

**OPG World School**  
**Assessment Plan – 2020-21**  
**Classes III - V**

Dear Parents,

The assessment plan for the current session (2020-21) has been restructured to suit the prevailing conditions

The year has been divided into two terms as follows:

**Term 1 – 1<sup>st</sup> April to 9<sup>th</sup> October 2020**

**Term 2 – 12<sup>th</sup> October 2020 to 20<sup>th</sup> March 2021**

There will be four cycles of announced assessments in a year, two in each term.

Besides formal announced assessments, the children will be continuously assessed on the basis of oral skills, home projects, class assignments and notebook work from time to time in each semester.

Oral skill Assessment will be a continuous process from now onwards rather than done on a specific day. Responses in the classroom will be assessed throughout the session. This way, students get assessed in a just manner. Also students who may do badly on a given day have a chance to do well on other days. An average score (of all responses) then will be taken as a final score.

The schedule for chapter-end assessments and project presentations will be shared by the respective subject teachers from time to time through the year.

It is important that children prepare well for all informal and formal assessments properly.

The detailed marks distribution plan is as follows

<b>Criteria</b>	<b>Class III (Marks)</b>	<b>Class IV(Marks)</b>	<b>Class V(Marks)</b>
Unit Test	10	10	10
