

MBS INTERNATIONAL SCHOOL

WORKSHOP FOR TEACHERS

SESSION 2021-22

TOPIC: 7E'S OF EFFECTIVE TEACHING

DATE: May 11, 2021

ATTENDED BY: ALL TEACHERS

VENUE: GOOGLE MEET

RESOURCE PERSON: MS MRINALINI KAURA

MBS International School quintessentially cherishes the vision to provide ample opportunities for its maestros to improvise their teaching skills. The School organized an online workshop May 11, 2021 elucidating the concept of seven E's of Effective Pedagogy, which was attended by faculty members of all subjects. The spokesperson, Ms. Mrinalini Kaura, School advisor addressed the august gathering about seven E-learning module based on the concepts: 'elicit, engage, explore, explain, elaborate, extend and evaluate'. The session strived to help recapitulate the seven E learning model to make the teaching and learning effective, in the online classroom scenario.

The significance of the ice breakers and recapitulation sessions, as well as the novel methodology of 7E concept i.e., engage, interest and curiosity, to raise "The BIG questions" etc. stressed the usage of appropriate pedagogical skills to bring about a much-desired transformation in the classroom teaching. The workshop focused on the incorporation of diversified methodologies through some of the novel activities that were shared such as inclusion of mind maps, role plays, debates and discussions etc.

The rich content and context of the session fortified the fact that 'excellence is a matter of training and habituation'. A revolutionized learning indeed!
