and more delights.

LED TECH 2.0™

Programmable Razor Pulse™ projector headlamps that help make a statement. The sequential turn lights can be customized in many ways to give each rider a signature lighting pattern.

XLETON™

A marvel of form and function, the all-new platform with exposed frame made of high strength aluminium alloy offers superior durability and performance.

SCULPTURAL BODYWORK™

Harmonious aerodynamic profile with flowing lines and elegant curves give TVS X an energetic forward stance and establish its mean machine character.

X-TILT™

The largest-in-segment panoramic display can be tilted upward and downward for the best viewing experience.

MONO SHOCK

Off-set rear mono shock geometry delivers the perfect balance for the perfect ride.

THRILL-EVOKING TECH

Unlock the thrill of intuitive, integrated and personalized connected experience with the most expansive 25.9 cm panoramic TFT display and a host of segment-first features.

Personalization

Tailored experience with personalized homescreens, wall papers, themes and widgets.

Smart Xshield™

A safety shield around you and your machine with features like Geofencing, Crash/Fall Alert, Tow/Theft Alert, Auto Lock and SOS.

PlayTech™

Browse, play videos, audio and games on the built-in entertainment system.

NavPro™

Intuitive navigation system with full map view, EV routing, ride status sharing, and more.

ALEXA INTEGRATION

On-board voice assistant

UNIVERSAL CONNECTIVITY

Seamless connectivity with smartwatch, smartphone and smart helmet.

