MBS International School organized a workshop for the teachers and students on Wednesday, February 13, 2019, conducted by Ms. Shweta Srivastava, Trainer, Microsoft. The objective of the workshop was to make teachers competent in employing innovative tools of technology to supplement their traditional teaching methods and thereby achieve enhanced student learning. The teachers were given access to the website www.computersebadho.com which facilitates the option of building a career path thereby helping the students to understand their goals.

This was an interactive session in which students and teachers learnt about the varied and new features of Window10 and were excited to discover a world of educational content, skills, courses and career guidance.
