

**St. Mary's School, Dwarka**  
**Class III**  
**Holiday Home Work**

Dear Parent

Please take out some time from your schedule and spend it with your child doing his/her homework. If you do it in a phased manner, it would mean good quality time spent with her/him and in turn wonderful memories.

**Instructions**

1. All the holiday homework must to be done in the respective notebooks.
2. Homework should be done neatly.

**ENGLISH**

1. Paste some pictures of the activities done with your family members during the vacation and write five sentences about the same in your English notebook.
2. Make a Pictionary of 10 new words that you have learnt during the holidays. (Use colorful A4 size sheets. Cut each sheets into 4 equal parts. Paste them in the notebook.)

E.g. Castle

Image of the castle

Meaning of a castle

Make a sentence)

3. Make a 'Thank You' card for your parents thanking them for everything that they do for you. (Use a colourful sheet)
4. Make 5 flash cards (size-20cm X 10cm each) to show the collective nouns. Write the name given to such groups.

E.g.: image of group of soldiers

(An army of soldiers.)

**EVS**

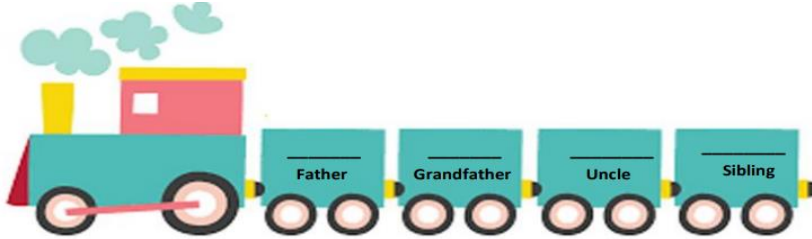

1. Make a table of different food items which tastes sweet, sour, bitter and salty.

Taste	Food	Food
Sweet		
Sour		
Bitter		
Salty		

2. Visit the market with your mother and buy any three vegetables and two fruits. Write the cost of each and add to make a bill.
3. Make a beautiful book mark. Write a quote on family bonding/love.
4. Collect the leaves of different plants, stick them and write the name of the plant.

## MATHS

1. Draw a train with square boxes as compartments in your math notebook. Write the age of your family members on each compartment and do the following:

- a. Arrange the numbers in ascending and descending order.
  - b. Write the greatest number.
  - c. Find the sum of any two family member's age.
  - d. Find the even and odd numbers.
  - e. Draw a colourful abacus after adding the ages of all the family members mentioned in the compartments.
2. Revise tables from 2-6
  3. Complete the following number grid in your math notebook.

6	+		=	14
+		+		+
	+	9	=	16
=		=		=
13	+		=	

4. Learn addition facts from 2 to 5.  
eg.  $2+1 = 3$   
 $2+2 = 4$

## HINDI

1. अपने पसंद के एक जानवर का चित्र चिपकाइए और उसके बारे में पाँच वाक्य लिखिए।
2. अपनी पाठ्यपुस्तक के पाठ-3 से प्रत्येक मात्रा के 2-2 भाब्द लिखिए।
3. कोई पाँच भाब्द और उनके विलोम भाब्द लिखकर चित्र चिपकाएँ।
