

## HERITAGE CLUB

The heritage club endeavours to inculcate a feeling of pride and love for the rich cultural legacy left behind by our ancestors. It works with the zeal to make the students realize the mistakes of our past so that they can strategize in future the role India should play in the International arena.

The Heritage Club comprises students who act as the proud and responsible custodians of our heritage- tangible and intangible. The students are sensitized about how our future depends on how well we take care of the legacies. It would imbibe this secular feeling into the hearts, mind and souls of the students, who are the future of our country. This would ensure India is no more torn by communal mind-set of the people.
