Picnic is Fun

Hi Alok!
Let me tell
you a story!

Ok Vidya! I
love to
listen to
stories!

There were 26 letters. Together they were called the Alphabet.

The letters go on a picnic to the lake. They find a big banyan tree for shade and sit under it.

Letters Ww, Dd, Uu and Zz are eating and drinking together.
Letter Yy is dancing! Letter Ss and letter Aa are sleeping.

ZzZzZzZzZz

Letter Oo is playing on the swing. Letters Mm, Ii, Kk, Bb and Ee are waiting in a line, to play on the swing.

Letters Aa, Ee, Ii, Oo and Uu climb the tree when no one is looking! Letter Dd looks up at them and asks,

How did you climb the big banyan tree?

We are VOWELS.
Only vowels can climb trees.

VOWELS are the only letters that are said with an open mouth.
Can you say AaAa, EeEe, OoOo and UuUu?

If Aa, Ee, Ii, Oo and Uu are vowels, what am I?

You are a **CONSONANT**, letter Dd. You and the other letters in the alphabet, are called **CONSONANTS**. You are 21 in total.

Show me your fist, Alok! Let's learn the vowels again. Aa-- Ee-- Ii-- Oo-- Uu

Very good,
Alok! Let's
say the
consonants!

Vowels