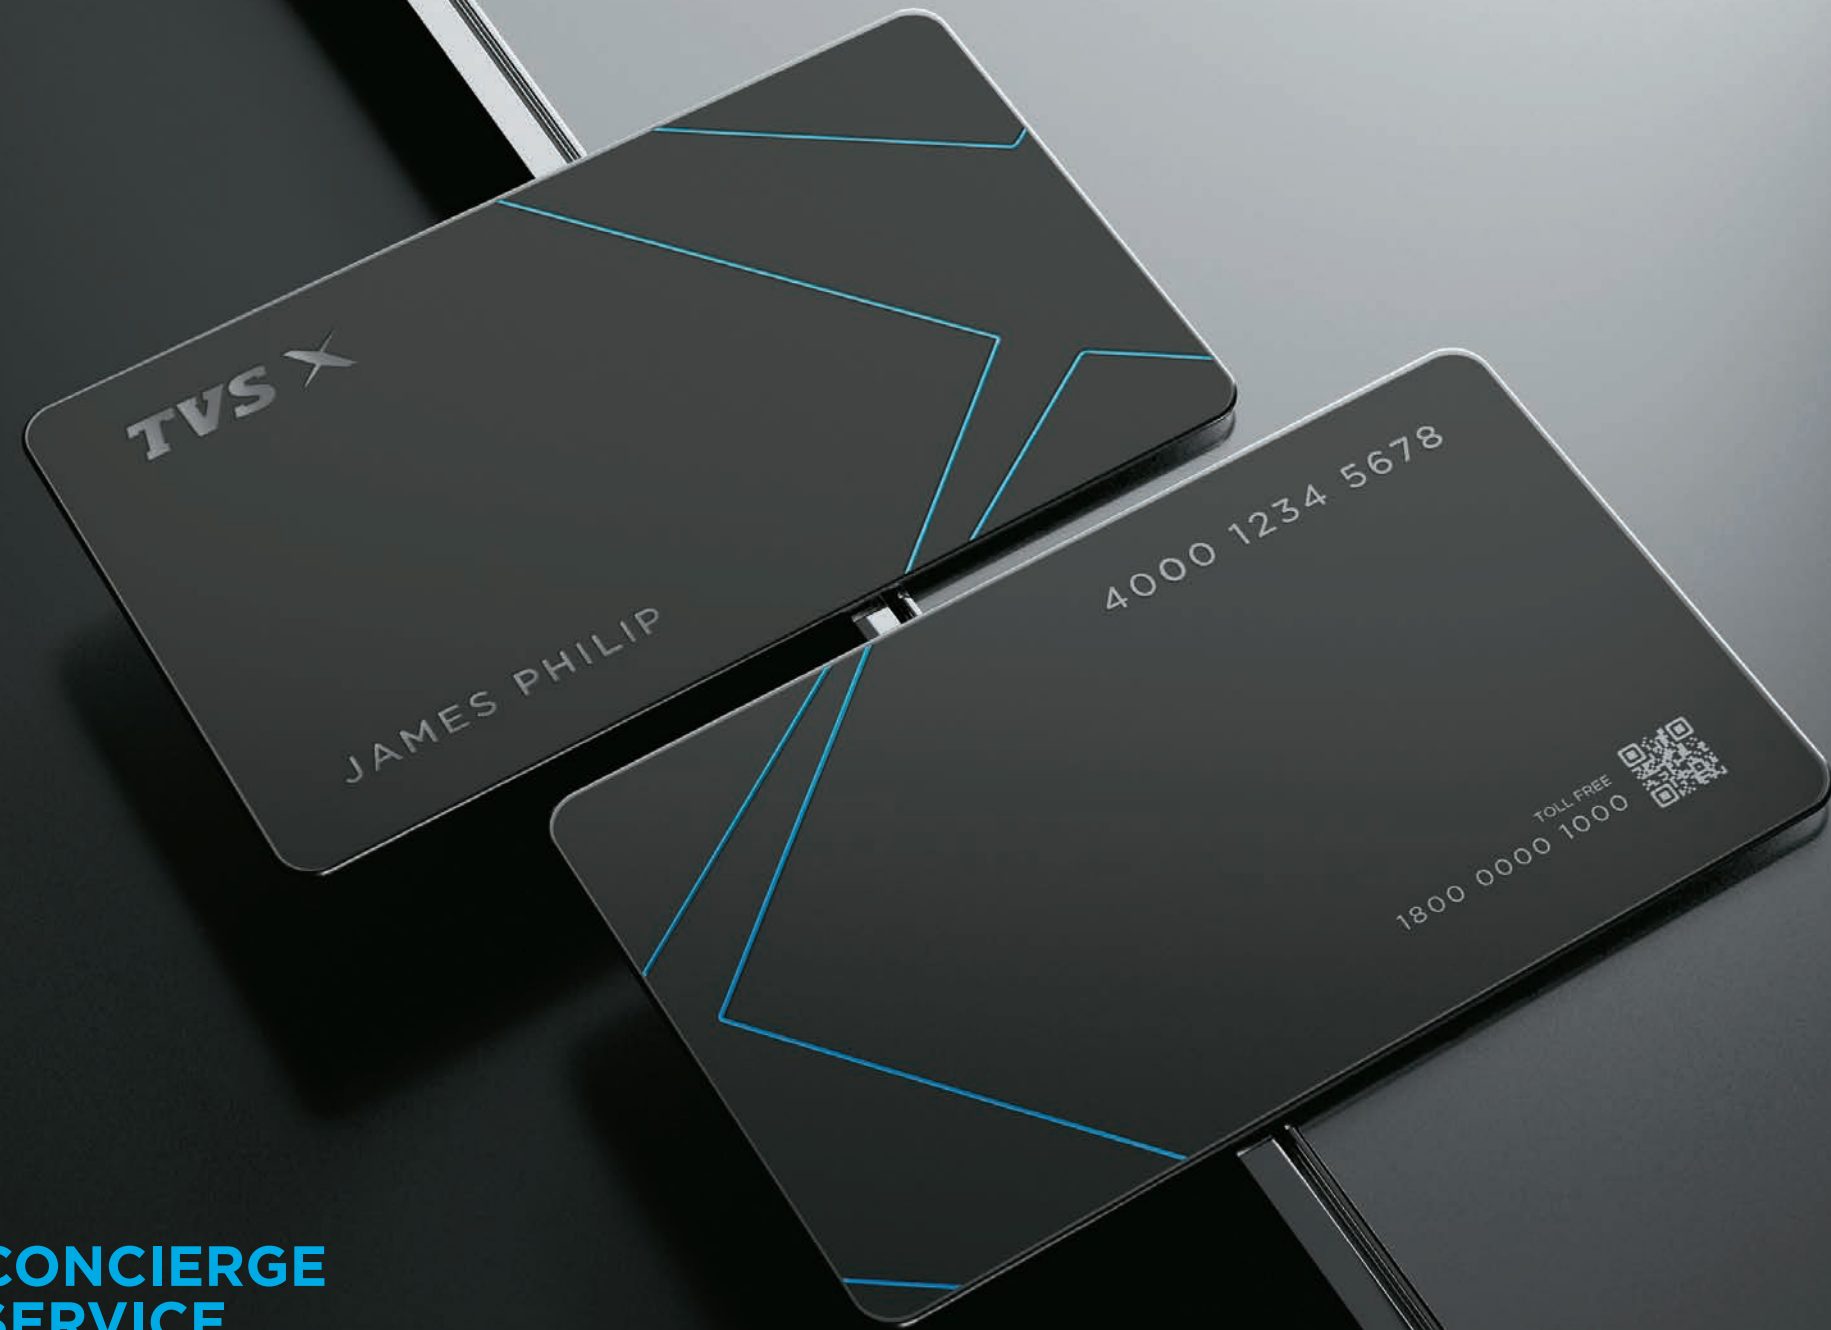

SMART X HOME CHARGING

3 kW Fast Charger for TVS X that recharges 0-50% in just under an hour

NORMAL CHARGING

Portable 950 W charger recharges 0-80% in 3 h 40 min

CONCIERGE SERVICE

TVS Concierge Service comes with exclusive benefits and privileges for the customers of TVS X First Edition.

GARMIN VENU SQ 2 THRILLELECTRIC EDITION GPS SMARTWATCH

A limited edition gift for TVS X First Edition customers.
