

MAURYA PUBLIC SCHOOL MODEL UNITED NATIONS 2018

The Photographers are a part of the International Press team which is an essential element of every MUN. They work with the reporters, by providing them with the appropriate photos according to their articles. Their work is to make their voice heard through the pictures that they click.

Sanskriti Sagar of class XII -D participated in Maurya Public School MUN that was held on 19-20 May 2018 at Gurugram. She worked hard to capture each and every moment of the MUN committees, both in the formal and the informal sessions. This effort of hers won her a High Commendation award in her committee. MUN is a great forum for young photographers to learn and share their work.
