Q.1: Read the Comprehension passage carefully and answer the following questions:

If I were a Teacher for a Day

If I were a teacher for a day, I would do so many fun things for the children. I would make them laugh and play and be happy the whole day.

I know that we all go to school to learn important things. But just for that one day, I would let the children put away their English, Maths, History, and Science books. I would give them paper and ask them to draw and paint funny pictures.

I would have games and races for them. I would join them in their play and I would be their leader. I know they would be happy to see their teacher running around and shouting happily.

We would have the most delicious lunch that day. Everyone would have samosas and pakodas, chocolates and candies. I would let the children eat what they want to eat instead of rice, dal and vegetables.

I would have a singing competition for them because many of my classmates have very good voices. We would have so much fun that day. If only I could be a teacher for a day!

Answer the questions:
