Dear Parents

Good day to all of you. I hope this email finds you in good health and great spirits. Today 1st April, 2020, we were supposed to start the new academic session 2020-2021. Unfortunately, we are in the midst of a world wide pandemic and crisis never imagined by any of us in our wildest dreams. The school will reopen physically only as per instructions received subsequently from the Govt. However, it is paramount that we keep the students occupied and interested in academics during this very important time of the school year.

With that in mind, we began online classes in all academic subjects for all students of class X and XII from 20th March, 2020. These classes are held from Monday to Friday from 9 a.m. to 1:45 p.m. The attendance, response and involvement of all students has been excellent. We are now ready to roll out classes for class II to IX, beginning tomorrow 9 a.m. The schedule, teacher allocation and class groups have been made and sent to you. I urge you to ensure that your child or you (depending on the age of the child) logs on through the instructions sent to you before each class. For any technical difficulties or glitches, we are giving you helpline numbers which you may use if required.

Please remember that this will be a virtual classroom which may take a little getting used to, but with my colleagues' full commitment, preparation, efforts and your time and cooperation the children will learn a new modality which will involve them in the present and hold them in good stead in the future. Please write to us in the school on [uchpneps@gmail.com](mailto:uchpneps@gmail.com) with suggestions (if any) after your child has attended a week of classes. Please also know that soon we will be starting classes for class I as well as class XI. The dates for these will be informed soon.

I wish you the very best and look forward to your children learning a new set of skills along with the curriculum for the new class. Please stay safe and healthy.
