MBS International School, Dwarka reckons professional refurbishment of teaching fraternity at the core of students' excellence. The School has perennially strived to promote excellence and brilliance to envision an enlightened, bright classroom with the inclusion of improvised teaching strategies.

Faculty members from various departments attended an online workshop on effective Questioning techniques held on May 29 and May 30, 2021 as part of Professional Development Programme to ensure superior facilitation of learning in students.

The workshop was facilitated by Ms. Mrinalini Kaura, School advisor whose resourceful understanding of the classroom teaching and its challenges helped in reviving in teachers an enthusiasm to learn and grow with the ever-evolving advancements in pedagogy. The session dealt with the significance of using varied questioning techniques to open conversations, inspire deeper intellectual thought and promote effective interactions and discussions. She reiterated that questioning is essential to encourage independent and critical thinking.

The workshop was insightful and awe-inspiring providing an innovative protocol for teachers to prompt deeper answers and engage students in a wide range of critical thinking tasks.
